

positively known they were communicating with the northern Indians and receiving into their camp such as came in, he, without awaiting the arrival of General Merritt's troops, determined on disarming them, and at daylight on the morning of the 23rd inst., General McKenzie, with eight companies of the Fourth Cavalry, one battalion of which was commanded by Maj. Gordon, and another by Capt. Mauck, successfully surrounded these two bands, consisting of 300 lodges, and captured the bucks, squaws, and ponies without firing a shot, and they were marched into the agency after having been disarmed and dismounted.

Spotted Tail, who has evinced an unswerving loyalty to the whites, was made head chief, and Red Cloud deposed; and Spotted Tail, with Little Wound, have agreed to furnish Gen. Crook with all the warriors he may need to co-operate with him in the coming campaign, which will be inaugurated at once. General Crook feels that a great object has been attained in this last movement, and that we shall now know our enemies from our friends.

MIDDLETOWN, N. Y., 24.—Through some mistake in the running of the Centennial train, it divided into sections on the New York Midland Railroad last night, section three ran into number two, and the result was one passenger killed, six seriously wounded, and a number slightly. Fifteen hundred passengers were on the train, and all belonged to Madison and neighboring counties in this State.

CHICAGO, 24.—The Times' Washington special says Senator West has arrived from Louisiana, in company with Secretary Morrill and Secretary Chandler, having had an interview with Don Cameron. The object of the conference was the securing of an order for a large transfer of troops to Louisiana, as has been done in South Carolina. West thinks the State can be carried for Hayes if several thousand soldiers can be sent to that State to work with the deputy marshals in controlling the election. On West's representations, Chandler advised that a similar order be issued as had been sent to South Carolina. An early report of the outrages in Louisiana is expected, so as to form a basis for a proclamation and a transfer of troops. It is expected that the additional troops needed will be taken from Phil. Sheridan's department. A similar formality will be observed in Mississippi as soon as this Louisiana matter is disposed of. The administration hopes by this use of the soldiers to carry three States of the South, and so make good the possible losses in the north. An Irishman, named Sweeney, who has numerous relations in California, was run over by a train and instantly killed at the stock yard this morning. He was on his way to inform some friends of his wife's death at the time the accident occurred.

#### FOREIGN.

LONDON, 23.—Leonard Amblain, a Belgian, who was arrested in July last on board the outward bound steamer from Liverpool, accused of the robbery and murder of M. Marsut, a banker, and his housekeeper at Civry, near Brussels, was delivered on Friday to the Belgian officer at Dover. Arriving at Osband, the officer and his prisoner, the latter manacled, took a special compartment in the Brussels train. On the arrival of the train at Brussels, both were missing. The compartment occupied was deluged with blood and bore marks of a terrific struggle. The body of the officer was found beside the track with his skull and face battered. All his valuables were missing. It is conjectured that Amblain watched for an opportunity to attack the officer with his wrist irons, and beat him to death, after which he unlocked the manacles and escaped. He has not yet been recaptured.

The council previously announced was held by the Queen at Balmoral, to-day. Parliament was further prorogued from October 30 till December 12.

BERNE, 23.—Intelligence has been received here of a fight between the liberals ultra montanes at Stabio, Canton of Lessin, in consequence of dissensions over the appointment of a representative in the grand council of Canton. Two liberals were killed and four wounded.

LONDON, 24.—In a semi-official statement the Post announces that the Porte accepts six weeks' armis-

tice, suggesting a further prolongation of six weeks if, at the conclusion of the first six, deliberations are not complete, and if at the end of twelve weeks no settlement is reached, that there be a further armistice of two months.

The Standard's Belgrade correspondent represents that unparalleled distress prevails in both armies and throughout Serbia. Unless peace is speedily proclaimed the country will be utterly ruined. There is no suffering in Belgrade, but in the interior thousands of people are starving. The majority of the soldiers are wearing their summer linen uniforms, and have no blankets. There are 180,000 Bulgarian and Bosnian refugees in Serbia. The same correspondent reports that Russian diplomats say Gen. Ignatieff has been instructed to inform the Sultan that Russia makes the English proposals hers, with additional guarantees. If the Porte rejects them, intervention will be begun simultaneously by Russia, Greece and Roumania.

A dispatch from Therapia announces that Baring, Secretary of the British Legation, is about to return from Philippolis, convinced that the commission for the punishment of the perpetrators of the Bulgarian atrocities is a delusion and a mockery. The worst criminals are regarded as humane, and moderate men are in disgrace. The old panic is renewed, and most trustworthy gentlemen have travelled with the greatest speed to Constantinople to inform the British ambassador that the Turks threaten new massacres, and have even appointed a day for beginning the slaughter.

A Vienna dispatch says, not only from Constantinople, but from the provinces of European Turkey, is there news of growing excitement among the Mahomedans, of the conventicles held in mosques, and of armaments. The ministry is divided against itself and the Sultan is too inexperienced to take the leadership, thus the position is most favorable for Russia's diplomatic action. Gen. Ignatieff, the Russian ambassador at Constantinople, may carry everything before him, or if he fails, may induce such an outbreak of Mahomedan feeling as might justify almost any step on the part of Russia.

A dispatch from Berlin states that a financial crisis of a most serious character is threatening in Russia. The public besiege the banking offices to sell Russian government and company stocks, but, as a rule, offers are declined.

PESTH, 24.—There is intense excitement here and a strong hostility to Russia. If Russia begins war it will be difficult for Austria to preserve neutrality.

Bigotry in Massachusetts—Kindness of Non-Professors.

SALT LAKE CITY, Oct. 24, 1876. Editor Deseret News:

I send you a copy of a letter just received from one of the oldest and influential residents of West Stockbridge, Mass., believing it will be interesting to the relatives and friends of a most worthy Elder, who died in the gospel harness, enduring much privation and hardships.

#### EXTRACT.

"Stephen Burnham died in the adjoining town of Richmond and was refused burial by the people of that town. Mr. Reese, assisted by Grove Van Horne and John Reed, went up there one of the coldest winter days known, the road blocked with snow so that they had to walk beside the sleigh to keep it from turning over, and got the remains and interred them on your ground, the only spectator being old John Reed."

Thus died and was buried a stranger (2,000 miles from home) in Berkshire Co., Mass., some thirty-five years ago.

Elder Burnham baptized the late Daniel Spencer and several others who are residents of this Territory, and was one of the most exemplary and faithful of men, never in his discourses alluding to other sects, and confining himself strictly to Bible testimonies, and reason.

The gentlemen who buried Elder Burnham were styled infidels by the orthodox Christians. M.

## MCCORMICK REAPERS, MOWERS AND HARVESTERS.

Who was the Inventor of Reaping and Mowing Machines?

MCCORMICK!

MCCORMICK!

Who has been building Reapers and Mowers for over thirty years?

## FARMERS OF UTAH!

We have one question to ask you, viz: Ought not the Inventor of the Reaping and Mowing Machine, who has been building them constantly over THIRTY YEARS, and who has the largest capital and largest Manufactory of any firm building machines in the world, ought not he to be able to build as good and BETTER machines than any competitor?

Think of the above before you buy! Also, remember that there were more of the MCCORMICK machines sold in the United States last year, and every year, than any other make, and ask yourself the reason why. Is it not because they are the BEST and most DURABLE machines?

See for yourselves before buying. Remember that every machine is fully guaranteed.
