

## HAWAII IS ANNEXED.

from Paris by a Two-Thirds Majority.

WAS 42 VOTES TO 23 NOV.

Government Received with Cheers. Resolution Does in the House, and Today.

Washington, July 6.—The annexation of Hawaii is now accomplished, so far as the legislative branch of the government is concerned. Quite imminent was the resolution annexing the islands, and the government seemed of opinion that the American Legation in Honolulu had no alternative but to yield to the will of the people.
