

IN NEW QUARTERS.

Messrs. Lord & Thomas, in Chicago, the well-known and popular Advertising Agents, are about to move into new quarters, which are so spacious, so elegant, and so original and novel in their appointments, that they deserve more than a passing notice.

The building, Nos. 45, 47 and 49 Randolph Street, between State and Wash Avenue, is at once the most striking in appearance and the most elegant in Chicago; built of sandstone, it is 70 by 174 feet, practically fireproof, and lighted on four sides. Three large elevators and two spacious stairways give abundant facilities for passengers and freight.

Messrs. Lord & Thomas will occupy the entire third floor, giving them a superficial area of nearly 12,000 square feet. This beautifully lighted room is unbroken by partitions, save a private office in one corner, thus bringing the entire working force of about sixty clerks into one spacious room, certainly the largest office of any advertising agency in the country, if not the largest business office of any kind on the continent.

The various departments are so arranged, that the work passes along with almost mechanical regularity.

While the entire appointments are elegant, the filing department is arranged on an entirely new principle, which amounts to an important invention. Heretofore advertising agents have filed their newspapers in wooden pigeon holes, which not only excluded the light, but caught and retained the dust, and thus proved a nuisance. The new filing department of Messrs. Lord & Thomas is made entirely of wire work; a separate compartment is made for each newspaper, magazine and periodical in the U. S. and Canada, about 14,000 in all. The various sections are suspended from the ceiling, and hang clear of the floor, leaving a space under each one so that the entire floor can be swept.

Space will not permit us to describe this important improvement in detail. The principle upon which it is constructed will be covered by letters patent.

The Chicago Safe and Lock Co. are constructing for the firm one of the largest safes ever built in Chicago.

Our friends who wish to see a copy of our paper when in Chicago, can find ways and means at the Agency of Messrs. Lord & Thomas.

A Captain's Fortunate Discovery.

Capt. Coleman, schr. Weymouth, plying between Atlantic City and N. Y., had been troubled with a cough so that he was unable to sleep, and was induced to try Dr. King's New Discovery for Consumption. It not only gave him instant relief, but allayed the extreme soreness in his breast. His children were similarly affected and a single dose had the same happy effect. Dr. King's New Discovery is now the standard remedy in the Coleman household and on board the schooner. Free Trial Bottles of this Standard Remedy at Z. C. M. I. Drug Store. 4

The McCormick H. M. Co's New Steel Binders, introduced here in 1885, are conceded to be far ahead of all competitors, combining as they do, beauty of design, superiority of workmanship, excellence of finish, durability and ease of management.

The combined Reapers and Mowers, Droppers and Single Mowers are unequalled. The Case "Agitator" is acknowledged to be without a competitor, as the sales of the past—more than trebling those of all other threshers—will prove.

The Woodbury Power is the most durable and lightest running horse-power known. The South Bend Chilled Plow, although not introduced into this market until long after other styles of chilled plows, is fast crowding them out and assuming the position of the leading chilled plow.

The Wear Sulkies, Hand Plows and Harrows are known throughout the length and breadth of Utah as first-class goods in every particular.

The Boss Sickle Grinder is a tool every farmer who has a mower needs and cannot afford to be without.

We shall carry a full and complete stock of repairs for above goods, not only for those of this year's manufacture, but for those sold in previous years, so that any farmer having any machine or plow of the line mentioned can get any repairs without needless trouble or expense.

All parties ordering extras for machines bought in previous years, are specially requested, when ordering to give the number or letter on the article wanted.

WE ALSO KEEP A FULL LINE OF

Tents, Whips, Wagonettes, Wagon Covers, Lamps,
Buckboards, Rakes, Rubber, Round Up Wagons,
Machine Extras, Cloth, Harrows, Wagon Extras,
Duck, Robes, Washers, Coach Candles,
Farm and Carriage Harness.
