

"LOST" CONTRACT HAS BEEN FOUND.

Agreement Between City and County on Joint Building of Jail "Discovered."

CITY AUDITOR IS VINDICATED.

Appears Clear that He Has No Authority at Law to Issue Warrant to Councilman Dean.

The Tribune had a long story this morning on Councilman Dean's plight in being denied by the city auditor his pay as janitor of the joint building. Among other things, the paper stated that "the contract between the two bodies (meaning the city council and the board of county commissioners), has not yet been found," thus intimating that no such contract had ever been drawn up. The facts are that such a contract not only exists but has been found, spread upon the records of the county court. This contract was recorded Sept. 28, 1891, at 12:30 p. m., in the office of the Salt Lake county recorder, under the heading, "City and County Building Grounds Shall be Used for Public Buildings and Public Parks and For No Other Purpose."

The contract provides that "no part of the building shall be used for a jail or prison or for public pounds, nor shall the police justice or any justice of the peace or other inferior jurisdiction, now or hereafter, having jurisdiction of crimes or misdemeanors, be permitted to hold court therein, nor shall any part thereof be used for the fire department of said city."

"And said city and county covenant, each with the other, that upon the completion of said building, said block shall at once be laid out and beautified as a public park and playground, under the joint supervision and direction of the mayor of said city, and county chairman, who shall be the agent of said city and county respectively for that purpose, and that the same shall be forever maintained as a public park. The expense of making and maintaining said park shall be paid equally by said city and county, providing that the city shall not exceed \$2,000 per annum, unless both parties hereto hereafter agree upon a different cost."

"Said city and county shall not be entitled to possession of all parts of said building, but the various offices, apartments and parts thereof shall be apportioned and divided between said city and county equally, so that each shall have an equal number of equally desirable apartments therein. Said apportionment shall be made by a joint committee of said city and county, to consist of the mayor of said city and two members of the council to be chosen by said council, and the chairman of the county court of said county and two additional members of the county court thereof to be chosen by said court."

"And the general supervision, care and control of said building and said park, when completed, the repair and maintenance thereof and the employment of all persons whom it may be necessary to employ in and about said building and park for its care, repair and maintenance, shall belong equally to said city and county."

Worry Goes To The Stomach

Tears Down the Little Telegraph Lines That Operate and Control the Digestive Processes.

How To Repair These Telegraph Lines.

I will gladly give any Stomach Sufferer a Full Dollar's Worth of my Remedy Free to Try.

I ask no deposit—no reference—no security. There is nothing to risk—nothing to pay, either now or later. Any stomach sufferer who does not know my remedy takes a full dollar's worth free, if he merely writes and asks.

I willingly make this liberal offer because Dr. Shoop's Restorative is not an ordinary stomach remedy. It does not merely soothe the nerves that control and operate the stomach. The nerves that wear out, and break down, and cause stomach trouble. For stomach trouble is really only a symptom that there is serious nerve trouble inside. That why my remedy succeeds. That is why I can afford to make this offer.

Yet do not misunderstand me when I say "nerves." I do not mean the nerves you ordinarily think about. I mean the automatic stomach nerves over which you have no control. You can't control the stomach, or how they will be irritated and restored. When you write I will send you a book which will make these points clear. But this much is certain—suffering nerves cause all forms of stomach trouble—indigestion, belching, flatulence, nervousness, depression, loss of appetite, and all the ailments that come from a weak stomach. No stomach medicine will do it. Only nerve treatment will do it. Other remedies than Dr. Shoop's Restorative even claim to reach these nerves.

What are the stomach nerves? Worry, probably. Mental anguish—distress—fears—fretfulness and tears down the telegraph wires without which the stomach has no self control. More self control than work will do it. Irregular habits will do it. Overeating will do it. Dissipation will do it. But the effect is the same—stomach failure.

Now matter how these nerves become impaired—I know a way to rebuild their strength—to restore their vigor. It is a life to perfect—rest to health. It is now known in more than fifty thousand homes—more than a million homes—because Dr. Shoop's Restorative.

If you have stomach trouble and have asked a doctor, or tried a medicine, or bought a bottle of his prescription, and he will send you a book which will make these points clear. But this much is certain—suffering nerves cause all forms of stomach trouble—indigestion, belching, flatulence, nervousness, depression, loss of appetite, and all the ailments that come from a weak stomach. No stomach medicine will do it. Only nerve treatment will do it. Other remedies than Dr. Shoop's Restorative even claim to reach these nerves.

Looking Backward

Sometimes Causes Dependency if People Are Not in the Pink of Condition.

Two or three people were talking in Smith Drug Co.'s store the other day, when Mr. Druehl of the Smith Drug Co. remarked that at this time of the year people were very much given to looking backward, and that to his mind nothing that he knew of in all his experience in the drug business caused so much discouragement, blues, evil forebodings and downright dependency, as the fact that one is not so vigorous and hearty as a year ago, and taking up a bottle of Rexall Mucoto-Tone he added, "I don't know of any remedy that will so quickly restore old-time vigor as Rexall Mucoto-Tone. Rexall Mucoto-Tone is designed especially for such ailments as are prevalent just now, such as colds in the head, catarrh of the nose and throat and bronchial troubles, leading up to pneumonia—in fact Mucoto-Tone is a Catarrh remedy, pure and simple. People need never fear all these ailments if their system is clear of Catarrh, and the reason why nine out of every ten people are so frequently troubled with these troublesome ailments is, because ninety-eight out of every hundred people have catarrh, in some form or another. It may not be apparent to every one, but if you are all run-down feel tired out in the morning, instead of being refreshed; restless, despondent, discouraged, Rexall Mucoto-Tone takes right hold and builds you up. It does this because it first of all destroys every trace of the catarrhal germs. Then, just as its name implies, it tones up the mucous tissues that have been damaged by disease, makes you put on flesh and wonderfully increases the appetite."
