

PIONEERS' DAY.

Hail to the glorious Twenty-fourth
Which gave the Saints a nation's birth,
Freed from the spoiler's ruthless hand
A home was found by Zion's Band.

Great were trials they passed through,
That noble band so brave and true
They sought and found in a desert place,
A cradle of freedom for Zion's race.

To hallow thus their memory dear
Is a tribute due to the pioneer,
Recorded forever in history's fame
Live the Pioneers each known by name.

LOCAL NEWS.

FROM FRIDAY'S DAILY, JULY 25.

Change of Time.—A change of time over the Utah Central will commence July 26th, after that date the Pacific Express will leave Salt Lake at 4.50 p. m. instead of 3.55 to connect with Central Pacific and Utah Northern Railways.

Accident.—J. Devey, Esq., writes from Alpine, Utah County, June 23rd: Bishop J. T. McCullough, of this place, was thrown from his carriage this morning and badly hurt, to what extent not at present known, but it is hoped not seriously.

Held to Answer.—The hearing in the case of Officer William Hilton, charged with ill-treatment of Thomas Dowd, a drunken man whom he arrested one night last week for making a disturbance on the street, concluded at 2 o'clock this afternoon. Commissioner Wm. McKay decided that Mr. Hilton should give bail in the sum of \$1,000 pending the action of the Grand Jury in the matter. We suspend comment for the present.

Bishop Rasband Dead.—By letter from Bishop Wm. Forman, of West Heber, Wasatch County, to President Joseph F. Smith, the sad intelligence has been received of the death of Bishop Thomas Rasband, of East Heber, who expired at 5 o'clock yesterday morning. Some time ago he met with a serious accident, in being run over by his own team in a runaway, and has since been gradually failing. Three days ago, the letter says, he had been and was still very low, and having lingered till the day and hour mentioned, death put an end to his sufferings. No further particulars were given.

Treated for Cancer.—Lorenzo Dow Imley, of Panguitch, Garfield County, has been at the residence of Dr. John Riggs, of Provo, for a little over a week, undergoing treatment for a cancer located on the inside of the right thigh. It is considered by the Doctor a very singular case. The cancer is seven by nine inches in size, and has kept the patient bed-fast for the past five months. It is in a dangerous place, owing to the proximity of the femoral artery. Dr. Riggs is very hopeful, however, that he will succeed in destroying and removing the cancer. It is all but killed now, he says, and the prospects are favorable for the patient's complete recovery.

Fire at Provo.—A fire on the premises of Joseph Faucett, of Provo, about 2 o'clock yesterday afternoon, consumed his hay-stacks and stables. A stack of twelve tons of lucern and the sheds were burnt to the ground. The people turned out in goodly numbers and worked with a will to save the house and outbuildings and succeeded. The hay was all the owner had, having been hauled on shares, and was the crop of 14 acres of lucern, and 12 acres of meadow land. The cause of the fire is unknown, but it is supposed firecrackers had something to do with it. One of the neighbors started a subscription and gathered up a snug little sum for Brother Faucett. Our informant is Brother Ernest S. Penrose, who was on the ground and helped to put out the fire.

Women's Work.—Mrs. Jane S. Richards returned on Wednesday evening from Sevier Stake, where she has been visiting the Relief Societies, Y. L. M. I. and Primary Associations, in company with Sisters M. Isabella Horne and Elmina S. Taylor. The ladies left on the 7th inst., and went as far as Juab by train, afterwards traveled 250 miles by team, and held 22 meetings with the sisters' organizations in various parts of that Stake. Though the roads were not very smooth in consequence of high water, etc., yet they enjoyed their labors very much. Sister Taylor returned a few days ago, having been notified of sickness in the family, and Sister Horne remained behind at Richfield at the residence of her son, Bishop Joseph Horne, to rest and recruit a little before returning.

A Relapse.—We much regret to learn that Brother Horace K. Whitney, who was thought to be recovering nicely from his severe illness, has suffered a relapse. He had been able to walk to the office and spend several hours each morning, returning before the heat became too oppressive, and was supposed to be convalescent, as indeed he was, but unluckily he caught a slight cold and took the pleurisy in his right side, the opposite to the side heretofore affected, and has since been dangerously ill. He was quite bad yesterday, but to-day is some better.

Brother Whitney is one of the surviving "Mormon" Pioneers, and to-day attained the 61st year of his age. Thirty-seven years ago yesterday, he

lay sick in the mountains with fever, and entered Salt Lake Valley on the following day—July 25th, his twenty-fourth natal anniversary. His many friends will wish him many happy returns of his birthday and hope that this may be the turning point in his illness, towards complete recovery.

Races Yesterday.—There was not a very large attendance at the race-course yesterday afternoon to witness the trotting and pacing trials arranged by the Agricultural Park management, but there were some good horses exhibited nevertheless, and some excellent time was made. In the free for all trotting race Frank L., (who pulled a wagon) Countryman and Pat Hunt started, Rarus Jr. having been with-drawn, much to the disappointment of his many admirers, who wanted to see him in a good race against horses of well known speed. The first heat was easily won by Countryman in the very ordinary time of 2.39%. The second heat was a close one between Countryman and Frank L., and was won by the latter in 2.36. The third heat was won by Countryman in 2.33%, and was the closest and most exciting of all, though Frank L. broke badly; and the fourth heat, which decided the contest was won by the honest old Countryman again in the remarkably good time of 2.32, Pat Hunt being distanced.

For the pacing race there were four entries, Wandering, Squirrel, Blue Dick and Sorrel Billy. The first-named won the race easily in two heats, in the first distancing Sorrel Billy and in the second doing the same for the other two. Time 2.44, 2.44.

BURGLARS.

THEY ARE GETTING TO BE AS THICK AS FLEAS.

Since the last issue of this paper reached its city readers, on Wednesday evening, no less than six, and in all probability many more attempts at burglary have taken place within the corporate limits. Four houses were visited on Wednesday night, and one of them entered and thoroughly ransacked, but the thief, finding no money or valuables, took nothing but himself away. But even this simple act was enough to show that his intention was not to gratify the inmates of the house, who have been looking anxiously for him ever since. The chances are that if he ever comes there again he will take something away with him, if it is nothing more nor less than a few ounces of lead.

The event referred to happened at the residence of Mr. John R. Sands, of the Walker House bar, who lives on the State Road, between Third and Fourth South Streets. A similar attempt was made on the residence of Mrs. Allen, on Main Street, one block west of the Sands house, about half past three o'clock, a. m., soon after the other house had been visited. But a Mr. Tupper, who rooms there, saw the figure of the would-be robber in the moonlight, just entering the front window, and in reaching for his pistol, made a noise which alarmed the burglar and he forthwith departed.

The residence of Dr. Dart was also called at, but an alarm bell on the front door, which the burglar took hold of, awakened the Doctor, and his 4 a. m. visitor hastily decamped before his case could be attended to. The other incident took place at O. P. Miles' residence, opposite the Methodist Church, about half-past 12 o'clock. Mrs. Miles heard some one remove the screen at the window and awoke her husband, who called out to the maurauder and he vanished. The probability is that one and the same hero figured in the above-named exploits.

The same night a small store in the Sixth Ward had a burglarious visitation. The door was partly pried open, when a woman living next door, hearing the noise, tried to awake her husband, but accidentally woke up her baby first, and its cries scared away the scamps, who were attempting to effect an entrance. But the latest event of the kind, so far reported, took place at the residence of the late Bishop E. D. Woolley, 13th Ward, at 4 o'clock this morning. One of the Bishop's sons, waking up, saw a man in the house, and aiming his pistol at him pulled the trigger; but the cap did not go off, although the burglar did immediately afterwards. Mr. Woolley followed him up and fired a shot from another barrel, but missed his man, who by this time had got pretty well out of the way. We are not disposed to be bloodthirsty, but it does seem as if a little peppering, enough to maim some of the rascals who are now preying upon the inhabitants of the city with perfect immunity, would give a little wholesome variety to the situation. At present the "furious fraternity" are having it all their own way.

FROM SATURDAY'S DAILY, JULY 26.

Sister Howard's Condition.—We are pleased to be able to state that news received this morning from Cottonwood regarding Sister Elizabeth R. Howard's condition is of quite a reassuring character. She seems to have taken a change for the better and hopes are indulged that she will soon recover.

Held to Answer.—James Crowley, brought from Grand Junction yesterday afternoon, by Captain Hawley, on a requisition of Governor Murray's upon the Governor of Colorado, was before U. S. Commissioner McKay this morning, charged with complicity with Edward Watterson in the theft of goods on the D. & R. G. Railway last

April. Crowley was held in the sum of \$500, to await the action of the Grand Jury. Clemens and Hattrick, also accused of complicity in the matter, were discharged.

Another Stroke.—It is with deep regret we learn that our esteemed and venerable friend, Bishop L. W. Hardy sustained another paralytic stroke last evening. It was about six o'clock, as he was sitting in his office, which he has attended faithfully ever since his partial recovery from his first attack of paralysis, some weeks ago. He was taken home in a carriage last night, and this morning was reported better, his speech having returned, which last evening had wholly departed.

Dangerous Consequences.—A letter from President W. W. Cluff, of Summit Stake, to President Joseph F. Smith, gives a rather alarming account of Brother Ward E. Pack's hand, which it will be remembered was injured some weeks since in a saw mill. The sufferer is much reduced physically, and his hand and arm present a shocking appearance. When the accident occurred the doctor told Bro. Pack that there was one chance in a hundred of saving the member, but the patient with characteristic determination said he would take that one chance. He did so, some think, at the risk of his life.

Attempt at Robbery.—A man giving the name of Chas. Pierce, which is however only one of his many aliases, was arrested this morning at 2.30 for attempting to rob a companion, Jas. Cassidy, with whom he had previously been drinking. He did not succeed in his design, his would-be victim resisting right manfully, and assisting as did also other witnesses of the affray in following up and capturing the thief. "Perhaps this bird belongs to the nest of burglars," significantly said one of the police officers to-day, and perhaps the police have a clue that they won't give the public just yet.

The Fighters' Trial.—The trial of the two soldiers for drunkenness, disturbing the peace and profanity, which was set for yesterday afternoon, did not come up till this morning. The defendants, one of whom had his head enveloped in bandages, plead not guilty. Their attorney, as before stated, is J. D. Lomax, Esq., George Fletcher, Esq., appearing on behalf of the city. The police court was further graced by the presence of Prosecuting Attorney Dickson and a number of officers from the Fort. Officer Salmon was examined by both sides and Officer Clayton underwent his direct examination, when recess was taken till Monday morning at 10.30 o'clock.

FROM MONDAY'S DAILY, JULY 28.

Stake Conference.—The regular Quarterly Conference of the Salt Lake Stake of Zion will convene on Saturday, August 2nd, in the Tabernacle. Meetings will be held at 10 a. m., 2 p. m. and 7 p. m. on Saturday and Sunday, August 2nd and 3d.

WILLIAM W. TAYLOR,
Stake Clerk.

Information Wanted.—Mr. Jackson Weice of Silver Creek, Michigan, desires to learn the whereabouts of his sister, who came to this Territory in 1856 in company with John Hyrum Brown. By communicating with her brother, the lady will hear of something to her pecuniary advantage.

Seriously Ill.—Bishop L. W. Hardy sustained another stroke of paralysis yesterday morning, and the latest heard of him to-day, shortly after one o'clock this afternoon, was that there was no improvement in his condition up to that time. On the contrary he appeared to be failing, and complained somewhat of a distressed feeling in his head.

Sister Howard's Condition.—On Saturday morning Sister Elizabeth Howard, whose illness has been noted by the NEWS, revived, and strong hopes were entertained for her recovery. About two o'clock in the afternoon, however, she suffered a relapse, and remained in a precarious condition until eleven last night when she took another favorable turn and was, up to last accounts, gaining gradually, being conscious and cheerful.

The New Depot.—The work of removing the old board building that has hitherto served as a ticket office and baggage room at the Utah Central depot, has commenced. The house will not be torn down just yet at any rate, but will be moved a little distance from its present site and used for original purposes until the new brick structure is ready for occupation. Several barrels of cement for the building are already on the ground, and the work of excavating for the foundation will begin shortly.

A Trip to Emery.—Yesterday afternoon Brother W. B. Barton returned from a trip through the settlements of Emery County in the interest of Mr. S. P. Teasdel's Eagle House. He reports the situation of affairs in that part of Utah as generally prosperous. He visited Price, Huntington, Orangeville and Castle Dale. Crops look well, the country being remarkably fruitful in proximity to water. The mountains abound with deer, which supply the people with meat. Brother Barton brought in a specimen of fine coal from a 25 feet vein in the vicinity of Orangeville; also a pig-weed stock of the unusual height of

eight feet. The people complain that they are unable to bring their products out to markets over the D. & R. G. railroad owing to what they consider the high rates charged by that company.

Death from Paralysis.—Brother W. Barker Child of the 11th Ward, died this morning at his residence in presence of many members of his family. The affliction which led to his decease attacked him in September, 1883, in the shape of a slight paralytic affection, chiefly on the right side and in the throat and tongue. It gradually increased upon him and by January of the present year his speech was gone and he was unable to swallow except with great and painful exertion. For three months he subsisted entirely upon liquids and latterly could swallow nothing. For four months he was helpless, except being able to write on a slate. He communicated his wishes by this means to his family, disposed of his property and arranged his affairs. But he latterly lost even the power to write, could not lie down and had to receive constant attention. He gradually wasted away. His wife was in constant attendance upon him and he could not endure any help but hers. His mind was bright and active to the last. He was sensitive to every sound and understood clearly all that was said to him, indicating assent or dissent by slight motions of the head and eyes. His release is a blessing to his friends as well as himself. He was a faithful Latter-day Saint, well known and generally respected and he has gone to his rest in peace, having made his "calling and election sure." The funeral services will be held in the 11th Ward Meeting House, on Tuesday at 4 p. m.

RESOLUTIONS OF RESPECT.

The following resolutions were unanimously adopted at the last meeting of the Caledonia Society, on the death of their first president, David O. Calder:

WHEREAS, this Society is called for the first time to mourn the death of one of its members, and that in the person of our beloved and honored president, the late David O. Calder; and,

WHEREAS, while realizing how inadequate are words to fitly express our sorrow on the sad occasion, we yet desire to place on record a memorial of the departed; therefore,

Resolved, That the many admirable qualities of heart and intellect which distinguished President Calder, his integrity, sagacity, energy and sympathy with and life-long labors for the development of the best interest of his fellow-men, make his death a public misfortune; while his lively interest in the objects of this Society, together with his wisdom in planning and ability in carrying out such works as it desires to promote, and connected therewith his keen appreciation of the needs of the people, render our loss in him wellnigh irreparable.

Resolved, That our regret for his departure is tempered only by thankfulness for his relief from protracted suffering; and while convinced of his present happiness and future glory, we submit in this as in all things, to the decree of our Heavenly Father, in the assurance that his purposes are wise and beneficent.

Resolved, that we sincerely condole with the bereaved family and many warm personal associates of our departed President who, in their grief in parting with so wise and kind a husband and father, so faithful a son and brother, and so steadfast a friend, have our most earnest sympathy.

Resolved, that these resolutions be spread upon the record of the society, and a copy sent to the family of the deceased.

Elder Scott Anderson volunteered to engross a copy of the above to be presented to the family of the deceased.

Instantly Relieved.

Mrs. Ann Lacour, of New Orleans, La., writes: "I have a son who has been sick for two years; he has been attended by our leading physicians, but all to no purpose. This morning he had his usual spell of coughing, and was so greatly prostrated in consequence, that death seemed imminent. We had in the house a bottle of Dr. Wm. Hall's Balsam for the Lungs, purchased by my husband, who noticed your advertisement. We administered it and he was instantly relieved."

Do not waste your money, and risk injuring your hair by purchasing useless washes or oils, but buy something that has a record—a remedy that everybody knows is reliable. Hall's Hair Renewer will invigorate, strengthen, and beautify the hair, restore its color if faded or turned gray, and render it soft, silken and lustrous.

I found positive relief from Catarrh with Ely's Cream Balm was troubled for years. No doubt a thorough use will cure a majority of cases.—E. D. Norton, Ithaca, N. Y.

Since boyhood I have been troubled with Catarrh and Hay-Fever, and have been unable to obtain permanent relief until I used Ely's Cream Balm. It has cured me. E. L. Clickener, New Brunswick, N. J.
