DESERET EVENING NEWS SATURDAY JUNE 29 1907

There is Money

In Idaho and Western Idaho Sugar stocks at present prices. Every buyer who has bought through us can get more than the purchase price for his stock today. And those who on our advice decided to hold their stocks are now offered and decline to take more than the price they then asked. Now is the time buy. If you have money to invest we can buy for you at the lowest market price; and at a figure that insures you more than 7 per cent ber annum regularly on your in-vestment besides the advance that will follow when the stock and bond market is normal.

HANDLING BINGHAM ORES.

Something About Railroad Equipment Required in Moving Trains.

One of the questions being discussed by eastern stockholders of Bingham corporations, says the Bulletin, is that of transportation facilities for Bing-ham ores and in certain quarters fears are expressed as to the inability of the relroad to meet the situation. It is argreed that unless the ore can be moved fast enough to keep the

rairoad to meet the situation. It is argued that unless the ore can be moved fast enough to keep the mills running to capacity it will cut down the profits, perhaps even cause the big mines tho go behind and of course render the stocks less valuable, and this argument is helping to depress Bingham mining stocks. Within a short time Bingham will be shipping 15,000 thos of ore per day. 300 carloads. As not more than 20 cars cars be brought down at once, that would mean 15 trains per day. Not more than two trips can be made daily and eight locomotives would be re-quired in commission all the time. But to bring the cars back it requires two engines so that not less than 16 would have to be in service all the time.

Would have to be in service all the time. In practise this number would have to be still further increased. With enough long switches along the route there yould be no difficulty in handling the bushness. The railroad company says it will be able to meet all require-ments and that there is nothing to be feared on that account. 45,000 3,978 18,967 feared on that account.

MERCUR SLIMES PLANT.

Machinery Houses Fail to Live up to Agreement-Delay is Result.

President John Dern of the Consoliresident Som Som of the Consol-dated Morcur Gold Mines company ex-pressed himself today as being pretty much put out over the manner in which a prominent machinery firm had filled the order given it months ago for equipment to be used in the new slimes plant at Marcur.

43,174

equipment to be used in the new slimes plant at Mercur. When the order was placed assurance was given that the machinery would be on hand in time for installation be-fore the end of May. Some of it came along all right, but it has been dis-covered that some of the very neces-sary parts of the equipment had not been shipped a few days ago, so as the matter stands there is no certainty as the when the plant will be in shape to begin husiness. begin l-usiness.

TINTIC ORE SHIPMENTS.

Special Correspondence.

Special Correspondence. Eureka, June 28.—The ore shipments from the Tintic mines for the week end-ing today were as follows: Ajax, 3; Bullion Beck, 7; Beck Tun-nel, 12; Centennial Eureka, 38; Carisa, 6; Eagle and Blue Bell, 6; Colorado, 6; Grand Central, 6; Gemini, 5; Lower Mammoth, 6; May Day, 5; Mammoth, 16; Scranton, 6; Tintic Iron, 9; Uncle Sam, 5; Victoria, 2; Yankee, 6. Total, 132.

LITTLE DOING IN

STOCK MARKET

New York, June 29 -- Very languid spec-

were small and fluctuations narrow

ulative interest was reflected in the open-ing dealings in stocks today. Transac-

and mixed between gains and losses. Gains of % in Great Northern preferred,

Canadian Pacific and Canadian Southern.

and a loss of a point in Southern Railway

and a loss of a point in Southern Rallway preferred were the special changes. A more uniform tendency developed within a few minutes after the opening. Small buying orders were placed in Union Pacific, St. Faul, Atchison, the Hill stocks, Reading and Amalgamsted Copper, and those as well as other favorite stocks rose substantially above yeaterday's clos-ing. Buying was not persistent and the market soon became duil but held well.

"It is learned upon authority that cannot be questioned that the Baruch-Ryan-Gug-ganheim crowd of New York are taking steps preparatory to the exercise in the early fall of the option they hold on 1,000,000 shares of Goldfeid Consolidated wtock, by exercising which they expect to gain control of the \$40,000,000 merg-er. increase over 1906, and will, according 66. to the figures furnished by the county Victor Con, -- 500 at 10. Yankee-100 at 59; 700 at 58. commissioners exceed one and a half million dollars. The net proceeds taxed OPEN BOARD. last year fell below the million-dollar Beck Tunnel-100 at 1.87¹/₂. Colorado-100 at 5.55; 109 at 5.60 mark. It goes to show that the mines of the county, which means practical-ly the Tintic district, are in a very prosperous condition. The commis-Colorado-100 at 5.35; 100 at 6 200 at 5.65. Century-500 at 40. Fron Blossom-300 at 1.20; at 1.17 5. May Day-3,500 at 33. ly the Tintic district, are in a very prosperous condition. The commis-sioners believe they have come nearer getting at the right figures this year than at any previous time since the law taxing net productions of mines became effective. The figures submit-ted by the commissioners, showing the taxation of the more important mines of the county for this year follow: Charles Walter Geddes, a mining enchartes whiter creates, a forming the gineer of hiternational repute and the associate of John Hayes Hammond, who is the engineer for all the Guggen-heim mining interests, as well as the engineer who will have charge of the development of the Ryan concessions in the concessions for the ourseled May Day ______, 500 at 67. Mountsin Lake_500 at 67. So, Columbus Con.--1,500 at 2.55; 500 at 2.72%, buyer 60. Sloux Con.--1,300 at 41%. engineer who will have charge of the development of the Ryan concessions in the Congo Free State, is now engaged in making a thorough examination of the Consolidated properties with a view to reporting upon the quantity and quality of one in sight. Mr. Geddes is employed directly by the Guggenheims in his present work. "Since his arrival here a few days ago, Geddes has been muking daily visits to the different Consolidated mines, familiarizing himself with the properties. Before the end of the month he will, it is reported, have the assist-ance in this work of fully hait a dozen mining engineers and exports attached to the Guggenheimstaff. "The report which is to be made will be most minute, and after it shall have been submitted to the New York in-terests, the decision as to exercising the option will be arrived at. "News that the Baruch crowd is actually moving in the direction of an exercise of the option has convinced Goldfield that the control of the merg-er will pass to the hands of the New Yorkers this fall. In consequence, merger stock has developed unusual Sloux Con.-1.300 at 41 %. Seven Troughs-200 at 66. Utah (Fish Springs) \$ 47,000 RECAPITULATION.

000 Over a Mining Deal. Frank J. Hagenbarth was yesterday made defendant in a suit filed in the district court in which Joseph E. Calne of this city and Max Junghandel of Goldñeld appear as plaintiffs and in which the latter seek to collect \$00,000 on a mining deal. According to the complaint, it ap-pears that on Jan. 17, 1007, the plaintiffs entered into a contract with the Lud-wig CO per Mining company to pur-chase various claims located in the Mason district, Nevada, for \$1,000,000, the money to be paid within eight months. On Feb. II, the plaintiffs assert, they made a deal with the defendant to as-sign him their option on the Nevada claims and also to transfer him vari-ous other claims in the same district

claims and also to transfer him vari-ous other claims in the same district for \$200,000. It is asserted the first paydue March 17, and the second payment of \$50,000 May 17, and that neither has

It is stated that the amount of the tax of the Centennial Eureka will pos-sibly be raised as the board of com-missioners is not satisfied with the fig-ures, claiming that the company de-ducts a sum for treating ore which is in excess of that on custom ore. Com-missioners McCune of Eureka and Has-sel of Mammoth have been in Sait Lake this week for the purpose of meeting with the company and adjusting the matter.

'Change Done This Week.' No better evidence of the improved condition of the local mining stock market could be found than a com-parison of the week and month record of sales on the floor of the Salt Lake Stock & Mining exchange. Almost half of the June business was trans-acted during the past six days. It is very evident from this showing that divestors are getting over the scare of a few weeks ago and are buying and selling stocks with old-time vigor. Of course, the Tintic issues have had the lead, and advances have been recorded all along the line. Colorado, Beets Tunnel, Iron Blossom, Lower Mam-moth, are all higher and the attempt to bear Sloux Consolidated has not been very successful. Notwithstand-ing that this stock has been freely of fered there were ready takers for it and in the meantime the management of the company is pushing development for all it is worth on the Phoebe S. claim with the confidence that the Colo-rado vein will be encountered within a short time. One of the sensations of the week has been the rapid rise in south Columbus, which has risen more than a half dollar a share during the present week. There are rumors of a dividend on this stock within the next few months, and while mothing official abeen given out to that effect, if would not be supprising to hear of one being posted in the early antum. .

10, 42 and 44 cents; Crown Point, 69, 70 and 71 cents; Emma Copper 16 cents, and Ely Witch at 95 cents. The closing quotations and sales today were:

Samuel Newhouse was elected presi-dent; D. C. Jackling, vice president and general manager; H. P. Clark, treasurer; William M. Bradley, secre-tary; W. E. Hubbard, D. C. Jackling and Charles W. Whitley were named correspondent writing from General Manager Jackling expects to make a shipment of ore within the next few weeks. declares that from all parts of that camp come excellent reports concerning the developments at the various mines. The work that is being done is most en-The work that is being done is most en-couraging and rapid strides are being made. The Nevada Consolidated is put-ting in a tail drift so the empty cars can be backed to the proper place when the shaft is completed. A drift is being run and crosscuts are being made in order that the ore body may be opened up. With the drifts and crosscuts the caring system will be completed. The blg feature of this crosscuting is that it goes through the ore body, thereby showing they are increasing the ore al-ready blocked out. A rumer that is almost a semi-official report is to the effect that the latest report to the New York office shows that there is three times as much ore in sight as at first estimated. This

TONOPAH DIVIDEND.

The Tonopah Mining company yes terday posted its regular quarterly dividend of 25 per cent, payable on July 22 to all shareholders of record July 9. With this amount the com-pany will have paid \$2,984,000 since its incorporation in July 1901.

UTAH'S BREAD WINNERS.

Exhibit Made by a Few Mines During First Half of Year.

According to figures compiled by Wm. H. Tibbals, the Salt Lake broker, Utah mines have paid puring the first half of shows that there is three times as much ore in sight as at first estimated. This would make 111,000,000 tons in sight, certainly a remarkable showing. The great amount of ore blocked out makes it clear beyond any doubt that results are going to be far greater than was heretofore anticipated by the most san-ming nearly. mines have paid puring the first half of the present year dividends to the amount of \$2,365,885 and the list does not include the Scaranion. Bingham, New Haven, Gemini and one or two other closed corporations from which he received no report. Anyway the following table goes to show that the present year is going to be a big record breaker and with the introduction of several new bread winners before next Christians will bring the aggregate to-tal of very close to the \$5,000,000 mark. Mr. Tibbals makes this exhibit: Beck Tunnel Consolidated a closed heretofore anticipated by the most san-guine people. The Ely Consolidated Copper com-pany at Lyons Springs is working a big force of men, who are engaged at pres-ent prospecting in order to locate the best point for the proposed shaft. The ground of this property extends back close to the Giroux, showing excellent indications. A churn drill is being used. The same device is being used.

CONCENTRATES.

Cashier John M. Hayes of the Utah Copper company is expected home from a vacation on the coast this afternoon.

The June dividend of the Lower Mammoth Mining company, amounting to \$9,500 was sent out to shareholders today.

Broker E. M. West has returned from Alta, very favorably impressed with conditions at the Columbus Consolidat-ed and South Columbus Consolidated mines.

A telegram from Reno today an-nounced the failure of the Reno Broker-age company of that place. It is an-derstood the liabilities of the firm are heavy.

The ore and bullion settlements re-ported late yesterday by McCornick & Company were: Crude ore and concen-trate, \$33,000; base bullion, \$\$6,000.

As was forefold in the "News" sev-eral days ago, the directors of the Daly Judge Mining company yesterday and decided to pass the July dividend. The result was a rapid decine in the mar-ket price of the stock.

Members.
