ANGORA GOAT INDUSTRY.

Trail and Aerial Tramway Over Colorado Nearly Completed.

Special Correspondence.
Kanab, Kane Co., Aug. 28.—Floods have been frequent here for some time washing through the town, cutting out the ditches and washing out the roads. It was required almost constant care to keep the roads in a passable condition, and the ditches so that they would carry water.

ANGORA GOAT INDUSTRY.
The Angora goat industry is growing here, and the returns from the sale of the mohair has just been received. It was graded and sold as per quality, netting the producers from 20 to 35 cents a pound. The Angora goats from which it was produced are doing well. They thrive where sheep would not exist. A promising industry is being built up in the care and production of the Angoras, as the mohair is called for in the manufacturing of certain popular fabrics.

The report comes that the trail down the Bright Angel is completed, and the cable ready to stretch for the aerial tramway across the Colorado River. President E. D. Woodley and D. D. Risi made the descent in seven hours, with loaded pack horses. They will be ready to make the trail in a few days, and the sensation of such a descent is well worth the visit to the Grand canyon, and nowhere can a grander view be obtained than from the head of the Bright Angel trail.

The frequent rains have put the range here in the best shape it has been for many years, and the cattle are all fat.

MAY SUTTON ON TENNIS PLANS.

Splendid California Player Defending Her Title to Championship.

Special Correspondence.
New York, Aug. 28.—Miss May Sutton left New York last night for Cincinnati where she will defend her title to the tennis championship in the ladies' single, and with her sister play for the ladies' doubles championship.

Miss Sutton returned from Newport yesterday and stayed for the day in New York with friends. When she last night prior to her departure and asked concerning the arrangements for the international tennis trophy for women which Mrs. Astor and Mrs. Bager Wallish and other leaders of American tennis have perfected to bring together American women, exponents of the game together.

Miss Sutton said: "I do not know that very definite program has yet been made toward consummating the project, but the general idea is to have an international competition for women for a trophy similar to the Davis cup, but every one interested in bringing it about is hopeful of success, and the players themselves are anxious for a chance to place. The first I heard of the project was by a cable from Mrs. Knapp, I read of it in the newspapers, and while surprised was delighted with the idea. I am sure that the project will be a success, and I do not doubt that it will be a success."

Regarding American chances of success in such a tournament, she said: "Frankly, I must admit that I think the English women are yet a little too strong for the American women. Miss Douglas proved her superiority over the English women this year, although I am hopeful of regaining the title some time. But just as there are more women players in England than in America, so there are more high grade players at present."

GOES FOR GARLAND.
Riverside Town is Sure It is on the Baseball Map.

Special Correspondence.
Riverside, Aug. 28.—Sporting Editor, "The News," has been very busy with a surprise on this part of the country by defeating the team that has heretofore claimed the high-sounding title of "champion" of the country.

In the first part of the season, Garland and Brigham played a series of games which resulted in victory for Garland. They immediately dubbed them selves champions of the county. Then when they went to Lehi on the Fourth of July, they were defeated by the home team and supporters were hoarse in their praise of this aggregation of ball players.

Nothing was said of the American football nor of Wellsville affair and when they put the neighboring town of Lehi on the map, they were very busy with a surprise on this part of the country by defeating the team that has heretofore claimed the high-sounding title of "champion" of the country.
