A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position and close relation to all principal lines East and West, at initial and terminal points, constitutes the most important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between the cities of the Atlantic and Pacific Coasts. It is also the favorite and best route to and from points East, Northeast and Southeast, and corresponding points West, Northwest and Southwest.

The Rock Island system includes in its main line and branches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed; smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock as near perfection as human skill can make it, the best appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipments.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten. "Good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE

is the direct and favorite line between Chicago and Minneapolis and St. Paul, where connections are made in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the watering places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another DIRECT LINE, via Sioux City and Yankton, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points.

Dr. FOOTE, Senior,

Of 120 Lexington Avenue, New York,

Hereby cautions the public NOT to Employ or Communicate With a man styling himself "Dr. Foot, Jr." without making due inquiry.

This man came to Salt Lake City representing himself as the son of Dr. E. B. FOOTE of New York, the well known specialist, as alounderstandly proved by affidavits. As rumors came into Salt Lake City from Dakota and Montana from an exposé made there, he changed his base and represented himself as the son of a more noted specialist in New York City than Dr. E. B. FOOTE, the well known author. Mr. JOHN F. THOW, of the well known Trow's Directory, in New York City (forty years in the directory business), Ex-Governor FRANK FULLER, of Utah, and the Hon ABRAM WAKEMAN, for many years Postmaster in New York City, also Surveyor of the Port, gave their affidavits that there are no other doctors in New York by the name of FOOTE, excepting Dr. E. B. FOOTE, the author of "Medical Common Sense," etc., and h s two sons, Dr. E. B. FOOTE, Jr., and Dr. HERBERT T. FOOTE. The genuine Dr. FOOTE, Jr., will hereafter always employ the initials, "E. B." in designing his name. Heretofore he has been known not only at home but wherever his publications have been circulated, by the name of Dr. FOOTE, Jr. Greater care will be taken hereafter, in view of the fact that an unprincipled person has assumed to profit by his and his father's reputation.

Those desiring further and more detailed information in respect to this matter, will receive it by addressing **Box 514, Salt Lake City Utah.**

Persons having information of advantage to plaintiffs will kindly communicate the same to J. W. Ivey, with Sutherland & Meibride, Salt Lake City.

Those desiring to consult Dr. FOOTE professionally or to order remedies should address either

Dr. E. B. FOOTE, Sr., or Dr. E. B. FOOTE, Jr., 120 Lexington Ave., New York.

Consultation Free, in person or by letter. d&s 4mo

Berlin had last year 2,935 privileged dogs that paid no taxes, among them 56 connected with the embassies of foreign States. The owners of the other 27,000 dogs registered in the German capital paid 350,000 marks into the city treasury as license fees.

The Boston *Traveller* says: There is little room to doubt that the introduction of the handsom cab into the United States is merely a question of time. It is impossible to discover any American who has been in London who is not strong in his commendation of this cab.

The constitution of a celebrated grease-eradicator, the right to make which has made four millionaires, is as follows: Ammonia two ounces, soft water one quart, saltpetre one teaspoonful, fine soap, in shavings, one ounce; mix thoroughly and keep in covered vessels.

"Uncle James," said a city young lady who was spending a few days in the country, "is that chicken by the gate a Brahmin?" "No," replied Uncle James, "he's a Leghorn." "Why, certainly, to be sure," said the young lady, "how stupid of me! I can see the horns on his ankles."

Good Cheer: Alboy took a walk with his father on Washington street, Providence, and as they were passing the Insane Retreat the son asked: "Father, why don't we ever see any faces at the window when we walk by the Retreat?" "Because, my son," replied the parent, "their heads are turned."

The wonderful Prater of Vienna has an anatomical museum, in which everything, from Gambetta on his death bed to a cupid very busily sewing up damaged hearts; from a Venus to a huge skeleton of a gorilla with a drunken leer on his bony face and a stiff hat on his bare skull, are all to be seen for twenty kreutzers.

In Australasia a singular but beautiful tree has been named in honor of Professor Owen. It propagates only by suckers. The seeds will not germinate. It is doubtful if more than one man in ten thousand knows what a "squirrel" is when applied to a human being. The term is in vogue in barber shops only, and refers to men who have very tender skins and exceedingly stiff beards. A barber who is working on the percentage plan will do everything possible to steer the "squirrel" into the next chair.

The *Cook* publishes in its market reports a list of cheeses obtainable, a list much greater than most people imagine. "Crackloo" is played by spinning silver pieces in the air and betting on their respective nearness to a crack in the floor when they fall. Mr. J. Pickles and Mr. J. Symonds, of Cheyenne, were contestants. At first $100 was bet on the "spin." After a few "spins" the amount was raised to $500 a "spin," and in the course of half an hour Mr. Pickles was out $2,100, which he promptly paid.

The negroes of Calhoun, Ga., have organized a debating society. The subject for discussion at the meeting is "The Lady on the Island." A spy sees a lady on an island, and orders a shipbuilder to build a ship and rescue her. When he reaches the land she is almost dead, a physician is called in who saves her life. Now the question is, "Which has the greatest claim on the lady, the spy, the shipbuilder, the sailor, or the doctor?"

A bee-keeper having been told that a lad, through being repeatedly stung by bees, had become thoroughly impervious to any unpleasant sensation when attacked by them, resolved to experiment on his own person. He kept a record of the number of times he was stung and when he began to cease feeling the effects of the stings. The result was that all sense of feeling had gone when he had been stung thirty times within a few weeks.

Magna Charta Island, in the Thames, has been offered for sale at public auction. On the walls of the old residence are painted the shields and arms of the barons who were in attendance at the signing of Magna Charta. In the centre of the room is a table with a stone top, bearing this inscription: "Be it remembered that on this island, June 15th, 1215, John, King of England, signed Magna Charta, and in the year 1734 this building was erected in commemoration of that historical event."

At Bangalore recently a trooper of the First Madras Cavalry, who had been punished for a trivial offense, went to the bungalow of Colonel Cherry and fired a carbine at him. The shot missed the colonel, who returned the fire with a charge of shot, which struck the trooper's shins without disabling him. The man ran off, and lying down under a tree fired in all directions. Lieutenant Thring and Colonel Parsons narrowly escaped. Finally several troopers opened fire on the would-be murderer, whom they killed, and a stray shot killed a girl in an adjacent bungalow. Seventy-five cartridges were found in the possession of the dead man.

A New King on the Throne!

"Malaria," as a "popular ailment" has given place to a new potentate.

If you have Rheumatism now, the medical wiseacres exclaim—"Uric Acid"!

If you have frequent headaches, they sagely remark—"Uric Acid"!

If you have softening of the brain, they insist that it is—"Uric Acid"!

If Sciatica or Neuralgia make life miserable, it is—"Uric Acid"!

If your skin breaks out in Boils and Pimples, it is—"Uric Acid"!

If you have Abscesses and Piles, "Uric Acid" has set your blood on fire.

If you have dull, languid feelings, backache, kidney or bladder troubles, gout, gravel, poor blood, are ill at ease, threatened with paralysis or apoplexy, vertigo; are bilious, dropsical, constipated or dyspeptic—"Uric Acid" is the key to the situation, the cause of your difficulties!

We do not know as madam Malaria will take kindly to the Masculine Usurper, but he has evidently come to stay.

"Uric Acid,"—this Monster is the product of the decomposition—death—constantly taking place within us, and unless he is every day routed from the system through the kidneys, by means of some great blood specific like Warner's safe cure, which Senator R. K. Bruce says snatched him from its grasp, there is not the least doubt but that it will utterly ruin the strongest human constitution!

It is not a young fellow by any means. It has a long and well-known line of ancestors. It is undoubtedly the father of a very great family of diseases, and though it may be the fashion to ascribe progeny to it that are not directly its own, there can be little doubt that if it once gets thoroughly seated in the human system, it really does introduce into it most of the ailments now, per force of fashion, attributed to its baleful influence.
