Engine and Freight Car Damaged—Five Mail Clerks Receive Injuries.

BOOZY GERMAN IS ROBBED.

Spurious Coin Dealers Arrested—Death of Pioneer Lafayette Williams—Damage Suit Compromised.

Ogden, Jan. 7.—The Southern Pacific has been having its share of wrecks during the past few weeks again. The last one to be reported occurred Saturday night at Carlin, Nev., when Fast Mail No. 9 ran into a freight car in the Carlin yards, resulting in injuries to five mail clerks.

No. 9 left Ogden Saturday afternoon at 3:35 o'clock, traveling at a rapid speed, being behind time. The main line at Carlin was to be clear so the train could go right through without stopping. A freight train was pulled onto a switch, as it was supposed, so the main line was open; but instead the switching crew left a freight car loaded with glass chimneys projecting over the track, and when the fast mail came along the engine struck the car partially demolishing it, and its contents were scattered for a considerable distance. The engine suffered the loss of its pilot and other damages. Fortunately the engine and cars remained on the track, but the mail clerks, whose names could not be learned here, were thrown around in the cars with considerable force, but the extent of their injuries was not telegraphed the Ogden office, as Carlin is a division point and the men were cared for there.

TAKEN IN BY HIGHWAYMAN.

Albert Pott Has Sorry Experience With Saloon Hanger-on.

Ogden, Jan. 7.—Because Albert Pott, a young German cook, was a jolly good fellow Saturday night and spent his earnings freely, treating a gang at various saloons, he was "taken in" by one of the hangers-on and severely slugged and robbed. His assailant succeeded in escaping before the police could be notified. Pott claims that he was drinking considerably during the evening, with others but did not become intoxicated. During the evening he met a young man who struck up a friendship that is unusual. The German not realizing that his newly made friend was playing him, agreed to go to his room and the two left Anderson's saloon on Grant avenue together. The stranger led Pott down the dark alley near the Central school, where he struck him a heavy blow, knocking him down, then jumped on him and beat him terribly and robbed him of his remaining cash, about \$5. Pott made his way to the police and reported his troubles. Officers were detailed on the case, but were unable to locate the robber.

SPURIOUS COIN DEALERS.

Until word is received from the United States authorities at Denver as to whether they are desirous of prosecuting the three men, Curtis McCoy, Newark Dawson and Bassilio Soto, who were arrested Saturday with spurious coins in their possession, no action will be taken in their case. McCoy has claimed the blankets in which the coin was wrapped, but says he bought them from a man at Pocatello. According to information received by the police, the men have been passing the worth-

less money in Idaho. One man claims that he met the trio in Pocatello where they tried to rob him. The coin is not of expert workmanship, but is a fair counterfeit of the quarter, half dollar and dollar.

DEATH OF A PIONEER.

Death came peacefully yesterday to Lafayette Washington Williams, one of the pioneer settlers of Weber county, at his home in North Ogden, from a complication of afflictions resulting from old age. He was born in New York state, April 15, 1825. He was baptized into the Church when a young man, and emigrated to Utah in 1852. He settled in North Ogden on his arrival here, and lived there until the time of his death. He was faithful to his religious convictions, and worked energetically for the upbuilding of the Church and his home town. He leaves a family of two sons, "The Little Ducks." The funeral will be held Wednesday at 11 o'clock at the North Ogden meetinghouse. The burial will take place in the Ogden city cemetery.

DEATH OF LITTLE CHILD.

The angel of death visited the home of Prof. and Miss John P. Bush, of the state school for the Deaf, Blind, yesterday afternoon, calling from their beautiful little 14-month-old baby, William Don, the cause of death being pneumonia from which he suffered for about a week. The sympathy of a host of friends goes out to the sorrowing parents. The funeral, it is expected will be held Tuesday at 2 o'clock from the residence 2432 Monroe avenue. Burialment will take place in the Ogden City cemetery.

DAMAGE SUIT COMPROMISE.

The damage suit of Josephine Ringham by her guardian ad litem Mary P. Bingham against the Rio Grande Western has been compromised by the plaintiff accepting \$1,000 in full payment of her action for damages. Miss Bingham beat him terribly and robbed him of his remaining cash, about \$5. Pott made his way to the police and reported his troubles. Officers were detailed on the case, but were unable to locate the robber.

With Grand Family Reunion—Other Holiday Programs.

Joseph Smith's birthday was celebrated with appropriate program by the young men and ladies.

Children Made Happy—New Saw Mill Company.

Special Correspondence. Bench, Bannock Co., Jan. 5.—

Winter has come at last. There is about one foot of snow on the ground and still snowing.

The folks here have a happy time for the little folks. The ward gave an entertainment in the hall with a nice program and two large Christmas trees loaded with presents for young and old.

After the presents were distributed the children enjoyed themselves in the merry dance.

Messrs. Hubbard, Hulise, Hargrave and Kibben have purchased a new saw mill which is running full blast. It is located south of Bishop J. W. Hubbard's home at the mouth of the canyon. From 15 to 20 teams go to the sawmill every day for logs to supply the mill.

Thursday night Mrs. Sadie Christensen presented her husband with a bouncing baby boy.

There has been much sickness in the community mostly among the little folks but nothing serious.

A few of the young folks from here have gone away to school this winter.

PARIS, IDAHO.

MEETINGHOUSE DEDICATED.

Bishop Robert Price Presents Beautiful Sacramental Service.

Special Correspondence. Paris, Jan. 1.—The Paris Second ward conference was held Dec. 29, 1906.

An interesting feature of the meeting before the administration of the sacrament was the presentation of a beautiful triple-plated silver sacramental service, consisting of two pitchers, three goblets and three plates, on one of the plates was engraved the following:

"Presented to the Paris Second ward of the Church of Jesus Christ of Latter-day Saints by Bishop Robert Price, Jan. 1, 1907."

In the presentation address Bishop Price alluded to a former presentation to himself by the members of the ward of a similar service, suitably inscribed, which he very much valued, not so much for its intrinsic value as for the evidence of the love which the people bore him. As a token of his appreciation he presented the new service to the ward, and to his feelings of love for the saints, he made a reciprocal gift, as above stated, which was a complete surprise not only to the members of the ward but to his counselors and his family, not one of whom was aware of his intention.

Stake President Joseph R. Shepherd responded in a speech of love and appreciation.

After the administration of the sacrament President J. R. Shepherd offered the prayer dedicating the new building, which has just been completed, to the service of the Lord. It was named the Paris second ward assembly hall. The remainder of the day was devoted to hearing reports of the ward organizations, presenting the authorities and other business incident to a conference. An excellent spirit prevailed.

POCATELLO, IDAHO.

ANNUAL WARD REUNION.

People of Gate City Make Much of Holiday Season.

Special Correspondence. Pocatello, Idaho, Jan. 6.—A delightful annual reunion of the members of the Pocatello ward was held New Year's day afternoon and evening at the L. D. S. church, for which elaborate arrangements had been made. A children's dance was given in the amusement hall from 12 to 2 o'clock, following which an entertainment program was presented, consisting of songs, recitations, speeches and instrumental music.

A bounteous banquet was spread in the basement, and church was prettily decorated with flags, holly, colored lights and potted flowers. Special effort was made to entertain the old folks. A prize was awarded to the oldest gentleman and lady present. The church present—oldest in seniority of confirmation, this honor fell to Elder Geo. U. Smith, 55 years a member and Mrs. Mary Ann Beckett, 58 years a member. The former received a gentleman's muffler and the latter received a pair of lady's slippers. The reunion ended with a social hop in the evening. The members of the Presbyterian church gave a musical New Year's night in their new church on the east side, for the benefit of the building. It was a very attractive affair.

WEDDING BELLS.

Miss Eleanor Lish of McCammon and Henry Brown of Rockland, were married last Monday by Probate Judge Thos. Johnston.

The first couple to wed here this year were Miss Renstrom of Central and Chas. G. Holter of Lund.

Jeweler E. D. Harrison and daughter Eva, returned New Year's eve from a week's trip during the holidays to California.

A bad fire threatened Pocatello last Friday evening, when, about 8 o'clock, fire was discovered in the basement of the building formerly occupied by the Gate City Furniture company. The blaze threatened to be a serious one, but the firemen soon had it under control. Fire Chief Ben Joseph fell through the elevator shaft from the first floor to the basement, and was painfully but not seriously hurt.

WILL BE BATTLE ROYAL.

Dist. Judge Alfred Budge has secured the services of Atty. James H. Hawley of Boise in addition to Atty. Deitrich and Clark as his counsel in the contest case. Incidentally it can be mentioned that the judge is on his mettle, and is ready for a legal battle royal, and is arranging the matter so as to take the offensive as soon as the case is started, and interesting developments are looked for. It is well known that the admiral of the law favors the order, so much so that President Roosevelt thought it necessary to send Secy. of War Taft to Idaho to remind a certain element here to not forget that point, and now that these same war-makers assume to charge illegality in the election of his judgeship, they will have to walk an uncomfortable straight line if they think they can escape the meshes of the law which they are trying to out Judge Budge. Judge Stephens of Bingham county has been asked to sit on this case, which must come to trial in about two weeks, or within 30 days after com-

plaint. Which will necessitate a special session of the court.

A cutting scrape occurred New Year's eve on west center street near George Dash's paint store about 10:30 p. m., when Night Policeman W. H. Brown was assaulted by Cornelius Taylor, who was drunk. The officer was cut in the arm and over the right eye. His assailant escaped.

A small fire occurred this morning at the home of James Walton, carpenter foreman, 245 south Main street, caused by a burned out candle, a hole was burned through the floor and into the cellar. Mr. and Mrs. Walton were absent visiting in Salt Lake and Logan and the house was in charge of the children. The firemen responded quickly to a telephone alarm call and soon put out the fire, which did but little damage.

George W. Stanger, a prominent rancher at American Falls, has purchased the Scharman residence, on north Garfield avenue adjoining the residence of Police Judge James Knowles, the consideration being \$2,000. Mr. Stanger appreciates the school advantages of Pocatello, and will make this place his city residence, and retains his holidays at American Falls.

Peter Hansen, the proprietor of the fancy grocery store at 116 south First street, has sold out to J. B. Perkins and wife and Miss Pearl Sanders. The latter resigned her position as bookkeeper for the Idaho Packing company, to go into business for herself, associated with Mr. and Mrs. Perkins.

Mrs. Emetia Goodwin Cathcart, has given up her residence in Los Angeles, and has returned to Pocatello for good.

EVANSTON, WYO.

Death of David Reese and Nick Hearn—Primary Gives Party.

Special Correspondence. Evanston, Wyo., Jan. 4.—David Reese, one of the pioneers of this country, and an old-time passenger engineer, died last Sunday morning of dropsy, after long suffering. Mr. Reese has no family of his own, and it is his sisters in Wales who receive his property in this town. He was buried by the members of the Masonic fraternity.

The disastrous wreck which occurred at Peterson on Sunday, and which resulted in the death of Engineer McFarley and Fireman A. F. Trask, brought quite a shock to the community. While the dead men were practically new comers here, they had succeeded in making many friends who mourn their untimely fate sincerely.

New Year's day was ushered in by the usual din of the discordant whistles of locomotives, aided by the shop firemen, who were at the station.

In the evening party was indulged in by some of Evanston's young people until time to usher in the "new born" year. A snow storm, which lasted all day, helped to give the day a seasonable appearance.

The sad news of the death of Nick Hearn, harness maker for Berman & Cashin, which occurred in the Holy Cross hospital as the result of an attack of typhoid fever, reached here on Wednesday. Mr. Hearn leaves a wife and two young children. It is expected that the funeral will take place on Sunday.

A surprise party is being given this afternoon to the officers of the Primary association of the ward.

SHEEP IN WYOMING.

Annual Report of Commissioners Makes Favorable Showing.

Special Correspondence. Cheyenne, Wyo., Jan. 4.—The annual report of the state board of sheep commissioners, covering the year 1906 has just been filed with Gov. Brooks, and is an interesting compilation of figures showing the growth of the sheep and business in Wyoming during the past year.

The report shows that on Jan. 1, 1906, there were 3,475,899 sheep in the state, valued at \$13,901,816. On Jan. 1, 1907, there were 4,024,560 sheep in the state, valued at \$16,104,360, an increase of 548,661 in number and \$2,202,544 in valuation in 12 months.

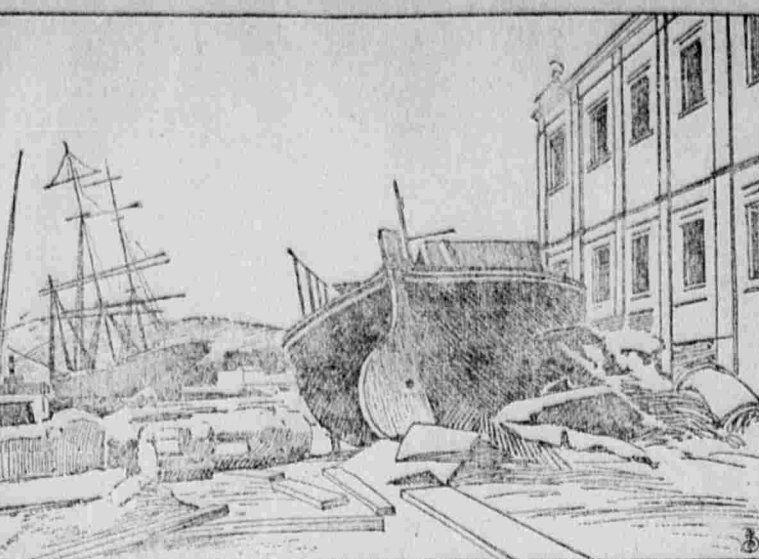

During the year there were exported 1,444,359 sheep and lambs, which returned to the owners a total of \$6,138,687.75, or \$3,693,328.75 more than in 1906.

During 1906 there was exported 22,849,769 pounds of wool, which returned to the growers a total of \$7,252,225.50. The increase in tonnage of wool over 1905 was 1,049,399 pounds, and an increase of \$93,225 in value.

During the 12 months ending Dec. 31, 1906, there were imported to Wyoming a total of 369,597 sheep and 14,235 bucks, a grand total of 383,832, valued at \$76,243.50. The imports of 1906 increased over one-third over those of 1905.

The ranges of the state are now in better condition than ever before, and it is expected that unless severe weather should cause losses, the present year will be the most successful for the sheep interests in the history of Wyoming. This state is now second only to Montana, which last year produced 25,000,000 pounds of wool. There are at the present time about 800,000 more sheep on the ranges of Montana than Wyoming, but another year this state will undoubtedly eclipse the record of Montana. Idaho is third, New Mexico fourth and Oregon fifth.

SHIPS IN THE STREET AT HONGKONG.

The cut is from a photograph taken after the recent disastrous typhoon on the eastern Asiatic coast. Several vessels were driven up on the quay at Hongkong, one of them a sailing craft from New York, the Hitchcock. A British warship was landed high and dry in the middle of the street.
