

ROOSEVELT ON REARING CHILDREN

Should be So Brought Up That
They Will Have Things That
Make for Soul of the State.

THE FOOLISHNESS OF PARENTS.

They Spare Their Offspring the Ac-
quisition of the Qualities That Have
Secured Their Own Triumph.

San Antonio, Tex., April 7.—With San Antonio richly decorated with patriotic emblems, flags of all sizes and likenesses of the president, and the streets filled with cheering throngs of people, Theodore Roosevelt today could not mistake the hearty welcome accorded him along the route of the procession from Fort Sam Houston to Alamo plaza, where an address of welcome was delivered and a response was made. The people felt that they had as their guest not only the president of the United States, but a man toward whom the people of San Antonio feel especially friendly on account of the fact that it was here that the Rough Rider regiment was organized.

He was pleased that San Antonio agreed with him in his ideas on race and the future of the nation. He noted with satisfaction the attention Texans were paying to education. The law of the worthy life, the effort in a cause worthy of striving for, was his theme. His reception throughout Texas had touched him, he said. The speech covered much the same ground as former addresses. The president said:

PRESIDENT'S ADDRESS.

"You must train your children up so that in addition to having what counts for material prosperity in a state, you must have the things that tell most for greatness, the things that make for the soul of the state. Here in San Antonio what is the building you're proudest of? (A voice—The Alamo.)

"Exactly, the Alamo. But it is not exactly up to date. Other buildings are larger. You are proud of it because it commemorates forever the spirit of those who made its fame immortal. So in the state itself, important though it is to provide for the industrial welfare of the commonwealth, the thing that is most important is to take care of the really most vital crop, the crop of citizens. The thing which the state needs to care for is the welfare, not merely material, but moral and intellectual as well of the children who are going to make up the state 15, 20 or 25 years hence, and that is why I am glad to see the care which you people of Texas are taking in the training of the generation that is now coming up.

"The thing that is rather distressing to me to see is that sometimes the men and women who have done well in life show a curious inability to train their own children in the way that has resulted successfully to them. I think that all of us know people who because they have worked hard and triumphed feel that somehow or other they will spare their children. They will foolishly spare their children the acquisition of the very qualities which have made their parents triumph. Too often you see the man, and I am sorry to say, the woman, who says: 'I have had to work hard; my sons and daughters shall have an easy time.' He is preparing ruin for the children about whom he says it.

"Of course you want to give your children all the love possible, but it is not right to mistake love for affection. When you spare the child that which alone will enable it to conquer in after life, you are not doing it a blessing, you are doing it the greatest wrong in your power. Bring up the boy and girl alike with the understanding that life is not generally easy; that there will be plenty of rough times, and that what they have to show is not spirit but the ability to overcome difficulties and to overcome them, but a spirit which overcomes them.

"There is only one of my fellow-citizens to whom I will touch my hat

Your Heart

May Be Weak. One
Person in Four Has
a Weak Heart.

One of the surest signs of a weak heart is shortness of breath after exercise. Your heart is not able to pump the blood fast enough to your lungs.

Some of the other symptoms of Heart Trouble are: Pains in the Side, Back and Shoulder; Fainting or Weak Spells; Dry Cough; Swelling of Feet and Ankles; Cold Feet or Hands.

No one can afford to allow a weak heart to go without medicine, because weak heart means poor circulation, and poor circulation means weak lungs, stomach, liver, kidneys, etc.

If, therefore, you suspect heart trouble, begin taking Dr. Miles' New Heart Cure. The Heart Cure will do you good, as it is a splendid tonic for the blood and nerves, and will revitalize your entire system.

Finally, remember, Dr. Miles' New Heart Cure is sold under a guarantee that the first bottle will do you good.

If it doesn't—your money back.

No one can afford to allow a weak heart to go without medicine, because weak heart means poor circulation, and poor circulation means weak lungs, stomach, liver, kidneys, etc.

FREE Package of Dr. Miles' Anti-Pain Pills, The Heart Cure, and a booklet for Palm, Also Symptom Blank. Our Specialist will diagnose your case, tell you what is wrong, and how to cure it. Write to Dr. Miles Medical Co., LABORATORIES, ELKHART, IND.

quicker than to the soldier, and that is the mother, because I think she has a little harder time of it. The mother who has brought up, as they should, a family of young children, is entitled to such respect as no other person in the community is entitled to.

When the end of her life comes there has been any amount of hardship, the sitting up by beds of sick children, the taking care of them, and a mother is entitled to know the difference between night and day as far as the ending of the day's task is concerned; but after all, when it is done, she can look back with a prouder sense of gratification than any one else can have if she has done her duty for her children; and her husband shall rise up and call her blessed. The worthy life of the nation, for the individual, for the mother and the woman is the life of effort for the things worth striving for, and our whole aim should be not to teach those who are to come after us to shirk difficulties and a way to have an easy time in life, but that they are to strive to do their duty, whether that duty is hard or not, and to feel that no approval is so great as the approval of doing their duty.

"We all believe in the Monroe doctrine. I have a little difficulty in getting some of my friends to accept my interpretation of it, but they will in time, because that interpretation has come to stay. We are building the Panama canal. While that will be a benefit to all the country, it will be of most benefit to the Gulf states. We have duties in connection with the great position we have taken. We cannot shirk these duties. We can do them well or not, but we must do them. There is one reason why I want to see a good navy, and we have a good navy.

"I am going to use a simile that I used a couple of months ago in Dallas. In the old days in Texas I understand that there used to be a proverb that, while you would not generally want a gun at all, if you did want it you wanted it quick and you wanted it awfully bad. That is just the way I feel about the navy. I feel that if we have it the chances are that we will not need it; but that if we do need it we must have it awfully bad.

After leaving the plaza the president's progress was again hindered by wildly cheering crowds that lined the streets and he got far away from his way to the fair grounds. After the party entered the fair grounds the rough riders pressed around the president and the secret service men moved away. This informal reception lasted

Belling's Best.

for half an hour, the president greeting and chatting with each of the men who had served with him.

The route back to the city was along Roosevelt avenue and past the arsenal grounds. A large crowd in vehicles of various kinds followed the party and the throngs grew more dense as the cavalcade drew near the hotel.

A banquet was given the president in the Menger hotel this evening by the business men's club. At its conclusion the club gave him a handsome pair of silver spurs with gold buttons and ornaments. The president bade farewell to the rough riders in the parlors of the hotel. His train left for Fort Worth at 11 o'clock tonight.

GREAT LIGHT ON THE COST OF PRODUCING LIGHT

New York, April 7.—Figures giving the actual cost of producing illuminating gas and electric lighting current were brought out today during the examination of officers of gas and electric companies by the committee of the legislature which is investigating lighting conditions in New York city.

It was testified by President George W. Deane of the New Amsterdam company that his concern produced gas at an actual cost of 35.5 cents a thousand cubic feet, selling one-half of the plant's production to the Consolidated company at 32.88 cents and distributing the rest to consumers at \$1 per 1,000 feet.

According to Vice President John W. Lieb, Jr. of the Edison company the average actual cost of illuminating current for the last four years was 4.50 cents a kilowatt hour, the net returns from customers being 9.67 cents, the net profit for the last year being \$2,293,535. A surplus of more than \$4,000,000 set aside for depreciation fund, Mr. Lieb said, been put into the plant. Lieb testified that the net profit of making electricity per kilowatt hour is 1.15 cents.

He said the company had paid interest for all the five years of its existence on \$40,000,000 of bonds and gave the net income of the company for the last five years as follows: 1900, \$334,696; 1901, \$624,127; 1902, \$946,967; 1903, \$1,552,333; 1904, \$2,293,535.

Auditor Henry M. Edwards of the Edison company testified that the company had a cash balance on Dec. 31, 1904, of \$881,800, but that all of the greater part of it has gone back into the plant. The total receipts of the company for last year, he said, were \$5,774,207.

DEPUTY SHERIFF ABDUCTED.

People of Goldfield Make an Appeal to Gov. Sparks.

Reno, Nev., April 7.—As a result of the abduction of Deputy Sheriff Jennings at Goldfield this week, the people of that place, or at least some of them, have prepared an appeal first to Gov. Sparks, and, that failing, then to President Roosevelt for protection against a recurrence of the outrage.

Jennings, it is said, was in charge of a "bull pen" at Cripple Creek, Colo., for the last month. It is alleged, though not proven, that four of the men who abducted him are members of the miners' union.

Gen. Grant on Philippines.

New York, April 7.—At a dinner of the Patria club tonight Brig.-Gen. Frederick D. Grant, who talked about the Philippines, said:

"You hear a great deal of the force necessary to keep these degenerate people in subjection. There are 12,000 soldiers over there. My department in the east maintains 14,000 men to keep you citizens of New York, Boston, Philadelphia, Baltimore and other coast places in the straight and narrow path. As a matter of fact there is one brigade mobilized in the Philippines, ready to strike, I think, in favor of the open door in China rather than against the Philippines."

OF MUNICIPAL OWNERSHIP.

Mayor Elect Dunne of Chicago
Makes Address on Subject in
Cooper Union, New York.

GLAD TIDINGS OF GREAT JOY.

Is What the West Sends the East—The
Course That Chicago Will
Pursue.

New York, April 7.—Fresh from his triumph in the recent municipal election, Edward E. Dunne, mayor-elect of Chicago, tonight addressed a large meeting in Cooper Union under the auspices of the Municipal Ownership league of New York city. He told how he expected to carry out his pledges made in his recent campaign in Chicago to attain municipal ownership of the benefits, as he conceived them, of city control of public utilities, and closed with congratulations to the local league on being pioneers in the movement in New York. His speech was enthusiastically received. Recent agitation in New York for municipal ownership had added interest to Judge Dunne's utterances. James Graham Phelps Stokes, vice president of the league, presided. Judge Dunne said in part:

JUDGE DUNNE'S ADDRESS.

"Men of the East—We bring you tidings of great joy from the men of the west. The exploitation of public property by private capital, with its attendant greed, extortion and corruption has had its day in American cities, but that day is about to end. Next Monday Chicago will announce her intention of dislodging private capital from the control of our street car system. She has succeeded in the operation of her waterworks system, in paying some \$500,000 for the equipment, has lent \$5,000,000 from that department to the sewer system; is today giving the cheapest water of probably any city in America, and has a cash surplus of nearly \$1,000,000. She has also lowered her electric light plant that she has reduced the cost of her lamps from \$125 to about \$44 for her lamps per annum. She is operating both departments as well as her police, fire and educational department, without scandal, graft or corruption, besides cheapening the cost of utilities furnished to the citizens. She will have the same record of success in relation to her street car system.

"The citizens of Chicago have been educated up to the fact that a municipality operating any of the public utilities with much greater satisfaction to the people than can the same utilities be operated by private capitalists. They have learned wherever a city in the west has taken over the operation of its waterworks, gas plant, electric light plant or street railway system that in every case it has saved the cost of it, and the utility to the public has been reduced, the wages of the men who operate them increased, the day reduced and more efficient service rendered.

"The only other serious objection urged in Chicago was that the municipality had no money. There is no force whatever in the objection. The operation of these utilities, either by public or private persons is a valuable privilege. We propose to make all the money necessary to purchase an up-to-date street car system upon certificates which are special or limited promises to pay out of the income collected from that system.

"The operation of public utilities by municipalities is no untried theory. Whenever a municipality has taken over a public utility, as to this utility, it has been a success. There is no motive for the corruption of an alderman in case of a utility operated by the public.

"If good results have been secured in the cities of Europe and Australia, why cannot they be secured in the cities of New York and Chicago and the other cities of America? The men or parties who own the utilities of the city of New York with being so inefficient, incapable or dishonest as to be unable to own and operate their own utilities, frame an indictment against the citizens of these communities which no people will answer at the polls with a verdict of 'Not guilty.'

"The movement in favor of municipal ownership of all public utilities has taken deep root among the intelligent people of this country. It is no passing sentiment. It is here to stay. Municipal ownership and operation of these utilities and governmental ownership of railways, telegraphs and express transportation is a practical question upon which the people must pass within a very short time, and the politicians and parties who ignore this sentiment must be prepared for a short-lived career before the people.

"We in Chicago have no fears as to the results of municipal ownership. We are confident that the will of the people can be carried into effect, and that, too, without the imposition of a single dollar's worth of taxes; and we say to you men of New York that you can, by the exercise of the same determination, bring about municipal ownership in your city of any public utility that you may desire furnished by the people of your city without an increase of taxation upon your citizens.

"I congratulate the Municipal Ownership association of New York and the men who now surround me upon their success, and in this audience upon being pioneers in this movement in the city of New York, and I hope that as great a success will attend the efforts of the people of Chicago."

MILITARY TRAINS COLLIDE.

Eight Soldiers Killed and Twenty-Six Injured.

Harbin, April 7.—By a collision of military trains west of Harbin eight soldiers were killed and 26 were wounded. The accident was due to the fact that the locomotive crew, who were worn out with excessive hours of continuous work, fell asleep and ran past signals.

JOINED FORCES—Good flour, good

baker, result, good bread. Join the great and increasing throng of White Fawn flour users and your bread, cakes, pies and pastry of all kinds will vie with any in town. Don't forget the name of this capital flour, White Fawn.

Free Examination Another Week.

IF YOU ARE SICK AND IN DOUBT AS TO WHAT YOUR TROUBLE REALLY IS—IF YOU HAVE DOCTORED IN VAIN, AND TRIER EVERY MEDICINE YOU KNOW OF WITH LITTLE OR NO RELIEF, THE TROUBLE MUST BE WITH THE "DIAGNOSIS." DON'T LET THIS OPPORTUNITY PASS TO LEARN FREE OF CHARGE EXACTLY WHAT YOUR DISEASE IS AND WHY IT CAN BE CURED. DR. SHORES & SHORES ANY DAY THIS WEEK AND THESE EXPERT SPECIALISTS WILL EXAMINE AND ADVISE YOU ABSOLUTELY FREE.

DR. A. J. SHORES.

DRS. SHORES' ARE RELIABLE.

In dealing with Drs. Shores & Shores you are taking no chances. Drs. Shores have maintained permanent offices in Salt Lake City for fifteen years past—and their business has grown bigger and bigger each year, simply because the people have found out that Drs. Shores treat them honestly and cure their friends and neighbors and charge so small a fee for their services that the poor as well as the rich can be cured.

LOOK OUT FOR THE MUSH-ROOM SPECIALISTS.

Who spring up in a night, claiming to be from "Chicago," "New York" and other large cities. These frauds appear in our city every year when the authorities drive them out of the country districts, where they peddle fake medicine and electric belts and defraud the people all summer. Don't pay out your hard earned money to strangers—don't let the ignorant and inexperienced trifle with your health—come to Drs. Shores, who are endorsed by the entire community—and learn what your ailments are and what can be done for you absolutely FREE OF CHARGE.

WEAK MEN PAY WHEN CURED.

Contracted Disorders.

Be sure your cure is thorough. Not one of our patients has ever had a relapse after being discharged as cured. We cure in less time than the ordinary treatment requires.

Specific Blood Poison.

No dangerous mineral salts drive the virus to the interior, but harmless remedies that remove the last poison taint.

What "Weakness" Is and How We Cure It.

So-called "Weakness" in men is merely a symptom of chronic inflammation in the prostate gland, brought on by early dissipation or by the improper treatment of some contracted disease. A complete and radical cure is therefore, a question of restoring the prostate gland to its normal state, and this we accomplish by our early and complete treatment. It is a local and entirely safe, original and scientific, and has been proven absolutely effective by thousands of tests. We are convinced that by no other methods can full and permanent restoration of strength and vigor be accomplished.

VARIKOCELE

Absolutely painless treatment that cures completely. Investigate our method. It is the only thoroughly scientific treatment for this disease being employed.

Spermatorrhea, Stricture, Piles, Skin and Kidney Disease, Lost Strength, Hydrocele, Organic Weakness, etc., are also among the diseases we cure to stay cured.

BEST SELLING BOOKS.

Record For March.

THE WINNING STROKE

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all-important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without griping, irritating, or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that SYRUP OF FIGS is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.

LOUISVILLE, KY. CALIFORNIA FIG SYRUP CO. NEW YORK, N.Y.
