LEHI.

Additions and Improvements in Sugar Factory and Co-op.

Special Correspondence.

Lehi, Utah Co., May 19.—In addition to the enlargement and many improvements that are now being made in the Utah sugar factory, it is the intention of the company to install two small plants in the main building for the manufacturing of cubes and powdered sugars, each of which will have a capacity of turning out about one thousand pounds of sugars per hour. To operate these plants in connection with the main factory will only require about four extra men as the dry granulated sugar will be carried from the granulator or by elevator to the tanks in just such quantities as are needed for the making of cubes and powdered.

The Utah Sugar Co. has about 45 acres of mother beets planted and they are all looking at this date beautiful and green and like the beet crop generally it promises a greater yield per acre this season than ever before.

THE CO-OP'S IMPROVEMENTS

The People's Co-op institution is now busy putting down the old park of the Brach building preparatory to erecting a new two story brick building. This old building has been kind of a landmark to the travelers on the county road for a great many years, as it is one of the first buildings erected in the early settlers of Lehi.

The Utah Sugar, Light & Power company are preparing to move their work and the new issue of stock is about all being taken by the original stock holders. W. E. Baeter, president of the company, stated today that the plant would be ready to furnish lights no later than Sept. 1st next. The applications for lights are far greater than were the expectations of the stockholders at the time the company incorporated, and those holding stock are very reluctant in parting with it. The Utah Sugar company will receive 11 lights for the coming campaign from this company.

STRIKES THE SOURCE.

A Pile Cure that goes to the Root of the Disease.

There are lots of lotions, oils and salves that will, through their soothing influence, relieve temporarily the pain suffered. But is that all the sufferer requires? Isn't it a horrible thought to realize that the ease is only temporary, and that the disease goes on under the surface without a moments interruption?

Wouldn't it be wiser to select a remedy that seeks the source and regulates those deep seated disorders which induce the disease? Pyramid Pile Cure not only relieves the pain at once, but effects a permanent cure of the worst form of piles. You don't have to go through a tedious course of dieting while using it either.

It strikes through those delicate membranes, dries and sets the blood in youthful circulation, reducing at once the painful inflammation and congested tumors.

This remedy is not a haphazard combination of drugs but it is a remedy invented by specialists who have treated piles and blood disorders successfully for years.

Almost any first-class druggist has it on sale at 50 cents per package.

Don't treat this disease with ordinary lotion and salve that comes along.

Remember the parts affected are among the most delicate in the human body. This salve is absolutely safe and one need fear to apply it freely on the most inflamed parts. The speed with which it allays the pain is an agreeable surprise to the sufferer.

BASSOS ARE READY.

NOT AFRAID TO MEET THE TABERNACLE CHOIR TENORS.

SALT LAKE CITY, May 19, 1900.

There is a vague rumor in circulation to the effect that a challenge for a game of baseball has been sent by the Tabernacle choir tenors to the old antagonists, the bassos. If such has gone forth it must have been via the grape vine route, as it has failed to reach their prospective opponents.

New, we, the aforementioned basso profundos, being eager for the fray, wait not the arrival of this long looked for missile, but extend to you tenors an invitation to meet us where the tricksy pigskin rolls, bounds and roars.

Although greatly handicapped in not having with us our chief rooster, Prof. Stephen, we will endeavor to make things decidedly有趣 for you. Our manager, Mr. Sidney Munn Phillips, will be pleased to negotiate with a representative of your illustrious organization, at the next choir practice, to arrange for the time, place and trophies of war.

There is a string attached to this challenge: If you cannot guarantee a better showing on the tally stick than your basso attendance record on the choir roll, the game will be declared off, and the proceeds used to purchase chewing gum for those four maidens of the choir who fall victim to this seductive article during choir rehearsals.

We refrain from applying the names of our array of talent for fear you may show the white feather at the wood.

It is desired that this game be palled off at the earliest possible moment, as a picked nine from the old maid of the choir is eager to challenge the visitors to a game of town ball.

Sportively yours,

THE BASSOS.
