## NOTICE!

With the view to accommodate the Sunday Schools in this City, after this date there will be only one meeting held in the New Tabernacle on each Sunday, at 2 p. m. till further notice.

BRIGHAM YOUNG,
GEORGE A. SMITH,
DANIEL H. WELLS.

SALT LAKE CITY, June 29.

Good.—Yesterday a large number of wagons reached the city, loaded with coal, from the Weber mines. That is right; roll it in.

Religious Services.—Meeting will be held in the New Tabernacle at 2 o'clock to-morrow afternoon, and there will also be preaching in the evening, in the various Ward meeting houses, at the usual hours.

D. A. & M. Society.—The members of the Board of Directors of the D. A. & M. Society are requested to meet at the Historian's Office at seven o'clock this evening.

By order of
PREST. WOODRUFF.

A Fine Shower.—One of the finest showers of the season fell last night, and this morning all nature appears smiling and refreshed. Thus far, this has been the rainiest Summer season experienced here. Didn't it pour down yesterday afternoon?

Notice.—The Superintendents and Teachers of Sunday Schools are particularly requested to meet in the City Hall at half-past seven o'clock on Monday evening, July 20th, a large and prompt attendance is earnestly desired, for the transaction of important business.

GEORGE GODADRD.

Repair.—The street supervisor has ten men at work on Washington square, placing it in thorough repair. The old stables and sheds are being torn down and removed, the square is being cleaned up, the outside fence fixed up, a new gate with lock will be placed in the north end and all the other openings be closed.

Fourteenth Ward Sunday School.—In consequence of the funeral in the 14th Ward to-morrow, the Sunday School will meet at 2 o'clock p.m., instead of the usual time. A full attendance is desired, to receive the final instructions in relation to the Jubilee.

By request of the
SUPERINTENDENT.

Changes.—It will be seen by the advertisement of the Utah Southern Railroad Company that the time table for that line has been materially altered, the changes to take effect on and after Monday, July 20th, when two mixed trains will run daily between Salt Lake City and Provo, leaving the first named point at 7 a.m. and 3.20 p.m. and Provo at 6.25 a.m. and 2.45 p.m. The purely freight trains, for Sandy, leave this city daily, Sundays excepted, at 11 a.m., and Sandy, going north, at 1 p.m.

An Old Resident.—We had the pleasure of meeting Mr. Bell to-day, a former resident of this city. It will be remembered by the early settlers that he came here in 1849, when he acted as book-keeper for the mercantile firm of Livingstone and Kinkaid, the first firm of the kind established in this city, and subsequently when Mr. Kinkaid left and went to California Mr. Bell became partner to Mr. Livingstone. He took great pleasure in walking around to-day and remarking the wonderful changes that had taken place during his long absence from the city.

Horticultural Exhibition.—Before the closing of this interesting show, last night, a committee of ladies was appointed to select the handsomest man in the room, to whom was to be awarded a magnificent boquet. Mr. E. T. Woolley was the gentleman who received this evidence that nature had been bountiful to him in the matter of good looks.

The elegant basket of flowers to be given to the young lady who should name over the largest number of floral varieties was awarded to Miss Sarah Ann Walker, daughter to Mr. D. T. Walker.

Sunday School Movement.—A gentleman handed in the following, for publication, to-day—

"Contemplating the vast amount of labor and incidental expenses necessarily attending the preliminary arrangements connected with the forthcoming Jubilee, the extremely low price of admission fee and excursion fare, it is difficult to comprehend where any financial results can be expected, at all favorable to the Sunday School Union, to enable them shortly to publish a hymn book suitable for Sunday schools, with hymns and tunes to be composed entirely of the productions of home talent.

"This, we understand, was one object sought to be obtained by the originators of the Jubilee, and also to awaken in the minds of parents a deeper interest towards the moral and religious tuition of their children, as imparted in Sunday schools.

"We were gratified, however, to learn, and our fears entirely dispelled by the fact, that a committee on subscription has been appointed to receive donations from all those who feel interested in the welfare of the rising generation; and where is the father in all Israel who will not deem it a privilege to step forward and contribute to the utmost of his ability towards raising a fund for the Sunday School Union, that will enable it, not only to publish a hymn book, to disseminate through all the schools of the Territory, but other reading matter and catechisms containing the principles of the Gospel of Jesus Christ? Also the biography of our leading elders, the history of the church, &c., with a view of counteracting the pernicious tendency of those books of fiction and sensation that now flood our Territory."

The following pointed a com-

donations, not only to defray the incidental expenses of the Jubilee, but to accomplish the object stated above—

"Bp. Thomas Taylor, Bp. E. D. Woolley, Lewis S. Hills, James T. Little, Theodore McKean, James P. Freeze and Thos. Jennings."

The Inquest.—Yesterday afternoon we had the painful duty of recording the death of the much esteemed and lamented citizen, Elder Thomas Williams. Last evening an inquest was held on the body by Coroner George J. Taylor, the following being the verdict of the jury after hearing the evidence:

"Territory of Utah,
County of Salt Lake.

"An inquisition holden in the Fourth Precinct of Salt Lake City, at the residence of Thomas Williams, at 4 o'clock p. m., July 17, A. D. 1874, upon the body of Thomas Williams, there lying dead, before George J. Taylor, Coroner of said County, by the jurors whose names are hereto subscribed.

"The said jurors upon their oaths do say that he died from the effects of the bursting of a blood vessel.

"In testimony whereof they have hereto set their hands the day and year above written.

"ALEXANDER MCRAE,
"ISAAC GROO,
HENRY GROW.

"GEO. J. TAYLOR,
"Coroner."

It is a long time since an occurrence happened in this community which created so profound a sensation as the intelligence of the sudden and totally unlooked-for demise of Elder Williams, whose integrity to his true convictions could never be questioned and whose kindliness of heart was proverbial. Deceased was born at Newport, Monmouthshire, England, August 3rd, 1828, and was therefore in his forty-sixth year.

The funeral service will be conducted at ten o'clock to-morrow (Sunday) morning, at the Fourteenth Ward Assembly Rooms.

A Change.—At a meeting of the People's Territorial Central Committee, held last evening, the name of Miss M. E. Cook was withdrawn from the People's Ticket as candidate for the office of County Superintendent of Common Schools, and the name of O. H. Riggs substituted for it, it having been objected that Miss Cook was ineligible, under the law. Mr. Riggs can easily attend to the duties of county superintendent without their performance interfering with those pertaining to the Territorial office.

Treasurship.—We understand that Elder John Clark, lately returned from a mission to Europe, fills the position of Treasurer of Z. C. M. I., vacated by the demise of the late respected Elder Thomas Williams.

Explanatory.—Some persons having expressed surprise, in consideration of the death of Mr. Williams, that the Theatre should be opened to-night, we are requested to state that the management have no control of the lecture this evening, the arrangement with Mrs. Woodhull being such that it was impossible to postpone it.

**Died of Hydrophobia—Attempt to Assassinate a Minister.**

NEW YORK, 18.—The jury in the case of Wm. McCormick, who died of hydrophobia, have closed the examination; they regard hydrophobia as an innoculated disease, and as not transmissible from a non-rabid animal. They recommend the excision of the part bitten whenever practicable, and immediately after the bite is received that the wound be allowed to bleed a few minutes, and cauterized with nitrate of silver, nitric acid, caustic, potassia, or a burning coal; and in case a physician is not present to excise the wound a cord should be tied above it, and provided the mouth has no excoriation the wound should be sucked and caustics applied as soon as possible.

The trustees of the Plymouth Baptist Church in this city, state that an attempt has been made to assassinate their pastor, the Rev. Henry Miller, owing to a sermon delivered by him favoring the reading of the Bible in the public schools; two shots were fired into the pastor's study during his absence.

**Columbia Wins the Race.**

SARATOGA, 18.—The boats started at 10.45 a.m., in the inter-collegiate boat race; Columbia wins the race, Yale second.

**Failure.**

Hyruan & Macks, manufacturers of furniture, have failed; liabilities about $90,000, assets $50,000.

**Railway Collision.**

CANASIRAGA, N. Y., 18.—The eastward bound and westward bound trains, on the Erie railroad, collided at nine this morning on the single track, a mile east of here, while running at fifteen or twenty miles an hour; the eastward bound train engine went through the westward engine, baggage car and smoking car, killing the baggage-master Atkin, and severely wounding several persons, but wonderful to state no others were killed. The engines are a total wreck. The westward baggage car was destroyed and the mails soaked. It is stated that the eastward train had the right of the track. The collision occurred at a sharp cuave. The crash of the engines was the first warning the passengers had.

**Precautions Against Fire.**

CHICAGO, 18.—At a meeting of the common council yesterday, resolutions were adopted looking to the speedy re-organization of the fire department, the removal of inflammable buildings, the addition of water conducts and of corps of sappers and miners to remove or destroy buildings in case of fire. The Chicago Board of Underwriters adopted resolutions of a similar tenor and intimated their belief that their principals would withdraw assistance from companies unless such means of checking fire were adopted, together with the addition of high power steam engines to reach the loftier buildings, and the construction of fire walls, or some barrier to conflagrations.

**The Inter-Collegiate Boat Race.**

SARATOGA, 18.—About fifteen thousand people witnessed the University boat race this morning. The lake was smooth as glass. At 9.45 the first gun was fired, at 10.20 the second starting gun, at 10.47 all the boats got off in handsome style together, Columbia at half a mile, taking the lead, then Trinity, middle spurt and overhauled Columbia and at the end of a mile took the lead away from Yale, which in the struggle had got ahead, but at that moment foiled and fell behind. Princeton came up close on Trinity. The other crews were about in line behind. At the mile and a half post Columbia came up to the front again with Harvard struggling sharply, the remainder maintaining their former positions. At the two mile point Columbia was still in advance, with Cornell making a spurt to overtake her, and passed the Harvards. At the 2½ mile point Columbia was still ahead, with the Wesleyans, which now showed great vigor, pressing her sharply and steadily. The last half mile was then one continuous exciting pull between Columbia, Wesleyan, Harvard and Dartmouth, and they came in in that order, Columbia ahead about two boat lengths, and making the distance in 16 minutes 50 seconds. The winning crew was greeted with tremendous cheering. On reaching the shore, B. Frank, captain stroke, fainted; he was immediately lifted by the crew and carried on their shoulders up the hill to Moon's Lake House, but before reaching the house he had entirely recovered. The scene following the race was one long to be remembered, and was only marred in its joyousness by the failure of Yale to participate beyond the mile point, at which place Yale took the lead with a good prospect of keeping it.
