Amalgamated Officials at Butte Reticient Regarding How Long Work Will be Suspended.

Indignation among the Amal-gamated people is rife, and they are loud in denouncing the present state of affairs and declare that all business on the part of the company will remain at a standstill until the Boston & Mon-tens results watter is dually set tana receivership matter is finally settled.

SENSATIONAL ATTACK.

F. Augustus Heinze's sensational statement attacking H. H. Rogers, de-claring that the present suspension of the Amalgamated properties was due to an attempt on the part of the Stand-ard Oil magnate and his associates to affect the prices of Amalgamated Copner stock and also offering positions to all married men formerly employed by all married men formerly employed by the Amalgamated company, doubling the forces in the mines of the United Copper company, was followed by an official statement this afternoon by William Scallon, president of the Ana-conda company, and one of the leading Amalgamated officials in this state. Mr. Scallon denounced as "malicious falle-hoods" the statements of Mr. Hefn + regarding Mr. Rogers.

With the exception of small creft manning the pumps, all is quiet in the mines, and as soon as the furnaces can be cleared of charges and fires drawn the four smelters of the Amalga-mated will be shut down. This will be accomplished some time tonight or to-morrow morning, and by tomorrow night it is expected all operations of the Amalgamated Copper company will be at a complete standstill. In the Northern Securities case the order directed the retransfer of the stock to its original owners and recognized the property rights of the Northern Securi-ties company. Judge Clancy's decision, on the contrary so far as it goes, deties company. Judge Clancy's decision, on the contrary, so far as it goes, de-clares that the adverse party has no rights whatever, prohibits any transfers and simply proposes to wipe out fers and simply proposes to wipe out the property rights." .Continuing, Mr. Scallon said that there was no truth in the statement that Mr. Rogers, president of the Amalgamated company, ordered the shutdown to affect the stock market.
