### Disagree on Freight.

New York, June 18 .- For a year or more, says a Montreal dispatch to the Times, the Canadian Pacific and Inter-Colonial railways have differed over traffic originating east of St. John, N. B. The Canadian Pacific railroad insisted on the long haul from St. John, but the Inter-Colonial officials would not consent, declaring that that com pany was bound by its agreement to hand over west-bound freight to the Grand Trunk st Montreal. On account of this dispute the Canadian Pacific transferred the bulk of its winter port business from St. John to Boston.

The Canadian Pacific has now issu a notice that it will not accept freight on the Inter-Colonial except to its terminus, at St. John, or Bay of Fundy ports and points reached therefrom, by the dominion Atlantic railway. Canadian Pacific management state that this is the result of an agreement with the Inter-Colonial.

### Question of Reorganization Security.

New York, June 18 .- The Tribune says: Justice Wilmot M. Smith of the supreme court heard in White Plains, N. Y., arguments of counsel on the question of giving security in the case of re-organization of the Cincinnati, Jackson and Mackinaw railway. He finally reserved decision.

The siyle of the suit is Reiss against Olcott, et al., and the question at issue is whether the Central Trust company or the Guaranty Trust company shall furnish a bond for the plaintiff, who is a stockholder, to secure him against any disposition of the trust securities which were agreed to be issued under the plan of reorganization. Neither trust company was willing to give the bond for \$400,000 to guarantee the new securities and the suggestion was made to require Iwombley & Co., the pur chasers and present holders of the new stock, to deposit a sufficient amount of the issue to secure the plaintiff stockholders. This was not agreeable to purchaser, nor was the offer of the plaintiff to accept the bond of H. McK. Twombley of that firm.

### President Jeffery Coming.
