

## CRASHED INTO EXCURSION TRAIN

Three People Killed Outright, Fifty Wounded.

MOST OF THEM NEGROES.

Responsibility for Disaster Appears To Rest With Crew of the Fast Mail.

Kansas City, Mo., July 12.—Missouri Pacific fast mail No. 7, which left St. Louis at 3 o'clock this morning for Kansas City, crashed into an excursion train, No. 6, southbound from Kansas City, that had become stalled at "Dead Man's Curve," between Little Rock and Lee Summit, at 10:25 this morning.

Three persons were killed outright, two of them negroes, and 50 others were injured. With the exception of one or two of the crew on the fast mail, all the injured were on the excursion train. Most of them were negroes. Eighteen were seriously hurt. The injuries to the others consisted of cuts and bruises. None of the passengers on the fast mail was hurt.

The engine, the mail and the baggage cars on the fast mail went down an embankment, but the rest of that train remained upright, as did the excursion train.

Mrs. J. N. Wells, hip hurt.

Responsibility for the wreck seems to rest with the crew of the fast mail, who failed to stop promptly when flagged.

The engine on the excursion train, which consisted of 12 coaches heavily loaded, broke down. A fireman was sent ahead to stop the fast mail, then about 100 feet from the engine of the fast mail failed to see the foreman flagman and only slackened up when warned by the second man, who was within a short distance of the excursion train. The fast mail was running at a high rate of speed, and it was unable to come to a full stop.

When the fast mail struck it was making 15 miles an hour. The engine, the baggage car and the four mail cars left the track and rolled down the embankment. The engine damaged the engine and baggage car of the excursion train, but the cars remained upright.

Most of the injured were in the baggage car on the excursion train. This car had been turned into a refreshment car and in that were about 50 persons, mostly negroes, making merry. The crash came without warning and they were tumbled into a shrieking, groaning mass, crushed and otherwise mangled. The injured were cared for quickly and every attention was given. When the track was cleared the dead were taken to Lee Summit and the injured brought to the Missouri Pacific hospital at Kansas City. There it is stated tonight that all are expected to recover.

Strikerbreaker Kills Union Man.

Syracuse, N. Y., July 12.—An Italian strike breaker at the foundry of L. C. Stearns & Co., this afternoon shot George Moore, a union member employed elsewhere, but in sympathy with the strikers. Three men are under arrest for complicity in the shooting. Thomas Ross, Anthony Dettor, a sub-boss, and Nick Perrille.

More was fired upon in the street from the factory, and evidence obtained by the police indicated that the man who fired the shots, Ross, however, accused Perrille. A number of Italians who were in the place at the time say that Dettor had given orders to shoot on occasion at union pickets who walked the streets outside the factory. The shots were fired from behind a high picket fence. No immediate cause for the trouble was apparent, but during the long strike there have been threats that blood would be shed. Four rifles were taken from the factory by the police. The rifles are claimed to have been procured by the head of the company and the Italian boss is said to have told his men that they would be protected if they used the firearms.

LEE BROWN'S ANTICS.

Murderer of Policeman Massey Gives His Keeper Much Trouble.

Louisville, Ky., July 12.—John Tinsley, alias Lee Brown, the negro who killed Policeman Louis Massey at Evansville, is giving the Jeffersonville reformatory officials a great deal of trouble. He arouses the guards about midnight and pretends to be dying. Dr. Chase has to be called, and sedatives administered. Brown, or Tinsley, fears to be taken back to Evansville. In spite of his nervous fears, he is impatient.

TAMMANY DOCK BOARD.

Murphy Says It Gave Better Service Than Low Board Has.

New York, July 12.—Charles F. Murphy, president leader of Tammany Hall and former treasurer of the Tammany Dock board, which Dist. Atty. Jerome is attacking in proceedings before Justice Mayer, gave out a statement tonight in which he compares the results and methods of the Tammany board with those of the Strong and Low boards.

Mr. Murphy claims that the city's interests were better served under the

The man on the stage who does the trick of escaping from firmly tied ropes, submits to the bonds with a smile. He knows he can get out of the ropes that are being knotted. Put the same man in the woods and let ducks capture him and him to a tree for torture and he would struggle to the last against the bonds.

When the stomach is diseased there are bonds being woven every hour about the organs dependent on the stomach—heart, lungs, liver, kidneys, etc. The folly of mankind is to passively submit to the fastening of these bonds with no effort to escape until the pain they cause arouses fear.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, kidneys, and other organs, when these diseases, as is often the case, have their origin in the diseased stomach.

He explains the nature and purpose of the "treasurer's office," which Mr. Jerome has referred to so frequently, declares they are in use under another name by the present commissioner, and tender their resignation.

He would have been torn limb from limb on the spot but the horrible crime of the negro demanded a more cruel death. The negro was captured and mob back and the negro was dragged to the village common and bound to a tree.

The mob gave vent to their wild desire for revenge, and it was by the greatest efforts of the leaders that they were kept back.

The confining of the negro was torn from his body and pins, tacks, penknives and every conceivable weapon of torture was stuck into the skin of his back and limbs. He struggled, vainly pleading for his life.

He was allowed to suffer a hundred deaths with his body bleeding in a thousand places.

The almost lifeless form of his little victim was then placed before the glaring eyes of the brute, while willing hands cut the tongue from his swollen mouth.

His cries became incoherent and before the enraged citizens could be checked the skin was literally cut from his back and distributed among the villagers. He died with his eyes on the little girl whose life he had ruined.

His heart was then cut out with jack-knives, his toes and fingers chopped off and carried away as mementos. His bloody and mangled form was then soaked with kerosene and fired.

Found Murdered.

Seattle, Wash., July 12.—With a bullet hole in the side of his head, the body of a well-dressed man was found near the tracks of the Northern Pacific on the Palmer cut-off, about four miles from Auburn this afternoon. Earlier in the day a shot was heard near the spot by the section workers and they later discovered the body of the man. The body of blood was still fresh. All efforts to identify the man have failed. He carried a grip, but there was nothing of value. That a murder was committed there can be no doubt. The victim was about 50 years of age.

Wyoming Lamb Crop Light.

Cheyenne, Wyo., July 12.—Sheepmen say that in all probability there will be fewer sheep in Wyoming during next winter than has been the case for several winters past. The cause of this is that the lamb crop of this year has turned out to be unusually light, in fact not much more than sufficient to supply the market demand which always occurs in the fall. The wool crop was unusually heavy, however, and recompensed the flockmasters for the shortage of lambs.

He died suddenly at 9:30 o'clock in the evening of heart failure, following on nephritis. At this morning's papers contain long obituaries and editorial articles in which they regret the "loss of one of the foremost and most striking of British writers."

OUTRAGED A LITTLE GIRL.

Tacks and Nails Driven Into His Back—Tongue Cut Out—Skin Removed From His Body.

Bluefield, W. Va., July 11.—The little town of Devon, Mingo county, was the scene yesterday of the assaulting of a little 14-year-old girl by a negro, followed by his subsequent lynching by an enraged mob numbering over 500 men.

The little girl was caught a short distance from her home by the negro and carried to a neighboring wood, where her body was tied to a tree, bound and gagged.

Her absence was noticed by the neighbors, who immediately formed themselves into a searching party. She was found in an almost dying condition, but was able to tell to the horrified searchers the story. Will was the cries for vengeance when the little girl's story was heard, but after a consultation it was decided to lay in wait for him.

In a short time he appeared and was just renewing his assault upon the helpless child when the entire mob of concealed searchers emerged and made for him.

He would have been torn limb from limb on the spot but the horrible crime of the negro demanded a more cruel death. The negro was captured and mob back and the negro was dragged to the village common and bound to a tree.

## Agar's Hair Vigor

Stops falling hair. Makes hair grow. Restores color. Cures dandruff. Could you ask anything more? And it's so economical, too. A little of it goes a great ways. Sold for 60 years.

Other cities have made them apprehensive of a similar outbreak here. An organization known as the "Agar" league has been formed to rid the city of what the better element of the negro race calls the "Jim-Crow" negro. Those who will not work with the "Agar" league will be put with a request that they be driven out of town.

Soldiers Attempt to Lynch Negroes.

Leavenworth, Kansas, July 12.—United States soldiers attempted to lynch negroes tonight and over an hour the entire police department was kept busy quelling the trouble. Williams and Brown had engaged the rowdy soldiers and one of them fired a number of shots at a soldier. The soldiers then congregated in great numbers and it was decided to burn the negroes if they could be found. Twenty-five soldiers and a number of citizens went to the homes of Williams and Brown near the old fair ground and surrounded both houses. Ropes had been secured and the old fair ground was surrounded by a line of soldiers. The soldiers were in readiness for lynchings. Policemen with rifles and revolvers appeared on the scene at this time, and by careful maneuvering succeeded in getting Brown and Williams away to the police station. A number of soldiers with revolvers were arrested but were later released.

New York Police Connect a Woman Accomplish with Deed.

New York, July 13.—In the opinion of the police the murderer of Charles W. Roxbury, the tea expert who was fatally beaten late Friday near his home in the Bronx, concludes his crime by putting his woman accomplice to death.

That a second crime and one of a revolting nature has been committed, the officials say there is every reason to believe. This is the description of the body of a woman who was found floating in the water near the Roxbury bridge.
