

**Evening News.**  
Saturday, Oct. 20, 1881.

**FLOATING FRAGMENTS.**  
A cow lost by Smith Brothers see advt.

The Utah & Northern Railroad Company offer \$1,000 reward for the capture and conviction of the murderers of Joel Hinckley.

"Uncle Isaac" is coming. He will be seen at the theatre on the 4th and 5th of November. The play known by that name is a fine one, and the combination that performs it most excellent.

A rumor having got about the death of James P. Buckley, at Ogden, was the result of foul play, an inquest was held, which was concluded yesterday, resulting in a verdict of death from pneumonia. So states the Ogden Herald.

A "Subscriber" writes to the news about ditch-cleaning and fish pond in the 19th Ward. We do not publish his communication for the reason that he neglects to observe the simple rule of journalism by omitting to affix his name to it.

**LOCAL AND OTHER MATTERS.**  
Missionaries.—Home missionaries will visit the country wards in this State to-morrow.

Gone to Tooele.—This morning Counselor D. H. Wells and Elder C. W. Pearson left for Tooele, to attend the Quarterly Conference of that Stake, which opened to-day.

Religious.—Usual services at the Tabernacle, beginning at 2 p.m. Sunday Schools in the morning. Meetings in the several wards in the evening.

Priesthood Meeting.—The regular monthly meeting of the priesthood of this Stake will be held in the Salt Lake Assembly Hall, on Saturday, November 5th, 1881, commencing at 11 a.m.

WM. W. TAYLOR, Clerk of Stake.

**Runaway Accident.**—On Thursday evening, on the way from Ogden to North Ogden, the Herald of the former town says, Mr. and Mrs. Berrett and child had a runaway. The wagon in which they were riding was capsized and the inmates were thrown out. Mr. Berrett escaped without injuries, Mrs. Berrett, however, was severely hurt in the region of the spine, and the girl had a three inch long gash inflicted over her right eye, besides bruises on the face and body.

**A Useful Work.**—There will shortly be published, at the office of the *Juvenile Instructor*, a handbook of reference to the history, religion, country, etc., of the Latter-day Saints. It will contain the "Revelation on Celestial Marriage." The work will also include a great many notes and statistics upon a variety of subjects of general and special interest to the members of the Church, and those not connected with it as well. It will be a very useful work, and will supply a pressing want. We believe it will have an extensive sale.

**Prospective Immigration Facilities.**—An exchange says that when the Southern Pacific Railroad is completed, with its connections to New Orleans—an event which the president of the company says will occur before the first of next August, and he is not given to boasting—immigrants will be conveyed by this route from Liverpool to San Francisco for \$40 to \$50. That is a question in which this community is considerably interested. There is a yearly flow of immigration to this region from Europe, and if immigrants from Liverpool can be dropped down at points like this side of San Francisco at rates proportionate to those mentioned above as likely to exist for the through trip to San Francisco.

**Beef Exportation.**—Whatever affects the beef market in the West is interesting to people in this section. The proposed packing establishment at Sherman station will have this effect. A *Boomerang* reporter lately interviewed Mr. M. Frewen, one of the proprietors, on the subject. He said the enterprise was now well under way, and he expected that, within a month, it would be in operation. The capacity of the works, when completed, will be about 300 head of stock per day. It is simply an experiment, however, and only about 1,500 head will be slaughtered this fall. Mr. Frewen's idea is to freeze the meat in the open air, and ship it in that condition to eastern cities. The railroad company has given him rates whereby he expects to be able to materially reduce the price on that article and have a margin for himself.

**The Beating Scorp.**—Last evening we stated that a man named J. Nichols had been arrested for committing a violent assault upon Harry C. Brown, in the 9th Ward. Owing to the lateness of the hour at which the arrest was made, we gave no details. It appears that Brown had been stopping at Nichols' house. The latter had good reason for believing Brown to be on too intimate terms with his wife. He found a letter written by Brown to her, the contents of which so assailed him that he struck the object of his wrath several heavy blows over the head with a pistol. This occurred on Thursday afternoon. The injured man rushed out of the house and finally fell down in a pool of blood in the Third Ward. Some citizens procured a wagon and took him to Doctor Benedict's office, where his wounds were dressed. He refused to tell who struck him. He is supposed to have gone to Cottonwood, and had not been found up to this afternoon.

**Another Murderer Got Abroad.**—Yesterday, Nichols had killed a man, officer A. Smith and W. Salmon found him and asked him if he had killed Smith, he said he had not, but finally said that he had "beaten Brown."

The case is set for Monday.

**Southern Mail Matters.**—There is a good deal of feeling among the people of the southern part of the Territory regarding mail matters. They are not at all on the subject, and think "Uncle Samuel" is not doing the correct thing by them in that department. There has been some talk of a reduction of facilities, but the people are of opinion that an increase would be more eminently proper. We have the same view.

Mr. Joseph Summerhays has just returned from a trip in the direction of our "Dixie," and draws our attention to a few points. For instance, the mail from the north for Sanpete and Sevier counties is dumped off at Nephi, where, for some reason only known to those versed in mail carrying mysteries, it remains twelve hours before being forwarded. As a matter of course, this causes all newspaper intelligence from this section to be disgustingly stale by the time it reaches the subscribers.

Again, the mail from the south to those two counties is dumped out at Richfield, where it stops for eighteen hours before going any further. In this situation of things a man can mail a letter to various places a considerable time ahead to announce his intention of visiting north or south, and get to his destination in plenty of time to tell his friends that the missive is coming.

We may here mention, incidentally, that at Sevier, in Millard County, the arrival there of the mail from the south can never be determined within ten to twelve hours. There are other irregularities, showing confusion in the conducting of the mails that need immediate rectification. The people are asking where the United States mail agent of this section is to be found. If they can reach him they should appeal to him to straighten things out, and if he does not attend to it make an application to the department at Washington. The southern mail nuisance is becoming monotonous.

**The Franklin Tragedy.**—Supt. Geo. W. Thatcher is taking the most thorough measures to capture the villain who murdered Joel Hinckley, on Thursday night, and the people are giving him all the aid in their power. The surrounding country is being searched and guards are stationed at all the outlets from Cache Valley, for the purpose of intercepting the murderers. There is scarcely any doubt that they came near being captured yesterday. A couple of men approached Battle Creek Bridge, and were told by the guard stationed there to halt. Unfortunately the order was given prematurely, and they turned, fled and escaped. The guard waited until the pair had got well on to the bridge, they would probably have been secured.

The agents along the railroad are greatly exercised over the affair, as it develops the fact that men in that position are liable to be foully murdered almost in the heart of a town. It is to be sincerely hoped that the perpetrators of the deed will be caught. If they are not, it will be no fault of the superintendent of the road.

A report that was current in this city yesterday to the effect that the wife of the victim of the deed witnessed the murder, was erroneous, as she was in another part of the building. The murderers first stepped into the room where the mail carrier was lying in bed in one corner, and passed into the room adjoining, where young Hinckley was washing his hands. His back was toward them and when they called to him to hold up his hands did so and turned around, when he received the fatal shot. The carrier was in a position to see the whole affair, but was too much frightened to speak until the men left, when he raised the alarm.

**Theatrical.**—The performance of the fascinating play of "Rose Mitchell" last night by the Hasenwinkle Dramatic Company, was a rich treat. It was most artistically acted, to the delight of the audience.

"Caste" was played at the matinee, this afternoon.

To-night there will be a dramatic feat. Brete Hartle's great play of "Mistress of the Child of the Sierras" will be presented. The company will do ample justice to it, and the weather being now comparatively fine, there will doubtless be a full house.

It is seldom that the Salt Lake public have an opportunity of witnessing as excellent acting as that of which the Hasenwinkle Company is capable.

**Called to Town.**—President Wm. Budge arrived in this city, from his home in Bear Lake Valley, at nine o'clock this morning. His visit is occasioned by the illness of his daughter Julia, who is prostrated with a fever, at the residence of Sister Campbell, in the 14th Ward. The young lady came down at Conference time, with the intention of stopping in the city a few weeks. Her illness is supposed to have originated from having become chilled at the Tabernacle on the occasion of the obsequies of the late Bishop E. D. Woolley. She has been quite ill, but was somewhat improved to-day.

Brother Budge made a very quick trip from Bear Lake, probably the quickest ever made by any person before.

**A Fine Flock.**—Yesterday afternoon a very fine flock of sheep, numbering 3,000, passed through this city in charge of Mr. Moss. They were brought in from the range adjacent to Eastley's Park, and were being moved to the mountains adjacent to this city. It is a healthy herd, and is the property of a number of citizens of beautiful and vitality, including Mr. Moss, who has a considerable interest in it.

**A Bad Hurt.**—Yesterday a young man named John D. Quin was brought to this city from the Park. He had been working at the saw mill of the Ontario mine. While thus engaged his foot came in contact with a buzz saw, nearly severing it at the instep. He was taken to St. Marks Hospital.

**His Whereabouts.**—In answer to the request for information regarding the whereabouts of James Steel, David Nelson informs us that he is in Sacramento, California. A letter to the care of George Thompson will find him.

**Board of Trade.**—The monthly meeting of the Salt Lake Board of Trade will be held in the Council House, on Friday evening, November 4th, at 7 o'clock.

JOHN C. CUTLER, Secretary.

**Twenty-first Quorum.**—The members of the 21st Quorum of Seventies are requested to meet at the residence of the late Stephen Hales, in the 18th Ward, head of Main Street, at 11 a.m. to-morrow.

By order of the Council of the Quorum.

**Variety Entertainment.**—Next Tuesday evening there will be a delectable variety entertainment in the 21st Ward. A very respectable array of talent has been secured to send the performance off with vim and eclat. The first part will be musical, consisting of vocal and instrumental performances of a meritorious character. The second part will be the excellent domestic drama, entitled, *Luke, the Laborer*, enacted by the 21st Ward Dramatic Association. Admission, 25cts; under 12, 10cts. The proceeds will be used for the purchase of seats for the meeting-house.

**Missionary Work.**—We have seen a letter from Elder H. H. Tracy, to Apostle F. D. Richards, giving an account of his labors in the State of New York. He was called at the last April Conference, had spent the time visiting numerous relatives and had held fourteen public meetings. He has brought one family into the Church, who purpose emigrating to Utah next Spring. The letter is dated Oct. 17, and is according to instructions received by him before leaving home, to labor in the States, till fall, and then to return to the Territory.

Tracy is a man of fine abilities, and is a native of Kent, England, from which country he emigrated to Canada, where he joined the Church in early years. From there he went to Missouri, and was with the Saints in all the trying scenes of persecution to which they were subjected. He was also with the Church in Nauvoo, where he worked upon the Temple at his trade, a stonecutter, and was there driven and persecuted in common with his co-religionists. We may mention incidentally that he was a member of the Nauvoo brass band.

Bro. Hales came to Utah in 1851; and began work on the Temple at its commencement, continuing to do so till almost within a few days of his death, there being but one intermission of any duration—when he was on a mission to England in 1845. He was known as an excellent workman.

Brother Hales was a quiet, unassuming man and good citizen. He was true to the cause he espoused, and goes to his rest with a good record.

**F. AUERBACH & BRO.**  
Great Attractions!  
NEW GOODS  
For Every One of our Numerous Departments Arriving Daily!  
OUR SILK and SATIN DEPARTMENT  
Is stocked with the Latest Shades and of Newest Makes. Black and Colored, Plain, Brocaded and Striped Silk Velvets and Velveteens, of the best manufactures in Genoa and Creffette.
