

AT length Congress has adjourned, yet, contrary to the wills and wishes of some parties, Utah remains in a flour-iahing condition, "Mormonism" is not abolished, and the "Mormona" are not barbarous outbursts against the Jews and it will reign and it will continue to reign more or less until and after the next crusade. The late one is over and it has accomplished nothing to-wards the success hoped for by its friends, but it has brought shame and confusion upon the heads of the chief sctors. Indeed such is invariably the der, obstruct, and overthrow the work of the Almighty. And for that matter Providence will overruls in favor of Providence will overruls in favor of those who trust in it and do right, no matter by what name they are called, for the Scripture says in every nation the man who fears God and works righteousness is accepted of him. This the "Mormons" profess to do, and so far as their performances correspond occasionally gloomy to superficial and of this government. If such notice of occasionally gloomy to superficial and inaxperienced observers, yet others, of more comprehensive experience and broader views, look beyond the present and immediate future and behold in a degree the benefits which will result from current trying circumstances, un-detstanding that to those who live derstanding that to those who live faithfully according to the light given are numbers of liberal Republicans them, all present grievances will work here, and a joint caucue will be held out the more abundant benefits and
