Mining Stocks Were Firm.

Good volume of business, some of it improved figures.

Today's call on the Salt Lake stock exchange brought out a very fair volume of business, which was fairly on the standard established the day before. The sales amounted to 11,200 shares on which there were paid 100% dividends, and the market generally was in good condition, the averages posted being a little off advances of the previous day.

Listed stocks, too, the business during the last three months being in greater demand, and selling better than at any time since 1897, when they started with \$100,000 worth of stock in the market. This year, however, the market has been more active, and the market generally had a better tone than for some time past. Sales on the old exchange reached 21,200 shares, with a value of \$3,632, while on the new the transfers ran up to 43,000 shares, which sold for the sum of \$10,627.

Stocks Active, Especially Dally, and Bonanza and Standard.

The call on the Utah Exchange was freighted with considerable activity, the sales reaching a total of 11,200 shares, which were paid 100% dividends.

Copper dividend-payers the leaders in the market, and the market was in good condition, the averages posted being a little off advances of the previous day.

Prospects had a blemish in April, as the market was followed by news of a strike at the mine, which was due to start at 11 A.M. This had some influence on the market, as it costs about 100% to do damage to the mine, and the market was heavily down at 100%.

While Salt Lake and Dally and Bonanza had advances at 100%,

the market was in some places held.
