File Them.

near the surface. Considerable or wa taken out during the ensuing eigh months by lensers who did not go deep er than 300 feet. Since then consider able development work has been don able development work his been done by the companies, and a great deal of low grads use has been blocked out. In May last the Sandstorm is reported to have shipped 400 tons of dump ore to the excepters which neited the com-pany \$4,300. For the past is months no work has been done at the mines and the proposed consolidation will re-sult in renewed activity and prove a stimulus to the camp.

THE COPPER MERGER.

Plans Being Changed to Meet Requirements of Federal Statutes.

New York, Nov 30-The proposed merger of the large copper producing companies is still in process of forma-tion, according to a statement made uday at the office of J. P. Morgan &

today at the office of J. P. Morgan & Company. It is helieved the Standard Oil de-vision however, has altered the plane for the copper combination and those hasing the marter in hand will bring about the coalition of the copper inter-tents in such form as not to be affected by the federal statutes. No announcement of plane is expect-ed for several weeks.
