Have you noticed the increase in walking of late in every community? Many attribute it to the comfort which Allen's Foot-Ease, the anti-septic powder, to be shaken into the shoes, gives to the millions now using it. As Weston has said, "It has real merit."

CLOSING EXERCISES OF RIGBY SCHOOLS

(Special Correspondence.)
RIGBY, May 27.—Last night the closing exercises of the Rigby school were rendered at Peck's hall before a very large and appreciative audience.

The program was an excellent one, consisting of a variety of drills, with flags, Indian clubs, dolls, tomahawks, skipping ropes, newspapers, etc. All were delighted with the exercises. The principal's report shows that about 460 students were enrolled during the year and the actual attendance was 82 per cent of the enrollment, and over 90 per cent of the school population of the district were enrolled. Thirty-two students graduated from the eighth grade and received their diplomas. Nearly 400 succeeded in passing their respective grades; and those who failed to do so were nearly all pupils whose attendance was for less than six months of the school year.

S. A. Barrow and family will leave for California about the last of this week, much to the regret of their neighbors and friends.

The new buildings of the Rigby State Bank company and the Rigby Furniture company are nearly completed.

Wm. A. Crowther and family have moved into their new residence. Wm. C. Tall is having one erected. Many more buildings are under way. Every body is busy, the weather has become favorable, and vegetation is springing forth with bounds, while the blossoming orchards make delightful pictures.

Rigby citizens are pleased to welcome back Mrs. M. J. Hammond, who, after undergoing an operation at Logan, returns much improved.

Howard Hopson and wife of Nampa, Idaho, and Richard Hayes and wife of Gentile Valley, are among Rigby's visitors at present.

A farewell party was held at the L. D. S. meetinghouse on the 30th inst. in behalf of Elder James D. Hoggan, who has been called on a mission to the Western States. OLD MAN BEATEN IN QUARREL AT DAYTON

(Special Correspondence.)
DAYTON, May 24.—A brutal and cowardly attack upon one of the inhabitants of this place was perpetrated on Saturday last, when D. A. Perkins, who was meddling with a fence belonging to James Page, when ordered by the latter to let his fence alone, jumped on Page and beat him unmercifully about the head and body.

Page had gone down into the field to get his plow points for sharpening. He saw Perkins riding around his fence and signalled him to stop. Perkins refused to do so and became angry, striking Page twice, heaping abuse and low names upon him. Page, who is in his declining years and was just recovering from a siege of sickness, was unable to compete with his assailant. Page walked a short distance to his home, leaving Perkins cursing in the field. Page will be laid up for a week or two longer.

The building of the tabernacle is going forward satisfactorily. A large force of teams is working on the canal, but the scarcity of hay and grain is a drawback. The people expect to use the water from the canal this summer.
