

**DEMOCRATS WILL NAME PARKER.**

Because They Have No Other Man To Nominate, Says Senator Dubois.

**WANTS ANTI-POLYCAMY PLANK**

Ex-Senator Frank Cannon Declares He Will Not Bolt No Matter Who is Put Up.

St. Louis, Mo., June 30.—Some western delegates to the Democratic national convention arrived today, but aside from their individual opinions they had no knowledge of what was going to be done when the Democratic national convention meets next week. Everything seems to await the arrival of the leaders when it is expected that the usual life, anti-dating an interesting national convention.

Senator Fred Dubois of Idaho, came in tonight, and when asked what he thought of the presidential outlook, said he saw nothing but Parker.

"Whom will you nominate after they have beaten Parker?" he was asked.

"Would it be Cleveland?" he continued.

"Why, there is more than a third of the convention will stay here until the election before allowing the nomination of Cleveland. An attempt to nominate Cleveland will throw the convention into the hands of Bryan."

Senator Dubois declares that he will get an anti-polygamy plank in the national platform. That will be his principal work while in St. Louis. He says that the Republicans feared they would lose Utah, Idaho and Wyoming if they declared against polygamy, but he claims that a strong declaration of that kind in the Democratic platform will carry those states for the Democratic party.

Former Senator George Turner of Washington came to St. Louis today with a small but earnest vice presidential boom. The states of Idaho and Washington are instructed to vote for Mr. Turner for that position, and the few delegates from that region are making a little stir about a Pacific coast man for second place pending the time when all interest in the convention will be swallowed up by the talk of the nominee for president and the platform.

Former Senator Frank J. Cannon of Utah says he will not bolt this convention.

"Eight years ago I bolted the Republican convention in this very town, and I have grown gray since that time trying to find proper political terminal facilities. Let them put anything they please in the platform and even nominate Grover Cleveland and I'll watch the other fellows walk out if they want to, but none of it for me. I have had all I want."

Besides Cannon, there will be Senator Teller of Colorado and Senator Dubois of Idaho, former Senators Pettigrew of South Dakota and Charles A. Towne and Representative John A. Lind of Minnesota as delegates in the coming Democratic convention, all of whom bolted the Republican national convention held in St. Louis eight years ago.

Senator Jones chairman of the Democratic national committee, will arrive in St. Louis tomorrow.

**BRYAN WILL NOT BOLT.**

Pittsburgh, June 30.—William J. Bryan will not bolt his party ticket if Judge Parker is nominated for president. But if a regular nomination of Cleveland as little short of an impossible contingency.

"Outside of Judge Parker Mr. Hearst will have the greatest number of instructed delegates. I regard Mr. Cleveland as one of the greatest possibilities."

Mr. Jones does not think a bimetallic plank will be inserted in the platform.

**POPS WOULD SUPPORT HEARST.**

Springfield, Ill., June 30.—J. A. Parker, of Louisville, Ky., chairman of the national committee of the People's party, arrived here today to see if all arrangements had been completed for the national convention of the party which will convene on Monday, July 4.

He returned this afternoon to Louisville. Before leaving Mr. Parker said he thought if the Democrats nominated Hearst he might be endorsed by the People's party. He stated that Thomas E. Watson of Georgia, probably would be the nominee of the People's party for president and Samuel M. Williams of Vincennes, Ind., for vice president.

**BAILEY WILL NOT BE THERE.**

Warm Springs, Ga., June 30.—The Georgia Bar association today received a letter from Senator Joseph W. Bailey of Texas, saying that on account of the illness of his son, he would be unable to deliver the annual address before the association.

Senator Bailey further stated that for the same reason he would be unable to attend the Democratic national convention.

**Another General Slocum Victim.**

New York, July 1.—Erysipelas resulting from a blow in the face has caused the death of Mrs. Christina Gessman, who was rescued from the ill-fated steamer General Slocum. The blow was struck by a fireman who rescued the woman from drowning.

Mrs. Gessman jumped from the hurricane deck of the General Slocum.

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

**"I've Lost Ten Pounds"**

A man says, "Look at this." And he overlaps his coat to show how loose it is. There are some people who can lose fat to advantage, but the loss of flesh is one of the accepted evidences of failing health. As flesh-making processes begin in the stomach, so naturally when there is loss of flesh we look first to the stomach for the cause. And the cause is generally found to be disease of the stomach and digestive and nutritive tract, resulting in loss of nutrition and consequent physical weakness.

Dr. Pierce's Golden Medical Discovery restores the lost flesh by curing diseases of the stomach and other organs of digestion and nutrition, and enabling the perfect digestion and assimilation of food from which flesh and strength are made.

A lady writes for a year was troubled with indigestion of stomach and bowels, bloating and pain, and frequent times during the entire five years," writes Mr. J. M. Vinger, of McConellsburg, Pa. "After heart was affected and she took a purgative every few days but only received temporary relief. She got very poor in flesh and I bought one bottle of Dr. Pierce's Golden Medical Discovery from our druggist and after taking it she said she felt like a new woman. Has no more trouble with stomach and bowels and has no pain nor bloating. Has gained fifteen pounds in weight."

Dr. Pierce's Pleasant Pellets cure constipation and biliousness.

cane deck of the Slocum. She was seen struggling in the water by a fireman who leaped to the rescue. He was caught by the drowning woman, who choked him with a death grip so tenacious that finally he was compelled to render her unconscious with a blow to the head. He then swam with her to shore. She was hurried to a hospital but a slight cut produced by the fireman's flat developed erysipelas and caused the woman's death.

**A Cargo of Great Value.**

Ran Francisco, July 1.—The trans-Pacific liner Korea just arrived brought a 7,000-ton cargo of great value. The principal item of value is opium, of which there are 538 boxes. The duty on this shipment will add to the revenue of the country nearly a quarter of a million dollars. The flow of gold from Japan to this country still continues. Over \$2,000,000 were brought over on this shipment. The duty on the tea for the purchase of war munitions: The tea on board aggregated 28,000 boxes, together with 500 bales of silk and an enormous amount of clothing.

**Michigan Republican Ticket.**

Detroit, Mich., June 30.—The Republican state convention today nominated the following ticket:

Governor—Fred M. Warner of Farmington.

Lieutenant Governor—Alexander Mattland.

State Treasurer—Frank P. Glazier.

Secretary of State—George A. Prescott.

Auditor General—Dr. J. B. Bradley.

Attorney General—Charles A. Blair.

Superintendent of Public Instruction—P. H. Kelly.

Member of the State Board of Education—L. L. Rose.

Land Commissioner—W. H. Rose.

The platform, which was very short, endorses the platform adopted by the national convention at Chicago.

The amendment to the resolutions prepared by Congress and William Allen Smith and Senator Simons, pledging the party to the nomination of governor by direct vote, was defeated by a vote of 774 to 394.

**Maxwell Elected President.**

St. Louis, June 30.—W. H. Maxwell, superintendent of instruction of New York City, was today elected president of the National Educational association for the next year.

**Negro Was Bomb Thrower.**

Havana, July 1.—A Cuban negro has confessed the role of the perpetrator of the bomb explosions recently on the Cuba Eastern railroad at Guantanamo, and James Stuart, a Jamaican, who had been arrested on suspicion of having caused the explosion, has been released.

**Off for Kansas Wheat Fields.**

New York, July 1.—Having been accepted by the state free employment bureau, 40 men have been sent to the wheat fields in Kansas and Nebraska, where harvests are waiting for the reapers. Several college students are already on the way and another party is being formed.

According to the labor bureau the college student is in demand in the harvest field, those who went last year having shown endurance far beyond men who had been accustomed to hard labor.

**Ex-Policeman Made Happy.**

New York, July 1.—Charles E. Saliz, a Swiss-American who arrived here from Antwerp Tuesday with his wife, his children and only \$2, has been sent rejoicing on his way to Chicago with his family.

Saliz formerly was a policeman in Melrose Park, a suburb of Chicago. He went back to his old home in Europe but failed to earn a livelihood and determined to return to the land of his adoption. Only two dollars remained in the family purse when the steamer arrived. The history policeman learned that Saliz had previously traveled a beat and took up a collection. They soon secured a good sum, with tickets and victuals enough to last the family a week, allowing them to continue their journey.

**JOBBERS COMPLAIN OF SLOW TRADE.**

Results Achieved Are Better Than They Were a Year Ago and Promise Increase.

**SOUTH GREAT BRIGHT SPOT.**

Boot and Shoe Manufacturers Very Busy—Waiting on Presidential Campaign.

New York, July 1.—Advice from special correspondents of the International Mercantile agency indicate that heavy rainfall in sections of the south-west has proved a deterrent to general business. This, however, will be more than compensated for through benefit to the crops. Although jobbing interests still complain of slow trade, results already achieved are better than a year ago with promise of increased July volume. The outlook is excellent in sections tributary to St. Louis.

Boot and shoe manufacturers still have more work than they can attend to. Most of the large factories are up to their limit. Millinery has not been in so good demand this week. Hats and caps are showing up well and orders from country districts suggest increased consumption of groceries and drug sundries. As soon as the presidential campaign takes definite shape an element of uncertainty which has had important bearing on the general business situation will be eliminated.

The south has become this week the brightest spot in the whole country, so far as sustained trade and general consumption is concerned. Texas reports a heavy business in retail buying at a period that is usually regarded as the duller of the year. Louisville is showing up well, with average conditions fully equal to last year. Chicago wholesalers are doing a fair trade in general merchandise.

Pittsburg for the first time in many weeks is becoming hopeful over the steel outlook. Sellers are refusing to tie up at low prices, and while furnaces continue to go out of blast, shrewd observers expect a revival of railroad business as soon as increased earnings, which are now becoming more pronounced, are effective. The feeling is general that the heavy purchasers of steel rails will be forced into the market before long through necessity. Prices of pig iron and billets are being shaded somewhat, but everything hinges on the rail situation which is the strategic point in an outlook that is complicated by some interesting cross movements. The industry in general is picking up.

Textile manufacturing is still at low ebb with little prospect of immediate improvement. In New England the shut down of milling interests is restricting consumption of general merchandise.

The outlook for excellent yields for all grains is all that could be expected.

**BOY HANGS HIMSELF.**

Simply Because He Was Made to Go to Bed Early.

New York, July 1.—A thirteen-year-old lad, Alexander Johnson, has hanged himself at the home of Frederick K. Allen, president of the village of Pelham Manor, because his sister, maid in the family, refused to let him retire early. Johnson had just graduated from the grammar school. He objected strongly on being ordered to bed, but finally went and was found hanging to a bed post.

**Murder and Suicide.**

New York, July 1.—After a separation of a year and a half, Lester M. M. formerly connected with a Brooklyn firm, has killed his wife and committed suicide at Ocean Grove, N. J.

Mrs. May had been living with her mother and was walking toward her home with her four-year-old child, when she encountered her husband. Both were armed with pistols. May suddenly drew a pistol and fired, the bullet piercing his wife's head. He then turned the weapon on himself, placing the barrel in his opened mouth. Both died in Brooklyn, recently disowned their son on account of his irregular habits.

**Vacation for Zinc Miners.**

Joplin, Mo., July 1.—A two weeks' suspension of work will be granted the miners of the Joplin beginning July 2. Notice to that effect has been sent to mine owners and producers by the Missouri and Kansas Zinc Miners' association.

**COUNTY FINANCES.**

Report for June Shows Balance on Hand of \$40,047.

County Treasurer Carbia has completed his report for the month of June. The receipts for the month amounted to \$5,948.25, which, with the balance on hand on June 1 of \$34,098.87, makes a total on hand of \$40,047.12. The disbursements amounted to \$1,635 and the balance on hand on July 1 is \$38,412.12. This balance is distributed as follows:

General fund.....\$17,687.89

State school fund.....744.93

County school fund.....4,141.35

Tax sales redemption fund.....4,299.14

Bond interest fund.....11,875.00

State juror and witness fund.....353.80

Total.....\$39,012.12

**LIQUOR PROBLEM.**

Saloon Men Make Charges Against Druggists and Restaurant Men.

A number of saloon men representing the Retail Liquor Dealers' association of this city, accompanied by their attorney, A. J. Weber, called upon Mayor Morris yesterday afternoon and entered a vigorous protest against the drug stores and restaurants being allowed to sell liquor on Sundays and requested that the license of these places be increased from \$400 to \$1,200, the same as the saloon men. If they insist in the Sunday trade, they contend that the drug stores sell more whiskey than the saloons, and that they sell to women and girls as well as at all hours of the day and night, Sundays included. The delegation suggested that restaurants be restricted to selling beer alone, and that, if the drug stores insist on selling all kinds of liquors, they be compelled to pay \$1,200 per annum as license for that privilege.

It was contended that the liquor is sold in many rooming house which pay no license of any kind. The matter will be laid before the city council for consideration upon its return from St. Louis.

**OF INTEREST TO LIVE STOCK MEN.**

Association, Through President Hagenbarth of Salt Lake, Sends Out a Letter.

**CRAZING ON THE PUBLIC LANDS.**

This Question to be Considered at Meeting to be Held in Denver Early in August.

Special Correspondence.

Headquarters of National Live Stock association, Denver, Colo., June 29.—Recognizing that there are no questions of greater importance to stockmen of the United States than an amicable settlement of the questions of grazing on the public lands and forest reserves, the National Live Stock association at its convention in 1900 adopted a resolution providing for a committee to draft bills which would provide for the leasing of the public range and the use of forest reserves under certain restrictions. The people of the grazing states at that time were not ready to accept a change in the conditions which had existed since the stock raising had become one of the leading industries of the country, and consequently the initial effort failed. The association, however, has been appointed and is now desirous of securing all the information on this subject possible, and with this end in view will meet with the stockmen at the headquarters of the National Live Stock association in Denver in August. It is desired by this commission as well as the officers of the association that all persons who are interested in the grazing proposition and forest reserves will be present at this meeting.

**LETTER SENT OUT.**

The following letter which was issued from the headquarters of the association is self-explanatory:

"Dear Sir:—Upon the request of the National Live Stock association, President Roosevelt last December appointed a commission consisting of Hon. W. A. Richards, commissioner of the general land office, Hon. Gifford Pinchney, chief forester, and Hon. E. H. Newell, chief of the department of geological survey, for the purpose of investigating conditions existing in arid and semi-arid states in so far as grazing lands and forest reserves are concerned, and to report to the president before the convening of Congress in December next.

"The object of this investigation is the formation of a report to the president, which is hoped will result in the drafting of a bill for the amicable adjustment of these important matters.

**MEETING IN DENVER.**

"The chairman of the commission has advised the officers of this association that they will meet with the stockmen of the west at the headquarters of the National Live Stock association, 211 Quincy building, Denver, Colo., on August 24 and 25, for the purpose of considering these subjects and gathering such information as is possible. Secy. James Wilson of the department of agriculture and Hon. E. A. Hitchcock, secretary of the department of the interior, have been invited to be present and have indicated that they will attend if official duties at that time will permit their leaving Washington. Hon. H. C. Hansbrough, chairman of the public lands committee of the senate, and Hon. J. E. Lacey, chairman of the public lands committee of the house, have been invited to attend also, as well as other prominent citizens.

Hon. H. C. Hansbrough, chairman of the public lands committee of the senate, and Hon. J. E. Lacey, chairman of the public lands committee of the house, have been invited to attend also, as well as other prominent citizens.

There are no question that are of greater interest to the stockmen than those of grazing in the public lands and forest reserves, and it is desirable that some united action shall be made upon Congress at a very early date. For these reasons you are earnestly requested to appoint three prominent members of your association who are interested in these matters, to attend this meeting, and we would ask that you notify the secretary of this association immediately, whether or not this request can be complied with and the names and addresses of those who will be here.

"Thanking you in advance for your kindness we are, Very truly yours, H. J. HAGENBARTH, President."

"C. F. MARTIN, Secretary."

**UTAH HOMESTEADERS.**

Notice of Four Sections Thrown Open For Entry by Government.

The following notices of interest to the prospective settlers in Utah have been issued by Frank D. Hobbs, registrar of the United States Land Office here:

Notice is hereby given that the following fractional township plats have been received at this office from the United States surveyor-general for Utah, viz:

Township 40 south, range 15 west, Salt Lake base and meridian.

Township 40 south, range 14 west, Salt Lake base and meridian.

Said plats will be filed in this office July 30, 1904, but in view of the fact that the north half of said township is embraced within the limits of a proposed forest reserve, no application to enter agricultural lands therein can be entertained, in township 40 south, range 15 west except under the homestead law, based upon an actual bona fide settlement on the land prior to January 9, 1904, and in township 40 south, range 14 west except on settlement prior to April 15, 1904, the dates when the same were withdrawn by order of the secretary of the interior for forest reserve purposes.

Notice is hereby given that the following fractional township plats have been received at this office from the United States surveyor-general for Utah, viz:

Township 40 south, range 2 west, Salt Lake meridian.

Township 41 south, range 14 west, Salt Lake meridian.

Said plats will be filed in this office July 30, 1904, but in view of the fact that said fractional townships are embraced within the limits of a proposed forest reserve, no application to enter agricultural lands therein can be entertained, in township 40 south, range 15 west except under the homestead law, based upon an actual bona fide settlement on the land prior to January 9, 1904, and in township 40 south, range 14 west except on settlement prior to April 15, 1904, the dates when the same were withdrawn by order of the secretary of the interior for forest reserve purposes.

Notice is hereby given that the following fractional township plats have been received at this office from the United States surveyor-general for Utah, viz:

Township 40 south, range 2 west, Salt Lake meridian.

Township 41 south, range 14 west, Salt Lake meridian.

Said plats will be filed in this office July 30, 1904, but in view of the fact that said fractional townships are embraced within the limits of a proposed forest reserve, no application to enter agricultural lands therein can be entertained, in township 40 south, range 15 west except under the homestead law, based upon an actual bona fide settlement on the land prior to January 9, 1904, and in township 40 south, range 14 west except on settlement prior to April 15, 1904, the dates when the same were withdrawn by order of the secretary of the interior for forest reserve purposes.

Notice is hereby given that the following fractional township plats have been received at this office from the United States surveyor-general for Utah, viz:

Township 40 south, range 2 west, Salt Lake meridian.

Township 41 south, range 14 west, Salt Lake meridian.

Said plats will be filed in this office July 30, 1904, but in view of the fact that said fractional townships are embraced within the limits of a proposed forest reserve, no application to enter agricultural lands therein can be entertained, in township 40 south, range 15 west except under the homestead law, based upon an actual bona fide settlement on the land prior to January 9, 1904, and in township 40 south, range 14 west except on settlement prior to April 15, 1904, the dates when the same were withdrawn by order of the secretary of the interior for forest reserve purposes.

Notice is hereby given that the following fractional township plats have been received at this office from the United States surveyor-general for Utah, viz:
