

EVENING NEWS. Wednesday, November 30, 1887.

FRAGMENTS.

The Territorial Supreme Court will meet at 8 o'clock this evening.

TERRITORIAL TREASURER JAMES JACK has returned from California.

THERE is a message at the Western Union Telegraph Office for Jas. J. Siles.

DAVID BOWMAN and John More are in the city jail on the charge of vagrancy.

"NATURAL GAS" will be presented for the last time at the Theatre this evening.

THERE are now three cases of diphtheria and two of scarlet fever quarantined in the city.

J. H. BENNETT, Esq., of the D. & M. G. W., returned from the east this morning, accompanied by his wife.

ANY one who has had a Billard rifle stolen can obtain his property at Deputy Sprague's, next door north of the Theatre.

THE body of the late Elder R. T. Booth, who died in Kansas City, while on a mission, is expected to reach Provo by tomorrow evening.

THE reduction in the rates charged by the Western Union Telegraph Company for private messages goes into effect tomorrow, December 1.

A MEETING of the High Priests' Quorum of Salt Lake Stake, which held Thursday evening at 7:30 o'clock, in the Social Hall. A full and punctual attendance is requested.

WM. WILLIS, Clerk.

THE baggage of Chas. Lee, the Chinaman whose murderous exploit on a D. & R. G. W. train last Saturday is still fresh in the public mind, came down from Ogden today. The dead Mongolian will be buried tomorrow.

THE people of the Twentieth Ward are to have an enjoyable treat this evening, in the exhibition of Smith's historical panorama, to take place in the schoolhouse. This is a pleasing and instructive entertainment, especially for the young.

HON. JOHN SHARP has returned from Milford. He states that the snow storm has been general in that region. It is the first time in his experience that he has seen the whole country, from Juab to Milford, covered with snow at one time. It fell to the depth of four or five inches.

IN the present arrangement for U. & N. trains continues through the winter, the local public will forget that there is any such railroad. An ox team stage line will be preferable, and will doubtless be established, until such time as another railway can be built into Cache Valley.—Ogden Herald.

WM. CROWTHER and his daughter were arrested today on a charge of grand larceny. The complaint is made by Mr. Senior. Mr. Crowther's son-in-law. The trouble is about some household goods which were taken by the accused, and which were claimed by Mrs. Senior. The court will determine who has the right to the property in dispute.

A ROBBERY was committed at the Deseret Woolen Mills about ten days ago. The robbery was committed in the office, no doubt by some one knowing the ins and outs of the institution. In the desk on the counter was a tin box containing about \$10 in cash and from \$50 to \$75 in county warrants. How the person or persons who perpetrated the deed entered the building is yet a mystery, but it is supposed the entrance was made through a window in the lower room.—Herald.

Died from Diphtheria.

Yesterday afternoon Miss Mary C. Baker, of the Nineteenth Ward, fell a victim to diphtheria. She was 22 years and 19 days old at the time of her death. The funeral was held today.

Y. L. M. I. A. Officers.

AT 11 a.m. on Saturday next, December 3d, a meeting of the officers of the Y. L. M. I. A. of this Stake will be held at the residence of Sister Ellen C. Clawson. A full attendance is very much desired.

Arrests.

J. B. Forbes and S. Glenwood, of American Fork, Utah County, were arrested on Monday on the charge of unlawful cohabitation. They were taken to Provo and were placed under bonds of \$1,500 each to await the grand jury's action. The witnesses were also required to give bonds.

On Saturday, at Provo, James Hardy was discharged from custody, the allegation of unlawful cohabitation against him not being supported by sufficient proof to satisfy the commissioner that he should be held.

Sudden Death.

Richard Preston left his home in American Fork several weeks ago, accompanied by his family, for some place in Nevada, where he has been making a home. Nobody had any idea that he was getting along nicely there, until a message was received in American Fork early Friday morning stating that the family were returning home, bringing a corpse with them. The surprise of those who heard the train was easily imagined when the corpse turned out to be the remains of Richard Preston, who had been taken to the hospital at Salt Lake City, where he had been lying for several days, and was pronounced dead at 2 p.m. Deceased was a young man, well respected by all, and leaves a family plunged into the deepest agony by his death.—Provo Enquirer.

Another Account.

Last week we gave a brief notice of the killing of Erb Stewart by Erb Stewart. From further facts gleaned it is learned that about 10 o'clock, Saturday night, in front of Miller's saloon, Silver Reef, where words passed by two men about a chair. It seems that during the day Stewart had taken a chair from the saloon and carried it triumphantly about. Erb Stewart tried to get the chair from Stewart, and in the struggle it was broken. Erb Stewart expressed himself as prepared to pay for the chair if he had broken it, but going to the saloon for the purpose found it locked. Returning to where Stewart was, he found that Stewart was dead. Erb Stewart was hard and abusive words were said. Erb Stewart then struck him a powerful blow, striking him on the head, and he fell. The force of the blow carried Stewart over on to Erb Stewart's saloon, where he was killed. When found that Erb Stewart was dead, he was carried home where he died three hours. During all this time Erb Stewart continued to sneer about the town, but was finally arrested by an officer and locked up. A coroner's inquest developed the fact that "deceased came to his death from injuries done at the hands of Erb Stewart, with malicious intent." Stewart waived examination and was bound over in \$1,000 bonds to stand the trial of the grand jury.—Southern Utiotian.

ACCIDENT ON THE U. P.

The West Bound Express Dashed Into a Freight Train.

Yesterday morning about 7 o'clock as the Union Pacific express was coming west near Echo, some distance east from Ogden, it came upon a freight train which was standing at the tank at that place. As the road takes a curve just before reaching that point, the engineer on the express was unable to see the other train until the two were almost together. He at once applied the brakes, and made every effort to stop his train, but seeing it would be impossible, jumped out every effort to prevent a collision was without success. The rear end of the freight train ran into the side of the express, and the passenger car was thrown forward, and the lady had her face badly scratched on the window pane. This lady was the only person hurt in the affair. The caboose, and two flats loaded with iron, on the freight train, were thrown from the track and considerably damaged. But no material injury was done to the express train.

Five hours of time was consumed in getting the damaged passenger and freight cars into such a condition that they could be side-tracked, and thus the passenger train did not leave the city until nearly 1 o'clock yesterday afternoon.—Ogden Herald, Nov. 30.

First District Court.

In the First District Court, at Ogden yesterday, the trial of Elijah A. Box of Brigham City, was completed. Messrs. Peters and Hiles prosecuted, and Messrs. C. C. Richards and R. K. Williams defended. The case was given to the jury at 4 p.m., and at 10 o'clock the jury came in and informed the Court that they could not agree. They were sent out again, but returned at 9:30 without having arrived at any other conclusion, and they were discharged. It is said they stood eight to four for conviction.

United States vs. Fred Jensen, unlawful cohabitation; plea of not guilty heretofore entered changed to a plea of guilty. To be sentenced December 10.

John L. Jones, unlawful cohabitation; plea of not guilty changed to guilty. To be sentenced December 10.

United States vs. Jens Hansen, unlawful cohabitation; this case came on for trial, and a jury was impaneled and sworn. Mr. Hiles appeared for the prosecution and Messrs. Richards and Hiles for the defense. Three witnesses were examined in the case. The case continued until today.

The following defendants, all charged with unlawful cohabitation, were called for arraignment on December 10:

Maids Christensen, Charles C. Dunn, Peter Benson, Wm. Churg, Andrew Madison, John Anderson, Carl N. Bergstrom, Eugene Campbell, L. Hall, Frank Greenwell, Joseph A. Taylor, Gustave Thompson, M. W. Merrill, Hyrum Bowman, Martin P. Mortensen, Severance N. Lee.

Probate Court.

Business was transacted in the Salt Lake County Probate Court yesterday as follows:

In the matter of the estate of Jacob Stradmann, deceased, an order was made appointing Anna Stradmann administratrix of said estate, upon filing a bond in the sum of \$1,000.

An order was made allowing supplemental dual account and discharging the administration in the matter of the estate of Thomas Howells, deceased.

The bond of James T. Monk as administrator of the estate of Tacophilus Hofer, deceased, was filed and approved.

The claim of J. M. Benedict, M.D., in the sum of \$185, against the estate of Mary Anna Hooper, deceased, was allowed and approved.

In the matter of the estate of Lydia Gombaz, deceased, an order was made of publication of notice to creditors, also an order appointing Heber J. Grant, Julius F. Wells and B. S. Young appraisers of said estate.

The marriage certificates of Brigham Arthur Ridd and Fanny Louisa Jones, and Albert Swain and Mary Mamie Marsh were filed with the clerk.

"Natural Gas."

As a dramatic clothes-line upon which all kinds of raiment—heavy, light, different sizes, and vari-colored—are hung, "Natural Gas" is a great success. The title of the place enters into the warp of the fabric only by reference here and there; the plot is first, and the only reason offered for existence at all is providing a place and opportunity for some very funny situations and some remarkably clever specialty acts, neither having any connection with any other, to be presented. The male trio was quite an original combination and scored a number of encores; they are comedians beyond the average in ability, and they were well applauded by the audience. Miss Ames made a big part of Kitty Malone, and all the ladies did well. It is the best show of the kind we have had here since the "Rig Baby."

It goes on again tonight, when the house will doubtless be as full as last evening.

Third District Court.

John Manthey vs. Eli Curtis; court gives judgment for defendant.

United States vs. Thomas F. Harris; polygamy; defendant sentenced to six months' imprisonment and to pay the costs of the prosecution; court allows bail pending an appeal; bond fixed at \$1,600.

W. H. H. Bowers vs. Edward Austin; demurrer to complaint argued and sustained.

Matilda Openshaw vs. U. P. R. R. Co.; complaint dismissed as to U. P. R. R. Co., and Utah & Nevada Railway Co. made defendant.

Sallie B. Scott vs. John S. Scott; demurrer to complaint and motion to dismiss sustained; Paris thereof argued and submitted.

Six Months for Polygamy.

Thomas F. Harris, the non-"Mormon" who was convicted of polygamy, was called for sentence in the Third District Court today. The Court gave the defendant a lecture for his reprehensible conduct in deserting his wife and going off with another woman under an agreement to live together. The judge stated that he had no sympathy for the defendant, but had for his wife and children, and sentenced him to imprisonment in the penitentiary for six months and to pay the costs of the prosecution. An appeal was taken and the defendant was released on \$1,000 bail.

John Gillins, eldest son of William Gillins, of Minersville, was killed at the Cave Mine on Tuesday last. (He was at work in the mine, while in another part of the mine a blast was set off. The shock no doubt loosened a quantity of earth above which fell upon the unfortunate man, and he was killed.) He was buried to a considerable depth, but was soon dug out.—Southern Utiotian.

Under Indictment.

John Trece was arrested in Davis County last evening, and was brought to this city. There is an indictment charging him with an assault to commit rape, committed at Farmington in July last. He was released on \$1,000 bail.

CITY COUNCIL.

The Business Transacted at Last Evening's Session.

The City Council met in regular session at 7 o'clock last evening, Mayor Armstrong presiding.

The Deseret Telegraph Company and the Western Union Telegraph Company represented that they had two small signs attached to their place of business which they had been ordered to remove by the marshal. Such signs, they claimed, were really a benefit to the public, and in no sense an obstruction. They were on the telegraph poles in the street, and they asked that the signs be allowed to remain. Referred to the marshal, with instructions to use his judgment in the matter.

The Salt Lake Power, Light and Heating Company called the attention of the Council to the fact that notwithstanding the order of the Council forbidding the placing of telephone wires at a less height than thirty feet, the wires of the Council had been disregarded. They asked the enforcement of the ordinance in relation to the matter, claiming that it was a great injustice to them, and dangerous to the public. Referred to the marshal, with instructions to see that the orders of the Council were complied with.

James M. Kennedy asked that his unexpired liquor license be transferred to M. Fitzgerald. Granted.

Louis E. Hanson applied for a license to carry on business as auctioneer for one year. Granted.

James Russell presented a verbal petition, asking that he be granted a free license to sell fresh stock in the Eleventh Ward. He had lost his left arm and right forearm in a railway accident. Granted.

The committee on police, to whom had been referred the City Marshal's report for the month of November, reported they had examined the document and found it correct.

The committee on streets and alleys made the same recommendation as to the supervisor's report for the quarter ending May and August, and the report was adopted.

Anna Moses was granted a free license to sell candy.

John R. Williams was granted a free license to peddle small wares.

John H. Freeman's petition asking that a portion of his license be re-issued on account of ill health, was favorably reported on.

George R. Jones was granted the privilege of conveying water from the streets from Sixth North Street to his residence.

S. A. Wamberg's petition for a quit-claim deed to Lot 1, Block 161, Plat D, came up, but was laid on the table awaiting a report from a committee.

The petition of the Rocky Mountain Bell Telephone Company, representing that they were about to rebuild the line on First South Street, east from the office, and asking as to where their wires should be placed, came up for consideration.

There was some discussion, during which Councilor Grant advocated the idea of planting them in the middle of the street, and said he believed they were less of an obstruction there than those now on the side.

Councilor Davis thought that placed in the middle of the street, they were really a protection; it is true, they were liable to stop up, but he knew of nothing so effectual as a good stout pole to do this, and the sooner they were stopped the better.

Mr. Annett was present, and made several explanations, as they were asked for by the Council. In response to the Mayor, who said that he noticed in most cities of this size, the companies were compelled to put their wires under ground, he said that was true, but in such cities the rental for instruments was furnished, and another one put in at half rate. In addition to this the company were forbidden the city a road fire alarm system, entirely free of cost.

Some of the members thought the company received really much benefit from the fire alarm system as did the city.

The company were allowed to erect their poles in the center of First South Street, East, under the direction of Mayor and Supervisor of Streets.

The following were recommended to the departments indicated:

Supervisor of Streets.....\$1,000.00
 Waterworks.....200.00
 Liberty Park.....50.00
 Water works.....2,000.00
 Fire Department.....500.00

The Council then adjourned for one week.

A Peculiar Case.

The suit of Sallie B. Scott vs. John Scott, which was being argued in the Third District Court this afternoon, presents some peculiar phases.

Mr. Scott is well known in mining circles here, and some time ago he began suit for divorce. Mrs. Scott, who had resided in California for some time, resisted the application. She now brings suit and asks that her husband be required by the Court to support her.

The defense claim that the Court has no jurisdiction to compel the fulfillment of the marriage contract.

The Railroads.

The coming of Mr. George J. Gould has created considerable interest among railway men. It is generally believed that the mission of the young railway prince is to settle the terms of the contract between the Missouri Pacific and Denver & Rio Grande for terminal and trackage privileges from Pueblo into Denver. Mr. Gould is en route to Los Angeles to confer with the other interested parties in the Los Angeles and Salt Lake road which will form part of the Missouri Pacific's chain to the coast.

General Manager Smith of the Rio Grande, met him in Kansas City. Mr. Gould will probably come to Pueblo in time to attend the opening of the road. It is believed to be some grounds for supposing that the Missouri Pacific would like to own the Denver & Rio Grande, a prominent official of the Rio Grande is authority for the statement that "the Missouri Pacific may not get money enough to buy the great Colorado railway."

The official explained that the Denver & Rio Grande grant the Missouri Pacific terminal and trackage facilities, but denied peremptorily that there was any negotiation for the sale of the Rio Grande. President Moffat of the Rio Grande, is in New York, there is no doubt about it.

There is some important deal under way but it is regarded as confidential, and the extensions of the road north of Glenwood Springs, and also the extension of the road to the Rio Grande Western.—Denver News.

DEATHS.

PARKER—In the 15th Ward, Salt Lake City, November 27, 1887, of typhoid pneumonia, Sarah Jane Ashton, wife of J. E. Parker, and second daughter of Edward and Jane Trehaner Ashton, born in Salt Lake City, Nov. 6, 1861.

She leaves two children and a large circle of loving relatives and friends who deeply mourn her loss. During her brief sickness she seemed fully aware of her approaching end, giving minute directions concerning her burial and the care of her children. In her closing hours she sang with plaintive sweetness several familiar hymns and her words were dedicated to her faith in the work of God in her youthful life; even taking an active interest in the Ward Sunday school. Her funeral services were held in the Fifteenth Ward meeting-house on Tuesday, November 29th, and were largely attended. The singing by the ward choir and the remarks by Elders T. O. Griggs, J. R. Morgan and Elias Morris and Bishop Joseph Pollard were characterized by much emotion and were of such a nature as to afford consolation to the bereaved.

The formal tokens of regard were numerous and appropriate. The remains were reverently followed to the cemetery by a large number of relatives and friends. The delicate prayer was offered by Elder Elias Morris. The recollections of her ready and hearty services in the church and death of others and in her many acts of kindness to all will be long remembered.—(Cont.)

Mifflintown Star please copy.

THOMPSON.—At Union, Salt Lake County, Nov. 26th, 1887, of old age, Anna Maria Thompson. Deceased was born at Shiphham, Norfolk, England, Sept. 18, 1807.

Mifflintown Star please copy.
