Massachusetts Greenbackers.

WORCESTER, 22.—George Dalton, was nominated Lieutenant Governor; Jonathan Arnold, Secretary of State; W. F. Whitney, Treasurer; Chas. S. Warner, Auditor; M. Raymond, Attorney General; electors at large, H. B. Rowley, Eugene J. Flaherty. Resolutions depreciating the action of the Secretary of the Treasurer buying bonds at premium. The platform has a light, air and water plank but is not otherwise remarkable.

Reed offered a resolution against liquor and tobacco, which caused some amusement and it was voted down. A resolution was tabled, 65 to 30, congratulatory to Solon Chase and others for nominating a straight greenback State ticket. Crophy moved the following: That the action of Benjamin F. Butler in joining ours to the democratic party and who has opposed all legislation in the interest of the laborer and the people, and who follows a party that has placed upon its ticket for the high office of President of the United States, one of the most grasping and greatest usurpers that could be found, and that he deserves the full condemnation of all the greenback party and laboring men, and the sooner the party is purged of all such men the soner we can accomplish the great reforms we desire. This was voted down though nearly half the the convention was favorable to it. The sentiment of the convention, as expressed in the debate, was overwhelmingly opposed to anything like fusion; adjourned.

Hayes at Sacramento.

SAN FRANCISCO, 22. — A Sacramento dispatch says: The Presidential formal reception, here to-day, was a great success. A military procession escorted the party from the residence of Gov. Stanford to the Capitol. They were received on the steps by Gov. Perkins and a vast concourse of people. Speeches were made by Gov. Perkins, President Hayes, Gen. Sherman and Secretary Ramsey. Then came the reception in the Senate chamber, thousands falling into line to shake hands. This lasted two hours. Then a procession to Agricultural Park, where 15,000 had assembled. There was a great crush. President Hayes and Gen. Sherman were loudly cheered by the people. President Hayes spoke from the Director's stand, in response to the welcome by H. M. Lowe, on behalf of the State Agricultural Society. They were followed by General Sherman, Secretary Ramsey and Governor Perkins. The crowd then called for Governor Stanford, who made a brief, cordial acknowledgment to his old neighbors here. Luncheon was then served to the party and at 2:10 p. m. the races began. Business was largely suspended and the city generally had liberally suspended.

A Sea Serpent Captured.

A Victoria dispatch says: A genuine sea serpent, six feet in length, with the orthodox mandead, shaped like a panther, and tail whittled down to a sharp point, was brought in by the Indians yesterday, who caught it in deep water, in the Straits De Haro. Its appearance creates interest amongst savants, and the oldest fishermen cannot place the monster. The serpent has been photographed and the body will be preserved in spirits and sent to Ottawa for classification.

Wabash Extensions.

CHICAGO, 22.—The managers of the Wabash Railway, having decided to make Chicago the central point of their western combinations, have made arrangements to extend their line in new directions. To-day they had a conference with the managers of the Peoria, Decatur & Evansville Railroad, where they will form a connection with the Louisville & Nashville Railroads for all points in the South. They are also arranging for a through route to Cairo and thence to southwestern points. This in addition to their lines to Missouri River, to St. Louis and to Keokuk, will make the road one of the most important and formidable of any in the West. The officers to-day decided to open the road next week for freight and passengers to all the points reached by their lines in Kansas, Nebraska, Colorado and the Pacific Coast.

Charge Against Democratic Canvassers.

An *Inter-Ocean* Little Rock special says: The democratic canvassers to-day threw out 206 republican votes from Young township, which elects all the democratic county candidates except the sheriff and Judge Coutes. The pretext is that the Young township commissioners did not hold up their hands or kiss the Bible when sworn. The probabilities are that the repudiation of the amendment is adopted, but the result is not yet announced because it is feared it will injure Hancock.

Clearing House Receipts.

NEW YORK, 22.—The Clearing House receipts show the following: New York gained 17 and 2-10ths per cent.; Boston, 14-3; Philadelphia, 16-2; Chicago, 16-5; Cincinnati, 25-7; St. Louis, 26; Louisville, 34-8; New Orleans, 60; Pittsburg, 14-2; Providence, 16-8; Indianapolis, 46-2; Kansas City, 37-3; Cleveland, 446; New Haven, 37-5; Lowell, 26; Syracuse, 40-1. Baltimore lost 5-2; Milwaukee, 3; San Francisco, 29.

New York had a week of comparative inaction in stocks. Boston gave up one day to the celebration of its anniversary. San Francisco welcomed the President with a holiday. In spite of these disturbing causes, the exchanges are, nevertheless, a little larger both outside New York and in the aggregate than those of the preceding week.

Gen. Torbert's Body.

JACKSONVILLE, Fla., 22.—The body of Gen A. T. A. Torbert arrived from St. Augustine to-day in charge of Gen. Dent, commandant at that place, and was received by a detachment of the Florida artillery and escorted to the armoury, which had been tastefully decorated with United States flags and flowers by the ladies of the city. The procession comprised Confederate and ex-Federal soldiers and leading citizens.

Army Reunion.

TOLEDO, 22.—The 12th reunion of the Army of the Cumberland was held to-day. Five hundred members were present including Generals Sheridan and Garfield. General Grant sent a note of regret, and also Gen. Hancock. Gen. Sheridan presided at a business meeting, and he and Garfield were received with cheers.

Gasoline Swindler.

BOSTON, 22.—Jacob Howard, claiming to be from Chicago, was arrested this afternoon, charged, with other parties named Sheldon and Jordan, with attempting to defraud a Boston broker out of $5,000 by pretending to sell him a patent for a gasoline stove. Checks had already been given them by the broker in furtherance of negotiations, one for $2,400.

The Mining Troubles.

CORNING, 22.—The miners to-day found the body of Thos. McMahon, killed in Sunday's skirmish. Another miner was fatally and eight severely wounded. Governor Foster will not leave his post here to take part in the campaign as these mining troubles deserve his attention and presence.

They Want an Art Museum.

CINCINNATI, 22. — Ninety-one thousand dollars are now subscribed by the citizens to put with Mr. West's $150,000 for the establishment of an art museum. Fifty-two thousand five hundred dollars were raised to-day by the novel means of inviting prominent citizens to a dinner party, it being understood that an acceptance meant in each case a gift of $1,000.

Some More from Maine.

BANGOR, 22.—Complete returns from the fourth congressional district are official, except for five small plantations, give a total vote of 27,295, an increase of 4,281 over 1878. Ladd has 14,065, Boutelle 13,232, Ladd's majority 833, against 2,828 majority two years ago. The republican net gain is about 2,000. Ladd's vote has increased 1,144 and Boutelle's 3,137, over '78. The French settlements of Aroostook give over 9,000 fusion majority.

The Advantages of the Missouri Valley.

KANSAS CITY, 22.—The Missouri River improvement committee adopted resolutions that the Missouri Valley country has 215,000 square miles, 4,000,000 people, produces annually 500,000,000 bushels of grain and is taxed on $700,000,000 worth of property. They demand that Congress remove all artificial obstructions to the river's navigation, such as bridges, also snags and drifts, that the survey now progressing towards Sioux City should be continued to Fort Benton, and that Congress should appropriate for the speediest improvement of the stream. The committee will prepare a memorial to Congress and a permanent improvement association will be organized to collect statistics and facts.

Massachusetts Greenbackers.

WORCESTER, 21.—The greenback convention met with 400 delegates and one woman. C. A. Howe was temporary chairman, and committees were appointed, C. H. Litchman was made permanent president. There was some opposition to his selection on the grounds that he had opposed Wendell Phillips for Lieut. Governor. Litchman said he would support Ben. Butler for greenback governor next year despite his temporary relapse into the democracy. (Cheers and hisses.)

Winston, of Boston, nominated a soldier, General Horace Benney Sargent, for Governor. He wanted no such dilemma as arose from fusion in Maine. Let us have no trading.

Sargent was nominated by acclamation. Recess.

The Straight Greenbackers of Maine.

CHICAGO, 22.—The *Times*, editorially, on yesterday's work in the Maine Greenback Convention says: Out of 465 members, only 72 could be found to follow Solon Chase and the advice of General Weaver. But these 72 can make as much mischief as if they were half of the convention, for a few votes for their straight out ticket will spoil the small majority which the combined opposition appears to have. Solon Chase is the most influential man in the greenback party in Maine. He is also a pigheaded, old soft money fanatic, and if his 72 followers should desire him, he would organize himself into a convention and nominate a straight out electoral ticket, and would get a good many votes, too. Chase was sustained by General Weaver and the unanimous voice of all the greenbackers in the country in demanding the nomination of a full electoral ticket. Just what the sentiment of the greenbackers in general will be as to the spirit now which has taken place cannot now be stated of course, but will probably favor Chase.

FOREIGN.

GREAT BRITAIN.

NEW FRENCH CABINET.

Other News.

PARIS, 22.—Nothing is more striking than the almost perfect unanimity with which the French press accuse Gambetta of having caused the present crisis and of having thus disturbed the national tranquility solely because De Freycinct in his Montauban speech ventured to exhimself as far sighted. With the exception of two or three papers, the whole press protests vehemently against imperative interference of irresponsible persons, and comes to the conclusion that the real and only possible solution is that Gambetta should take the premiership. It would be a great mistake to attribute this view only to Gambetta's adversaries; his nearest friends regard it as necessary.

The *Evenment* publishes a conversation between one of its contributors and Mr. Waddington, in which the latter states that no formal proposal was made to him of the Russian alliance with Germany, but that a proposal was made to Gambetta, through the Russian Grand Duke, who was staying in Paris at the time. Mr Gambetta merely replied, "We shall see."

M. Carnot has accepted the ministry of public works. Marquis de Noailles has definitely declined the ministry of foreign affairs, and the post has been offered to Admiral Jaures, whose reply is anxiously expected.

The health of Admiral Dupre is so bad that he cannot accept the ministry of marine.

M. Ferry finds great difficulty in forming the ministry, as the politicians to whom he has applied are convinced that as soon as the Chambers meet the Ferry ministry will be upset.

The new cabinet has been definitely constituted as follows: Jules Ferry, president of the council and minister of public instruction, Barthelmy St. Claire, minister of foreign affairs; Constans, minister of the interior and of worship; Cuzot, minister of justice; Magnuix, minister of finance; General Farrar, minister of war; Admiral Clouet, minister of marine; Carnet, minister of public works; Tirard, minister of commerce; Cockry, minister of posts and telegraph.

London, 22.—In Blackburn district, comprising Blackburn, Darven, Clitheroe, and about a dozen smaller towns, masters with a single exception have agreed to run their mills on short time. The masters meeting at Manchester yesterday was one of the largest ever held in connection with the cotton trade. notice that short time will commence on the 6th or 7th of October will be posted immediately.

Donald Carrie & Co. have been informed by a telegram from Capetown that two of their steamers are under immediate orders to convey 600 volunteers to participate in the suppression of the Basuto rebellion.

Berlin.—Count De Valler presented himself to declare that he had resigned the Berlin embassy; but M. De Freycinct strongly urged him to reconsider his decision, so that their simultaneous retirement might not excite apprehensions in regard to external relation. M. De Freycinct has urged the same thing on all the French representatives abroad, in the event of any of them retiring. It is probable, therefore, that Count De Valler's resignation will be deferred, but it may be looked for soon.

Count Von Hatzfeldt, German ambassador, has formally delivered to the Sultan the note of the European powers, intimating that the naval demonstration will take place on Monday next.

Tranquillizing assurances from the Porte in regard to the hostile attitude of the Albanians appear to have been accepted by Servia, as the guard patrolling Scrovil, on the Albonian frontier, numbers only 300.

A steamer has left Trieste with 188 Hungarian horses for Greece. A petard was thrown in front of the great barracks yesterday. Nobody was injured. Several persons have been arrested.

The Montenegrin commandant at Podgoritza has imprisoned the principal Mahommedan inhabitants. This greatly irritated the Albanians, and increases the difficulty of surrendering Dulcigno.
