

RUSSIANS MAKE SUCCESSFUL ATTACK

Japanese Began It, Russians
Withdrew, Counter-marched and
Drove the Enemy Out.

LATTER ARE CONCENTRATING.

Admitted That Their Advance Has
Begun—Evidently Are Threat-
ening Simulatin.

St. Petersburg, Oct. 1.—The war of
flee at an early hour this morning gave
out a telegram from Gen. Sakharoff,
dated Sept. 20, describing a successful
onslaught on a Japanese advance guard
near Yental on Sept. 28. The Japanese
began the fight by attacking a position
held by the Russians at Oulitaidze,
20 miles south of the Hun river. The
Russians withdrew and then counter-
marched and occupied the enemy's po-
sition at Tounyat, north of Yental and
drove the Japanese as far as Yental
station, losing four men wounded,
whereas the Japanese lost 20 killed or
wounded.

Gen. Sakharoff further reports that
a reconnaissance on Sept. 29 showed
that the Japanese force was concentra-
ting in increasing numbers along the
Yental branch of the railroad and that
there is also considerable concentra-
tion of Japanese along the Taltse river
near Benlapu.

Gen. Sakharoff's telegram as given to
the press contains no mention of devel-
opments on the eastern flank. This sil-
ence probably is due to the fact that
details of operations telegraphed to the
czar at Odessa had not reached the
general staff.

It is admitted that the Japanese ad-
vance has already begun along the
whole line, assuming its most active
form in the east, whither Field Mar-
shal Oyama continues to draft large
forces. Operations are also progress-
ing west of the railroad.

A dispatch from Harbin contains the
announcement that the Japanese have
occupied Siachoyho, west of the Liao
river, whence they are evidently threat-
ening Simulatin.

The likelihood of the appointment of
Grand Duke Nicholas Nicolaievitch as
commander-in-chief is increasing. The
Associated Press learns that the grand
duke has informed the officers of the
regiment of dragoons, of which he is
the honorary colonel, of the probability
of his going to the far east, adding
that he would take the regiment with
him as his body guard.

The return to Viceroy Alexieff is al-
most certain and there is good reason
to believe that he will succeed Foreign
Minister Lamsdorff, who may be ap-
pointed a member of the council of the
empire.

The Associated Press hears from the
best authority that the imperial shoot-
ing lodge at Skiernewice has been pre-
pared for the arrival of his majesty,
who is expected there before the mid-
dle of October, the emperor remaining
at Porthof until November 15, when she
will join the czar with her children.

The czar's departure for Poland has
not been expected as it was thought he
would remain in St. Petersburg on ac-
count of the serious situation in the far
east. It is hinted that there are im-
portant motives for his going to
Skiernewice. The visit revives the talk
of a possible meeting with Emperor
William of Germany.

The dowager empress of Russia has
embarked at Reval for Copenhagen.
She has gone to meet the queen of Eng-
land, and it is expected that she will
remain in Copenhagen a month.

St. Petersburg is full of rumors to-
night. It is persistently said that riots
have occurred at Odessa and that cav-
alry charges were necessary to disperse
crowds that had assembled at the sta-
tion shouting, "Down with the war,"
when the imperial train arrived. An
other wild rumor is that the czarovich
is dead. There is not the slightest
foundation for these stories. The im-
perial infant is in the best of health.

DREAD OF HUMANITY

I am compelled by a sense of gratitude
to tell you the great good your remedy
has done me in a case of Contagious Blood
Poison. Among other symptoms I was ac-
tively afflicted with Rheumatism, and got
almost past going. The disease got a firm
hold upon my system; my blood was thor-
oughly poisoned with the virus. I lost in
weight, was run down, had sore throat,
eruptions, spots and other evidences
of the disease. I was truly in a bad shape
when I began the use of S. S. S., but the
persistent use of it brought me out of my
trouble safe and sound, and I have the
courage to publicly testify to the virtues of
your great blood remedy, S. S. S., and to
recommend it to all blood-poison suffer-
ers, sincerely believing if it is taken ac-
cording to directions, and given a fair
trial, it will thoroughly eliminate every
particle of the virus. JAMES CERRAN,
Stark Hotel, Greensburg, Pa.

Painful swellings in the groins, red eruptions upon the skin, sores in the mouth and loss of hair and eyebrows, are some of the symptoms of this vile disease. S. S. S. is an antidote for the awful virus that attacks and destroys even the bones. S. S. S. contains no Mercury, Potash or other mineral ingredient. We offer \$1.00 for proof that it is not absolutely vegeta-
ble. Home treatment book giving the symptoms and other interesting and valuable information about this disease, mailed free. Our physicians advise free those who write us.

OLD MEN QUARREL.

Chas. Young of Wood Creek,
Mont., Shot by William Connor.

Wood Creek, Mont., Sept. 30.—A shoot-
ing affray in which two men, each
more than 60 years of age, participated,
occurred at a ranch, about 10 miles
from Wood Creek this morning. A
man named Charles Young was shot
twice, once through the shoulder and
once through the breast, by William
Connor.

It is not known positively that the
shooting was the result of a quarrel; it
may have been accidental, but it is
said that the two men had had trouble
over a line fence. Young's condition is
serious.

CARRIE NATION IN JAIL.

She and a Gang of Women Broke
Windows in Wichita.

Wichita, Kan., Sept. 30.—Mrs. Carrie
Nation, Mrs. Lucy Filheim, Mrs. Lida
Monitz and Mrs. Myra Melfen broke
two large plate-glass windows in the
Mahan Wholesale Supply company's
warehouse at 6 o'clock this afternoon.
They were arrested and are now in
jail.

One man offered bail, and when it
was rejected he became abusive and he
has been placed in an adjoining cell.
The women knelt in a circle and have
been praying most of the time since
their arrest. Mrs. Nation's hatchet
was taken from her and Mrs. Henry's
hammer, and they both demand the re-
turn of their weapons, which they claim
they cherish.

Largest Elementary School.

New York, Oct. 1.—Accommodations
for nearly twice as many pupils as any
other elementary school in the world
will be found in a skyscraper to be
erected within a few months. It will
be situated in Grand street on the low-
er east side. It is planned that the
new school shall be 10 or more stories
high and have about 15 class rooms to
the floor. The entire building will con-
tain at least 150 class rooms, accom-
modating between 7,500 and 8,000 chil-
dren. The building will be absolutely
fire proof.

Another school building of large type
is now in course of construction on
the east side in Hester street at the
corner of Essex. It is six stories high
and will accommodate about 5,000 pu-
pils.

SUDDEN CHANGE IN WAR SITUATION

Japanese Appear Anxious to Take
The Defensive and Fortify
Their Positions.

THE STRENGTH OF THEIR ARMY.

Comprises a Grand Total of One Hun-
dred and Eighty Bat-
talions.

Mukden, Sept. 30.—A great change in
the situation has occurred. The Japa-
nese now appear anxious to take the
defensive and have fortified a position
northwest of the Yental mines. Ac-
cording to the best estimates obtain-
able, the Japanese army now confront-
ing Gen. Kuropatkin comprises a grand
total of 180 battalions. Allowing 500
men to a battalion, there are 144,000
infantry. In addition there are 6,300
cavalry and 630 guns.

The distribution of the Japanese
forces is as follows: One division of
Benitsaputze, two divisions at the Yen-
tal mines, four divisions on the railway
a little north of Liao Yang, one divi-
sion westward near Hamandense, and
one division at Mandepu.

Russians estimate the Japanese
forces at the following strength: Gen.
Kuropatkin, with the imperial guards and
the Second and Twelfth divisions, a
total of 36 battalions of infantry, nine
squadrons of cavalry, 108 guns, and a
separate artillery corps of 108 guns;
the guards reserve brigade, consisting
of eight battalions of infantry, nine
squadrons of cavalry and 24 guns, and
the reserve brigades of 32 battalions
of infantry and 36 guns, making the
total of Kuropatkin's army 76 battalions
of infantry, 18 squadrons of cavalry and
276 guns.

Gen. Oku's army consists of the
Third, Fourth and Sixth divisions of
24 battalions of infantry, nine squad-
rons of cavalry, 108 guns, one separate
cavalry brigade of eight squadrons,
a separate artillery brigade of 108 guns,
and reserve brigades comprising 24
battalions of infantry, nine squadrons
of cavalry and 25 guns, making the to-
tal strength of Oku's army six battal-
ions of infantry, 26 squadrons of cav-
alry and 242 guns.

Gen. Nodzu commands the Fifth and
Tenth divisions, consisting of 24 bat-
talions of infantry and six squadrons
of cavalry, including reserve, Nodzu's
army consists of 44 battalions of in-
fantry, nine squadrons of cavalry and
120 guns.

A JAPANESE FAILURE.

London, Oct. 1.—The failure of the
latest Japanese attempt to drive out
the Port Arthur fleet and reduce the
fortress has led, according to the Daily
Telegraph's Chief foreign correspondent,
to the decision that the Japanese must
go into winter quarters. Japanese offi-
cers admitting that Gen. Stoessel is
making a superb stand.

"Accordingly," the correspondent
says, "permanent fortifications are ap-
proaching the Japanese lines, and the
Japanese are continually arriving.
Finding it impossible to hold out for-
tress even when they are captured,
owing to the enfilading fire, the only
alternative left the Japanese is to cut
off supplies and communications."
The Daily Telegraph's correspondent
at Simulatin says that the Chinese au-
thorities there have issued an order
forbidding the sale of goods to Rus-
sians, on the ground that it would con-
stitute a breach of neutrality.

The Morning Post's report of a gen-
eral engagement in which the Japanese
were victorious at Mukden, is not con-
firmed in any quarter. It is probably
an exaggerated version of outpost af-
fairs.

The dispatch from Mukden yesterday
reporting that a serious collision be-
tween the opposing armies there is re-

TRIBUTES TO SENATOR HOAR

President Roosevelt and Others
Pay Them to His Memory.

Worcester, Sept. 30.—Rockwood Hoar
today received the following message
from President Roosevelt:
"Accept my most profound sympathy.
The loss is not yours only; but of all
those who believe in the lofty standard
of purity, integrity and fearlessness in
public life."

Lewiston, Me., Sept. 30.—Senator Frye,
president pro tem. of the United States
senate, today named the following sen-
ators to represent the senate at the fu-
neral of Senator Hoar on Monday next:
Senators Lodge, Platt of Connecticut;
Hale, Dyden, Spooner, Beveridge,
Foraker, McComas, Stewart, Cockrell,
Bacon, Daniels, Gorman, Morgan and
Blackburn.

Tacoma, Wash., Sept. 30.—Senator
Fairbanks and his party were on the
summit of the Cascade mountains when
the news of the death of Senator Hoar
reached them through newspapers
which were brought aboard the train.
Senator Fairbanks and his senatorial
companions Senators Dooliver, Foster
and Anthony, expressed deep regret over
the news, as did also Col. Randall, ser-
geant-at-arms of the senate. Senator
Fairbanks said:

"Senator Hoar was a statesman who
held high rank. He was born near
where the opening gun of the American
revolution was fired and was instinctive
with the spirit which inspired those
who laid the foundation of the repub-
lic. He served his country for many
years with conspicuous ability and un-
divided allegiance. He was a man of
great learning, his ideals were high and
to them he was true. He was a pure
American patriot."

Col. Randall expressed himself as fol-
lows:

"Through the death of Senator Hoar
the country has lost a great man.
Richly endowed by nature, supplement-
ed by all that education and culture
could give, coupled with an experience
of nearly 50 years in public life, his re-
sidual makes a candidate more difficult
to fill. As an officer of the United States
senate, I was in daily contact with
him and I came to know, respect and
love him."

Senator Fairbanks is a member of
the committee on judiciary, of which
Senator Hoar was chairman.

Suicided for Love.

Bellingham, Wash., Sept. 30.—Because
his love for his sweetheart was not
reciprocated, Con Hayden, a young man
of Mountain View, last night placed the
muzzle of a rifle to his breast and shot
himself, death ensuing today. Among
his effects were found letters from the
girl to himself, and on the back of a
note the statement that he intended to
kill himself.

MEMBERS OF CABINET.

Taft, Shaw and Moody to Take
Active Part in Campaign.

Washington, Sept. 30.—Four members
of the cabinet, Secys. Taft, Shaw,
Hitchcock and Atty.-Gen. Moody, at-
tended the meeting today. They were
in session with the president for a con-
siderable time, but they gave assur-
ances at the conclusion of the meet-
ing that nothing of serious importance
was discussed. Some time
was devoted to a consideration of the
political situation at least three of the
cabinet members present, Secys. Taft,
Shaw and Atty.-Gen. Moody, expecting
to leave tonight on a campaign
from now until election day as
their official duties will permit.

Atty.-Gen. Moody will make a speech
making tour of the eastern states while
Secy. Taft will leave tonight on a trip
through Ohio, Indiana, Illinois, West
Virginia, New York, New Jersey, Con-
necticut and Maryland.

NEW AMERICAN STATE.

U. S. Asked to Recognize Free
State of the Counani.

Washington, Sept. 30.—The American
government has been formally request-
ed to extend its recognition to a new
state on this hemisphere, the same be-
ing "the Free State of the Counani."
This is the name of a territory for-
merly wedged between the border of
French Guiana and Brazil, claimed by
both nations, but decided by an arbitra-
tor to belong to Brazil. Upon receiv-
ing the appeal from the would be in-
dependent state Acting Secy. Loomis
made an investigation and secured re-
ports from the French and Brazilian
representatives here which satisfied him
that there was no warfare or inter-
ference with the Brazilian claim by
this government.

MAY THRASH SON.

Provided He Is Not Old Enough
To Have His Dignity Hurt.

Chicago, Oct. 1.—A dispatch to the
Tribune from Sheboygan, Wis., says:
A father may thrash his son until
strips are raised without being liable
to arrest for assault, provided the boy
is not old enough to have his dignity
injured, according to a decision of
Judge Kirwan in the circuit court.
Franc Radloff, contractor, was acquit-
ted of thrashing his nine-year-old boy
with a whip because the boy watched a
circus parade.

SERVED HIM RIGHT.

American Vice Consul Fined for
Furious Riding on Motorcycle.

New York, Oct. 1.—Arthur Donn
Platt, American vice consul, has been
fined 10 shillings, according to an
American dispatch from Dublin, for fu-
rious riding on motorcycle within the
city limits. His case was heard in a
police court.

FRANK RYAN COMMENDED.

For Smashing Bottle of Wine
That Miss Welles Couldn't.

New York, Oct. 1.—Frank Ryan, em-
ployed at the navy yard as a rigger,
who smashed against the side of the
battleship Connecticut the bottle of
wine which Miss Alice B. Welles had
failed to break has been officially com-
mended.

Naval Constructor Baxter thanked
him on behalf of all the officers con-
cerned in the launching for the prompt-
ness of action Ryan had shown.
Capt. Baxter also presented Ryan
part of the cord to which the bottle of
wine had been attached.

Mrs. Potter's Season Closed.

Potter has announced the withdrawal
of her play, "The Golden Light," and
not having another play ready, will
close her season at the Savoy theater
tomorrow night.

SENATOR FAIRBANKS FOR PRESIDENT.

Senator Foster Says People Will
Vote For Him for That Office
Four Years Hence.

NO DEMURRER WAS ENTERED.

Vice Presidential Candidate Then Dis-
cussed Settlement of the Alaskan
Boundary Dispute.

Tacoma, Wash., Sept. 30.—Senator
Foster presided over the meeting at
the Tacoma theater, and introduced
both Senators Fairbanks and Dooliver.
The demonstration in their honor was
very brilliant. They were driven to the
theater in a gorgeously decorated car-
riage drawn by four milk white horses
and were loudly cheered by the crowds
which lined the streets, through which
they passed. It was impossible to ac-
commodate all those who desired to at-
tend in the Tacoma theater, and an
overflow meeting was held in the Ly-
ceum theater, at which both Senators
Fairbanks and Dooliver spoke. They
were enthusiastically received at both
meetings and their speeches were liber-
ally applauded.

In introducing Senator Fairbanks,
Senator Foster paid the vice presiden-
tial candidate such a high compli-
ment and added:
"I have no doubt that four years
later you will be voting for him for
president; and that he will be perfect-
ly acceptable in that capacity I am
thoroughly satisfied."

Senator Fulton of Oregon was pres-
ent at the Tacoma theater and spoke
briefly.

Senator Fairbanks discussed at some
length the settlement of the Alaskan
boundary dispute. Importance was at-
tached to his utterances upon the sub-
ject because of his connection as chair-
man with the High Joint commission
and not alone because of his candidacy
for the vice presidency. Zest was also
added to the discussion by the fact that
ex-United States Senator Turner, who
was a member of the commission by
which the adjustment of the line
is now the Democratic candidate for go-
vernor of this state. On this subject
Senator Fairbanks said in part:

"The joint high commission being un-
able to settle the question, the British
commissioners proposed to submit it to
arbitration. The American commis-
sioners were unwilling to assent to this
proposition and to submit to arbitration
territory which had been so long in the
undisputed possession of the United
States and which they believed clearly
belonged to us. The American commis-
sioners were willing that the subject of
the proper delimitation of the line
should be referred to six jurists of re-
pute, three of whom were to be chosen
by the United States and an equal
number by Great Britain and that the
decision of a majority should be binding
upon the two governments. But they
were unwilling to submit the question
to the decision of European arbitration.
The proposition of the American com-
missioners was rejected, whereupon
that question was remitted to the two
governments to be dealt with through
the usual diplomatic channels.

"Some years were spent by the two
governments in an effort to agree upon
a method of settlement. The negotia-
tions taken up by President McKinley
were continued by President Roosevelt,
and a commission of six jurists was
agreed upon, three of whom were to be
appointed by the president of the United
States and three by Great Britain, and
the decision of a majority of the com-
missioners for selection was to be final.
The commissioners were appointed
as agreed by the two governments, and
they convened in London in 1903,
and after due deliberation a decision
was rendered substantially in accord-
ance with the American contention. The
lord chief justice of England, who,
with three British commissioners, joined
with the three United States members
in supporting the contention of our gov-
ernment. Under the decision rendered
by the tribunal the United States will
continue to control the coast line un-
broken as heretofore.

"A grave territorial dispute has been
honorably and peacefully settled. We
are indebted to Republican administra-
tion for the result accomplished. It is
one of the great achievements which
mark for peace, and President Roose-
velt is entitled to great credit for its
accomplishment."

Drowned in Snake River.

Boise, Ida., Sept. 30.—John Long was
drowned in the Snake river at Guffey
yesterday. His body was recovered to-
day. He rode his horse into the stream
and the animal was swept off its feet,
the rider being lost. Deceased was a
man of advanced years and had fol-
lowed the avocation of a prospector.
