By Telegraph.
Sent from Sharon last Washington
this evening, for California and New
York; he does not intend to return
here this season.
Col. Roubt Trevelick.
Col. John L. Roubt, formerly
second assistant Postmaster General,
and now the Governor of Colorado,
voluntarily appeared before the
House postal committee to-day,
and absolutely denied that he had
been receiving any money or any
present of value, or any compensa-
tion whatever from F. P. Sawyer,
late, or that he had ever been
routinely approached, or had received
money from any other contractor,
directly or indirectly; the only pres-
ent he had ever received was from
parties doing business with the
department, and they were some
cigars, a few bottles of wine, and a
small keg of Florida oranges, all
trifles in value. He also received a
cane made of California wood from
Congressman Luttrell, as a token of
friendship, and this completed the
list. He had come on from Colo-
rado at his own expense for the sole
purpose of making the statement
under oath, and in order to invite a
further examination if it should be
thought necessary. Mr. Luttrell
replied in a statement that Roubt,
while second assistant P. M. Gen-
eral, had heartily sustained and
aided him in the efforts which he,
Luttrell, made to cause to be
brought before Congress the
bidders from controlling certain
California and Oregon routes, and
in furnishing information for use
in breaking up the swindle.
Going to Receive Don Pedro.
The Secretaries of War, State and
Navy leave here to-morrow for New
York, to await the arrival of Don
Pedro, Governor of the State of
California, and the U. S. Steamer
Minnesota and Albatross have
been detailed to receive him.

More of Park's Testimony.
Before the committee on foreign
affairs, to-day, Park testified that
his opinion of the value of the
land in the Colorado Territory
was based on the representations of
Prof. Shillman, Williams and others,
and that he did not take advantage
of the representations of the
whole.
**Halborn, from the same com-
mittee,** reported a bill to provide
for the sale of desert lands in Cal-
ifornia. On motion of Page it was
referred to a committee of the
whole.
The committee on appropriations
to-day authorized and instructed
their chairman, Randall, to an-
nounce the pending appropriation
bill against all other business in
the House, not only in the evening
but in the daylight sessions; the
committee also announced their
intention to pursue the same policy
with regard to other appropriation
bills, which are soon to follow.
The House went into committee
of the whole on the bill to amend
the act to provide for the sale of
Indian lands to the War Depart-
ment. Several speeches were made,
but the committee adjourned, and
will reconvene to-morrow.

The evening session was devoted
to debate on the legislative ap-
propriation bill. Garfield moved to
strike out the paragraph in refer-
ence to mints, which allows the use of money re-
ceived for the minting and pur-
chase of bullion to be used for defraying
the expenses thereof. He argued
that while the minting of money
would be a good thing, it would
also be a source of revenue to the
Government, and that the ex-
penditures of the Government
should be paid out of the treasury,
and then an appropriation
to be made to the minting of
money. The committee on the
bill, which had been in session
since the morning, took an
active part in the debate, and
the committee's action will
probably be sustained.

Severe Rain and Wind Storm.
LOUISVILLE, 13.—A severe rain
and wind storm, blowing almost
a hurricane, passed over this city
to-day, and a cyclone of rain and
wind, which destroyed considerable
property.
Blocked by a Land-slide.—
IOWA CITY, 13.—A slide oc-
curred about 11 o'clock last night,
on the Chicago, Rock Island and
Pacific railroad track, on the east
side of the Iowa river, at a point
by which two passenger trains from
the West have been shut in all day,
unable to come on or go back; the
train which was stuck at six feet of
mud, and the wagon roads are so
bad that it is with the greatest dif-
ficulty that provisions can be sent
to the stranded trains. The
land-slide will probably be raised
at 7 o'clock to-night, and the
train will be able to proceed.
Wanted to Kill Even With the North.
YANKTON, D. T., 13.—A man
named Geo. Walte, who was at-
tacked by a fever during the past few
months, made a confession to-day
to a detective who was imprisoned
with him for the purpose of
southern, and says that he lost
all his property by the burning of
the house, and that he wanted
to get even with the North.

Fire and Damage by Storm.
LOUISVILLE, 13.—In the suburb
of Germantown, to-night, a hurricane
caused a great deal of damage, and
caused the death of two men,
and the destruction of a large
house, which was crushed by the
falling of the walls of a house.
Murder.
CINCINNATI, O., 13.—Mrs. Sarah
A. Walker was found dead in her
room to-day, with a terrible wound
on her head, and a bullet wound
in her back. Her husband, who
has been suspected of this crime
and arrested.
\$53,000 Fine.
ST. PAUL, 13.—Smith and Park-
er's planing mill at Minneapolis,
was burned last night; loss \$25,000,
insured \$8,000.
Proceedings in Foreclosure.—The May-
or requested to resign.
CHICAGO, 13.—In the U. S. court,
this a. m., proceedings in fore-
closure were entered by the Government
against the distillers of Glaxton
County, Minn., who had failed to
pay the duties on whisky. Mas-
sachusetts is one of the owners in
the foreclosure.

**The committee appointed by the
chairman of the exposition grand
meeting, last Tuesday night,**
waited on Mayor Colvin to-day,
and requested his resignation. The
mayor made no immediate response
to the request, but declined to
submit the request, together with
the committee's report, to the
grand meeting.

**Donald has just been sentenced by
Judge Treat of the U. S. district court,
to three years in the penitentiary,
and \$5,000 fine. McDonald's sentence
dates from the day of his conviction,
Nov. 23, 1874. His counsel made
a strong appeal to the court to sub-
stitute the county jail instead of
the penitentiary, as the place of
confinement, on account of the
better sanitary regulations of the
former, the General being in very
poor health, and suffering from a
chronic disease, but Judge Treat
refused to do it.**

Avery Sentenced.
W. O. Avery was called and
answered; the forfeiture of his bonds
declared a few days ago, was set
aside. Judge Treat then overruled
the motion in arrest of judgment in
this will over one and a half years
and to pay a fine of \$1,000, the
minimum penalty. Mr. Avery was
immediately taken to the county
jail to await his transfer to Jefferson
City.

**A motion was then made for a
stay of execution in Gen. McCutcheon's
case, until next Monday, or until a
reply can be received to the petition
sent to President Grant, praying
for a remission of the six months
imprisonment to which the defend-
ant was sentenced; the motion was
granted.**

Delegates Elected.
COLUMBIA, S. C., 13.—The Re-
publican State Convention adjourned
this morning, after an all-night
session. Governor Chamberlain
was elected delegate to the Na-
tional Convention at Cincinnati,
after a bitter struggle, also Senator
Florence, and Congressman El-
liott. Resolutions were adopted
expressing appreciation of the high
character, statesman-like ability
and consistency of Senator Morton,
and thanking President Grant for
his faithful execution of the laws.

A Big Cruise.
MEMPHIS, 13.—General Allen,
from Bolivar County, Miss., re-
ports that a levee broke, on Mon-
day night, in from Duck Ridge
landslide, and that when he left
the levee was over 100 yards
wide, and washing at both ends;
the levee was between the country
between Lake Bolivar and the river,
including Catfish Point, Williams,
Bayou County, and the upper end
of Washington County.

Republican Convention.
LOUISVILLE, Va., 13.—The Re-
publican State Convention orga-
nized permanently by the election of
Hon. J. B. Siler as chairman.
Resolutions were adopted as report-
ed, and the committee on resolu-
tions and resolutions in preference
for Blaine. Resolutions of the en-
couragement of Morton's course
were adopted as a compliment to him.
Meeting of California Pioneers, etc.
NEW YORK, 13.—The pioneers of
California met at the Stuyvesant
House this evening, and appointed
a committee to co-operate with the
California Pioneers, and to raise
subscriptions for the California
headquarters at the interna-
tional exhibition at Philadelphia.

The case of Gen. James Watson
Webb came to an end this evening,
the jury after an absence of about
two hours, announced their in-
ability to agree, and they were dis-
charged from the further consid-
eration of the case. They stood six
to six.

Advices from Havana report that
the insurgents entered the town of
Sancti Spiritus, on the night of
April 6th; they plundered two
stores, and killed and wounded
several soldiers, but were prevented
from reaching the center of the
town, where the troops repulsed
several attacks.

Stemmen from Cadix continue to
bring cannon and ammunition.
The Spanish troops in the island
now receive better food and more
regular pay than for years past.

After Grant.
The Sun's Washington special
says that Eaton's testimony on the
whisky frauds, to-day, brings
out the question whether Grant
is not a perjurer. Grant, in re-
sponse, declared, under oath, to
protect Blackock, that he didn't
know McDonald had character,
and Eaton shows that he did know
it two or three years before.

A Washington special to the
Post states that the chief clerk of the
General Land Office, L. K. Lippincott,
Grace, Greenwood's husband,
who was summarily dismissed by
having set the many thousands of
acres for defrauding the Government
by means of fraudulent Chippewa
land claims, is missing, and that ef-
forts to ascertain his whereabouts
have failed. He was indicted by
the grand jury here, but before he
could be arrested he fled, and it is
supposed that he has fled to some
foreign country. A full in-
vestigation of his racialities shows
that he was paid about \$50,000 for
passing one thousand fraudulent
claims for Chippewa land scrip,
through the General Land Office.

Barney Williams, the actor, is re-
covering, he has been laboring with
a bad cold, which is bad.

**The first step in the execution of
the silver bill will be the reopening
of the Treasury Printing Bureau.**
Next Monday the Treasury will
mostly girls and women, will be
without employment.

Investigating Committee at Work.
PHILADELPHIA, 13.—The com-
mittee investigating the alleged
irregularities in the League Island
Navy Yard, were in session to-day.
The witnesses were J. Reynolds,
agent for Seyfert, McManus &
Company, E. G. Cottrell, Captain
Wells, Naval Constructor Hart,
and engineers Newell and Duncan.
Cottrell, it is said, was examined
concerning the New York con-
tract, his examination was not
concluded, and he will go on the
stand again to-morrow. N. McKay
has written the committee a letter,
giving the names of witnesses to be
examined in answer to the pub-
lished charges against him.
