

STRIKE SEEMS NEAR SETTLEMENT

While No Facts Warrant an Absolute Prediction the End May Come Any Time.

MAYOR DUNNE'S STAND FIRM

Assures Officials of Teamsters' Union Further Spread of Strike Means Calling Out of Troops.

Chicago, May 16.—Although no facts have yet transpired to fully warrant the prediction, it is asserted, both by members of the Employers' association and by the conservative element in the ranks of the teamsters, that the present strike will be called off, probably within 48 hours, and certainly by the end of the week. It is not likely that any definite action looking to an adjustment of the trouble will be taken before the meeting of the national officers of the union, which, it is expected, will be held here tomorrow.

Chief among the causes which led to the prediction of a settlement are the firm stand taken by Mayor Dunne, who, in conference with President McKim and officials of the local Teamsters' union, has assured them that any further spread of the strike would certainly make it necessary for the city to call out the troops, and the arrival of President Samuel Gompers of the American Federation of Labor, who reached the city this morning.

Although not possessed of executive power in the settlement of the strike, President Gompers declared that he had every hope that its end was not far distant.

"It was my intention to come to Chicago anyway, at the end of the week," said Mr. Gompers, "but after holding a conversation over the telephone with Mr. Shea yesterday I decided to make my visit here sooner. I shall do all in my power to end the strike, and I have great hopes of success."

Early tonight, immediately after leaving his train, President Gompers went into conference with President Shea and local officials of the Teamsters' union. This conference lasted until a late hour tonight.

After leaving the meeting of the labor leaders President Gompers met a number of the team owners who have stood by the unions for the greater part of the time, and they informed him that the time had come when they could no longer refuse to deliver and take goods from the boycotted houses without losing all of their business and facing financial ruin.

It is said on good authority that the teamsters will accept any plan of settlement that will enable them to call off the strike peacefully, and they expect to accept any plan that President Gompers will suggest to the teamsters that they allow the team owners to do business with the boycotted houses. It is expected that the teamsters will accept this proposition, and in this manner the strike will be called off.

The Employers' association and the express companies increased their scope of delivery still further today. More than 2,000 wagons were in use, and business for the most part, was transacted without hindrance of any kind. There were a few cases of small rioting, which were dispersed by a few policemen who used their clubs in vigorous fashion. The merchants and department stores are confident that they will be able to extend their operations still further tomorrow and have at least 2,000 wagons in full service.

Three hundred and fifty men were brought into the city today to take the places of strikers, and as many more are expected tomorrow.

At a hearing before Master in Chancery Sherman, where evidence is being taken relative to the federal injunction issued against the strikers, Frank Buckmaster, superintendent of a private detective agency, cited two dozen instances where assaults had been committed on non-striker men by the federal injunction violators. He gave names and localities and asserted that the majority of the rioters were wearing the buttons of the Teamsters' union. The attorneys for the defendants made vigorous objection to the admission of his testimony, but the master allowed it to go in.

Claude V. Bolter, manager of the tailoring division of Montgomery Ward & Co., told at length of the troubles leading up to the strike of the garment workers, which was the proudest to the sympathetic walkout of the teamsters. The strike was called, he said, because Ward & Co. insisted upon sending part of their work to "open shops."

John H. Donahue, a guard on a United States Express company wagon, which was used after the commencement of the Teamsters' strike for the transfer of government money, evaded many questions put to him by the attorneys for the plaintiffs, on the ground that he did not wish to incriminate himself. It was sought to show by Donahue that he had been provided by the union with a pass allowing the passage through the streets of the money. But he refused to make such an admission. He did not deny that he had such a pass, neither would he admit it.

The attorneys engaged in a long wrangle over the admissibility of Donahue's evidence, and were still quarreling when proceedings were adjourned until morning.

At a meeting of the board of education tonight warrants were sworn out for eight boys who have been leaders in the recent strikes at the schools in sympathy with the strike of the teamsters. It was announced by the superintendent of the board of education that he had information to the effect that the strike at the schools had been instigated by hoodlums, who had told the pupils that it was their duty to refuse to attend school because the schools were being run from wrong firms.

The threat of arrests of the parents whose children did not attend school had the effect of settling three of the strikes today, and a normal attendance of pupils is expected tomorrow.

Railroads to be Sued.
Topeka, Kan., May 16.—Upon request of the Interstate commerce commission, United States Dist. Atty. Dean has filed suits in the federal court here charging railroads with violation of federal statutes.

The Missouri Pacific is charged in three instances with not complying with the law requiring safety appliances, which was passed by Congress in 1903. A similar suit is brought against the Iron Mountain railroad. The St. Louis and San Francisco road is charged with keeping cattle on the railroad for more than 24 hours without food and water.

Negro Shoots a Boy.
Chicago, May 16.—Emmett Carlson, eight years of age, was shot and killed tonight by a colored man, a former employee of the Peabody Coal company, who has sustained an active part in the teamsters' strike.

Two colored men were walking along Twenty-seventh street, when some boys who were playing ball in an adjoining

LILIES OF HEALTH AND BEAUTY.

In a recent interview with Mrs. Lily Langtry, she very wisely said: "The fact that I believe in the superior force of mind over matter does not blind me to the truth that the foundation of every successful life is good health; that the key stone to physical beauty is perfect physical health."

"A sick woman cannot be a beautiful woman, nor can she be anything but what we English call a poor-spirited woman."

"To a great extent a woman's beauty is measured by her vitality—by her health."

"Work, Sunshine, Exercise, Water and Sleep, Plain, Nourishing Food, Lots of Fresh Air, and a Happy, Contented Spirit—there, as you say, honest and true, is my working rule for youth, youthful spirits and youthful looks."

"One great secret of youth and beauty for the young woman of the mother is the proper understanding of her womanly system and well-being. Every woman, young or old, should know herself and her body, and make-up. A good way to arrive at this knowledge is to get a good doctor book, such as 'The People's Common Sense Medical Adviser' by Dr. W. H. Pierce, M. D., which can readily be procured by sending twenty-one cents in one-cent stamps for postage bound volume, or thirty-one cents for cloth-bound copy, and addressing Dr. R. V. Pierce, Buffalo, N. Y."

"Dr. Pierce's Favorite Prescription can always be relied upon to cure everything else fails," writes Mrs. Dr. R. V. Pierce, of La Grange, Illinois. "It is a certain cure for female troubles in their worst forms. I suffered for years with ulceration, internal pains and a dreadful backache, which would not let me do my daily work. Finally I went to my bed. In this extremity I used 'Favorite Prescription' for three months and then I was well. Only those who have passed through such a siege of sickness as I have will understand how much I value Dr. Pierce's Favorite Prescription."

Dr. Pierce offers \$500 reward for any case of Leucorrhea, Female Weakness, Protrusion of the Uterus, or any other ailment which he cannot cure. All he asks is a fair and reasonable trial of his means of cure. No substitute for "Favorite Prescription" offers so much.

GET-RICH-QUICK CONCERN PUT OUT OF BUSINESS

St. Paul, May 16.—United States Dist. Atty. Haupt today received a copy of an oral opinion, recently delivered by Judge Lechman in the United States district court at Minneapolis, in the case of the Hathorn Mutual Commission company against Postmaster W. D. Hale of Minneapolis, to restrain the postmaster from preventing the delivery of mail addressed to the company and from refusing to pay money orders drawn in its favor.

Judge Lechman dismissed the bill of the plaintiffs on the ground that the company was engaged in fraudulent business. The company is classed by the district attorney's office as a "get-rich-quick" concern, and one which is doing a gigantic business over the United States.

The men interested in the Hathorn Commission company are Arthur Z. Hathorn, R. W. Devore, E. D. Ziel and H. A. Spang, all of whom are under indictment by the federal grand jury on charges of using the mails to defraud.

The concern was fairly reaping a harvest, it is said, of money, until its mail was stopped, and even now Mr. Haupt is of the opinion that it is receiving mail through a "dummy." The company has previously had fraud orders issued against it and has always reappeared under a new name, its name known as the Devore Dismond company, but a fraud order stopped its business and the Hathorn Mutual Commission company was the result, the new company, it is charged by federal officials, operating under the plan of the old one.

The scheme of the company was to issue certificates at \$50, which the company asserted would be soon worth \$100. Payments were \$5 down and \$12.50 per week until the full \$50 was paid. Of the weekly payments, \$5 cents was to go into the redemption fund, 15 cents to the company's own use, and the remaining part of the \$50 for the purpose of carrying on the business. As often as there might be \$50 in the redemption fund the lowest certificate holder would draw that amount.

A TEXAS TRAGEDY.

R. S. Mason Killed by Two Men Who Concealed Themselves.

Yoakum, Tex., May 16.—R. S. Mason, a prominent business man, was today shot and killed by M. A. and P. N. Newman, brothers, who were concealed in the Lane hotel and who used rifles. Several days ago Miss Lillian Newman, aged 25 years, died at Rome, and shortly afterward Dr. J. M. Boyd, a highly respected physician, was found dead in his office. The brothers were charged with the murder of the young woman's death. The brothers surrendered and have been taken to Palestine.

Wants Satisfaction of Turkey.

Bucharest, May 16.—It is semi-officially stated that Roumania has asked Turkey for satisfaction on account of the visit of Janina arresting a number of Roumanian school inspectors in disregard of the privileges conferred upon them by the Porte.

LAW BREAKING.

Gov. Falk Says It Has Become Alarmingly Common.

St. Louis, May 16.—Gov. Falk of Missouri, addressing the general Baptist conference tonight, said: "Missouri has an idea that means the enforcement of laws that are not enforced and just as much to the support of good government and order as to the enforcement of the law. Lawbreaking has become alarmingly common. It is one of the greatest dangers that confronts the government, for when laws are ignored there can be no such thing as a good government."

"Many men obey the laws they like, but they have a political liberty to disobey the laws that are obnoxious to them. The trust magnate looks with abhorrence on the pickpocket who violates the law, but he looks with abhorrence on the trust magnate who violates the law. The trust magnate looks with abhorrence on the pickpocket who violates the law, but he looks with abhorrence on the trust magnate who violates the law. The trust magnate looks with abhorrence on the pickpocket who violates the law, but he looks with abhorrence on the trust magnate who violates the law."

"If each citizen were allowed to determine for himself which laws are good and which laws are bad, and to ignore the laws he considered bad, the result would be anarchy—we would have no laws at all. The only safe rule is, that if the law

HOCH RESTS HIS CASE.

Expected that a Verdict Will be Reached by Saturday.

Chicago, May 16.—The defense in the trial of Johann Hoch, charged with wife murder, rested its case today. It is expected that a verdict will be reached before Saturday.

To rebut the testimony of Dr. Kolisher, the expert of the defense, in regard to the symptoms of arsenical poisoning, Dr. Moyler, Prof. De Lafontaine, Heston and W. R. Hanson were called. All denied that the symptoms given by Dr. Kolisher as necessary to a death by arsenical poisoning need be present in the corpse of a person who had died by poison administered a short time before death.

In analyzing the evidence for the jury, State Atty. Healy pictured Hoch as a cold-blooded murderer. Atty. Healy dwelt on the sufferings of Mrs. Keleker-Hoch in her last moments, and pictured Hoch fieldishly watching and waiting for the end. Pointing an accusing finger at the prisoner, the state's attorney denounced Hoch as a scheming murderer, a fiend and a criminal of the lowest type. Hoch shifted uneasily at the scathing words of the prosecuting attorney, and continually shook his head, as though to deny the accusation.

Baltic Has Rough Passage.

Quebec, Montreal, May 16.—Passengers who landed here from the White Star liner steamer Oceanic state that the vessel was in wireless telegraphic communication with the Baltic, of the same line, on Sunday. The Baltic reported that she had experienced terrible weather, which, with some mishaps, had retarded her passage 24 hours and was likely to further prolong her voyage.

The White Star liner Baltic sailed from Liverpool May 15, and Quebec town May 11, for New York, and in the ordinary course of events would be due at the latter port today. If the report from Quebec is correct, the Baltic probably will not reach New York before Sunday. Among the Baltic's passengers are the Brazilian ambassador to the United States, Joaquim Nabuco de Araujo; the Duke of Sutherland and Charles M. Schwab.

A YOUTHPFUL CRIMINAL

A Boy of Sixteen Robs His Employer.

Great Falls Mont., May 16.—James R. Southwick, aged 16 years, is a prisoner in the county jail, having confessed that he stole \$250 in cash, \$440 in negotiable paper and \$607 worth of diamonds and other jewelry from his employer, Max I. Goldstein.

A few hours after the burglary Chief of Police Pontet had recovered all the plunder. Southwick entered the store during the night and attempted to give the appearance of having been done by burglars. Young Southwick, who comes of respectable parentage here, was once before in trouble for a Pat Crow kidnapping case, in which he secured the young son of a prominent merchant and held him for ransom. He then escaped because of regard for his parents.

MEMPHIS IS CHOSEN.

When a Conductor Withdraws, Benefit Insurance Ceases.

Portland, Or., May 16.—Memphis, Tenn., was selected as the convention city for the Order of Railway Conductors two years hence after a spirited contest, in which Boston, Mass., was Memphis' principal competitor. The conductors also decided that when a member withdraws from the order his benefit insurance ceases. The convention concluded its work of choosing officers, which was begun yesterday, by electing J. W. Crocker, Portland, Or., grand inside secretary, and Rolfe, Monolava, Mex., grand outside secretary; J. E. Archer, Houston, Tex., member of the executive committee; W. J. Dearborn, Milwaukee, Wis., and W. H. Burd, Cleveland, O., members of the insurance committee.

terday, by electing J. W. Crocker, Portland, Or., grand inside secretary, and Rolfe, Monolava, Mex., grand outside secretary; J. E. Archer, Houston, Tex., member of the executive committee; W. J. Dearborn, Milwaukee, Wis., and W. H. Burd, Cleveland, O., members of the insurance committee.

The order adjourned sine die today and the members will leave for their homes.

BEEF PACKING INDUSTRY.

Grand Jury Tries to Find Out How Prices Are Fixed.

Chicago, May 16.—An attempt was made today's session of the federal grand jury, which is investigating the affairs of the beef packing industry, to show that the cattle buyers, the packing concerns and certain commission men met each morning and agreed upon the prices to be paid for live stock during the day.

Evidence along this line was sought from C. B. Van Norman, head of the Van Norman Commission company, and S. P. Ingerson of Rosenbaum Brothers, a commission concern, who were on the stand all afternoon.

Nogi Making Forced March.

Victoria, B. C., May 16.—According to advice which local Japanese have received in recent mails, Gen. Nogi is making a forced march with a light force across Mongolia to Tatsienlu, a station on the Siberian railway at the Nonni river, 169 miles from Harbin.

Every Throb

Of My Heart Was Plainly Felt, and Sometimes Very Painful.

If your pulse is too strong, and your heart throbs so that you can feel the force of the heart-beat against your chest, your heart is weak and needs attention.

This is usually caused by long continued palpitation, over-work, excessive exercise, heart strain, and the condition induces serious heart trouble. You should act at once.

The very best thing to do is to take Dr. Miles' New Heart Cure, a remedy that will strengthen the nerves and muscles of the heart, and restore them to their normal condition.

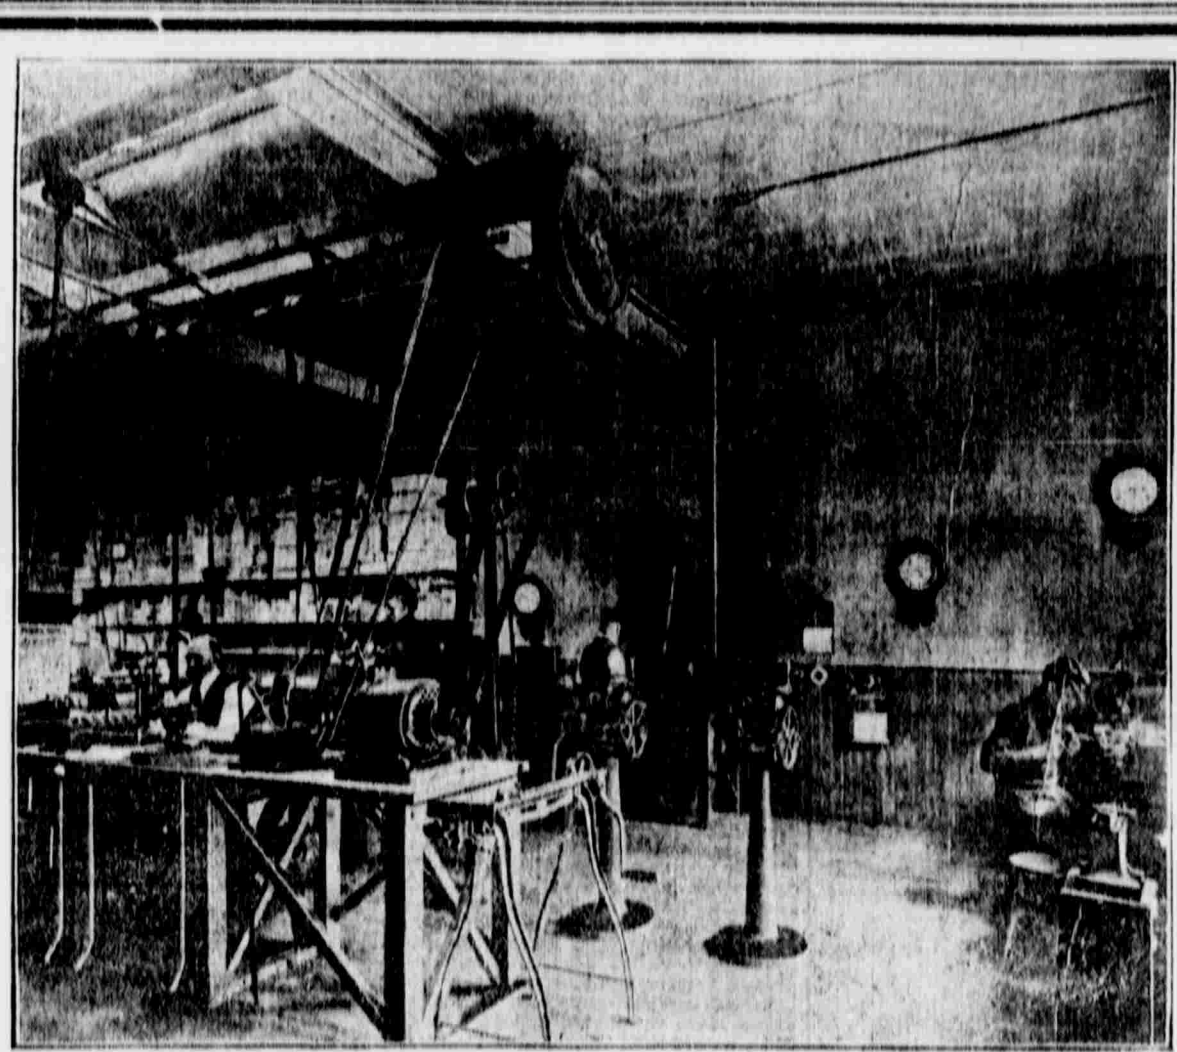

If you neglect to do this, disastrous consequences will surely follow. You will have another spell, pain in the heart, faintness, the valves of the heart will become leaky, and the heart left in a death struggle.

"My heart bothered me so that I could feel every pulsation. Could only sleep on my left side. Doctors told me that I had one-half enlargement of the heart. I had all the usual symptoms of heart trouble. I took about 15 or 20 bottles of Dr. Miles' New Heart Cure and am completely cured. I have had no symptoms of heart disease for two years, and am attending to my business affairs, which I could not do before."
