

NEW RAILROAD MAIL ROUTE

To be Established Along the San Pedro.

SAVE TIME AND DISTANCE.

Burglary at Ogden—Horne Taylor, a Colored Vag, Gets Ninety-Nine Days on Rock Pile.

(Special to the "News.")

Ogden, Aug. 3.—The home of George Gibson, 415 Thirteenth street, was entered by burglars last night and a pair of trousers and \$15 stolen. Although Mr. Gibson was sleeping in the room where the crime was committed he knew nothing of it till he got up this morning and reached for his unmentionables, and found that they and the money were gone.

NEW MAIL ROUTE

H. P. Thrall, superintendent of the eighth division of the railroad mail service, was in Ogden this morning on his way to Salt Lake, where he will institute a new mail service on the San Pedro railroad. In the past the mail has taken a circuitous route to Lehi, but in future it will go direct by way of Stockton, making a great saving of time and distance in the service.

COLORED VAG SENT UP

Horne Taylor, a colored man, was arrested and taken before Judge Howell this morning charged with vagrancy. He was found guilty and sentenced to 99 days on the rock pile. Taylor is the man by whom Maggie Ketting, a white girl, had a child a few months since. The girl was very anxious to marry her colored boyfriend, but could not do so as the laws of Utah forbid such marriages. The man, on promising to support the mother and child, was dealt leniently with at the time, but has failed to keep his promise, and they have been separated ever since. Taylor had been arrested at the Southern home, a few days ago. Maggie left that institution with her baby, and this morning the girl's sister called at the police station and stated that the former had been called at the family home and left her child and disappeared. The girl's relatives are very much dissatisfied and desire to get rid of the foundling as soon as possible. It was intimated at the trial that the prisoner and the fact doubtless had something to do with the severity of the court's sentence.

GETS MOFFAT ROAD CONTRACTS

Streeter & Lusk Notified That Their Bids Have Been Accepted.

Detroit, Aug. 2.—Mr. Streeter of the firm of Streeter & Lusk, Chicago and Denver contractors, received a telegram while in the city tonight that his firm had been awarded the contract for constructing the new Moffat road, to be built from Denver to Salt Lake. The new railroad will cross the Rocky Mountain range at the head of South Boulder creek and is considered a most difficult piece of engineering work.

OLD ROMOR REVIVED

Report that O. R. & N. Has Purchased the Sumpter Valley Road.

The rumor is again afloat that the Oregon Railway & Navigation company has purchased the Sumpter Valley road, controlled by David Ecker of Ogden and C. W. Nibley of Baker City, Ore., and that the purchase price was \$1,000,000. The Oregon Railway & Navigation company has not yet made a statement on the report, but it is not to be doubted that the report is correct. The road which runs from Baker City to Sumpter and at present ends at Winemore, 40 miles from Baker City, is a big business. It runs through the heart of the rich eastern Oregon timber and taps valuable timber lands. If the road is taken over it is probable the gauge will be changed to that of the O. R. & N.

Right of Way Troubles

The Oregon Railway & Navigation company will not grant a right of way to the State Portage road between Collio and The Dalles. President Mohr of the company has stated that the company has no right of way in the Columbia for the growth of traffic and that the concessions asked for by the state would construct the expansion of the company's facilities.

GOVERNMENT CHAMBERLAIN

Charles Chamberlain announced that the state would at once proceed to acquire right of way by condemnation. President Mohr stated that his company has in view the double tracking of the line on account of the heavy traffic, and that the state Portage road would interfere with its plans.

RELIEF WORKERS BUSY.

Those in Hanna Mine Making Satisfactory Progress.

(Special to the "News.")

Hanna, Wyo., Aug. 3.—The relief workers are now in entry No. 17 in which fire has been burning since the explosion on June 30. Twenty-three bodies are there and some will be brought out today. To date 61 bodies have been recovered and there are 108 still in the workings.

MAY SETTLE WITH FAMILIES

Story of What the Company Proposes for Bereaved Ones.

It is reported that the Union Pacific Coal company at Hanna, Wyo., has offered to settle with the relatives of the men killed in the mine explosion, by giving \$250 to the heirs of the unmarried men and \$500 to each widow, and \$250 additional for each child in the family.

It is not expected that any such, or other compromise will be effected until the coroner's jury brings in a verdict as to the cause of the accident. The company's officials claim that it was not due to any fault of theirs, but are willing to compromise on the basis above mentioned. The coroner's quest begins today, but he believed it will be several weeks before it is concluded.

Considerable excitement was occasioned Saturday afternoon by the explosion of the gasoline engine used in running the hoist at the chutes. The large belt wheel flew into pieces, but no one was hurt.

Due to the caving and gas in entries and in the taking out of bodies is very slow. In 17 where 23 bodies are supposed to lie an unsuccessful attempt was made to work when fire was encountered, which was put out. The rescue team in the shaft is said to be 2,500 feet below the surface.

THE MILLER-ANGLIN CO.

Both the Famous Stars Are Now in Salt Lake City.

They Began Their Week of Rehearsals This Morning and Will Open Monday Next.

"Henry Miller" and "Margaret Anglin" are the names emblazoned in type half a dozen places high, on the front of the Salt Lake Theater this morning. In the dark, cool recesses of the Theater stage, Mr. Miller and Miss Anglin in propria persona, sat this morning, surrounded by the members of their theatrical company, who had been brought across the continent to begin their summer season here. They landed last night after a hot trip from New York. The latter part of it, however, had been rendered exciting from the fact that the notorious Mrs. Hodges and Sheriff Emery boarded their train at Ogden, and that the purchase price was \$1,000,000. The Oregon Railway & Navigation company has not yet made a statement on the report, but it is not to be doubted that the report is correct. The road which runs from Baker City to Sumpter and at present ends at Winemore, 40 miles from Baker City, is a big business. speaking of the recent labor difficulties, says that the trouble in practically every instance was caused by unreasonable demands for money rather than by any real need for it. These agitators have made it a practice to attend every meeting—having no homes to go to, and taking advantage of the absence of many workmen who remained at home, conducted affairs to suit themselves. Then, when the tight pinch came, these transients would skip out leaving the home people to stand the brunt of the fray.

KEFFER MURDER CASE.

Being Argued in Supreme Court of Wyoming Today.

(Special to the "News.")

Cheyenne, Wyo., Aug. 3.—The Keffer murder case is being argued in the supreme court today. James Keffer killed Stage Tender Warren at a lonely stage station on the Lander-Riverton line two years ago. He was convicted and sentenced to be hanged, but a stay was granted pending an appeal to the supreme court. Keffer asked for a continuance in the lower court, and this was granted. The supreme court is now on this point that the supreme court is called upon to give an opinion. If the case goes back to the lower court Keffer's attorneys will endeavor to have the death sentence set aside on the ground that their client is insane.

PATTI'S COMING.

Manager Arranges for Her Appearance Here January 4.

As announced in the "News" some time ago, Mme. Adeline Patti, the singer who a few years ago charmed thousands with her magnificent voice, will appear at the Grand Opera House here in January. She is being managed by her husband, Baron Cedron, and supported by a company consisting of Mlle. Rosa Zamea, violinist; Mlle. Yara Margola, pianist; Aron Heiner, violinist; Edward "Cris" tenor; Claud Cunningham, baritone; and Mme. Gabrielle Aouda, contralto. The musical director will be the noted Roubal Saplo, who has accompanied Patti on many previous tours.

Arrangements for the great diva's appearance in this city have just been perfected by her manager, Marcus R. Mayer of New York. Mr. Mayer says that he and the great singer will be in the city on their way to San Francisco, which is also on their itinerary. At present the distinguished vocalist is enjoying a life of ease and comfort at the beach in Hollywood, where she will remain until the time comes for her American tour. It goes without saying that Salt Lake people will be glad to hear the great singer and that on the occasion of her visit the Theater will be packed from pit to dome.

HERE ON WEDNESDAY.

Ringling Brothers' Shows to Hold the Boards on That Day.

As doubtless all Salt Lake residents know, Wednesday is circus day. On the morning of that day the four-circus cars required to haul the big Ringling organization will arrive from Provo and the circus colony of over 1,000 will quickly go into camp at Eighth South and Fourth West streets, where two performances will be given during the day. In the morning at 9 o'clock the big parade will start from the show grounds. There are more than 600 horses with the show, and all of these, from the aristocratic high-stepper to the commonest hack, will be in the parade. In the parade will be the heavy draught, will have their places in the moving street spectacle. So will the herd of 40 elephants, including the famous "Circus" elephant, mounted soldiers and bands and tableaux floats, fashionable traps, women riders richly adorned, and clowns. The parade is said to cover a stretch of three miles, and will likely be witnessed by an immense throng.

JURY CAN'T AGREE.

That in Murphy Murder Case So Reports and is Sent Back.

(Special to the "News.")

Capner, Wyo., Aug. 3.—The jury in the Murphy murder case which retired at 9 o'clock Saturday night and to a verdict, reported at 9 o'clock this morning that an agreement could not be reached. Judge Carpenter sent them back. It is understood that six are in the majority and the first degree. Three are for manslaughter and three for acquittal.

UTAH'S INDIAN EXHIBIT.

That at St. Louis, to be Made a Special Feature.

Director General S. T. Whitaker of the Utah World's Fair commission leaves tonight for northern Idaho where he will visit the camps of Indians who years ago lived in Utah, and secure from them relics and curiosities for the Indian exhibit. Mr. Whitaker proposes to make in the Utah building at St. Louis, Mr. Whitaker is making sketches of the various articles to be made from beewax, in exhibiting the work of the Utah Beekeepers' association, and to be made entirely out of beewax. MIGHT HAVE BEEN WORSE.

Bad Blaze at the Salt Lake Hardware Store This Morning.

What threatened to be a serious fire occurred at the Salt Lake Hardware store at 10:35 this morning. The blaze was among some stove pipes wrapped in paper in the basement and was caused probably by a lighted match or cigar thrown into the paper. Fortunately it was discovered in a short time and an alarm promptly turned in. The fire boys from station No. 1 responded and extinguished the blaze with a chemical.

Near the fire was a large quantity of caps and cartridges, and had the blaze extended to the explosives considerable damage would have been done. The loss is estimated at \$25, and covered by insurance.

DEIVERCITIZENS' ALLIANCE

Pres. Craig Says it Has No Intention of Driving Any One Out.

—Indignant at Typographical Union's Action in Passing Resolution—No Radical Action to be Taken.

Denver, Aug. 3.—President J. C. Craig of the Citizens' alliance, said today that he believed that the action of the Citizens' alliance of Idaho Springs in expelling union miners, who were accused of complicity in the blowing up of the Sun and Moon converter, would be commended at the meeting of the Denver alliance called for tonight, but that no radical or unlawful action would be taken. He expressed indignation at the action of the Denver Typographical union in adopting resolutions warning the alliance against following the example of the Idaho Springs alliance.

"It is not the intention," said Mr. Craig, "to drive any one out of Denver. But in Idaho Springs the situation was different, for men had been making threats for months and finally resorted to dynamite. I believe the community not only saw considerable expense and also prevented the sacrifice of many lives by the action of the miners and therefore it should be commended."

President Craig said further that a resolution would be introduced tonight to ask the police to enforce rigidly the law against carrying arms. He added that his own life had been threatened, but that he had no fear of violence.

A communication was received today from Sheriff Sandberg of Idaho Springs by a committee of the miners who were expelled from that town, in answer to a letter sent by them to the sheriff, in which they notified him that Gov. Peabody had advised them to apply to the local authorities for protection. Sheriff Sandberg replied that he intends to maintain law and order in Clear Creek county without favor or partiality towards any person or class.

Woodson McCorn, sheriff of Clark county was called. He testified that he arrested Jett on Sunday morning, May 10, in Madison county at his mother's house; that after being arrested he asked for whisky which was not given him and Jett said:

"I hate to be arrested on Sunday as I would not be taken to Winchester if arrested another day. I could be taken to jail to Jackson where I would be all right."

Witness said he asked Jett where he was when the killing occurred and Jett replied: "None of your business."

W. H. Branton, who was recalled by the prosecution, testified that in a conversation with Capt. Even, the leader of the shooting of Marston, Even told him that Jett was the shooter.

At 10:35 a. m., after having presented 42 witnesses, Commonwealth Attorney Byrd announced that the commonwealth rested their case and Judge Osborne adjourned the court till 1:30 p. m., to allow the defendants' attorneys to consult with their clients. The defense will introduce about 20 witnesses
