

## THE NETHERLANDS TO HAVE FREE HAND

In Dealing With Venezuela but Is  
To Be No Military Oc-  
cupation.

### CONFLICT JUST AVOIDED

Cruiser Gelderland Sailed Out of Har-  
bor of Caracas Firing No Salute  
With Decks Cleared for Action.

The Hague, Aug. 18.—With the  
single proviso that no military occupa-  
tion of territory must occur, the gov-  
ernment at Washington is understood  
to have given the cabinet officers of  
the Netherlands a free hand to deal as  
they see fit with President Castro of  
Venezuela.

The Netherlands cruiser Friesland  
will sail for the Caribbean before the  
end of next month.

### WASHINGTON IS SILENT.

Washington, Aug. 18.—Asst. Secy.  
Bacon today declined to comment on  
the news from The Hague to the ef-  
fect that the American minister has  
assured the Netherlands government  
that this country would interpose no  
objection to a blockade or other man-  
euvers on the part of the Netherlands  
against Venezuela. It is said, how-  
ever, that the state department is not  
in possession of any information con-  
cerning the plans of the Netherlands.

### CASTRO WAS READY.

Caracas, Friday, Aug. 7.—When the  
Dutch cruiser Gelderland, after taking  
away Minister De Reus, came back  
to La Guaira last Saturday, without sa-  
luting and with decks in fighting  
trim, the greatest excitement reigned  
here in Caracas, as it was known that  
Castro's new French coast defense  
guns mounted on the mountain side  
above La Guaira and on the beach had  
been made ready to meet any emer-  
gency. Speculation was rife as to  
whether the warship would bring an  
apology for the De Reus letter and  
the stoning of Consul Lopez in Cura-  
cao, a demand for the immediate re-  
lease of Carlos Perret Gentil, a Dutch  
merchant of La Guaira, recently im-  
prisoned on a contraband charge, or an  
ultimatum of some kind.

The curious were doomed to dis-  
appointment, however, as the unex-  
pected happened, as it usually does  
here. The cruiser was not allowed to  
communicate with the shore or to  
deliver any documents which it  
brought, presumably because its failure  
to salute on this and recent occasions  
has been considered an offense by  
President Castro. So the Gelderland  
had to return to Curacao with its mis-  
sion unfulfilled.

Meanwhile the German minister,  
Baron Von Zieckendorf, was fuming in  
Caracas because he could not obtain  
permission from the government for  
the German consul to go alongside of  
the cruiser and see if there were not  
some expected dispatches for him.  
Minister De Reus had left him in  
charge of Dutch interests, and he was  
at his wits' end to know what to do,  
because of the absolute impossibility  
of communicating with his govern-  
ment. The baron is almost the only  
Diplomat in Caracas.

### WISHES DUTCH SUCCESS.

London, Aug. 19.—The Times says  
in an editorial this morning on the  
Venezuelan situation:  
"President Roosevelt has always ad-  
vocated what he called in his famous

message 'the proper policing of the  
world,' and if the Dutch can do any-  
thing to bring it about, bringing in  
upon the Monroe doctrine, the other  
American, like the rest of the 'barbar-  
ians,' in Castro's phrase, can but wish  
for success in this most necessary  
work."

### CLAUDIENES BROTHERS.

Their Trial for Conspiring to Dyna-  
mize Residence to Be in Oakland.

San Francisco, Aug. 19.—A conference  
was held yesterday between Dist. Atty.  
Langdon of San Francisco, Dist. Atty.  
Brown of Alameda county, and Detec-  
tive William J. Burns, and at the end  
of the decision was arrived at to remove  
Peter and John Claudienes from the  
custody of the San Francisco authori-  
ties and place them in charge of the  
sheriff of Alameda county. The trial  
of the brothers, on the charge of con-  
spiracy to dynamize the Oakland resi-  
dence of James J. Gallagher, will  
therefore be held in Oakland.

The crime was committed in Alameda  
county, and it was only the pre-  
sumed connection of it with the graft  
prosecution now going on in this city  
which induced the local authorities to  
take up the charge against Peter  
Claudienes which resulted in his cap-  
ture in California.

### COMES OUT FOR BRYAN.

Independence League of Schenectady,  
N. Y., Repudiates Higgs and Graves.

Schenectady, N. Y., Aug. 18.—At a  
meeting held here tonight by the cen-  
tral body of the Independence league of  
this county the ticket of Higgs and  
Graves was repudiated and a strong  
resolution adopted endorsing Bryan and  
Kern and urging all Independence  
leaguers to work and vote for them.

### CHARGED WITH LIBEL.

Oklahoma City, Okla., Aug. 18.—Omer  
K. Benedict, editor and owner of the  
Oklahoma City Times, was today in-  
formed by the sheriff that Gov. Has-  
kell, at Guthrie, had issued an order  
for his arrest on the charge of libel.  
Editor Benedict was arrested yester-  
day on a similar charge and release.

### "PAPER TRUST A MURDERER"

DECLARES PREST. VARNER

St. Paul, Aug. 18.—In his annual  
address today to the members of the  
National Editorial association, Presi-  
dent H. B. Varnier asserted that in spite  
of the frequent charges of corruption  
against the press, it was the newspaper  
that first cried "Stop thief," and was  
chiefly responsible for the awakening  
of the public conscience. Mr. Varnier  
severely arraigned the paper trust for  
forcing its product upon the newspa-  
pers at its own prices.

"The paper trust is a murderer and  
not a hero," said President Varnier. "It  
is criminal, and its tendency is to un-  
dermine human life."

Mr. Varnier urged strong organiza-  
tion to combat the paper trust and es-  
tablish the justice of the newspaper de-  
mand.

Past President E. W. Stevens of Col-  
umbia, Mo., who has just returned  
from a tour of the world, stated that  
the United States has the greatest  
newspapers in the world, in fact, the  
ideal newspapers.

Many cities are working for next  
year's convention, and the making  
the strongest fight. William A. Steel,  
treasurer of the association, is from Se-  
attle, and he feels confident that the  
Washington city will win.

## GOVERNOR DENEEN WITHDRAWS TROOPS

Sends Two Regiments Home.  
Convinced There is Little Dan-  
ger of Renewal of Rioting.

### GRAND JURY IS EMpaneled

Will Make a Thorough Investigation  
—Business Men Hold a Law and  
Order Meeting.

Springfield, Ill., Aug. 19.—Convinced  
that the danger of a renewal of riot-  
ing is remote, Gov. Deneen last night  
ordered home the First and Fourth  
regiments of Illinois militia. There  
still remain 2,000 troops to keep watch  
over the city.

Private Joseph B. Klein of company  
A, is the only member of the First regi-  
ment who regrets the end of the field  
service. As soon as his active ser-  
vice ends he will be liable to arrest  
and trial in the civil courts at Kan-  
kakee on a charge of murder, the re-  
sult of the fatal stabbing of Earl Nel-  
son. It is probable Atty. Gen. Stead  
will defend Klein. An attempt may  
be made to arrest Klein when the train  
passes through Kankakee on the way  
to Chicago.

There was no violence of importance  
in Springfield last night, the distur-  
bances being limited to vandalism and  
several fist fights. In one of these a  
small crowd of white men and boys  
jumped upon a negro and beat him  
severely. He managed to break away  
and is said to have left the city.

### SPECIAL GRAND JURY.

Springfield, Ill., Aug. 18.—While the  
new special grand jury empaneled to-  
day was hearing witnesses in riot cases  
and citizens were holding a meeting  
the antagonism between whites and  
blacks, already responsible for seven  
deaths and scores of injuries, struck  
underground. White miners at the  
Woodside coal mine, a mile out of  
town, and the Tuxton mine, four miles  
distant, refused to work with the  
negroes. The two mines employ about  
300 men, about 150 of whom are col-  
ored. The white miners came to  
President Clark of the Springfield sub-  
district of the United Mine Workers  
with the declaration that the negroes  
were armed, and that they did not feel  
safe in the underground darkness with  
them. On the other hand, it is said  
that the negroes have armed with no  
thought of taking initial action, but to  
protect themselves in the event of a  
repetition of the rioting of Friday and  
Saturday night.

President Clark said that so far as he  
knew there had been no clashes be-  
tween whites and blacks in the mines.  
"They are just nervous, I guess,"  
commented the organization leader.  
"Both races belong to the union, and  
the union will see that no serious trou-  
bles arise."

### LAW AND ORDER MEETING.

Following Gov. Deneen's proclama-  
tion of last night, calling upon all citi-  
zens to aid in restoring order and pro-  
moting justice, an enthusiastic meet-  
ing of business men was held at the  
chamber of commerce. It was called  
to order by E. A. Hall, who introduced  
E. L. Chapin as chairman. The latter  
launched into a fiery address, in the  
course of which he said:

"This is the most extraordinary  
meeting we have ever held. The ques-  
tion before us is whether law and order  
shall prevail in this community or  
whether it shall be committed to the

## TO-NIGHT Deseret BEST FOR THE HOWLER AND LIVER 10c 25c 50c

rule of riot, ruin and rebellion. I be-  
lieve that out of every 10 men in this  
city, nine are law-abiding, faithful citi-  
zens. Of the persons in that mob there  
was not one to whom any of us would  
entrust a single dollar. Not one of  
them felt any degree of responsibility  
for the welfare of this community. Are  
we going to stand the rule of such a  
mob? Is life so dear and sweet that  
we would surrender it to cowardice? We  
love this city and no mob large or  
small shall defy the law."

Dr. Hall then read the resolutions.  
They had been previously drawn by Dr.  
J. W. Scott, who was health officer  
of the state under Gov. Altgeld, but  
when his proposition was read, Dr.  
Scott discovered with a show of anger  
that to the original demand for the  
protection of "life, liberty and property  
to every citizen," somebody had added:  
"Without reference to color or nation-  
ality."

Dr. Scott was promptly on his feet  
demanding to know who had changed  
the manuscript. He declared that the  
amended resolutions were inept and  
that they would be a red flag to such  
persons as were already inclined to  
make trouble. This view was crushed  
under a deluge of argument in favor of  
the amendment.

Dr. Scott, unconvinced and belliger-  
ent, bowed to the "bad judgment" of  
the majority and the adoption of the  
resolution was unanimous amidst  
cheering and applause. People in the  
street below thought that another riot  
had begun.

### THE RESOLUTIONS.

The resolutions declared:  
"That ourselves to the  
earnest support of all officials whose  
duty is law enforcement and to give all  
information and aid to them in bring-  
ing to swift justice all persons guilty of  
crime, irrespective of nationality or  
color, and we call upon all good citi-  
zens to co-operate in restoring and punish-  
ing all offenders to the end that the pros-  
perity of the city may continue and to  
the end that the law and order and  
that we demand that the life, lib-  
erty and property of citizens be pro-  
tected without reference to nationality  
or color."

Satisfaction is expressed by citizens  
and local newspapers at the personnel  
of the grand jury which was sent by  
Judge Creighton to listen to evidence  
at 1 o'clock this afternoon.

Its membership is about evenly di-  
vided between the city and smaller  
towns in the vicinity. Lawyers, mer-  
chants and one reporter are among the  
members. Not only will the jury take up  
cases incident to the riots, but will con-  
sider the assault case which precipitated  
the disorder and bloodshed. Mrs.  
Earl Hallam in this connection has  
identified George Richardson, a negro,  
but she is not absolutely certain that  
the identification is correct.

### MOB GETS A LESSON.

Mr. Gen. Young said:  
"The mob element has had a lesson,  
and the way citizens with knowledge  
of riotous misdeeds are responding to  
the appeal for information on which  
to base indictment. The mob will be  
instructed to the violently inclined.  
We are getting news on which we  
will be able to make many arrests of  
importance, and these arrests will re-  
sult in the restoration of order to the  
city. With the ringleaders behind the  
bars there will be little for the mili-  
tary to do."

The funeral of Frank Delmore, who  
was killed by a mob, was held today,  
the sermon being preached by Rev.  
Timothy Hickey, vicar of the diocese of  
Alton. Father Hickey is credited with  
great influence among the Catholic church  
in this city, and his plea to those  
present at the services was thought-  
fully heard.

"Keep off the streets and don't spread  
foolish reports, and the trouble will  
soon be over," said the vicar. "When  
you appear on the streets in times like  
these you encourage those who are  
respect the law to further violence. If  
law abiding people would only stay off  
the streets there would be no more  
need of troops."

### STANDS BY KLEIN.

The determination of Gov. Deneen,  
announced today, not to surrender  
Private Klein, who killed a young man  
at Kankakee in pursuit of his orders  
to guard the car, has a deeper signifi-  
cance than merely protecting the in-  
dividual soldier. It is felt that unless  
a firm stand is taken in behalf of the  
soldier who kills in the discharge of his  
duty, even though such action would  
appear over zealous in civil life, the  
morale of the national guard will be  
injured. The guardsman who has his  
orders must not be made to feel that  
he is running risk of trouble with the  
civil authorities. He must be made to  
feel that he is safe in carrying out the  
legitimate orders of his superior offi-  
cers. It was this sentiment which was  
freely expressed to Gov. Deneen by  
officers of the national guard with  
whom he consulted regarding the case.  
It was authoritatively stated tonight  
that an appeal of Gov. Deneen and the  
action of the business men this morn-  
ing calling on all good citizens for in-  
formation which would lead to convic-  
tion of those guilty of rioting bore  
quick fruit, and that the surprising  
persons called on State Atty. Hatch  
and gave him information which would  
be of value in guiding the actions of  
the grand jury.

### JUDGE TAFT SAID TO BE GAINING IN THE SOUTH

Hot Springs, Va., Aug. 18.—Through  
the visit here of R. V. Oulahan, di-  
rector of the literary bureau of the Re-  
publican national committee, Mr. Taft  
was enabled to gain at first hand the  
results of the recent conference to Chi-  
cago which marked the opening of the  
western branch of the committee head-  
quarters. Members of the committee  
from the west and south participated in  
the conference, and their report on the  
political conditions in the sections of the  
country represented by them was given  
to Mr. Taft as decidedly encouraging.  
Mr. Oulahan indicated that there was  
a real element of surprise in the opin-  
ion of southern members of the com-  
mittee. This was based, he said, on  
what was regarded as reliable informa-  
tion to the effect that Mr. Taft's per-  
sonality was a decided and increasing  
element of strength to the ticket in the  
south. Mr. Oulahan said also that in  
the south there seemed to be an out-  
spoken sentiment that the present and  
continued prosperity of the country  
depended on the perpetuation of gov-  
ernment policies. The situation, particu-  
larly in several of the western states,  
he told Mr. Taft, was seemingly chang-  
ing for the better from the Republican  
viewpoint.

## PROHIBITION CANDIDATE

Eugene W. Chaffin Formally Notified  
Of His Nomination for Presidency  
And Accepts the Same.

Chicago, Aug. 18.—At Music hall to-  
night, in the presence of a large and  
enthusiastic audience, Eugene W. Chaf-  
fin, of Chicago, accepted the nomina-  
tion for the presidency by the Prohi-  
bition party. The address formally  
notifying Mr. Chaffin of his selection as  
the head of the Prohibition ticket was  
made by Fred H. Thayer, Secularist of  
Pittsburg, on behalf of the committee  
on notification appointed at the national  
convention.

Leading members of the party from  
Illinois, Michigan, Wisconsin, Ohio, In-  
diana, Nebraska and other states were  
present. Seated on the platform were  
the national executive committee, chair-  
men of the various state commit-  
tees, the committee on notification and  
several prominent prohibitionists.

Charles R. Jones, chairman of the na-  
tional committee, called the meeting  
to order and announced the selection of  
Samuel Dickie, president of Albion col-  
lege, Albion, Mich., as chairman of the  
gathering. Mr. Dickie delivered a brief  
address and then introduced Mr. Scan-  
lon. "You are not asked," said Mr.  
Scanlon, turning to Mr. Chaffin, who  
occupied a seat on the platform, "to  
lead a forlorn hope. The final issue of  
this struggle is not now, nor ever has  
been, in doubt. The principles advocat-  
ed by the Prohibition party are as cer-  
tain to prevail as time is to continue."

### INVENTOR COMITS SUICIDE.

New York, Aug. 18.—Harry L. Fimmel,  
a young inventor and son of a wealthy  
family of Oakland, Cal., committed sui-  
cide here today by inhaling illuminat-  
ing gas. He had been an invalid for  
some years and had been suffering  
that he could not stand the suffering  
any longer.

The following letter addressed to his  
brother, H. T. Fimmel, of Oakland, Cal.,  
lay on a table in his room:  
"This is more than I can stand, so I  
take this means to end my pain. I trust  
you and those who are dear to you to  
forgive me for this act. I will say good-  
bye, though you, my mamma and  
brothers Weidman and Paul."

"It is more than I can stand. Good-  
bye."  
(Signed) "HARRY."

### WHO DIED FIRST?

On Question as to Husband and Wife  
Depends a Large Fortune.

Chicago, Aug. 18.—Upon the decision  
of the question as to who died first,  
the husband or the wife, will depend  
whether Percival Raisbeck or the state  
of Illinois will become beneficiary to an  
estate consisting of valuable lands in  
Chicago, New York and New Jersey as  
well as thousands of dollars in life and  
accident insurance companies.

About three weeks ago the bodies of  
George Raisbeck and his wife were  
found floating in Lake St. Clair, near  
Mandale, Minn. Mr. Raisbeck was pres-  
ident of a New York manufacturing  
company and also was well known in  
Chicago, which was his place of resi-  
dence.

Mrs. Raisbeck was the second wife,  
having married her husband 16 years  
ago, soon after his first wife had pro-  
duced a divorce in New York.

By his first marriage, Raisbeck had  
only one son, Percival, who is the sole  
survivor.

Mr. Raisbeck arranged five years ago  
for the distribution of his estate after  
his death. He left a petition on be-  
half of his wife, Mrs. Raisbeck, to be  
will simultaneously. The wills were  
what the law terms "mutual reciprocal  
wills," and Raisbeck devised everything  
to his wife, appointing her sole execu-  
trix. While Mrs. Raisbeck bequeathed  
all to her husband and appointed him  
her executor.

Raisbeck's will was filed for probate  
yesterday by Lawyer Herman Frank  
of Chicago, and Mr. Frank is be-  
half of Percival Raisbeck asking that  
he be appointed executor of his father's  
estate, claiming to be his only heir.

Lawyer Frank said the case was a  
novel one as applied to the county of  
Cook, and resembles in every particu-  
lar the celebrated case of the Fairs of  
California, who were killed in an au-  
tomobile accident while touring in  
Paris. Mr. Frank said he had proofs  
however, that Mrs. Raisbeck was the  
first to die. If it was found that Mr.  
Raisbeck was the first to die, the  
entire estate would pass to the son,  
and as there are no other heirs of  
either deceased, then the state of  
Illinois would be the beneficiary, as  
all the property would escheat.

### TASMANIAN WOLF.

Probably Last Living Specimen Dies in  
Bronx Park Zoo.

New York, Aug. 19.—Visitors at the  
Bronx park zoo will probably never  
again have an opportunity to view the  
now practically extinct Tasmanian wolf,  
the only one in the possession of  
the society, died yesterday. This wolf,  
which has many characteristics of the  
kangaroo, including a pouch for carrying  
its young and an exceptionally long,  
heavy tail, had been in the Bronx park  
for the last six years. It was prized as  
one of the greatest curiosities of the  
zoological exhibit, and Dr. Hornaday  
says that the animal's death was one  
of the most serious losses the zoo has  
suffered.

The wolf was about the size of a  
pointer, and had fur of a dark yellow-  
brown color, with a series of broad  
black stripes around the hind quarters,  
similar to the markings of a zebra. The  
head and shoulders were developed much  
out of proportion to the rest of the body.  
Shepherds in Tasmania, which is said  
to be the only place where the species  
is found, have practically destroyed it  
with poison.

### CONDEMNED CARTRIDGES SOLD.

New York, Aug. 19.—The 75,000 rifle and  
carbine cartridges, which Chief Fling of  
the secret service seized last January as  
they were about to be shipped to Hayti  
in barrels by Joseph H. Gordon, repre-  
sentative of Gen. Firm's revolutionary  
party in this city, were sold at auction  
yesterday by the United States marshal  
Heikel. They were finally knocked down  
to Francis Bannerman for \$70. When  
Gordon was convicted in the United  
States court in April for counterfeiting  
Haytian money to the amount of \$100,000,  
the cartridges were condemned and  
ordered sold. The money he had printed  
here was obtained, he said, to pay  
Firm's troops.

## EXCURSION—Teton Valley

Again we call your attention to the opportunities that are in your way and are quickly passing by. The last of the cheap fertile lands of America are passing into the hands of eastern people. They know the value of this cheap western land. The attorney of the Union Pacific and a banker of Nebraska have just closed a deal with us for 1,500 acres and they want 1,500 more. We stand ready to guarantee 8 percent interest on any investment that is made with us for one year. Keep part of the payment back as security. We want to prove to you that our lands are everything that we claim they are.

Glance over our bargains:  
150 acres all fenced, good water right, house, barn and out buildings, with the following personal property: one new mower and rake, one gang disk plow, one harrow, bob sleds, two wagons, two sets of harness, one derrick, one binder, four head of horses, twenty-five to thirty-five head of good cattle, fifty acres of grain, etc. Everything that is needed on a ranch. Price: \$4,250.00. Half down, terms on balance.

Another:  
80 acres of good land with a good water right, one mile from town, at \$17.00 per acre, small payment down, ten years on balance.

40 acres close to town, small payment down, easy terms on the balance.

320 acres all fenced, puts up 75 tons of hay, 50 acres of grain, good buildings, good water right. Price \$4,000.00. Terms.

240 acres, all fenced, partly improved, heavy, loamy soil, with good water right, \$12.50 per acre.

You realize that all banks are not safe, and stocks are a gambling proposition. Today you win, tomorrow you lose.

Is there anything safer than choice land with good water rights in a rapidly growing country? Land that will never depreciate in value, that may double in one year? Remember: The man that has a good ranch all ways feels secure; though panics may come and old age creep in, he always knows what he can depend on.

Secure a good ranch for your children while values are low. Excursion to the Teton Valley, Aug. 22, leaves Salt Lake 6:25 p.m., arrives St. Anthony 3:45 a.m. We have arranged for conveyances from depot into our valley. Round trip from Salt Lake to St. Anthony, \$10.40. Address:

**PATENTS**

We desire to announce that we have established in connection with our paper, a Patent Bureau, and invite the co-operation of Inventors, Mechanical Engineers, Draftsmen, Machinists, Superintendents and Foremen of Shops and Mills. Skilled Mechanics in all trades, Farmers and all others, in building up a patent system, that will give honest advice to inventors, protect their interests by good patents and strong contracts; assist inventors in perfecting their inventions, and in selling their patents when obtained; and in all matters to render careful service and give full value for money paid.

We have associated with us at Washington, D. C., an attorney who has been in continuous practice for the past twenty years, and we are in position to guarantee that any patent matters placed in our hands will receive prompt and careful attention, and that the charges will always be moderate.

We also, in addition to securing of patents, obtain Trade-Marks, Copyrights, Labels, Design Patents, and in fact transact business of all character in this line.

All patents secured through our Bureau will be advertised for sale at our expense, and will thus be brought to the attention of the thousands of readers and materially assist the inventors in disposing of their patents.

If you have made an invention, send us a rough sketch and description with \$5, and we will have our attorney make a thorough search of the records of the United States Patent Office, and advise you as to the securing of patent, the cost and the manner of proceeding.
