

MANY TEACHERS LIKELY TO FAIL

Supt. Nelson Estimates That
Nearly Half Will Not
Pass

THE REGULAR EXAMINATIONS.

Committee Has Not Quite Finished
Work of Correcting Papers—List
of Questions in Spelling.

State Supt. of Schools Nelson estimates that nearly half of the 500 teachers who took the regular examinations throughout the state on June 7, 8 and 9, will fail and will be denied certificates to teach this coming term. The examining committee is nearly through correcting the papers of the teachers. It is necessary that applicants for teachers' certificates shall secure an average of 70 per cent in all their examinations and that in every subject at least 10 per cent in every subject. Many of them fell below 50 in one or more subjects, and hence will fail. It is believed that the most failures were in spelling and pedagogy, as the standard in these subjects was raised by the state board of education this year. The following 50 words were given as a spelling test, the teachers being required to write them as they were pronounced by the examiner:

Discipline, receiving, believing, obvious, horrible, beautiful, irritable, evidence, irrefragable, judgment, privacy, secluding, petroleum, deceitful, machinery, noticeable, campaign, witness, paralyzed, leech, mirth, mercenary, mischievous, genuine, artificial, indistinct, malice, vindictive, typhoid, peasant, secrecy, chronic, any, cylinder, seismic, necessary, truly, cereal, pellucid, melancholy, ancient, cataract, mellifluous, knowledge, massacre, opaque, conscience, useful, civil, curious. In addition to this spelling test, the following questions were made a part of the examination in spelling:

"First—Name what you consider the best method of securing good spelling and

"Second—Discuss the expression, 'It is a great deal to spell well but it is a great deal to spell ill.'"

"Third—Use the following words in sentences: (a) To, too, two; (b) capital, capitol; (c) lesson, lesson; (d) miner, mine; (e) complement, complement."

"Fourth—Give two rules for forming the plural of nouns ending in y. Illustrate each."

"Fifth—Show the pronunciation of the following words by accent and diacritical marks: Predicate, clematis, variegate, pneumatic, plagiarize."

QUESTIONS PROPOSED.

Following was the list of questions proposed in pedagogy:

"First—What is the psychological difference between learning and teaching?"

"Second—What is meant by learning, to read and reading to learn? What and where is the place of each in the elementary schools?"

"Third—How would you teach the process of multiplying a fraction by an integer? Where would you teach it?"

"Fourth—Wherein is the preparation of teacher and pupil alike? Wherein does it differ?"

"Fifth—Some children are visualizers, some are artists, some are of the motor type. What use would you make of this fact in teaching spelling?"

"Sixth—Define imitation—imitation and originality—and tell what place should be given to each in your teaching."

"Seventh—What must a teacher know before she can teach any subject? Illustrate in an outline for teaching any subject of your own choice."

"Eighth—What value do you place upon child study? How would you study children?"

"Ninth—What is the difference between reading a book and studying a book?"

"Tenth—Why is the teaching of ethics essential? When and how would you teach ethics in the elementary schools?"

The applicants were required to answer any eight of these questions.

A WESTERN WONDER.

There's a hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 50 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of Consumption. I was reduced to 50 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured. Only one cough and cold cure. Guaranteed by Z. C. M. I. Drug Store, Druggists, 112-114 So. Main St. He and \$1.00 Trial bottle free."

GAMBLERS ARE FINED.

W. E. Holden Assessed \$100 While Others Must Pay \$25.

Offenders against the ordinance prohibiting gambling will be severely dealt with in the future, if convicted in the criminal division of the city court. A warning was given yesterday by Judge C. B. Diehl, when passing sentence on four men found guilty, three of them for gambling and the other for maintaining a gambling house, that hereafter heavier penalties will be imposed upon that class of law breakers.

Counsel for the defendants hinted that their clients should not be punished, inasmuch as the present city administration is winking at gambling. This warning brought forth the statement from Judge Diehl that no matter what

Follow a Can of Milk

from the time it enters the dairy until it reaches your kitchen, and you will readily see why we sterilize the milk (destroying the germs) before we evaporate it into

Carnation Cream

(Sterilized)

You get a pure, safe milk by diluting Carnation Cream with tap water. There's no possibility of bacteria or germs getting into the sealed cans on the grocer's shelves.

If you would safeguard your health, insist that you must have Carnation Cream.

For making puddings, Charlotte Russe or any dessert, Carnation Cream is indispensable.

Theater—At the Theater tonight Nat Goodwin, first and foremost of American comedians, renders his new play, "The Genius."

Orpheum—The "Shenandoah" is now in its closing nights. Next week ends the season, when three of the most popular plays of the repertoire will be revived. These are "The Girl I Left Behind Me," "Old Heidelberg" and "Alabama."

Grand—Tonight the Ethel Tucker Stock company falls back on the ever perennial "Uncle Tom's Cabin."

Casino Park—Zinn's company is giving the final performance at this place and Monday night melodrama will succeed.

Will Call and Mrs. Wood of Willard Are Severely Injured.

WOMAN'S CONDITION SERIOUS. IT PROTECTS WILD GAME.

BAD RUNAWAY AT BRIGHAM CITY.

When the cases were called before Diehl, Atty. Ben Johnson for the defendants made a statement which provoked a mild protest from Prosecutor Daly. It was to the effect that the accused ran a poker game under the house, and \$25 each upon Edward Blackburn, N. P. H. Yoist and W. H. Bare.

"These defendants," Mr. Johnson said, "keep an open house and when the detectives came they were admitted. The men were arrested and brought to the police station. Three of them were afterward released on their own recognizance and they have made no attempt to evade the law, or leave the city. The offense they committed was not serious. The game was private and the only gambling done in the place was around a poker table. In view of this I recommend that the court impose a light fine."

Judge Diehl then had his say. "This court cares not what the gamblers or any one else thinks about the attitude of the administration. Gambling is prohibited by the ordinance and no matter what the administration does if gamblers are convicted in this court they will be punished." Judge Diehl stated that those convicted could expect a sentence of imprisonment instead of a mere fine.

PROTECT PROPRIETARY MEDICINES.

Did ever occur to you that proprietary medicines are a blessing to mankind generally? The good ones have long continued sale; the poor ones have short life and soon leave the market.

If we had to depend entirely upon physicians and druggists it would be expensive and very inconvenient at times, especially in the country and at night when neither could be conveniently reached. For nearly forty years Boschee's German Syrup has been used in many families, and thousands of cases of adults and children have been saved by its use, when it was impossible to reach a physician. German Syrup is the best household remedy for cough, colds, throat and lung trouble. It quickly relieves the hacking cough, loosens the phlegm, and brings sound and refreshing sleep. Twenty-five and seventy-five cents. Get a copy of Green's Prize Almanac. At all druggists.

AID FOR S. F. SCHOOLS.

Superintendent Christensen In Receipt Of Letter Concerning Contributions.

D. H. Christensen, superintendent of city schools, is in receipt of a letter from Alfred Roncover of the San Francisco schools, concerning the contributions being received in that city for the rebuilding of the educational structures destroyed in the recent earthquake. The letter is as follows:

"In pursuance of our plan of giving publicity to the contributors to our reconstruction fund, I desire to acquaint you with the generous response made by the three larger cities of our country, as well as with the equally generous, though smaller donations noted in former letters."

"The schoolchildren of Indianapolis have given \$2,619.72; of Milwaukee, \$4,122.70, and of Detroit, \$2,383.11. These signal offerings are but the further tokens of ties of sympathy that bind together all of the people of our great land."

"Thanking you for the great interest which you have shown in this noble movement."

All questions pertaining to health and beauty are answered here. Makes people feel as they felt in full-blooded youth. Does business while you sleep. That's what Hollister's Rocky Mountain Tea will do. 35 cents. Tea or Tablets. Z. C. M. I. Drug Dept., 112-114 Main St.

MORE WOE FOR WILLIAMS.

Local Bike Rider Cited Into Court for Contempt.

Again has Saxon D. Williams, the bicycle rider, been cited into court for failure to pay his divorced wife, Grace Williams, alimony as ordered by the court. Some time ago Williams was cited before Judge Morse and ordered to pay Mrs. Williams the sum of \$500 alimony, payable in installments of \$25 per month. He agreed to obey the order of court and was punished for contempt. He has failed to pay the alimony, however, and will be compelled to appear before Judge Morse tomorrow afternoon and show cause why he should not be punished for contempt.

STOPS WORK IN UTAH.

Underground Water Measurements Will Not be Made in Beaver and Iron.

(Special to the "News.")

Washington, D. C., June 21.—The recent action of the house of representatives in cutting out of the sundry civil bill the item for "gaging streams and determining the underground water supply" will stop an important work of the United States geological survey, in Utah. In most parts of the state the surface flow of the streams is taxed to the utmost in supplying irrigation ditches and it is well known that immense areas of fertile land remain undeveloped for lack of water. Within recent years, however, it has come to be realized that great quantities of water exist underground and in a few localities artesian wells are used in irrigation. The United States geological survey, for the past two years, has been investigating conditions in different parts of the state, with the object of determining the areas in which flowing and pumping wells can be obtained. This coming summer it was intended to work in Beaver and Iron counties, but the work must be stopped unless the appropriation is continued.

resort, three barrels of pickles and 3,500 pounds of beef the bread ran out about 6 p. m. and then all corners clamored for a slice of juicy beef and a pickle until the last scrap had been cleaned up. The meat was cooked in town the evening before and was heated in large tanks at the lake, parboiled and spiced. Owing to the water being up to the pavilion the program of sports was abandoned, but some 1,000 swelled themselves of the agreeable temperature of the water and went in bathing. Much credit is due the general barbecue committee for its excellent management. It was composed of J. M. Marriott, J. A. Belmont and William Wood, Jr. Those who served at the stand where the meat and bread were served were H. A. Millan, C. Lees, D. Heaps, Will Houshage, R. V. Hunt, S. S. Dickinson, E. Houshage, A. Olsen, W. Murdoch, A. Hudson, E. A. Wright and J. A. Folger.

The Fifth, Sixth, Twenty-sixth and Cannon ward Sunday schools were at Elder's yesterday in full force, not less than 2,000 people spending the day at "Nature's Beauty Spot." The usual program of sports was carried out, consisting of spirited games of baseball between the different wards, foot races for the little folks, with suitable prizes, boating and dancing. The children were out bright and early and made the most of the miniature railroad, swings and other devices calculated to amuse and entertain.

The Fourth, Seventh and Thirteenth wards took possession of the park today when a splendid program of exercises was carried out. This included a boat race by the superintendency of the three wards; a wheelbarrow race between two teachers and officers from each school; a race between the officers and teachers of each school; 100 yard dash between two students of theological class, girls; 35-yard egg race between two students of theological class; three-legged race between two pair ladies from each school; free for all chase for the greased pig, pig to be auctioned off for benefit of combined schools.

The Sunday school of the Unitarian society had its annual picnic at Liberty park yesterday. In addition to the 150 children present there were some 150 adults present to help along the fun. Luncheon was served at noon and then a general athletic program was indulged in by the various members of the different classes. In addition to the races the girls played a tennis game and the boys crossed bats in ready combat upon the baseball field.

Tomorrow is Scottish day at Lagoon, and it is expected that there will be a large gathering of people who had from the land of the thistle. An interesting program of sports and contests has been arranged for.

Don't think of going fishing without a goodly supply of MOUNT'S Purity Prepared Foods, such as: Pork & Beans, Sweet or Sour Pickles, Chow Chow and other relishes.
