CONGRESSIONAL.

SENATE.

WASHINGTON, 1.—The House bill authorizing the binding of public documents for members of Congress was passed.

Conkling presented a petition asking an appropriation of $50,000 for the preliminary survey by army engineers or naval officers of the beginning of a trans-continental railroad from the Republic of Liberia, eastward 1,000, or 2,000 miles, into Niger Valley, and to report upon the country, its population, products, etc., with a view to opening a market for our manufactures with Central Africa. Referred.

Voorhees introduced a bill granting pensions to soldiers and sailors of the war with Mexico, and to the widows of deceased soldiers and sailors. Referred.

Howe presented a memorial in regard to the transportation of animals to the seaboard. Referred.

The Vice President laid before the Senate the House bill for the relief of sufferers by the wreck of the United States steamer *Huron*.

Beck asked unanimous consent to pass the bill now.

Morrill suggested that it be referred to the committee on naval affairs. After a brief discussion it was so referred.

The joint resolution authorizing Rear Admiral Reynolds to accept certain presents from the Emperor of Siam was passed.

Several private bills were passed and the Senate went into executive session. When the doors were reopened it adjourned until 10 on Monday.

HOUSE.

WASHINGTON, 1.—Knott moved to suspend the rules and pass the bill appropriating to each surviving officer of the United States steamer *Huron* $1,000; to each of the surviving seamen $100, and to the widows and children of those who had been lost, an allowance equal to a year's pay of their respective relatives.

Garfield suggested that the bill should also make provision for the case of Captain Guthrie and his crew who were lost in endeavoring to save life from the wreck of the *Huron*. The bill and amendments were both unanimously adopted.

Goode moved to suspend the rules and pass the bill removing all disabilities imposed by the 13th and 14th amendments.

Garfield said if a clause were inserted requiring application for removal of disabilities to the Attorney General, there would be no objection to the bill.

Goode agreed to accept the suggestion, and Baker, of Indiana, objected.

Goode withdrew the bill and immediately reintroduced it, modified, and moved that it pass under a suspension of the rules. Lost—yeas 99, nays 52.

The bill providing that sub-contractors shall receive pay direct from government was referred.

Mills moved to suspend the rules and adopt a resolution instructing the committee on ways and means to revise the tariff making it solely for revenue. The vote showed no quorum, and Wood moved a recess till 10 on Monday. Finally a quorum appeared and Mills' motion was rejected—yeas 66, nays 76—and the House took a recess till 10 o'clock on Monday.

EASTERN.

In Danger of Ruin.

NEW YORK, 1. — The sugar production of Cuba is said to be in danger of ruin. The *Sun* presents statistics to show that the Spanish colonial rule has so burdened industry as to make it unremunerative. It asserts that this year's yield will be deficient and that it does not now pay to make sugar in Cuba. Sugar planters are now financially embarrassed because standing crops are no longer good security for loans, as the sugar when made may not suffice for taxes.

Business Indications Favorable.

One of the most favorable indications in the east is the fact that the recent bank failures at Chicago and elsewhere cause no general alarm. It indicates that business management is now on a cautious and firmer basis than in the past. Foreign investors are more easily alarmed than our own, consequently the threatening of public credit by Congress has already brought home for sale some few United States bonds, just enough to show the color on Wall Street.

Burglary—$1,000 Reward.

On the morning of Monday, Oct. 18th, it was discovered that the office of the Mariposa Land and Mining Company in this city had been entered before the business hours, by a burglar, who was supposed to have had duplicate keys to the outer office, and to some of the desks and lockers. Soon afterward the counsel, who was preparing for the argument of the motion made in behalf of the stockholder Wallace to continue the injunction against Eugene Kelly & Co., applied at the office of the company for some documentary evidence, when it was discovered that certain of these documents had been abstracted by the burglar. Among the stolen documents were the original rough minutes of the last annual meeting of the stockholders of the company, the original ballots cast at said meeting and the original proxies and powers of attorney upon which such ballots were cast. It is believed by detectives that the burglar with the stolen papers in his possession is now in California, and the company offers $1,000 reward for information that will lead to his arrest and conviction and the recovery of the papers.

Suit on an Endowment Policy.

Milton S. Latham has sued the Universal Life Insurance Co. on an endowment policy for $10,000 with profits, payable when he should be fifty years old. The policy was taken out in the Widows' and Orphans' Benevolent Life Insurance Co., and by four successive reinsurances has become a claim upon the Universal Life. The defence is technical only, in no way affecting the justice of the plaintiff's claim. The decision is reserved.

In a Critical Condition.

A midnight dispatch from Springfield, Mass., to the agent of the New England press, says: There is no change in the critical condition of Bowles. He is conscious, free from pain, and may live a day, or he is liable to pass away any hour.

More Indian Depredations.

CHEYENNE, Wy., 1.—The Deadwood *Evening Times* says: Reports reached this city this morning that the Indians were numerous in the vicinity of Redwater and had commenced depredations by killing a ranchman, whose name we are unable to learn, other than Hand. The particulars of the shooting were not known, as he had gone out on an expedition alone and was not seen again until his corpse was discovered near the mouth of Spearfish.

Horrible Affair.

DETROIT, 1.—Two years ago Lyman Blackman, a farmer, living near Birmingham, Mich., deeded his farm to his son Henry, on condition that he should support his parents and sister. He failing to do this, his father started for Pontiac to-day to get out the necessary papers revoking the deed. In his absence, Henry quarrelled with his mother and sister, which resulted in his shooting and killing them both and setting fire to the house and barn. He is now in jail at Pontiac.

Wool Market.

BOSTON, 1.—Wool in fair demand from manufacturers, who, notwithstanding the quiet condition of trade, have taken considerable quantities of wool, the average sales of domestic for the last seven weeks being 1,388,000 lbs. per week. Combing and delaine fleeces are comparatively quiet, but prices are well sustained. California wool continues to meet with good demand, about one-half of the sales of the week having been of this description. Sales comprise Ohio and Pennsylvania No. 1, X and XX at 42½ @ 46; Michigan X 40; Wisconsin X and No. 1 40 @ 43, delaine and combing 45 @ 55, unwashed delaine and combing 35 @ 37, unwashed fleeces 18 @ 32, tub washed 41 @ 45, scoured 40 @ 90 (?), super and X pulled 33 @ 45. Sales of California include 677,000 lbs., of which 490,000 were spring, at 19½ @ 35, and 187,000 lbs. of fall, at 14 @ 26½.

Last Night's Dispatches.

EASTERN.

Considerable Speculation.

WASHINGTON, 2.—There is considerable speculation regarding the nominations now before the Senate in its committees. The opinion is expressed among very many that should the Senate and House, by a concurrent resolution, adjourn *sine die* before noon to-morrow, the nominations fall, but should the special session run into the regular session, they stand before the Senate in their present shape. The subject is before the Attorney General, but his opinion has not transpired. The precedent mentioned is in the 13th Congress, called in extra session in September, in which instance there was no *sine die* adjournment, and the business was continued in the regular manner.

Capture of Two Freight Trains by Indians.

DEADWOOD, 2.—A large party of Indians attacked and captured two freight trains, owned by Hock and Wilson, on the Fort Pierre route to the Hills.

Another party of Indians killed three ranchmen in the vicinity of Spearfish, yesterday.

Considerable uneasiness is felt throughout the Hills, and the county commissioners have applied to Generals Sheridan and Terry for military assistance.

Shooting—Jealousy the Cause.

NORFOLK, Va., 2. — Benjamin Godfrey, aged 19, shot and instantly killed Miss Mollie E. Wininger, aged 17. Godfrey then shot himself, and will probably die. Cause—jealousy.

Another Murder.

CLEVELAND, O., 2.—Charles R. Magill, a cabinetmaker, 27 years old, killed his mistress, Mary Kelly, in a house of ill fame, this afternoon. Jealousy was the cause of the murder. The murderer gave himself up and was taken to the central station.

Destructive Fire.

JACKSON, Tenn., 2.—A fire broke out at 11 30 p. m. in the furniture store of Robinson & Hewitt, the entire block being consumed. Strenuous egorts are being made to keep it confined to the block in which it originated. Fears are entertained that several persons were buried under the falling walls.

Died for Each Other.

MONTGOMERY, Ala., 2. — This morning the bodies of Antonio Nicrosi and Miss Aurelia Sharp were found in the cemetery, with a pistol ball hole in each head. A note from Nicrosi indicates that they were willing to die for each other. It is supposed that Nicrosi shot her and then killed himself.

FOREIGN.

GREAT BRITAIN.

Eastern War News.

LONDON, 2.—A dispatch from Kars says, intelligence has been received here that the Turks have abandoned Khatzubani Heights, near Batoum, and the Russians occupied them.

A dispatch from Bucharest reports that recent desertors from Plevna assert that Osman Pasha declared his intention of making a sortie, if not relieved within a fortnight.

General Ignatieff and Prince Gortschakoff go to general headquarters on Tuesday.

A Russian official dispatch says that after the capture of Plevna the Turks abandoned Novatchen, Skirvena and Orchanie, retreating to a Balkan defile near Uretchest. The country between the rivers Iaker and Ogust is quite free from Turks. We have occupied Belobrov and Litchevo on the Ogust.

Scotch Hierarchy Re-established.

The Pope has written an autograph letter to Queen Victoria, thanking her for permitting the re-establishment of the Scotch hierarchy.

Reward for Coolness.

A dispatch from Bogot reports that Captain Greene, of the United States military attaches, has received the Russian order of St. Andrew for his coolness in the battles at Schipka Pass and Plevna.

AUSTRIA.

Imprisoned for Life.

VIENNA, 2.—The death sentence of M. DeTourville, for wife murder, has been commuted to imprisonment for life with hard labor.

FRANCE

The Present Situation—A Duel.

PARIS, 2. — A meeting of 1,500 merchants and manufacturers, to-day, drew up an address appealing to the patriotism of President MacMahon to yield to the wishes of the majority in view of the threatend ruin of trade and the interests of the international Exhibition.

At a meeting of 120 members of the Republican Left, it was decided to refuse to vote any part of the budget until the government returned to its parliamentary courses.

M. M. Larssant and De La Rochette, members of the chamber of deputies, fought a duel to-day. The The affair grew out of a publication by De La Rochette of a disparaging letter in the *Univers*. M. De La Rochette was wounded in the thigh.

ITALY.

The Pope Insensible.

ROME, 2.—The Pope was insensible for three hours this morning. This symptom is not new, but the fit was unusually prolonged.
