Twenty-five Stockmen from Western Grass Country Meet in Kansas City and Organize It.

### TO FIGHT PACKERS' TRUST.

Will Have a Capital of \$5,000,000 and Will be Incorporated Under Laws of Arizona.

Kansas City, Mo., Sept. 1.—Twenty-five stockmen from different parts of the western grass country met in the Midland hotel in this city today and arranged to perfect an organization of a packing company to compete with the alleged packers' trust. The new company was named the Independent Packing Company. Articles of incorporation will be drawn up and signed at a meeting to be held tomorrow afternoon.

The company will have a capital stock of \$5,000,000, and will be incorporated under the laws of Arizona. The total capitalization of the company will be \$5,000,000, and will be in the hands of the board of directors of the company. This will assure stockmen who interest themselves in the plan that the company will always be controlled by stock interests. The rest of the stock will be sold to stockmen, if possible, although no purchaser will be barred. The division of the stock was decided upon today was made to prevent any possibility of the alleged packers' trust gaining control of the new independent company. Two millions of the stock will be sold at first. The rest will be put out later.

Formerly it was part of the plan to include the United States Packing company of Pueblo, Colo., in the scheme. Now it is prohibited on good authority that the Pueblo plant will never be built, but that its capitalization of more than \$1,500,000 will either be transferred to the Independent Packing company or be allowed to revert back to the stockmen who subscribed it. Charles F. Martin, secretary of the National Live Stock association, who was one of the promoters of the United States Packing company, and a stockholder, is in Kansas City promoting the organization of the Independent Packing company.

The Independent Packing company will build one plant in the Missouri valley, but the exact location has not yet been decided upon. It is to be in operation in the fall of next year. Another plant will be built later, probably in Texas.

### AN INTERESTING QUESTION.

Can Civil Court Carry Out Sentence of Military Court?

Washington, Sept. 1.—The war department has decided to refer to the supreme court of the Philippines the case of the native Filipino Dunphy, who was convicted of murder by the military government and sentenced to death. He escaped and was apprehended after the Philippine justice under civil control. His attorneys make the claim that the civil government cannot carry out the sentence of the military government. It is expected that the case ultimately will be taken to the United States supreme court.

### THE PUBLIC DEBT.

Statement for August Shows a Good Decrease.

Washington, Sept. 1.—The monthly statement of the public debt shows that at the close of business Aug. 31, 1903, the total debt, less cash in the treasury, amounted to \$923,924,357, which is a decrease for the month of \$6,098,954. This decrease is accounted for principally by the corresponding increase in the cash on hand. The debt is recapitulated as follows:

Interest-bearing debt	\$914,541,400
Debt on which interest has ceased since maturity	1,294,070
Debt bearing no interest	391,629,597
<b>Total</b>	<b>\$1,307,375,066</b>

This amount, however, does not contain \$99,729,869 in certificates and treasury notes outstanding, which are offset by an equal amount of cash on hand held for their redemption. The cash in the treasury is classified as follows:

Gold reserve fund	\$150,000,000
Trust funds	896,739,869
General fund	175,059,351
In national bank deposits	153,317,776
In treasury of Philippine islands to credit of United States disbursing officers	3,422,901
<b>Total</b>	<b>\$1,374,539,898</b>

Against which there are demand liabilities outstanding amounting to \$91,185,187, which leaves a cash balance on hand of \$383,450,710.

### ARMY OF THE PHILIPPINES.

St. Louis Selected as Place for Next Annual Reunion.

St. Paul, Sept. 1.—The Army of the Philippines held a two hours' session today and selected St. Louis as the place for the next annual reunion. In an address of some length Gen. Irving Hall delivered a glowing eulogy on the work of the Army of the Philippines and then discussed pending legislation of the convention.

Gen. Hale scored a hit in his address when he declared that the National Society of the Army of the Philippines was here to stay and that it must never allow itself to be absorbed. He said:

"An important matter for our consideration is the relation of this society to the several other societies of the Spanish-American war. We must cooperate with them so far as possible, and no doubt their mutual interests will combine with others. But it must be understood that we must never merge this society into the others."

He took up the question of his own succession in no direct way, but it is likely he will be re-elected to the presidency. He said that he did not believe in the principle of one man holding office too long.

Letters from President Roosevelt, Gen. Miles and Admiral Dewey were read.

Tomorrow will witness the parade of the veterans, preceding which there will be a brief session. In the evening a public meeting will be held, at which Gen. Hale will deliver an address.

The passengers were thrown from their seats and about 40 were injured more or less severely, but none, so far as reported, sustained serious injuries. The engine and two cars were wrecked, and as soon as a new engine could be secured the train proceeded on its way to this city.

### PLANING'S ASSASSINATION.

His Crime Was Advising Negroes Not to Work for Whites.

New Roads, La., Sept. 1.—Further particulars have been learned regarding the assassination of I. A. Planing, the negro educator, near Oscar, La., Sunday by unknown parties.

Planing was principal of the Pointe Coupee district college, an institution for the education of negroes. While on his way home Sunday night on the main road near False River he was fired upon from a cotton field. The first shot struck the head, which the negro was riding, and the second struck Planing in the back of the head, penetrating his brain and causing instant death. It is said that Planing had been making incendiary speeches to the negroes in the community, advising them not to work for or have anything to do with the white people, and it is believed that these alleged threats had much to do with his assassination.

Booker T. Washington was to have visited the vicinity next month as a guest of Planing and deliver a series of lectures.

Mitchell, a negro, and president of the National Industrial council, was held under a \$100 bond to the superior court today charged with swindling ex-slaves by promising them pensions under the proposed Hanna bill. Mitchell, it is alleged, represented himself to be an agent of Senator Hanna and guaranteed a pension if enough were paid him to take the necessary preliminary steps. It is said he has collected in the aggregate considerable sums of money.

## NO MORE PASSES FOR STOCKMEN.

After Jan. 1, 1904, Their Privileges In This Respect Will be Cut Off.

### Lines Have Agreed On This.

It Will Take Some Time to Carry Out The Agreement But It Will Be Done.

Chicago, Sept. 1.—Stockmen throughout the west who have for many years been enjoying free transportation from their homes and the shipping centers will find this privilege curtailed after Jan. 1, 1904. The executive officials of western lines met here today and agreed that on and after the date mentioned they would discontinue the issuance to stockmen of return transportation, thereby compelling them to buy their fare to their homes after having come to the various shipping centers with stock.

Before the agreement can be carried out, however, a great deal of work will have to be done by the traffic men. Committees will be appointed soon for the purpose of preparing a digest of all the laws of the various states pertaining to the subject of stockmen's passes, with a view of seeing what violations, if any, will result from the observation of the order. A large number of the western states have enacted laws compelling the railroads to issue passes to men in charge of stock cars, but there is no uniformity in the requirements. The new regulations are the same as those in force in eastern territory, where the stock traffic is nearly so great. The change is proposed largely for the purpose of curtailing the operations of ticket scalpers. Stockmen's passes have always been a source of considerable inducement to the scalpers, who have employed at the various stockyards buying up the return transportation.

### INSPECTING FAIR BUILDINGS.

Secy. Shaw in St. Louis for That Purpose.

St. Louis, Sept. 1.—Hon. Leslie M. Shaw, secretary of the treasury, arrived in St. Louis today for the purpose of personally inspecting the progress being made in the government's buildings at the world's fair, preparatory to beginning the disbursement of the \$5,000,000 appropriated by the federal government.

He was escorted by a committee of world's fair directors to the administration building on the world's fair site, where he was welcomed by President Francis. The company was driven over the great site in carriages.

It is expected that Secy. Shaw, before leaving here, will appoint a disbursing agent to handle the \$5,000,000 fund.

From the top of the art palace was afforded a view of the main picture of the exposition, showing the great exhibit buildings, several of which are now completed, and the decorative features in the course of construction. Secy. Shaw was impressed with the sight, for he said:

"Gentlemen, it is a gem. It is the finest thing I have ever seen. The view from this point could not be surpassed."

After finishing his inspection of the world's fair Secy. Shaw was escorted to the Mercantile club where a luncheon was spread in his honor. Among those present were a number of prominent business and newspaper men.

Sickness steals more savings than the burglar. Slowly, coin by coin, the money that has been so hard earned is paid out for drugs and doctors. Sickness is the worst enemy of the working man, and the common cause of the working man's sickness is disease of the stomach often involving the heart, lungs, liver, or kidneys.

The use of Dr. Pierce's Golden Medical Discovery will stop the stealing of the savings by sickness. It cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, lungs, kidneys, etc., when these diseases are caused by the diseased condition of the stomach and its allied organs.

About ten years ago I began to have trouble with my stomach. I was thin and weak, and I had to lay off quite often. One day I found a small bottle of Dr. Pierce's Golden Medical Discovery in a drug store. I bought it and took it. It helped me. I was then I wrote to you for advice. You told me that if my symptoms you described I have taken at directed, and an very happy to state that I commenced to get better from the start and have not lost a day since. I have gained weight and feel like a new man. I have been able to do my work and better than I have for ten years."

## ASSAULTED BY UNKNOWN PARTIES.

At Victor, Colorado, Two Men Set Upon and Beaten, One Seriously, the Other Fatally.

### VICTIM A JUSTICE OF PEACE.

Attack on Him Probably Result of His Having Fined a Man for Carrying Concealed Weapon.

Denver, Sept. 1.—A special from Victor, Colo., says two men were assaulted and seriously injured, one probably fatally, today, as a result, it is believed, of the present strike of the miners of the district. The first assault occurred this afternoon at Anconada, the victim being John Hawkins, justice of the peace. His assailants are unknown, but he believes the assault was connected with the trial some days ago of two guards at the El Paso mine charged with carrying concealed weapons. One of them was fined \$25 and the other was released.

The second outrage happened late today. Thomas M. Stewart, a carpenter, employed in the construction of a high fence around the Golden Cycle property, was taken from his home at Independence, terribly beaten and shot through the body. He will probably die. His assailants were five in number. Some of them wore masks, but the victim claims to have recognized those who were not masked. He declines to name them at present.

The identity of the men is unknown, and whether their purpose was to harm or liberate McMillen is equally a mystery.
