

the day, even under those trying circumstances, when I did not feel to lift my heart in supplication, with humble prayer and thankfulness to Almighty God, for being thought worthy of acting as a messenger of the Gospel of Christ to a fallen nation. For it has given me an opportunity to bear my testimony to the courts of that country. In their decision of judgment I was found guilty and sentenced to one month's imprisonment, after having been in prison already for thirty-seven days. I told them I accepted the situation, since they considered themselves able to measure arms with the Almighty and reject a message He had sent for their salvation; but from that time the responsibility should rest upon them, and not on me."

"On the 5th day of June I regained my liberty. I stayed two days in Prague and baptized one man, after which I went to Vienna to find out what our friends were doing there. To my disappointment I found those we had baptized about as good as dead, spiritually, and the others so scared that they did not want to know any more of the Gospel. The fate of those who 'live godly in Christ Jesus' is rather too much for the most of mankind. I have had other prospects since that time, but through opposition and lack of means was advised to come to Switzerland for the time being."

My field of labor is now to preside over the Berne Conference, succeeding Brother Stucki who was released to go home. I shall labor here till I get some means from somewhere and the Lord will open a way for me again in Austria and Bohemia, when I shall return there. For I cannot see that the devil would stir up such a row unless there were some honest people there to embrace the Gospel."

BEAVER STAKE CONFERENCE.

The twenty-fifth quarterly Conference of Beaver Stake convened in the Latter-day Saints Meeting-house in Beaver City, on Saturday, Sept. 27th, and continued on the 28th.

Called to order by President John Ashworth, and after the usual opening ceremonies was addressed by Prest. J. R. Murdock who had now arrived. He said he felt assured we should have a very profitable time during this session; was always pleased to see the time arrive when we meet together in our quarterly Conferences to have our minds refreshed and our spirits renewed, and to talk over our spiritual as well as temporal duties in this eventful dispensation, particularly in regard to our mission here on the earth, and the rolling forth of the purposes of our heavenly Father: spoke with much satisfaction of the hearty response of the people to the call for cash donations for the furtherance of the labors on the Manti Temple, and dwelt approvingly on the improvement among the young people.

The next speaker was Elder Isaac Grundy, who felt pleased to add his rite to the work of the Lord, and spoke of the manner in which we have complied with the commandments of God in yielding obedience through the ordinance of baptism and by the covenants we have made; and portrayed some of the feelings he experienced in his associations with these principles, and explained how we can conquer and in the end gain an exaltation in the eternal kingdom of our God.

Elder John J. Griffiths addressed some good and appropriate remarks on our aptness to forget the teachings we receive from time to time; spoke on the foreordination of certain men, how that they were chosen before they were born to carry on the work of God on this earth, gave expression to some of his views relating to the patriarchal order of marriage and the causes that led the decree of the Almighty to David King of Israel, that he should not build the Temple unto the Lord because he had done wickedly, and exhorted all to be found trying to keep the whole law of God that we may enjoy His love and approbation.

Counselor Parkinson felt satisfied the Holy Spirit of the Lord is with us, and the desires of our hearts have been made known to the Lord in the prayers of those who are here. He gave a good report of the 1st Ward, and said the people feel first rate in that they have contributed of their means as well as their prayers and faith to the building of the Temple at Manti.

Recess was taken until 2 p.m.

On re-assembling Prest. Murdock called on each of the Bishops present to give an oral report of their respective wards, so that we may be advised from them of our true situations as to the advancement we are making. These reports when given were fully satisfactory, showing some improvement generally; in many respects some that were dilatory are renewing their diligence and making some progress in their endeavors to observe the commandments and laws of God; Sabbath schools are prosperous and Improvement Associations are well attended generally, although there is yet room for further improvement. The reports of the different quorums of the Priesthood, so far as given, were all that could be expected at the present time. However, there is much more room for advancement to be made in some of the quorums.

Elder Geo. Eyre made some very interesting remarks on the duties of Ward Teachers, the fulfillment in due time of all the purposes of the Lord, the many subdivisions of the Christian denominations and the unity of feeling that is accomplished with this people through the observance of the revelations of God given in this dispensation,

after which Conference adjourned until to-morrow.

A meeting of the Priesthood held in the evening, at which Apostles Brigham Young and H. J. Grant were present, having arrived from their trip south since the afternoon service. Bishop J. W. Crosby accompanied them and was the first speaker. He treated on the purposes and objects of meeting together in this capacity; the benefits derived from the guidance of the Holy Ghost, and advised a strict observance of the instructions given by the servants of the Lord, and exhorted all to fear God and keep His commandments.

Apostle Grant occupied the remainder of the time in showing there is an individual capacity in man to accomplish, with the aid and assistance of the Lord, whatever he may choose to adopt for good, and in contrast thereto, showed how man may be led to do evil when under the influence of the opposing power. The speaker also urged upon the Elders in Israel to persevere with all due energy in the duties devolving on them in connection with the redemption of the dead, for which end he desired that God would strengthen His people and give them power to resist the evils that are seeking to destroy them.

The Conference was resumed on Sunday at 10 a. m.

The time was very profitably occupied with instructions by the Apostles Grant and Young, upon topics calculated to infuse both energy and spiritual life into the people.

The afternoon services were devoted to the ministering of the Sacrament, the reading of statistical reports, which were all satisfactory, and in presenting the general church authorities, all of which were sustained without a dissenting vote, as were also the local authorities of the Stake. The remainder of the time was occupied by Bishop J. W. Crosby and President's Ashworth and Murdock in instructing, counseling and admonishing the people to refrain from doing evil.

A conference of the mutual improvement associations was held on Sunday evening and a very enjoyable time was had.

A Remedy for Lung Disease.
Dr. Robt. Newton, late President of the Eclectic College, of the City of New York, and formerly of Cincinnati, Ohio, used Dr. Wm. Hall's Balsam very extensively in his practice, as many of his patients, now living, and restored to health by the use of this invaluable medicine, can amply testify. He always said that so good a remedy ought to be prescribed freely by every physician as a sovereign remedy in all cases of Lung diseases. It cures Consumption, and all pectoral complaints.

AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured.
"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me."
HORACE FAIRBROTHER.
Rockingham, Vt., July 15, 1882.

Croup.—A Mother's Tribute.
"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,
MRS. EMMA GEDNEY.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles."
E. BRAGDON.
Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.
