

## A Word to the Corpulent.

Instead of regarding obesity as an abnormal condition, many persons have erroneously considered it as an evidence of health, and any agent that reduces fat is therefore at once suspected of being injurious. Starting to reason from the false position that fat is an evidence of health, it is not surprising that they should, very naturally, fall into the error of supposing that an agent possessing properties capable of reducing corpulency would prove injurious to the health. Reasoning, however from the rational basis, that an undue deposition of fat, constituting obesity, is not a healthy but a morbid condition, it is quite as natural for us to arrive at the opposite conclusion, which is sustained by experience and observation, i. e., that the reduction of fat in cases of corpulency is invariably followed by an improvement of strength, spirits, and physical comforts. *Alian's Anti-Fat* will reduce a fat person from 2 to 5 pounds a week. ## "Matrimonial Trouble"

It is all very fine where young people are courting, having the pleasant *tele-a-tetes*, attending balls, parties, places of amusement, and at last popping the question with a slight pressure of the hand, meeting of the lips, and the day appointed to be made one. Solid comforts and pleasure continue until a family of children are brought into the world, then there is constant anxiety for their health and comfort, and at any time when one of those bright-eyed, rosy-cheeked children is troubled with Coughs, Colds, Hoarseness, Difficult Breathing, or any Croupy Symptoms, a bottle of HALE'S HONEY OF HOREHOUND AND TAR is immediately procured, a few doses administered, the disease annihilated, and then everything again moves along smoothly. This article is now used by almost every family, and gives universal satisfaction. Sold by all druggists at 50 cents and \$1 per bottle, and at the depot, Crittenton's 7 Sixth Avenue, New York City. Great saving to buy large size.
