ESTRADA AGAINST HIM. ESTRADA AGAINST HIM. It is known to both Zelaya and Ma-driz that Estrada, leader of the revo-lutionists, who are ready to do battle with the government forces at Rama, is strongly opposed to the new president, for it is well understood that Estrada himself has ambitions to fill the presi-dential chair. The hope is cherished, however, that Dr. Madriz, in his new executive capacity, will be able to smooth out many of the rough places and bring about such an amicable con-dition among the people themselves that he will not be compelled to withdraw from office. The morning sitting of congress was given over to dissensions and angry ex-changes between deputies. A motion that congress sit he permanent session was tigorously opposed, and was char-acterized by recriminations on all sides. The motion eventually was defeated.

### Anty Drudge Gives Advice to the Salesman.

Salesman-"Thave a patent washboiler which burns denatured alcohol at much less cost than coal or wood-Anty Drudge-"You'd better go into some other business, young man, if you want to make a living. Since I've been telling the women how to wash elothes with Fels-Naptha in cool or hakewarm water, without boiling, all kinds of washboilers have gone out of style. Good day."

Fels-Naptha will take grease out of dothes in cool or lukewarm water.

It loosens all kinds of grease quick as a wink, and takes out every trace of the spot.

That's why butchers', and painters', and machinists' clothing can be washed better with Fels-Naptha than any other way.

It's easier, too; in summer or winter,
