There is nothing to conceal about the make-up of "FAVORITE PRESCRIPTION." It is an absolutely pure medicine---made of roots and herbs, Nature's own restoratives, compounded after a form-ula concerning which there can be no question, by skilled chemists and by thoroughly scientific processes. Doctof Pierce is perfectly willing to let every one know that his "FAVORITE PRE-SCRIPTION" contains Blue Cohosh SCRIPTION" contains Blue Cohos (Caulophyllum Thalictroides), Black Cohosh (Cimicifuga Racemosa), Lady's Cohosh (Cimicifuga Racemosa), Lady's Slipper (Cypripedium Pubscens) and Golden Seal (Hydrastis Canadensis). Every doctor knows that such a prescription is beneficial in the diseases of women and when properly com-pounded is certain to effect a cure in pounded is certain to the given a fair practically all cases when given a fair rial. Hereafter every bottle of the "FAVORITE PRESCRIPTION" which leaves through and the women who can be seen arried, said, woman, who, when she married, said, "Now I'll be my own mistress," finds herself a slave to household cares and duties. And oh! how much that woman needs the rest sometimes. She brushes through the United States and Canada, and Scrubs and rolls pastry ber and scrubs, and rolls pastry, her England, Australia, and in parts of temples throbbing, her back aching, South America, as a sovereign cure and scrubs, and rolls pastry, her temples throbbing, her back aching, her nerves quivering under the stress of pain. What she would give if she could just creep upstairs and throw herself on the bed in a darkened room and rest. Rest would temporarily relieve the strain, doubtless, but it would be the same story over again to-morrow. The real need of weak, nervous women is not rest, but strength, and that real need is fully met and satisfied by Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women

All this was done so quietly that no one heard sleeping close to the scene of their

The state land board held an im-portant meeting last week. Hon. C. D portant meeting last week. Hon. C. D. Thomas, state land agent at Twin Falls, was designated as the person before whom final proofs on Carey lands should be made. Registrar Mc-Connell was instructed to formulate rules for final proofs on Carey lands, which the board will consider as soon as prepared. The board has decided four contests on Carey lands in the Twin Falls district. In these cases it was contended that entry was made on lands that were not actually open to lands that were not actually open to entry, the lands being above the low land ditch then constructed.
