His re-mains were brought in last night about 10 o'clock to his home.

On Monday morning Brother Rappleye left his home full of health and vigor with four hourses and wagon to fetch a load of wood from the hills. Two youths, about 15 and 19 years old, Charley and Dennis Prows, took their father's team and accompanied Brother Rappleye. They camped all night in the cedars. On the return the Prows team gave out, and the boys left the load of wood and followed Brother Rappleye on horseback; overtaking him they placed their bedding upon his load and rode on beside him to within about four miles of town, when Rappleye told the boys to go on home, as he was now on the main road and all right. The worst case of nervous prostration 1 ever saw or rather heard of was that of a young man, a stranger who sent me word thanking me for the information and stating that to his certain knowledge, Dr. Miles' Nervine and Heart Cure had saved his life. As to my own case I was afflicted with heart trouble and nerv-ousness due to the excessive use of tobacco which I had used from boyhood. A man whom your medicine had cured of tobacco heart met me on the street in Bakersfield one day when my feet were so hadly swollen I could scarcely walk and I was suffering constantly from smothering spells, choking sensation, pain and oppression around the heart. He told me to use Dr. Miles' Heart Cure and Nervine. I bought three bottles of each and Nervine. I bought three bottles of each and when they were gone the aggravating symptoms had disappeared, but to make a sure thing of it I bought two more bottles of Nervine and am today perfectly well. I have used the Dr. Miles Arti-Pain Fills and consider all of Dr. Miles' medicines the very best of household remedies and wish that every sufferer might learn of their value."-J. M.
