

IVER LAWSON GREETED WARMLY

The Great Rider Again Captured
Everything in Sight.

MANY PRETTY FINISHES.

Iver and Chapman Win the Two-
mile Tandem Handicap—Ben Green
Won a Race, Too.

Iver Lawson was distinctly "it" at the Salt Palace last evening and received an ovation on his reappearance on the famous sugar bowl. But victory and fame hurt Iver not a bit and he is the same modest, genial chap of yore. Iver and John Chapman were both happy last night. As usual they gave the other riders a lesson in speed in the tandem handicap race.

The program opened with a one mile open professional. The first heat was finished in 2:09. Chas. Turville won the heat with Chapman close up and Vaughan third.

The second heat, although slower than the first, finished in a very pretty manner and it was nip and tuck between Iver and his young brother Gust with Oscar Julius crowding them. The final was, of course, captured by Iver. In the last lap he tried hard to pull Chapman away from the bunch but the Atlanta boy could not hold the pace and came in fourth. Vaughan got second and Just Lawson third. Time—1:25.

The one mile handicap amateur was run in three qualifying heats. A. W. Smith took first, Samuelson second and Eddie Smith the third. The latter made the best time of his life but he was unable to enter for the final. He won the heat in 2:01.4. Jack Burris, forty yards, got first money. King second and A. W. Smith third. Time—2:02.5.

The sensational event of the evening was the two mile tandem handicap professional, the finish being exceedingly close between Lawson-Chapman and Vaughan-Gust Lawson. The latter had a handicap of fifty-five yards. The Turvilles started five yards, third, and Emory and Green, ninety-five yards, fourth.

Ben Green won the one mile local professional.

GATHERING IN THE STOCK.

Prince Andre Poniatowski Has a Majority of Shares of Tanforan Track.

San Francisco, Aug. 15.—For the past few weeks Prince Andre Poniatowski has been quietly gathering in the stock of the Tanforan race track, and now he has a majority of the shares and is in practical control. He has also an option on the stock of the Ingleside track and that, too, may pass into the hands of the titled horseman.

It is understood that Henry J. Crocker will be associated with the prince in the ownership of these properties. If the deal goes through as contemplated it will involve the expenditure of three quarters of a million of dollars, as the Ingleside race track is one of the best equipped in the United States.

Placing of what have been rival turf associations under one management will be an event of much importance to horsemen throughout the country.

"NEWS" DISPATCH CORRECT.

Iver Lawson Speaks of the Time He Made and Had in Omaha.

"I never received better treatment in this town than I did in Omaha," said Iver Lawson at the Palace last evening. "Nothing was too good for me," said he, "from the time I arrived in the town until I left."

He was asked about the time made in his race, and if the "News" dispatch was correct.

"Well, sir," said Iver, "if I was to tell you, perhaps you wouldn't believe me. The fact is, your dispatch is right. The time was 2:32.5 and 2:12.5. You see, the race was French style, last and then sprint at the last. That's what the people there want, and of course, I didn't object, for that's my kind of a race every time."

"I had a good time, and I got what I went for," concluded Iver, "but I am glad to get back home again."

It Was a Fine Race.

Glenn's Falls, N. Y., Aug. 14.—Owing to a heavy track the first race of the grand circuit meeting of the Northern New York Trotting Horse-Breeders' association, postponed from yesterday on account of rain, was not called until 4 o'clock today, at which time the track was in fair condition. Over 4,000 people were in attendance.

The first event, the 2:09 trot, was a race from the word go, and furnished the fourth heat the finest race of the season. The field went almost as one horse the entire circuit of the track. Coming up the stretch Gayton, who had hitherto trailed behind, shot ahead and finished first, a nose ahead of Charles Herr, who was no further in advance of Dan Deed. Gayton won the last three heats in driving finishes. Georgia, driven by McDowell, won the 2:14 race handsly in three straight heats, and still showed a reserve of speed.

The 2:25 pace was postponed on account of darkness.

OUTSIDE EVENTS.

LONG UNINTERESTING GAMES.

Boston and Chicago Had Two—
Each Won One.

STANDING OF THE CLUBS.

National League.

complete.
Minneapolis, 5; Kansas City, 11.

Each Win One.

Chicago, Aug. 14.—Boston and Chicago.

WALL AND MOAT WHICH THE ALLIES MUST CROSS.
PICTORIAL PHASES OF THE HOSTILITIES IN CHINA.

Once at Peking, the allies will find a broad moat and a high, thick wall between them and the legations. Senor B. J. De Coloman, the Spanish ambassador, is dean of the diplomatic corps in Peking. Marquis Salvago Raggi is Italy's ambassador, and Dr. A. von Rosthorn, secretary of the Austrian embassy, is acting ambassador of Austria-Hungary.

NOW THERE WILL BE A BATTLE

Bob Fitzsimmons and Tom Sharkey
Have Signed Articles.

ARE TO FIGHT 25 ROUNDS.

The Contest Will Take Place August
24th at Coney Island for a
Purse of \$25,000.

New York, Aug. 14.—Tom Sharkey and Bob Fitzsimmons met today and signed articles to meet in a twenty-five-round bout before the Seaside Athletic club at Coney Island on Aug. 24, for a purse of \$25,000.

The Seaside Sporting club and the Twentieth Century club, whose arena is located in Madison Square Garden, were the only bidders.

It was agreed that the winner should receive 75 per cent of the purse and the loser 25 per cent.

Charlie White will referee the battle. It is announced that the winner of the Fitzsimmons-Sharkey fight will meet Jeffries in a championship fight on Aug. 31. To this Fitzsimmons, Jeffries and Sharkey are pledged.

This fight will very likely be one of the hardest that ever took place in an American arena. There is a great deal of rivalry between "lanky Bob" and "Sally Sharkey" and much bitter feeling. Fitzsimmons has always claimed that he was robbed in his former go with Sharkey and his friends predict an easy victory for him over the sailor. In his fight with Gus Kublin, Fitz demonstrated to the "knowing ones" that the terrible short arm jabs and solar plexus blows, which made him famous and champion of the world in his fight with Corbett, are still with him and he has lost none of his speed. His friends also claim that Sharkey was knocked out of the "championship class" by the injuries received from Jeffries' battering ram. There will be a great deal of local interest in the fight and the sailor has many numerous admirers who still believe he has a great big fight in him yet.

Blew Down a Pavilion.

Lincoln, Neb., Aug. 15.—The terrific windstorm which passed over this city early today blew down the big pavilion on the Grand Army Reunion grounds and at least two-thirds of the other tents. No one was injured. The women and children were taken to nearby buildings for refuge.

REVISE CONFESSION OF FAITH.

Presbyterian Commission Now at
Work in Saratoga, N. Y.

Saratoga, N. Y., Aug. 15.—The committee on the revision of the confession of faith appointed under a resolution of the general assembly of the Presbyterian church in St. Louis in May last is in session here at this time. The first meeting of the committee, its work will be, according to the secretary, the Rev. Dr. W. H. Roberts, largely preliminary.

Its ultimate action must be based in a great measure on the recommendations of the Presbyterian churches, certainly few of which have taken action as yet. The power and scope of the committee, as defined by the general assembly is:

"To consider the whole matter of a re-statement of the doctrines, most surely believed among us, and which substantially are embodied in our confession of faith."

"That this committee be enjoined diligently to pursue the inquiries, seeking light and knowledge from every available source, and to report to the next assembly what specific action, if any, should be taken by the church."

"That to further the work of the com-

mittee, the Presbyteries be invited by the assembly to take action on the subject at their fall meetings and to report said action to the committee, whether suggesting revisional, supplemental or substitutional changes or no change at all."

The members of the committee present at the meeting were: Rev. Charles A. Dickey, of Philadelphia; Rev. Herlick Johnson, of Chicago; Rev. Samuel J. Nicolls, of St. Louis; Rev. Daniel W. Fisher, of Hanover, Ind.; Rev. Wm. McKibbin, of Cincinnati; Rev. Samuel B. Sprague, of Cincinnati; Rev. Dr. Henry Van Dyke, of Princeton; Justice John M. Harlan, of Washington; Daniel R. Noyes, of St. Paul; E. W. O. Humphrey, of Louisville; Dr. Wm. R. Crabbe, of Pittsburg; John E. Parsons, of New York; and Elsie A. Fraser, of Detroit.

According to Secretary Roberts, it is problematical how many days the committee will be in session.

Azarate is Governor.

San Diego, Cal., Aug. 15.—Gerónimo R. Azarate, has been appointed lieutenant governor of Lower California, and will have charge of the free zone.

Another Anarchist Story.

New York, Aug. 15.—Francisco Pacini, an elderly man who fought under King Humbert and was wounded in the Italian army, surprised a meeting of anarchists last night in this city. The gathering was that of the Italian group of New York and consisted of several hundred Italians and a few Frenchmen and Spaniards. Pacini, who is now in the prime of life, the assassin, denounced King Humbert, whereat Pacini made his way to the platform and cried out that the king was a good and brave man and Bressi was a coward. Anarchists rose and pulled the old man, who had mounted the platform, down from it. He was pushed struggling and protesting into the aisle. He then left the hall.

To Americanize the Philippines.

Berkeley, Cal., Aug. 15.—To the University of California comes the honor of having its graduates among the first school teachers appointed to perform the task of Americanizing the Philippines. Those selected for this important work are Miss Anna J. Noyes, of San Diego; Ernest Warner Oliver of Los Angeles; and Maxwell L. McCollough, of Irvington, all graduates of the State university class of 1900. They were appointed by Fred Watson, superintendent of public instruction from the Philippines, through Judge Taft, the chairman of the Philippine commission.

For the Philippine Cable.

Honolulu, Aug. 15.—Via San Francisco, Aug. 15.—The United States tug Irons returned on the 14th from her special survey trip to the Midway Islands, taken to investigate the practicability of locating one of the stations of the proposed Philippine cable on the Midway Islands. Lieutenant Commander Charles Pond, who was in charge of the expedition, will report in favor of the station being located at Sand Island, the western and larger of the two islands lying within the line of the cable. The steamship of the Canadian-Australia company will in future continue to stop at this point as the difficulty which prevented the Aorangi coming in last week has been removed. This difficulty was three judgments aggregating \$7,500 secured against the steamship company and twenty-six uninsured suits by members of a colored minstrel company who were refused transportation on account of their color. A compromise was effected for the sum of \$15,000.

The Republicans opened the first American political campaign in Hawaii on the night of August 4th with a rally at a meeting, which was addressed by the returning delegates to the Philadelphia convention.

"Sick Man" At It Again.

New York, Aug. 15.—A special to the Journal and Advertiser from London says:

The sultan is taking advantage of the fact that attention of the great powers is occupied by the troubles in China to indulge in one of their periodical onslaughts on Christians.

In the early part of last week two hundred Armenians near Van were massacred without any interference by the authorities, and the British vice consul was instructed by his government to investigate it, but he was set upon and freed upon by the Kurds, who robbed him of his baggage, wounded his interpreter and subjected other

Scrofula THE OFFSPRING OF HEREDITARY BLOOD TAIN.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, curd, weak eyes, offensive sores and abscesses and sometimes white swellings—sure signs of Scrofula. There may be no external sign for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seale, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and burst. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S. and a few bottles cured her entirely."

S. S. S. makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula.

It overcomes all forms of blood poison, whether inherited or acquired, and so runs so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

Send for our free book and write our physicians about your case. We make no charge whatever for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

members of his party to maltreatment. Sir Nicholas O'Connor, the British ambassador at Constantinople, has lodged a strong protest with the sublime porte, which has received with even a porte, which was received with even more than customary indifference.

TURKESTAN ALFALFA.

The department of agriculture has in press a report on the Turkestan alfalfa experiments which have been made during the past year with the seed imported by the department. In addition to the trials made at the various experiment stations, a large number of reports have been received by individual farmers, and the circular quotes several scores of these letters. While many of the trials of the new alfalfa have been unsatisfactory, they have been in many cases owing to unfavorable trials; but the consensus of opinion seems to be that this legume will prove of great value in many sections where ordinary alfalfa is grown, and in other regions where the ordinary variety will not thrive. The reports from the region west of the Mississippi river and north of Kansas and California indicate that the new variety is harder and more productive than that commonly grown in those localities while in the arid regions it seems to endure drought better and gives better results on strong alkaline soil.

The seeds of Turkestan alfalfa will germinate much quicker and the plants start into growth earlier under the same conditions than common alfalfa. The plants are more leafy, grow more rapidly and have a stronger, more vigorous root system. Another advantage for the Turkestan variety is that the stems are more slender and less woody, the plants making a more nutritious hay of finer quality. That it will withstand drought under the same conditions better than ordinary alfalfa seems certain from the reports of the experimenters. In the West and Northwest, at least, it seems to be more productive, both with and without irrigation. The grass and men of the agriculture department state that there is every indication that the introduction of this variety will result in a very marked extension of the area devoted to the cultivation of alfalfa, and this, too, in sections where the forage problem is one of paramount importance, and where heretofore climatic conditions have largely prohibited the growing of leguminous forage crops.

The Turkestan alfalfa is a native of Trans-Caspian provinces of Russia. The Turkestan alfalfa has almost entirely supplanted the common variety.

A THOROUGHREED.

He was delighted to meet the bunco man. He set his gripack down in the middle of the street to talk over old friends in the town where both had spent their happy boyhood days. He took off his silver-rimmed spectacles and wiped them with his red cotton handkerchief, so as to get a better look at the nephew of his dear old friend. "Did I understand you to be inquiring whether I had any sports' blood in my veins?" he asked, after the other had said something in a low tone. "Well, I should surmise that I've got a few drops. But I don't play only one game. Faro? No, 'taint fair. You get an even chance far yer money at some stages of the game in faro, so I've hearn tell. 'Taint risky enough for me. No; 'taint roulette, nor yit poker, where yer jes' put a few dollars down on the table an' where it's all over in a minute or two. 'Taint hoss races, neither. You kin sell'er for quick action, but gimme 'suthin' 'suthin' where the suspense hangs right over ye an' you hold yer breath till ye getter swing yer arms to resuscitate yerself. Every year I take all my cash capital an' go over to the lay-out. I put some of it on carts an' some of it on corn an' some of it on wheat, with a few side bets on sweet corn an' various fancy vegetables. Then I get out every mornin' an' bet a day's work an' watch out for the low week. 'Well, wonderin' about grasshoppers an' locusts an' 'suthin' an' 'suthin' it takes a long time to find out whether I win or not, but it's mighty interestin', and I like an' live 'em. You might wait fur some of the hired hands to come to town an' get 'em to take a hand in the small amusements you've mentioned. But you might as well bear in mind that when I've tackled a fast-class farmer you've goin' up agin' one of the sportiest men on earth."—Washington Star.

A lame shoulder is usually caused by rheumatism of the muscles, and may be cured by a few applications of Chamberlain's Pain Balm.

CHILDREN GUESS!

The population of Salt Lake—a new Standard Dictionary given—the successful guesser. See the "News" advertisement.

Extreme hot weather is a great tax upon the digestive system of babies; when puny and feeble they should be given a dose of WHITE'S CREAM VERMIFUGE. Price, 25 cents. Z. C. M. I. Drug Dept.

Plump cheeks, flushed with the soft glow of health, and a pure complexion make all women beautiful. HERBINE imparts strength and vitality to the system, and the true glow of health to the cheeks. Price, 50 cents. Z. C. M. I. Drug Dept.

Following telegram just received:
"19 Paid. Chicago, Ill., August 7, 1900.
"A. D. F. Reynolds, Manager, Underwood Typewriter for Utah, Idaho, Wyoming, Montana, Nevada, Oregon and Washington, Ogden, Utah.
"Secretary of War, War Department, United States Government, has just signed contract for one hundred and fifty UNDERWOOD Typewriters. WAGNER TYPEWRITER CO.
"It will be remembered The Navy Department last February purchased 250 Underwood Typewriters, which was the largest sale of typewriters ever made.
Call and let us show you the machine in our new quarters, 2438 Washington Ave., Ogden.

Wood Mantels, Grotes, Tiles, Brass Fenders, Fire Sets, Spark Guards, Etc., Etc.

We Are Offering Some FINE OLD IRON
MANTELS complete at . . . \$25.00

Examine our Stock of New Monuments.

The Siegel Store!

NEW GOODS coming in every day, but still a few of the summer suits left that must be cleared to give place for the new ones. These we're selling at prices that surely will clear them from our stock.

It's to your advantage to buy now, while you can get a suit for little over half price.

And they are all good suits—full value at regular prices.

A glance at the following list will show what the saving will be to you:

Suits worth \$25.00 for . . .	\$19.75
Suits worth \$22.50 for . . .	\$15.75
Suits worth \$20.00 for . . .	\$14.25
Suits worth \$18.00 for . . .	\$13.00
Suits worth \$16.00 for . . .	\$11.75
Suits worth \$14.00 for . . .	\$10.75
Suits worth \$12.50 for . . .	\$8.75

We are stilling Boys' and Children's Suits at the same scale of reduction as last week.

BOYS' AND CHILDRENS' SUITS.

A final clean sweep in this department. Our swell little suits in all styles, Vests, Blouse, two piece and three piece, in all fabrics. Our stock contains the most dependable makes of Children's Clothing. Everybody knows that, and everybody knows that they are originally marked as low as they could be to allow us a reasonable profit. These are our house cleaning prices:

Your choice of our \$7.00, 7.50, and 8.00 suits, \$5.65.
Your choice of our \$6.50, 6.00 and 5.00 suits \$4.50.
Your choice of our \$4.50 and \$5.00 suits \$3.75.
Your choice of our \$3.50 and \$4.00 suits \$2.85.
Your choice of our \$2.50 and \$3.00 suits \$1.75.

THE SIEGEL CLOTHING CO.,

61, 63, 65 Main Street.

WHAT IS SALT LAKE'S POPULATION?

GUESS!

... A CHANCE FOR SCHOOL BOYS AND GIRLS ...

THE reports of the census enumerators of this city are now in Washington. In a short time the figures will be announced. To stimulate interest among our school boys and school girls in the subject, the Deseret News has decided to offer ONE STANDARD DICTIONARY, value \$12.00, to the boy or girl who first guesses nearest the correct figures. The only conditions are that each guesser shall have been enrolled in some one of the schools, or colleges of Salt Lake, or at the Utah University during the year just past, and that each shall be limited to one guess. In case of a tie, the ownership of the dictionary shall be settled by lot. The guesses will be recorded daily, in the order in which they are received. The "News" has arranged to receive the figures by wire from the census office in Washington as soon as they are known, and the first guesser, coming nearest the correct figures will be awarded the prize. No guesses will be recorded except those regularly filled out on the guess coupon below. Cut it out and send it with your name, your address, the school you attended and the figures, plainly written, to

The DESERET NEWS CENSUS DEPT.,
SALT LAKE CITY, UTAH.

GUESS COUPON.
