CAMPAIGN FOR GOOD ROADS.

Weber County Buys a Rock Crusher and Will Go Into Extensive Road Making.

RALLY OF THE REPUBLICANS

Enthusiastic Gathering at the Grand Opera House—Party's Good Record Reviewed.

Ogden, Utah, Nov. 7.—The board of county commissioners yesterday afternoon decided to purchase for Weber county a large rock crusher, from the Aurora Rock Crushing Machine company of Aurora, Ill. The machine was not ordered until the commissioners had carefully investigated the workings of the various rock crushers at the Lewis & Clark exposition and at other places, in order that they might be able to secure for the county the best piece of machinery available for the money they will expend. The machine will be ordered shipped at once. The commissioners have already purchased a road roller, and with these two much needed pieces of machinery the people of Weber county will be able to build much better and more substantial roads. The crusher will be placed at some good point where good rock is available in large quantities, and the rock will be crushed and hauled upon the roads, and then rolled down level, thus making the roads practically as good as those in Ogden, which have been macadamized.

REPUBLICAN RALLY.

Grand Opera House Packed With Enthusiastic Supporters of the G. O. P.

Ogden, Nov. 7.—The Grand opera house was packed from pit to dome last evening at the Republican rally, and considerable enthusiasm was evidenced. Mayor Glasmann, Rudolph Kuchler, City Attorney Bagley, Recorder W. J. Critchlow and others delivered speeches, reviewing the city's affairs during the past four years under Republican rule, showing the progress the city has made, the increase in population, the miles of macadamized streets built during that time and other improvements made, bespeaking for the city continued progress if the Republicans are today elected to fill the city offices.

The speech making was interspersed with vocal and instrumental music. The stage was decorated with the national colors, portraits of Presidents Roosevelt, Lincoln and others of the presidents. B. F. Critchlow presided at the meeting.

GETS MORE LAND.

Rio Grande Western Purchases More Realty Near Proposed Freight Depot.

Ogden, Nov. 7.—Two more deeds have been filed in the county recorder's office transferring property situated in the blocks along the line of the proposed Rio Grande Western track to the site of their new depot on Twenty-fourth street. One of the pieces of land was transferred by Mary A. R. Browning et al to William Colton, as trustee, the price paid for the property being \$4,000. This piece is situated in the block between Twenty-third and Twenty-fourth streets. The other deed was made by Frank M. Farrell and wife to William F. Colton, trustee, for this piece of land situated between Twenty-second and Twenty-third, \$1,900.

was paid. It is evident the railroad company is desirous of securing all the property available in the three blocks along their proposed line to Twenty-ninth street.

NO CAUSE OF ACTION.

In the case of Fred Stauffer, Jr., vs Ogden City and L. C. Kelsey, the jury, after being out three hours, returned a verdict for defendant, finding that there was no cause of action. The plaintiff, by his guardian ad litem, sued to recover damages because of injuries received through falling into a manhole. The evidence showed that the boy was trespassing at the time and that therefore the city could not be responsible for the accident.

NEW BIDS FOR WATER BONDS.

Utah County Affairs—Mount Nebo School District Merged Into Goshen.

Special Correspondence.

Provo, Utah Co., Nov. 7.—At the meeting of the city council last evening Mr. H. M. Tingle appeared before the council in behalf of N. W. Harris & Co., and made a third bid for the \$91,000 waterworks and electric light bonds. This bid was \$91,500, or \$500 premium for \$91,000 1½ per cent 10-20 bonds. This is one-half per cent higher than the second bid. The first bid but the \$1,325 asked for fiscal services, etc., are not asked for in this bid. The bid was not accepted, but on motion of Councilman Decker the bid and the recorder were authorized to ask bids for 1½ per cent bonds to be received not later than Nov. 20.

A communication was received from Mayor Roylance, calling attention to the closing of the road through Rocco Rital's land, which had made it necessary to abandon the rural route mail service for a portion of the residents north of the state mental hospital to the inconvenience of the people residing in that district. Mayor Roylance recommended that the matter be investigated. Referred to the mayor, the president of the council and the city attorney.

Recorder Harding presented the mayor's veto of the salary ordinance (heretofore published in the "News"). Councilman Booth moved that the ordinance pass notwithstanding the mayor's objection thereto. The motion was lost. Councilman Gray, Roberts, Best and President Snow voting against it. Councilman Booth gave notice that he would, hereafter, refuse to vote for any change in the salary ordinance, as he did not care to wait until he knew who the incoming officers were before he voted on their salaries.

UTAH COUNTY BUSINESS.

The board of county commissioners yesterday considered the matter of consolidating Mt. Nebo school district with Goshen school district on a report of County Superintendent Egerton to the effect that Mount Nebo did not have the necessary number of children required under the law to maintain a district organization. A communication from the Mount Nebo trustees was presented opposing the consolidation at present. The board desired to retain

OGDEN POLICE HAVE A MYSTERY

Mysterious Circumstances Surrounding the Death of Miss Josephine Moves.

DID SHE COMMIT SUICIDE?

That Remains to be Determined at the Coroner's Inquest—Body Found This Morning.

Ogden, Nov. 7.—This morning at 8 o'clock the lifeless body of Miss Josephine Moves, a 16-year-old girl of Plain City, was found in bed at the home of her sister, Mrs. William Had-

ley, 2329 Grant avenue. There is some mystery surrounding the girl's demise, as she retired last night apparently in the best of health. As soon as the body was discovered, Dr. Rich was summoned and examined it, but he could find nothing to clearly indicate the cause of the girl's death. On his suggestion the police were notified and they, too, examined the body and immediately notified the coroner, who will conduct a further examination.

The case suggests suicide, but the family do not believe that the girl could have taken her own life. Besides, there was nothing in the room to strengthen this theory, and they therefore conclude that death must have been the result of heart failure. The face was completely discolored and the condition of the body indicated that the girl must have been dead for several hours before discovered.

The deceased was the daughter of Joseph Moves of Plain City, and for several weeks had been working at the Troy Steam Laundry in this city. She was a girl of good reputation and had many friends who will be shocked to hear of her demise. An inquest will be held this afternoon.

MUSICAL RECITAL

Given by Stake Academy Conservatory Of Music A Pronounced Success.

Ogden, Nov. 7.—The Weber stake academy conservatory of music is meeting with excellent success, and great interest is being taken in it by the lovers of good music and friends of the institution. The conservatory has been organized only one month but every hour available for giving of lessons has been taken by pupils excepting in the violin department, which is almost completed.

The instructors, Prof. Ballantyne, Prof. McClellan and Prof. Weihe gave their first monthly free recital yesterday afternoon at the academy assembly hall, which was entirely inadequate to accommodate the large numbers who gathered, and many had to take seats in the other rooms.

The program was an artistic one and was received with prolonged applause. The violin and piano duet, by Profs. Weihe and McClellan, and the soprano solo, "Promises of Life," by Miss Myrtle Ballanger, were cheered. After the program was rendered, Principal D. O. McKinnon made a short talk on the object of the conservatory and what it will accomplish.

R. G. W. IMPROVEMENTS.

Council Asked for Franchise for Right of Way Over Streets.

Ogden, Nov. 7.—The city council held a brief session last evening and considered an application from the Rio Grande Western railroad for a franchise granting the latter the right to lay three tracks crossing Twenty-first, Twenty-second and Twenty-third streets between Wall and Lincoln avenues.

This franchise is in connection with the extensive improvements that the Gould people are about to undertake in Ogden. The application passed its first reading, after which it was referred to the streets and laws committee.

The committee is expected to report in a few days. The project is a part of the Gould system, and is intended to improve the freight service at the expense of about \$18,000, and, if the necessity arose, a passenger terminal would also be constructed.

The further improvements for this city contemplated by the Gould interests include a 22-stall roundhouse and machine shops, which would indicate that the intention is to make Ogden an important point on the Gould system.

In speaking of the Western Pacific route from Salt Lake City, Mr. Way said that by May 1 that line would be completed 100 miles into Nevada, and that within two years the line would be complete to the coast.

PLACED UNDER BONDS.

Leroy Castro, alias Varnez, was arraigned before Judge Murphy this morning, charged with adultery, the complainant being Ruth White. He pleaded not guilty and was placed under bonds of \$1,000 to await preliminary hearing, the time of which was not fixed.

FINED FOR ASSAULT.

Gilbert Carony, the woman impersonator at the Lyceum, was found guilty of assault and battery, the complainant being an actress at the same theater. He was fined \$100, in default of which he will spend 100 days in the county jail.

WEDDING BELLS.

Marriage licenses were granted by the county clerk to the following couples:

H. D. Bingham, 36, of Ogden and Miss Arnes A. Preston, 36, of Omaha, Nebraska.

Holko Bookner, 21, and Miss Gendina Johanna Draeger, both of Ogden City.

BRIEFS AND PERSONALS.

A representative of the Sanborn Map company is in Ogden this week for the purpose of revising the insurance maps of the city.

Mark Fletcher, formerly a well known conductor on the Southern Pacific, is visiting Ogden for a short time. He is now conducting a business for himself at Seattle.

In the matter of the estate of J. A. Sankey who died Sunday at the hospital, petition has been filed in the district court by Fred L. Bradley, praying for his appointment as administrator of the estate which consists of \$25 personal property, petitioner sets forth in his petition that he is a creditor of the estate to the amount of \$125.

J. R. Devine, of the last firm of Davis & Devine, left this morning for Elko, Nevada, where he goes to take part in the murder case against a man named Waldou.

Detective Fender was in Salt Lake yesterday in the interest of the police department.

Thursday evening Mrs. Owen, president of the Twentieth Century league, will lecture at the Methodist church on "The Church and the Marriage."

Henry Gwilliam and Arthur Shroove have left on missions to England.

The staff of the Weber Stake academy publication "The Acorn," has arranged for a dancing party to be given on Wednesday night at the Stevens hall on Washington avenue, which has been rented for the season, for a place of amusement.

The fire department was called out last evening about 9 o'clock to a small blaze which started between the Key block and Keller's meat market, but the fire was extinguished by Mrs. Kay with a few buckets of water.

J. W. Alexander Slightly Better

New York, Nov. 7.—Concerning the condition of James W. Alexander, former president of the Pacific Life Assurance society, who is ill in a Salt Lake hospital, Messrs. his physician, Dr. Pearce Bailey of this city, said last night:

"Mr. Alexander's condition is serious. I should have been one of the first to hear of it. I have heard nothing about it."

A dispatch from Deerfield last night said that Mr. Alexander had shown great improvement. He was reported to be slightly better last night.

CATARRH IS MORE THAN A BAD COLD—IT IS A DEEP-SEATED BLOOD DISORDER.

Catarrh is not merely a stubborn or protracted cold, as some people seem to think, but it is a deep-seated and dangerous blood disorder, more generally affecting the body than any other disease. Hardly any part is exempt from the trouble; it attacks the head, throat, stomach, bowels, kidneys, bladder, lungs and other members, and its effects often break down and completely undermine the health.

Like all blood diseases, Catarrh comes from poisons and impurities accumulating in the blood. The refuse matter of the body, which should be expelled as nature intends, is left in the system because of a sluggish condition of the different parts. Then the blood, as it circulates through the body, collects and absorbs the foul matter, becoming polluted and unfit for properly nourishing the system. When the blood is in this unhealthy condition the contracting of a cold starts the secretions by irritating all the delicate linings and inner tissues of the body. Thus the mistaken idea that Catarrh is a severe cold or a disease of the mucous membranes which can be cured with sprays, washes, lotions, etc., is formed. Catarrh is always worse in winter because of the cold, damp, changing weather, which makes every one more susceptible to cold; but it is in no sense a disease that is dependent on climatic conditions for its real cause.

It has more disgusting and unpleasant symptoms than any other disease, besides being a very serious disorder. There is a constant ringing and buzzing noise in the ears, a thin watery discharge from the nostrils, headaches are frequent, filthy, stringy matter drops back in the throat requiring constant hawking and spitting, and often much effort to dislodge it, the breath has an offensive odor, slight fever comes and goes, and gradually the entire health becomes affected. So thoroughly does the blood become filled with the catarrhal matter that the kidneys and bladder are diseased, chronic dyspepsia or Catarrh of the stomach develops, appetite and digestion are weakened and the disease often settles in some vital part, usually the lungs because of the constant passage of poisoned blood through them, and Catarrh terminates in Consumption, the most fatal of all diseases.

To expect to cure Catarrh with sprays, washes, inhalations, tobacco remedies and such treatment is a great mistake—it is treating the effect instead of the cause. This treatment does good in as much as it gives temporary relief and comfort to the sufferer, but is in no way curative, because it does not reach the real seat of the trouble, which is in the blood, and while experimenting with such things the patient is losing valuable time and allowing the disease to make dangerous headway.

To cure Catarrh permanently the blood must be thoroughly purified and the system cleansed of all poisons and at the same time strengthened and built up. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the very bottom

of the trouble and makes a complete and lasting cure. S. S. S. removes every particle of the catarrhal poison from the blood, making this vital stream pure and fresh. Then the inflamed membranes begin to heal, the head is cleared, the hawking and spitting cease, every symptom disappears, the constitution is built up and vigorous health restored. S. S. S. also tones up the stomach, aids the digestion and acts as a fine tonic to the entire system, and being made entirely of roots, herbs and barks will not injure the system in any way. Catarrh sufferers are invited to write our medical department for book treating on this disease and ask for any medical advice they wish, no charge for either.

THE SWEET SPECIFIC COMPANY, ATLANTA, GA.

Take

care of your stomach keep the bowels regular and the liver at work and you will enjoy good health. Artificial living makes hard work for Nature, and she rewards assistance with increased bodily health and vigor. The great remedy that assists the vital organs in a natural way is

THE LAXATIVE OF KNOWN QUALITY

There are two classes of remedies: those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character.

There are two classes of purchasers: those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect its beneficial effects if they do not get the genuine remedy.

To the credit of the druggists of the United States be it said that nearly all of them value their reputation for professional integrity and the good will of their customers too highly to offer imitations of the

Genuine—Syrup of Figs

manufactured by the California Fig Syrup Co., and in order to buy the genuine article and to get its beneficial effects, one has only to note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package. Price, 50c per bottle. One size only.
