The Pleasures of Youth.

WHAT WE MISS.

Do you remember the little things that gave us so much pleasure when we were young? With what zest did we sit down to the table after our play was over and eat the mush and milk our mother put before us, which tasted like the nectar of the gods. But as we get older it takes more to give us pleasure. Mush and milk no longer tastes good to us, and our digestion may be impaired. We are told we cannot eat this or that because it is bad for the stomach. The fact is that whatever our stomach craves it pretty nearly always digests. "What is one man's meat is another man's poison." If there is something in the way of meat, vegetables or fruit that we long for, then our stomachs are pretty sure to take care of that article. The reason is that the appearance of the longed-for article will cause the saliva to pour forth from the glands, the juices from the stomach are increased, and as a consequence the stomach does the rest. Through the constant dingling into our ears that certain things are indigestible, we lose a great deal in the pleasures of the table and our stomach is weakened by taking many foods that are pre-digested or so easily digested that the stomach is weakened from non-use, just the same as the muscles of our arms will become small and weak if not used. The best advice we can give to such a person is to forget what you are eating. Don't listen to carpers or health-freaks. Tune up the stomach with Dr. Pierce's Golden Medical Discovery. It is nature's most valuable and health-giving agent—made without the use of alcohol. It contains roots, herbs and barks, and is the concentration of nature's vitality as found in the fields and woods. This remedy has a history which speaks well for it because it was given to the public by Dr. R. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., nearly forty years ago, and has since been sold by druggists in ever increasing quantities. Some medicines, tonics or compounds, enjoy a large sale for a few years, then disappear from the public attention, but Doctor Pierce's Golden Medical Discovery has proved such a reliable blood remedy and tonic that it often enjoys the confidence of several generations in a family, and its increased sales year by year coming from the recommendations of those who have tried it, prove its lasting merit, so that every bottle bears the stamp of public approval. Every other well-known blood-maker and tonic for the stomach that we know of contains alcohol, but Dr. Pierce guarantees that no alcohol is contained in his "Medical Discovery." This remedy works in the natural way, for it corrects the irregularities of the stomach by promoting digestion and assimilation. The blood is cleansed and fed on proper nour
