Relief from any ailment can be expected when the treatment employed is merely superficial, and does not reach the cause of the disease.

This explains why those afflicted with Catarrh meet with so much discouragement. Though they faithfully take the usual treatment of sprays, washes, and numerous inhaling mixtures, and pass through the summer without much discounfort, as soon as cold weather returns, they find themselves more firmly in the grip of the disease than ever. Such results could hardly be expected if the proper treatment had been given.

Everyone who has had experience with Catarrh will readily admit that it is one of the most obstinate of diseases; it is easy to see, therefore, that it is deep-seated, and that no remedy that merely reaches the surface can have the slightest effect upon it. The only known cure for Catarrh is a real blood remedy, one which gets at the seat of the disease—the cause of the trouble—and forces it from the system.

The right remedy for Catarrh is Swift's Specific, (S. S. S.,) the only blood remedy which reaches deep-seated, obstinate blood diseases, and cures them permanently.

Hundreds who have exhausted the skill of doctors and vainly

deep-scated, obstante blood diseases, and cures them permanently.

Hundreds who have exhausted the skill of doctors and vainly sought relief in the many modes of local treatment, have been cured by S. S. even after having good reason to think themselves meurable. This remedy goes direct to the cause of the disease, and a sure and permanent cure results.

Mr. H. P. Cook, of 22 Walker street, Albanta, tha, asys.

I had such a severe case of catarth that. I was all the time hawking and foiting. Why continue a treatment which has never afforded any permanent good? The continued use of local remedies should prove that there is no hope in them. Take S. S. S. and be cured.
