

THE SEMI-WEEKLY NEWS

Issued Mondays and Thursdays
and Contains All the Cream of
the Daily and Saturday News.

LOCAL BRIEFS.

Bids Open Today—The board of education is meeting this afternoon, to open bids for the new school building near Walker's field.

Registrar Named—The county commissioners have appointed Martha Hackwell of 82 Green street as registrar of the Twenty-sixth district in place of Joseph Mullett resigned.

Prospectus Out—The Rowland Hall prospectus for the coming academic year has been issued. The fall term opens Sept. 12, when the twenty-sixth year of the school begins.

Now in Hospital—Col. M. A. Dougherty of the Carbon Hill mine is in the Holy Cross hospital on account of injuries to his leg received in a fall. An operation may be necessary.

Girl Committed—Hazel Pierce, aged 15, was bound over by Justice Bishop yesterday afternoon, in \$50 bonds to show cause why she should not be committed to the industrial school for stealing.

Grieks Released—Two of the Grieks implicated in the Garfield riot of June 14, have been released from jail on furnishing bonds in \$500 each, the money being raised by their countrymen.

Farewell Party—There will be a farewell entertainment at the first ward meeting tomorrow evening, in honor of Elder M. F. Eakle who is to leave Sunday, on a mission to the Sandwich Islands.

Filed Protest—R. M. Johnson filed a protest yesterday afternoon, with the United States land office in this city, against the issuing of patents to fractional mining claims in Eagle valley, Lincoln county, Nev. Litigation is now being carried on in two states.

Purloined Lumber—Officer Reilly last night arrested one Jacob Polio, who was accused of unlawfully taking lumber from the Parker yards on West Second South street. A charge of petty larceny was preferred against Polio and he will answer in the criminal division of the city court.

Summary Court Officer—Capt. R. H. Allen of the Twenty-ninth infantry, is the new summary court officer, at Fort Douglas. The leave of absence for six months granted to Capt. J. F. Madden of the Twenty-ninth, has been rescinded, and he is ordered to join his regiment at Fort Russell.

Juvenile Band Concert—The "Jinks" Juvenile band will give a concert at the Glenwood Springs, next Tuesday evening. Tickets will be taken at the gate, so that all the windows and the doors of the tabernacle may be kept open on account of the warm weather.

Husband Arrested—Mrs. Ada Derrihan yesterday swore to a complaint, charging her husband, F. M. Derrihan, with assault and battery. The offense is alleged to have been committed on July 24. A short time ago Derrihan was arrested upon a similar charge, at the instance of his mother-in-law, but the case was settled without coming to trial.

Danced in the Air—Fully 1,600 people witnessed the aerostat, J. B. McMann go through the serpentine course yesterday afternoon, at a balloon, at the Salt Palace. McMann descended on a parachute and alighted in the street 100 yards from the starting place. The balloon caught in a bunch of trees not far away. There will be more performances this evening.

Careless Cyclist—Last evening, about 6:10 o'clock, as Grotta, the 8-year-old daughter of Mrs. Elizabeth Coulman of east side street, was going on an errand she was run down and rendered unconscious by a person coasting down the sidewalk on a bicycle. Dr. Allen, who was summoned to the residence, found the girl's collar bone broken. It is stated today that the patient is progressing nicely.

Jan. Workman Killed—While manipulating slag cars at the Bingham Consolidated smelter, a Japanese workman, aged 24 years, fell and was run over yesterday afternoon. He was terribly injured, the right leg being crushed and the right arm completely severed, while other parts of the body were cut and bruised. He was unconscious from the time of the accident until death ensued. The body was brought to Evans' undertaking establishment.

Thompson Held—Edward Thompson, who on Sunday evening, entered the room of Miss Cosgriff at the Kenyon hotel and robbed her of several hundred dollars' worth of jewelry, was arraigned before Judge C. R. Diehl yesterday afternoon. He pleaded not guilty to the charge of burglary preferred against him, and was held to the district court in default of \$250 bonds. He was handcuffed to A. G. Dunklee, held to undergo an examination as to his sanity, and the two were taken to the county jail.

Sprinkling Restrictions—On and after Aug. 1, the sprinkling ordinances of this city will be strictly enforced. This becomes necessary despite the fact that there is more water running from adjacent canyons than for several years past. Had the Big Cottonwood conduit been completed by July 15, which was the intention of its projectors and would have been consumed but for unnecessary delays on the part of the present administration, there would have been an abundance of water in the mains at this time, and lawns and flower beds would not have to be stinted in the needed moisture during the dry and trying month of August, as must now necessarily be the case.

Diplomas Granted—At a meeting of the state board of education yesterday in the office of State Supt. A. C. Nelson the following certificates and diplomas were granted: Five-year certificates—Annie Hurd, Caroline Harrison, C. R. Johnson, J. M. Bishop, Perry C. Fisher, Richard Ure, Winifred Smith, W. R. Wilson, Annie M. Christensen, Claire Gibson, Emma M. Nielson, Elizabeth Pratt and Johnny Beal. Grammar grade diplomas—Molly Alexander, Martha Barnes, Agnes G. Evans, John Peterson, C. G. Nelson, Nellie Lovick, Cathryn Riddle, Florence M. Robbins, Blanche Young and Cora D. Patterson. High school diplomas—Charles Romig, W. D. Parrott and Alice Paul. Temporary high school diplomas—Milner Forgoeth, Clara Longher and J. M. Martin.

Long and Short—The doling of two not very specifically described men, "one tall and the other short," could make a voluminous and highly interesting book. Here is another chapter of what the couple "might have done." They might have robbed Sinder's saloon, for they were on the street, and were seen by a "copy-boy"

of the Associated Press. He reported the discovery at the office where he is employed and police headquarters was called up, and in response Patrol Driver Robert Golding hurried to the scene. By the time he arrived, however, the short man was evidently hiding in the "tall" grass, and the tall man had taken a "short" cut home. If a person will be above suspicion, he should be careful in the choosing of a companion, and not be found in the company of some one very much taller or very much shorter than himself. The combination of long and short is under the ban.

COSTLY MEAL.

Thomas Murphy and Robert Dix Sent to Jail by Diehl.

Thomas Murphy and Robert Dix were sent to jail for five days by Judge C. R. Diehl yesterday afternoon, for obtaining meals under false pretenses. From the testimony it appears that the two men, with a companion, entered the restaurant at 71 west First South street, of which Yee Lung is the proprietor, and the third man ordered meals for all three. When the repeat had been partaken of, the host excused himself for a few minutes and departed. The game to beat the restaurant man was well planned, but did not work as intended. When Murphy and Dix attempted to leave the establishment, Lung demanded the price of the fare. They protested that the other fellow had paid the bill. When this was denied, they said he should have done so, as they had dined at his restaurant. However, Lung kept the two in the place until officers could be summoned. Murphy and Dix will work upon the city rock pile for five long hot days, in payment of two 25-cent meals eaten on "invitation of a friend."

County Assessor Wayland.

J. W. Coulter, of Leslie, S. D., Assessor of Stanley County, relates the following: "I was waylaid by a complication of throat and lung troubles, bronchitis, asthma and a terrible cough, which had affected me for years, when I was persuaded to try Dr. King's New Discovery. It came almost immediately, and in a short time a permanent cure resulted." No other medicine compares with it as a sure and quick cure for coughs and colds. It cures after all other remedies have failed. Every bottle guaranteed at Z. C. M. I. drug store, 112-114 South Main. Price 50c and \$1.00. Trial bottle free.

SALT LAKE MAN ON BEHIVE STATE

What Frank E. McGurrin Tells
Michigan Paper About Con-
ditions in Utah.

THE SMOOT CASE BUGABOO.

Practical Teachings of the Mormon
Faith and Something as to Busi-
ness and Politics.

The following interview appeared in a recent issue of the Kalamazoo, Mich., Gazette, with Banker F. E. McGurrin of this city, who at the time was in the state of his nativity, renewing the memories of childhood's days. The flash heading to the interview reads, "Mormons Not the Foes of Freedom—Frank E. McGurrin Confident the Outside Alarm is Unfounded—Lines Not Marked—Former Kalamazoo Man Head of Large Corporation, Does Not Think the Utah case a Model to America—Saints and Gentiles Well Mixed."

OUTSIDE MISINFORMATION.

The interview is represented as saying, "We get most of our news about the Mormons and the Smoot case from the outside. The difference, but the distinction is not more marked in Utah than they are in Michigan." Then the interviewer remarks, by way of parenthesis, "He (Mr. McGurrin) is emphatic in assertions that religious differences are not marked in Utah, and that a great deal of misinformation has been spread about the people of the United States. He is confident that the Mormons of today do not practice polygamy, do not teach it and do not believe in it."

INSIDE FACTS.

Mr. McGurrin is then reported in direct discourse, "I do business with Mormons and Gentiles and I don't know the difference, except that if there is any distinction it is in favor of the Mormons. They always pay; they are taught to do so. We have Mormon clerks in our Trust company, but the distinction never comes up. We don't care anything about it. Mormons and Gentiles are terms more used anywhere else than in Utah. The sects are no better defined than are Methodists and Presbyterians anywhere else. Lots of men do not go to church at all. Mormons and Gentiles intermarry. Sons of Mormon elders may be members of some other denomination. One of our former senators, Rawlins, a distinguished Democrat, is the son of a Mormon elder, but I doubt if he knows what he is. The younger generation, however, are American, and will not tolerate anything sectarian or bigoted. There is little bigotry in the country. The state is a fine and progressive one and the people are intelligent. I have no fear of bigotry ruling things out there."

A GROWING CITY.

"Salt Lake has about 55,000 people and is growing very fast. It is the central and dominant city in the inter-mountain region, and the only big city between Denver and San Francisco, and Canada and Mexico. Mormonism is the dominant religion, and all the people deal with each other."

SATISFIED WITH SMOOT.

Very rarely do we hear discussions about religion or sects. We are satisfied to be represented in the Senate by Mr. Smoot. He is a good man, and the senators are judges in the case, and if they turn him out we will elect some one else. May be we will send a Mormon, may be a gentile. I would not know Mr. Smoot did I see him, he is nothing to me, but I think he is a very honest and capable man. He is a high official in the Mormon Church. He is a first-class business man, pretty well off—worth half a million or so—and he made it all honestly. Not a man in Utah will claim that he did not. His moral character is admitted to be good, and he is a polygamist in any sense, never has been. He is highly regarded by all our people."

ABOUT POLITICS.

"We have Republican Mormons and Democratic Gentiles, and we think no more of the difference than you do here. The state is naturally Republican by 60 to 75 per cent. In Salt Lake a year or so ago, we elected a Citizens ticket, and all the men elected were gentiles." The interviewer then says that "Mr. McGurrin is confident that only a small per cent of the Mormons ever favored or taught polygamy." "From a merely social standpoint the people generally would not countenance it; there is too much expense in two families. It is therefore news to Mr. McGurrin to hear a great deal of discussion regarding the Mormon religion, and the probability of all gentiles being killed. He thinks he knows a reasonable explanation of the zeal of the order and missionaries who go through the east and south telling horrible tales of Mormon atrocities. A great many saints and missionaries are named by societies and by churches. These men are generally zealots as were some of the earlier Mormons and they believe the horrible things they tell of the Utah sect."
