TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine. CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work, and are a perfect

THE LIVER AND ITS FUNCTIONS.

IT has become a well established fact that the larger portion of diseases to which the human family is subject arise in the first place from some derangement of the Liver. This organ is not only the largest, but at the same time one of the most important. The venous blood, on its return to the heart, passes through this organ, and in its passage the impurities are also the secretions which are necessary for digestion as well as for a cathartic to assist in the removal of waste material (so commonly called). From this it easily results that the Liver is liable to get out of order to a greater or less extent, and when this occurs it is impossible for it to properly fulfill its office, of removing all objectionable matter from the blood, but allows it to pass through, carrying with it the poisons of which it should have been relieved.

With impure blood the whole system becomes affected, and no organ can properly perform its functions unless it is supplied with PURE BLOOD to nourish it and sustain health. So the Liver becomes all important, and its disease gives one feeling of being continually tired, worn out, is constipated, with tendency to Piles, Headache, Sick Stomach, Bad Taste, Complexion, Eruptions of Skin, etc. Then be sure their Liver is out of order, and a remedy is required to assist nature in relieving itself of all accumulations, and restore it to its original strength and Vigor. For all the complaints of this kind we know of no better remedy than DR. R. F. SHERMAN'S PRICKLY ASH BITTERS. The result of years of study, experience and medical research and practice of Dr. R. F. SHERMAN, its originator, and, in its second year wherever used is giving satisfaction and entirely for its merit. Dyspepsia Purgatives and that class of medicines can be cast one effect—that is by their violent action to depress and weaken the system. Prickly Ash Bitters acts directly on the Liver, Kidneys, Skin and Bowels, in a mild yet effectual manner, and is a thorough and reliable blood purifier, and as a tonic, acts as a gentle stimulant to the whole system. Prickly Ash Bitters is a medicine of rare merit, and not an intoxicating beverage, and being purely vegetable its composition can be used at all times with beneficial results. It is not claimed as a cure-all, but for derangements of the organs mentioned, it is a specific and as a BLOOD PURIFIER ranks above all other preparations. Ask your druggist for it, and give it a fair trial. If he has none on hand, see that he procures one for you.

THE WESTERN UNION TELEGRAPH LINE.

FOREIGN.

Phelan a Bold, Bad Man.

LONDON, 12.—Phelan visited Hull in June, 1883, whereupon the police of Newcastle telegraphed the Hull police notifying them of his arrival. Phelan was carefully watched by detectives, who occupied adjacent rooms in the hotel where he stopped. During Phelan's absence detectives examined his baggage, but found nothing of a compromising nature. Phelan went, with several Irishmen, and frequented taverns. He met Kearney, and they spent the afternoon together. Kearney's mother kept a small shop in Hull. The police of Glasgow telegraphed the Hull police to carefully watch Kearney, and if any tangible evidence against him was obtained to arrest him. Kearney ultimately disappeared. Phelan, with great assurance and audacity, hearing he was being watched, visited the chief constable, complained of espionage and threatened to complain to Sir Harcourt unless the police desisted from watching him. He represented himself as traveling on behalf of the German Government, on a secret and important mission; produced a number of documents purporting to be signed by gentlemen of high position in New York, which proved to be bona fide papers. They seemed to indicate that Phelan was a Captain in the United States army and also a New York police officer. He produced a revolver, and asked the constable if arrested, if the revolver would be likely to connect him with Fenianism, adding that he always carried it for self-protection. The constable was not deceived, but telegraphed to London, notifying the police of Phelan's departure thither.

Liverpool, 12.—It was undoubtedly the steamer *British Queen*, and not *The Queen*, which Phelan and Kearney intended to blow up with dynamite. Several barrels purporting to contain cement, on board the *British Queen*, June, 1883, were found to contain infernal machines.

London, 12.—The *Daily News* says of Phelan: Questions regarding extradition are always delicate. Therefore, it is much better Americans should discover for themselves what sort of miscreants their tolerance is fostering.

The *Daily Telegraph* says: If a few American citizens shall be killed, the American government will, perhaps, interfere to check the operation of the murderous of the colony in their midst.

All the newspapers indulge in satirical paragraphs concerning the prudence of O'Donovan Rossa in being absent from his office when the Short-Phelan fight occurred.

The *Times* says: If there be a grain of truth in Phelan's revelations, they would offer cause for England to demand Kearney's extradition. It is a great misfortune that heretofore respectable Americans have not sufficiently realized what was transpiring in their midst. Their eyes have now been opened. American law will make short work of Rossa and his accomplices, if their guilt shall be proven. The time has certainly arrived to set the law in motion.

Salem, Ore., 12.—The legislature convened to-day. The contending factions among the republicans harmonized late this evening, and a permanent organization of the Senate was effected by the election of Wm. Waldo, of Marion, president. This will bring about the first ballot for U. S. Senator Tuesday, the 20th inst. The legislature, on joint ballot, stands: Republican 52, Democrats 38.

Cincinnati, 12.—Major John Byrne, who has been asked by Hon. J. P. Canberry to institute an American-Irish Parliamentary fund to yield $100,000 yearly, not wishing to assume the responsibility alone in such an important movement, has called a meeting of such persons of Cincinnati and vicinity as feel an interest in the matter, to be held at the Burnett House, Jan. 24th, to take steps to form the proposed organization.

New York, 12.—The hospital to-day reports Capt. Phelan progressing very satisfactorily. Most of the stab wounds in the head and chest are already healed. It is expected that the wounds which fractured the bone of the left arm and the most serious flesh wound of all, in the left arm, will be healed to-night. The Captain's wife arrived to-night from Kansas City.

CONSUMPTION.

IMPORTANT TO THE PUBLIC AS WELL AS THE MEDICAL PROFESSION.

Hall's Journal of Health, referring to consumption, makes the following important statement:

"Consumption usually begins with a slight, dry cough in the morning, then on going to bed, getting more and more frequent, with more and more phlegm, increasing debility, thinness of flesh, shortness of breath and quickness of pulse. In fatal cases its average course is about two years; hence the importance of arresting the disease at as early a stage as possible, and the sooner rational means are employed for this purpose the greater the chance of success. The disease is owing to an irritation commencing in the throat and extending to the lungs, so that their action is interfered with, and the blood does not receive sufficient oxygen to purify it. The most marked sign of lung disease is emaciation: and the most positive indication of returning health is increase in weight.

So speaks *Hall's Journal of Health*, and we may add that in desperate cases, and, in fact, in all cases of Consumption, or troubles of the throat and lungs, immediate relief may be obtained and a permanent cure effected by the use of Dr. Wm. Hall's Balsam for the lungs, a medicine known for more than 35 years as an unfailing remedy for coughs, colds, bronchitis and all pulmonary and pectoral diseases. That the worst cases of Consumption have been cured by the use of Hall's Balsam has been attested to by the thousands who have used it, or have been cognizant of its wonderful remedial efficacy.

CORRESPONDENCE.

From the Far North.

GROUSE CREEK, Box Elder Co., U. T., January 5, 1884.

Editors Deseret News:

It may be interesting to some of your readers to hear from Grouse Creek. On Sunday, December 28, 1884, brother Lorenzo Hunsaker, President of the Fifth Quorum of Seventies was here, and gave much good instruction to both old and young. He also ordained eight brethren to the office of Seventies, in the Fifth Quorum. He was accompanied by brothers William and Dorwin Mecham, of Park Valley, who also under the spirit of the Lord, gave excellent counsel to young and old.

Our crops the last season were excellent. The general health of the people is good, and those professing to be Latter-day Saints as a whole, are earnestly striving to live their religion. Our parties this winter have been enjoyable affairs. Yours, etc.

Why the "Royal" is the Best.

The improved method by which it has been made possible to produce pure cream of tartar, has had an important bearing upon the manufacturer of baking powder. By the process heretofore generally employed it has been found impossible to remove all impurities, more particularly the tartrate of lime, which remained to such an extent as to greatly impair the quality of the cream of tartar, and to interfere seriously with the strength and wholesomeness of the baking powders into which it entered.

In the new process which is owned by the Royal Baking Powder Company of New York, and exclusively employed in its extensive tartar works, the imported crude grape acid is so treated as to remove all vestige of tartrate of lime or other impurities, giving a product before unknown—a chemically pure cream of tartar.

By the employment of these superior facilities, the Royal Baking Powder Company has made the Royal Baking Powder, as the chemists all certify, of the highest possible degree of strength "absolutely pure" and wholesome, and with an always uniform leavening power. It is for these reasons that the "Royal" never fails to produce bread, buscuits, cakes, etc., that are light, sweet, digestible and wholesome; the eating of which is never followed by indigestion, or any of those physical discomforts attendant upon the partaking of improperly prepared food. In rendering possible the production of a baking powder possessed of these qualifications, the improved method of refining cream of tartar becomes a matter of material importance to the culinary world.

In every form the praise of the great conqueror of pain, St. Jacobs Oil, is the same.

Mr. Walter Cooper, the Confectioner and dealer in Fruits, Candy, etc., has removed from his stand south of the Walker House to first door south of Little, Roundy & Co's., where he can be found prepared to supply those who desire anything in his line, at lowest cash prices. 1w

DR. SANFORD'S LIVER INVIGORATOR

Is just what its name implies: a Purely Vegetable Compound, that acts directly upon the Liver; curing the many diseases incident to that important organ, and preventing the numerous ailments that arise from its deranged or torpid action, such as Dyspepsia, Jaundice, Biliousness, Costiveness, Malaria, Sick-Headache, Rheumatism, etc. It is therefore a truism that "if we have Good Health the Liver must be kept in order."

DR. SANFORD'S LIVER INVIGORATOR Invigorates the Liver, Regulates the Bowels, Strengthens the System, Purifies the Blood, Assists Digestion, Prevents Fevers. Is a Household Need. An Invaluable Family Medicine for common complaints.
