CONGRESSIONAL.

SENATE.
Tax Bill Passed.
In the consideration of the tax bill a motion to strike out the income tax was rejected by a tie vote. Cole, Corbett and Stewart voted to strike it out, and Nye and Williams against. An amendment was adopted imposing a duty of forty per cent, and vote, on telegraph wire. The bill passed, 43 to 3.

NEW YORK.

Quarantine trouble.—Asianic cholera in New York—High rate of death—Terrible accident.

NEW YORK, 6.—A Washington special to the Tribune says it is rumored and credited in official circles that Hamilton Fish has tendered his resignation. Fish has been urging the President to accept his resignation, as he desires to retire from public life in this country. The President has said that he would not permit him to retire if he could by any means keep him in the State Department as he regarded his staying as a personal favor. It is generally understood that Fish will succeed Motley at the court of St. James.

At the meeting of the quarantine commissioners yesterday, a committee of merchants, headed by Kirkland, read their remonstrance against what they regarded as an exorbitant tax put on vessels arriving at this port. A spiky discussion took place between several of the merchants and Mayors Hall and Kalbfleisch. The board finally adopted the rates as proposed by the doctor's bill.

It appears by the report of the register of vital statistics, to the board of health, that the death rate of this city last week was higher than that of any corresponding week for the past fifteen years. There were 38 deaths from sunstroke or other direct effects of heat. A genuine case of Asiatic cholera, which resulted fatally, occurred in the 8th Ward. But one case of small pox was reported.

A platform crowded with children, of the Roman Catholic Presbytery, at Westchester, N. Y., gave way on the evening of the Fourth of July, as the children were witnessing the discharge of fireworks, and precipitated the mass of human beings to the ground. Over forty children and several adults were severely, and some fatally wounded; among the latter were a monk and two Christian brothers.

OHIO.

New School Board—Instantly Killed.
CINCINNATI.—A new school board was organized to-day, by the election of officers, all of whom favor the Bible in schools.
Jerome B. Johnson, a prominent democratic politician, was instantly killed yesterday by the breaking down of a bridge across which he was hauling saw logs, and a log falling on him.

KENTUCKY.

Accidents—Shot and Killed.
LOUISVILLE.—A number of fatal accidents occurred here and in the vicinity yesterday and to-day, none, singularly enough, from fireworks or similar means. W. P. Bailey, a white, shot and killed a negro, named Thomas Williams, yesterday, who had threatened the lives of Bailey's family.

TENNESSEE.

Patriotism.
NASHVILLE.—Notwithstanding that preparations were made only by foreigners and colored citizens, the celebration of the Fourth was generally a spontaneous outburst in honor of the day; at night a display of fireworks occurred.

PENNSYLVANIA.

Fire and Accident.
PITTSBURG.—A fire yesterday destroyed Graham and Co's tin shop, and badly damaged the adjoining stock of dry goods; it was caused by fire crackers.
In the evening a lamp exploded in the stable of H. Rache, injuring him seriously, and setting fire to the premises which, with an adjacent grocery store, was burned, loss \$20,000.

MISSOURI.

Sudden Death—Legislation to regulate Brothels.
ST. LOUIS.—Dr. Charles A. Pope, an eminent surgeon of this city, died suddenly this evening in Paris.
The City Council, last night, passed an ordinance for the regulation of bawdy houses, based upon and containing many of the provisions of the French, Belgian and European laws on the subject.

ILLINOIS.

Accidents and Fires—Contradicted.
The claims of the opponents of Coele labor.
CHICAGO.—There were twenty alarms of fire here yesterday and last night; loss trifling, aggregating less than five thousand. The usual number of accidents occurred from fireworks and the careless use of fire arms, etc., none fatal.
A fire at Kenosha, Wis., yesterday, destroyed the livery stable and several dwellings; loss eight thousand.
At Keokuk, Iowa, two destructive conflagrations occurred in rapid succession, the first destroying eight build-

ings, including two second class hotels; the second burning an entire block. The firemen were absent on an excursion, and there were serious fears at one time that the entire city would be destroyed. The loss is variously estimated. The first fire was caused by fire crackers.

A correspondent writing from Rochester, Minn., denounces, as false, a despatch from that place, published a few days since, giving a very gloomy account of the crops and prospects in Minnesota. The writer says the prospect is excellent and declares that the statement was made for speculative purposes.
The Times' Washington special says the opponents of Chinese labor are not satisfied with the action of the Senate yesterday, in depriving that race of the benefit of naturalization, but they desire that Congress shall go further, and pass a bill to prohibit contracts for servile labor; and an effort in that direction will be made in the House during the present week.

FOREIGN NEWS.

FRANCE.

New Chinese Minister—A speech of war—Excitement in Paris—France menaced.

PARIS, 6.—Goodyear, an attaché of the ministry of foreign affairs, has been appointed minister to China, vice the Count Lalemant la Pays.
The Imperialist newspaper, editorially lays down as a rule of self preservation, that France must possess the Rhinish frontier, and that without this the country can never be secure.

The Constitutionnel, to-day, says "we learn that the government would consider the Spanish enthronement of Prince Hohenzoller as a check and menace to France; under these circumstances the government has decided to energetically oppose the project."

Prime Minister Ollivier gave a grand banquet last evening, at which a great crowd of people was present, among whom were General Prim and Baron Werther, the Prussian Ambassador. The latter left early in the evening, which fact gave rise to much comment, many asserting that France would have just cause for war if the candidature of Prince Hohenzoller were lasted upon.

WEST INDIES.

Celebration of the Fourth.
HAVANA.—The Americans celebrated the Fourth of July by a dinner, at which, for the first time since the rebellion, northern and southern men met in this city on a convivial occasion.

PRUSSIA.

The Fourth Celebrated.
BERLIN.—The Fourth of July was appropriately celebrated here. Mr. Fag presided at a banquet at which was a large gathering of Americans. Dispatches from other German cities report similar festivities on the same day.

GREAT BRITAIN.

Massacre of Christians in China—Hohenzoller accepts the Spanish Throne.
LONDON.—The Morning Post has a telegram, dated Lieutenants, June 25, giving the particulars of a terrible massacre of Christians, by natives, at Pekin on the 21st of June. The Count de Rochechouart, French Secretary of Legation, and a number of Priests and Sisters of Mercy were ruthlessly slaughtered; a cathedral was also burned and a number of Russians killed.
A well informed correspondent says that Prince Hohenzoller has formally accepted the Spanish throne. The English government approves, the French still object.

ELGIN WATCHES!

MANUFACTURED BY

The National Watch Company

All the grades of the Elgin Watches

INCLUDING THE

"LADY ELGIN"

READY FOR

SPRING TRADE.

The company also call the attention of Watch buyers to the fact that the Elgin Watches now offered have an added improvement over all others, in a new

PATENT DUST EXCLUDER

So constructed as to enclose the works, and form a protection against dust, enabling the movement to remain in order without cleaning double the time that a watch will ordinarily run without this protection.

The company feel confident, after having had their watches three years in constant use, and after having sold many thousands of them in all parts of the country, that the Elgin Watches are the best time keepers now offered to the American public.

OVER FIVE HUNDRED DEALERS

In various parts of the land have unreservedly endorsed them. They are in use upon numerous lines of Railway, including the Union Pacific and the Pennsylvania Central, and are used by the U. S. Army, Navy, and Marine Corps, and by the U. S. Customs Service, and by the U. S. Coast and Geodetic Survey, and by the U. S. Fish and Game Commission, and by the U. S. Geological Survey, and by the U. S. Department of the Interior, and by the U. S. Department of the Navy, and by the U. S. Department of the War, and by the U. S.
