

DESERET EVENING NEWS

THE SEMI-WEEKLY NEWS

THE GREAT COUNTRY PAPER OF THE WEST.

Is Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

The W. C. T. U. women will hold their January meeting tomorrow at 3 p. m. in the Y. M. C. A. auditorium.

Idaho Falls has just completed the installation of a \$25,000 water system, and the local business situation is reported as highly satisfactory.

A. H. Crabbe has bought a 3½-acre lot on Second South street near Eighth East, from W. H. Cramer of Seattle, for \$4,000, and will build a residence there.

W. McCrea, a member of the last legislature, is being proposed for secretary of the state Republican committee, in place of Albin Sanford, succeeded to the "American" party.

Mrs. Don H. Porter has bought from the Savings & Loan society of San Francisco, for \$12,500, a lot 66x171 ft. at Second West and Second South streets, for investment purposes.

Suit for divorce has been filed in the district court by Flora A. Whitner against Carl Whitney on the ground of failure to support. They were married in this city on Nov. 1, 1904.

Elder James Morning of the Westminster Presbyterian church and wife, were surprised by relatives and friends last night, when they came to help them celebrate their forty-sixth wedding anniversary.

The marking down fever is becoming epidemic among the stores, now that the holiday rush is over, and local merchants and tradesmen have taken advantage of the situation.

The relatives of Lena Johnson, who was arrested on Dec. 14 upon the charge of insanity, have been heard from and they have agreed to care for her. She will therefore be sent to Omaha, where they reside.

Dr. H. D. Niles has returned from Kansas City, where he attended the medical convention which will hold its next annual meeting in Salt Lake City. Dr. Niles says it will bring a fine array of intellectual talent to this city.

Local wool men report very little doing in wool this season, and with the north prices, twenty-two cents is the highest figure so far, but when competition in buyers becomes keener there is no telling to what excesses they may go.

The transfer of the 18-foot frontage on Main street north of the McCormick building to Henry A. McCormick, by the Taylor-Armstrong Lumber company, was recorded yesterday afternoon. A two-story building will go up on the site.

Surveyors in from the Tintic range say there is more snow there now than there has been in the aggregate for two years previous. This means a fine supply next summer of water for Utah lake, as the Tintic range is its western watershed.

Vice President F. J. Conroy of the Bank of Natopia is in the city, and reports business conditions there as gratifying in the extreme. The Short Line is expending \$150,000 in enlarging the local yards, and Salt Lake and eastern capitalists are investing \$1,500,000 in a sugar plant there.

Secy. O. L. Cox of the Y. M. C. A. and Mrs. Cox have returned from their Texas and Louisiana trip. The weather in New Orleans was found to be very raw and chilly, and far less endurable than Salt Lake weather in its stormiest moods. They were glad to get back to this latitude and altitude.

Twenty-three cars of coal were received in this city yesterday, or 600 tons, whereas the consumption here is about 1,500 tons. The reason given is that the miners would work but little during the Christmas holidays, but as they are now back at work in full force, this special shortage will not last long.

One large concern in this city has sold this season 200 sets of chain harnesses to the contractors on the Western Pacific. What price was paid is not stated, but some idea of the same may be had when it is known that the retail price is \$20 per set, without the collars, and with the collars \$28. So it might be figured that the price was about \$5,000.

The registry department of the post-office is so far behind in its detail work, through lack of adequate clerical help, that it will be several months before the same can be caught up with. Two regular men are needed, and during rush times six additional clerks would not be too many. The general office is getting over the holiday rush, and is busy handling monthly statements sent out by local business houses during the first 10 days of each month.

President Stephen A. Stanford of the Young Men's Republican club has announced the following committees: Executive—A. B. Edler, first ward; John Curtis, second ward; Hans Christensen, third ward; John Houghton, fourth ward; A. H. Nash, fifth ward; House—James Ball, first ward; J. W. Currie, chairman, second ward; H. S. Anderson, third ward; Thomas Harper, fourth ward; Fred C. Lofthouse, fifth ward. A meeting of the club has been called for Jan. 19.

The florists report a steadily satisfactory business, with a special call for cut flowers, and with prices that have fallen 25 per cent since the Christmas holidays. There are plenty of white, yellow, red and pink chrysanthemums with the white as the favorites. There are most beautiful roses in the market, of the richest, warmest and most glorious hues of carmine, noticeably the Liberty rose, whose form as well as color appears to be absolute perfection. Moss roses do not seem to be in much demand, as it is said they mature too quickly and then become fragmentary.

Zion's Savings Bank and Trust Co., the largest and oldest savings bank in Utah, pays 4 per cent interest on any amount from \$1 to \$5,000. Write to Joseph F. Smith, president; George M. Cannon, cashier.

C. S. MARTIN COAL CO. Rock Springs, Cumberland, Castle Gate and Clear Creek lump, nut and slack.

FOUR MEMBERS RESIGN.

Board of Public Works Ready to Step Down and Out if Desired.

The resignation of four of the members of the board of public works was handed to Mayor Thompson yesterday. The fifth member of the board, J. D. Wood, is in California hence his name was not attached to the resignation, which is as follows:

Hon. Ezra Thompson, Mayor of Salt Lake City. Dear Sir—We, the undersigned members of the board of public works for this city, having completed the full term for which we were appointed, hereby respectfully tender you our several resignations, and at the same time express to you our hearty wish that your administration may be both successful and prosperous.

Very respectfully,
E. A. WALL,
STEPHEN HAYS,
W. W. RITER,
ALBERT FISHER.

It is reported upon good authority that Mayor Thompson, recognizing the unusually high character of the members of the present board and appreciating the good work they have done, will resign several of the members anyway. Among those who are slated for re-appointment are Col. E. A. Wall, Mr. Wood and in all probability Mr. Hayer.

The board met yesterday afternoon for the purpose of opening bids for the construction of a storm sewer on Ninth South street. Mayor Thompson, however, requested that the matter be postponed and hence the bids were not opened.

Imperfect Digestion.
Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, cleans and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by M. I. Drug Dept., 112-114 Main Street.

ANOTHER "HOLDUP."

Murray Man Says He Was Sand-Bagged, Then Takes It Back.

Oscar Tripp of Murray told a terrible tale of assault and robbery to the police last night, and when he got through he found himself in jail.

He told Officer Carlson that he was sandbagged near the Warm Springs and robbed of a gold watch and \$100 in cash. Tripp was taken into a drug store where a physician dressed his wounds and then escorted him to the police station. Tripp stated that the robbery occurred on Second South near State street, and he declared that he knew where the men were who committed the deed.

Tripp confessed that his story was nothing but "con talk." He was not sandbagged, and was not robbed, but had been drinking and got into trouble in a saloon. He was taken to the station and locked up on the charge of drunkenness. In his pockets was found \$15.

Pleasant and Most Effective.
T. J. Chambers, Ed. Vindicator, Liberty, Texas, writes Dec. 1905: "With pleasure and unqualifiedly by you. I have used it in my family and have found it to be the most effective and pleasant remedy for coughs and colds I have ever used."

Secy. O. L. Cox of the Y. M. C. A. and Mrs. Cox have returned from their Texas and Louisiana trip. The weather in New Orleans was found to be very raw and chilly, and far less endurable than Salt Lake weather in its stormiest moods. They were glad to get back to this latitude and altitude.

Cured Lumbago.
A. B. Cannon, Chicago, writes March 4, 1905: "Having been troubled with lumbago for some time, I was cured by one physician after another; then different ointments and liniments, gave it up altogether. So I tried Chamberlain's Pain-Expeller, and after using it a few days, I was cured. I can cheerfully recommend it to all who are afflicted with lumbago. It is the best I have ever used. Sold by Z. C. M. I. Drug Dept., 112-114 Main Street."

This Day In History.

JAN. 5th

109—Edward the Confessor, Saxon king of England, died; born 1004.

158—Catherine de' Medici cruel and intriguing queen of France, died.

173—Stephen Decatur, commodore U. S. N., born in Sluicpount, Md.; killed in a duel at Bladenburg, Md., 1820.

183—Zebulon Montgomery Pike, soldier and explorer of the Rocky mountains, born in Lambertville, N. J.; killed 1812.

General Pike fell in the attack on Yuma (New Toronto). His explorations were conducted while he was a lieutenant in the regular army.

In 1806, after months of exploration and constant exposure to hardship, he succeeded in tracing the Mississippi river to its source. While exploring the new Louisiana purchase in 1806, he discovered Pike's Peak, in the Rocky mountains.

180—Emma Abbott, prima donna, died in Salt Lake City.

196—Foes fraternized at Fort Arthur. Russian officers permitted to return home in the Louisiana purchase in 1806, he discovered Pike's Peak, in the Rocky mountains.
