

CHEAP RATES TO THE COAST

Southern Pacific Announces That
It Will Put on Special Work-
ingmen's Schedule.

TO BUILD UP SAN FRANCISCO.

Fifty Dollars for Trip Across the Con-
tinent From Gotham to
Golden Gate.

San Francisco, Sept. 28.—Chas. S. Fee, passenger traffic manager of the South-
ern Pacific company, announced last
night that the Southern Pacific com-
pany would make low rates, both next
spring and next fall, to California to
induce workingmen and laborers to
come to San Francisco, and colonists
to come to the state generally. These
rates will be \$25 from Kansas City, \$32
from Chicago and \$50 from New York,
and corresponding rates from other
points.

Stopovers of five days will be allowed
at any point in California.

NEW COAL CAMP.

Big Development Along the Burling-
ton Line in Wyoming.

(Special to the "News.")

Thermopolis, Wyo., Sept. 28.—The
Geba coal properties, which were re-
cently purchased by an eastern com-
pany, and which are situated 12 miles
north of Thermopolis, will be develop-
ed on a large scale at once. Machinery
has been ordered, and buildings for
same, and to house the men are now
being built. A steam drill is sinking
a well to supply the camp with water.
The camp is not far from the Burling-
ton's Frannie-Thermopolis line, to
which a spur will be built. It is ex-
pected the Geba mine will next year
produce more than 25,000 tons of fine
coal.

BURLINGTON SURVEY.

Corps of Engineers at Work Northeast
Of Thermopolis, Wyo.

(Special to the "News.")

Thermopolis, Wyo., Sept. 28.—A corps
of Burlington surveyors is at work be-
tween Rhoshoni and the big canyon of
the Owl Creek mountains to the north-
east of this place, making surveys for
the Burlington's Denver extension of
the Frannie-Thermopolis line, which
was completed to Basin last August.
The company has spent large sums in
endeavoring to find a route from the
north to the south that would eliminate
the big canyon, but none has been
found, and it looks as though the can-
yon route will have to be followed.

DENVER MAY INVADE UTAH.

Denver Post: Reductions in
freight rates ranging from 10 to 40
per cent on various articles from Den-
ver and Colorado common points to
Salt Lake City and Utah common
points are announced by the Colorado
Midland railway. The cut in tariffs
will permit Denver manufacturers and
jobbers to reach a territory that they
have been fighting to enter for years,
and will add to the greatness of Den-
ver as a distributing center for the
west.

SPIKE AND NAIL.

From 5 to 10 carloads of spikes are
being shipped east from Idaho every
day. The Boise packers estimate that
they will send 200 carloads to market
in the season close.

Assistant General Passenger Agent
D. S. Spencer of the Oregon Short Line
went to Logan last evening with the
Salt Lake Opera company.

General Agent Harding of the Colo-
rado Midland and Commercial Agent
Foley of the Illinois Central have gone
to Ely, Nev., with the Commercial club
excursion.

ANAEMIA IS CURED

BY DR. WILLIAMS' PINK PILLS AS
FOOD CURES HUNGER.

They Are the Most Widely Used and
Successful Remedy for All
Forms of Debility.

Anaemia, whether it results from ac-
tual loss of blood, from lack of nutri-
tion due to stomach trouble, or what-
ever its cause, is simply a deficiency of
the vital fluid. Dr. Williams' Pink Pills
actually make new blood. They do that
one thing and they do it well. As the
blood directly feeds the nervous system,
action on the nervous system is often
remarkable and they have cured many
nervous disorders that have not yield-
ed to ordinary treatment.

"As a girl," says Mrs. Jessie Pink, of
180 East Mill street, Akron, Ohio, "I
suffered from nervous indigestion and
when I was thirteen years old I was
reduced in weight to 83 pounds. I was
anaemic, nervous, couldn't eat or sleep,
was short of breath after the least ex-
ertion and had headaches almost con-
stantly. I had a doctor, of course, but
I might as well have taken so much
water for all the good his medicine did
me."

"Finally my vitality and strength
were so reduced that I had to take to
my bed for several weeks at a time. I
could not digest any solid food and for
weeks I did not take any other nourish-
ment than a cup of tea. I began to
read 'Dr. Williams' Pink Pills and I
stopped all other medicine and began to
take the pills. Soon my improvement was
very noticeable. My strength began to
return, my stomach gave me no pain
and just as soon as I began to take
the pills I gained in weight. I shall
never forget how happy I was when I
realized that I was really getting well."

"Dr. Williams' Pink Pills certainly
saved my life. I am now perfectly well,
have regained my normal weight of 120
pounds and I think Dr. Williams' Pink
Pills are a wonderful medicine and I
have recommended them to hosts of
people."

Dr. Williams' Pink Pills are recom-
mended for stubborn stomach trouble,
for all cases of weakness and debility,
such as result from fevers and other
acute diseases. They are grateful to the
stomach, are a powerful
tonic without being a stimulant and are
guaranteed not to contain any harmful
drugs. All druggists sell Dr. Williams' Pink
Pills, or they will be sent by mail
postpaid, on receipt of price, 50 cents
per box, six boxes for \$2.50, by Dr.
Williams' Medicine Co., Schenectady,
N. Y.

WEBER COUNTY REPUBLICANS

Met in Convention at Ogden Today and
Named Committees.

(Special to the "News.")

Ogden, Sept. 29.—The Republicans of
Weber county met in convention at
11:30 this morning in the county court-
house. The convention was largely at-
tended, and there was much enthusi-
asm manifested.

County Chairman E. T. Hulanicki
presented Hon. Joseph Stanford as tem-
porary chairman. The latter made a
singing speech, which was received
with great applause. After his speech

and upon motion of E. W. Wade, the
committee on credentials, resolutions,
permanent organization and order of
business were appointed, one from each
of the five city wards on each commit-
tee and from each of the 15 county pre-
cincts.

Organization and order of business:
First ward, H. T. Snyder; Second ward,
W. C. Howell; Third ward, Albert Pow-
er; Fourth ward, R. Kuchler; Fifth
ward, F. F. Dalton; E. Bingham, P.
Smoot; G. Dawson, Joseph Hogg, C.
Stewart.

Credentials—F. C. Nesbitt, A. H.
Moyes, David Jensen, F. J. Henderson,
F. J. Stevenson, C. W. Jones, L. H.
Froher, L. Fisher, T. R. Kunz, E. A.
Miller.

Resolutions—John Austin, B. A. Bow-
man, H. P. Randall, E. W. Wade, Dr.
W. J. Browning, J. J. Robinson, T. D.
Jones, Geo. S. Dean, H. Marloff, Ne-
phi Matthews. After the naming of the
committees an adjournment was taken
until 2:30 this afternoon.

THE JESUITS.

An Army of Men Trained Mentally and
Spiritually.

At Sparta, in the old Greek days, there
was a race whose one aim was the cul-
tivation and hardening of their phys-
ical powers. The Jesuits have spent
just the same eagerness and culture on
their brains. They are a sort of in-
tellectual cosmopolitan aristocracy of
the world. It takes seventeen years
of strenuous study and training to
make a Jesuit. Only the strongest
physically and intellectually can, as a
result, attain to full rank. A fully-
professed Jesuit priest under the age of
thirty-four is practically an impossi-
bility.

There is one remarkable feature of
the Jesuits: their oath of obedience.
They are bound absolutely, "within
or in all that is not sinful. The Exer-
cises of Ignatius is the famous book in
the study of which their novices spend
two years. It has been justly con-
demned by many great authorities for
its power of breaking the will, but on
the other hand, there is the view that
a strong will that survives it has be-
come as steel in the fire. After two
years of novitiate they spend about
seven years in general study—three on
philosophy and about five on theology,
besides some six or seven in teaching.

One can understand from that why the
Jesuits have been the best of school-
masters the world has known.

The internal regulations of the so-
ciety are very similar to those of an
army in respect of obedience and execu-
tive. There are at the present time
15,500 in the world, collected into twen-
ty-five provinces under the control of
provincials. The provinces are grouped
into five assistances, which include, as
a rule, the races of the same tongue.
Each assistance has an assistant, who
represents it, and acts as adviser to
the general. Every official, except the
general, who is elected for life, and can
only be deposed for some moral or per-
sonal error (such a thing has not oc-
curred in the 400 years of its existence),
is elected for a term. An officer who
may be in the ranks again tomorrow
has a strong incentive against peremp-
tious or dictatorial behavior. The gen-
eral, then, is ruler for life of an ex-
tremely carefully organized army,
which is exquisitely trained in the use
of the intellectual weapon, which has
speaks every tongue and has influence
in every country.

And yet among the Jesuits no one is
very eager to be general. Every fully-
professed member is eligible, and may
be elected to grasp the handle of what
has been compared to a sword with the
head at Rome, and the point facing
to every corner of the world; but none
are, as a rule, ambitious. No one may
refuse the office if elected.

The general of the society is one of
the hardest-worked men in a hard-
working world. Every member of the
15,500 may write in complaint or for
advice to the very reverend father who
is familiarly known in Rome as the
"Black Pope," and though there is a
permanent staff of secretaries, the gen-
eral is supposed to pass every reply.
Moreover, he must control men, many
of whom are more brilliant than him-
self, and tremendously strong-willed,
and in addition he has to conduct the
external relations of the society. The
political influence of the Black Pope is
a matter of history.

On the death of the Jesuit general,
a vicar-general whom he has appointed
takes command till the new general is
elected.

DEMURRER SUSTAINED.

Brown, Terry & Woodruff Lose First
Point in Injunction.

The defendants in the injunction
suit filed by Brown, Terry & Woodruff

THE WINNING STROKE

If more than ordinary skill in playing brings the honors of the
game to the winning player, so exceptional merit in a remedy
ensures the commendation of the well informed, and as a reason-
able amount of outdoor life and recreation is conducive to the
health and strength, so does a perfect laxative tend to one's
improvement in cases of constipation, biliousness, headaches,
etc. It is all-important, however, in selecting a laxative, to
choose one of known quality and excellence, like the ever pleas-
ant Syrup of Figs, manufactured by the California Fig Syrup
Co., a laxative which sweetens and cleanses the system effec-
tually, when a laxative is needed, without any unpleasant after
effects, as it acts naturally and gently on the internal organs,
simply assisting nature when nature needs assistance, without
gripping, irritating, or debilitating the internal organs in any way,
as it contains nothing of an objectionable or injurious nature.
As the plants which are combined with the figs in the manu-
facture of Syrup of Figs are known to physicians to act most
beneficially upon the system, the remedy has met with their
general approval as a family laxative, a fact well worth con-
sidering in making purchases.

It is because of the fact that **SYRUP OF FIGS**
is a remedy of known quality and excellence, and approved by
physicians that has led to its use by so many millions of well
informed people, who would not use any remedy of uncertain
quality or inferior reputation. Every family should have a
bottle of the genuine on hand at all times, to use when a
laxative remedy is required. Please to remember that the
genuine Syrup of Figs is for sale in bottles of one size
only, by all reputable druggists and that full name of the
company—California Fig Syrup Co., is plainly printed on
the front of every package. Regular price, 50c per bottle.

CALIFORNIA FIG SYRUP CO.
Louisville, Ky. San Francisco, Cal. New York, N.Y.

proprietors of the Troy laundry,
against Albert Van Cott et al, scored
the first point in the case yesterday
afternoon when Judge Morse sustained
their demurrer to the complaint. The
plaintiffs sought to have an injunction
issued against the defendants to re-
strain them from using knowledge
gained by them when employed at the
Troy laundry in establishing a trade
for themselves at the Royal laundry,
and also to restrain them from solici-
ting the customers of the Troy.
Defendants demurred to the com-
plaint on the ground that it did not
state facts sufficient to constitute a
cause of action. Atty. C. C. Dey ap-
peared in behalf of the plaintiffs and
Sutherland & Van Cott for the defend-
ants. The demurrer was argued for a
considerable length and at the conclu-
sion Judge Morse sustained the demur-
rer and gave plaintiffs 30 days in which
to amend the complaint.

DIVORCES GRANTED.

Weekly Grind Released Four Unhappy
Couples Yesterday.

During the regular weekly divorce
call in Judge Morse's court yesterday
afternoon divorces were granted to
plaintiffs in the four following cases:
Clara N. Odell against William G.
Odell on the grounds of desertion and
failure to support.

Frank B. Crocker against Mary
Crocker, desertion and infidelity.
Nellie McKinney against Abe McKin-
ney, desertion and failure to support.
Phoebe A. Soderberg against W. L.
Soderberg, non-support. Plaintiff was
also awarded the custody of their
minor child and \$7.50 per month as
alimony.

COURT NOTES.

The supreme court today handed

down an opinion reversing the judg-
ment of the lower court in the case of
J. M. Lockhart, administrator of the
estate of J. G. Rhodin, deceased, appel-
lant, vs. James Farrell and ordering
judgment entered in favor of plaintiff
and appellant. The action was brought
to quiet title to the tract of land be-
tween the Divide lode, owned by Rhod-
in, and the Cliff lode claimed by Far-
rell, located in the Utah district,
Summit county. Farrell applied for a
patent on the Cliff lode and Rhodin
contested it and claimed that he was
entitled to the ground by reason of his
location of the Divide lode.

The lower court rendered a decree in
favor of Farrell but the supreme court
now reverses that judgment and orders
a decree entered in favor of the Rhod-
in estate. Justice Straup wrote the
opinion of the court, which is con-
curred in by Chief Justice Baruch and
Justice McCarty.

John H. Roberts and wife filed suit
in the district court today against W.
G. Tuttle, S. B. Tuttle and M. S. Wol-
ley, doing business as Tuttle Brothers,
to recover damages in the sum of \$2-
952.35 for breach of contract of sale
of part of lot 2, block 88, plat D, Salt
Lake City survey. The complaint al-
leges that defendants falsely represent-
ed that they had authority from the
owner of the property to sell the same
and enter in the contract of sale.
Plaintiffs, relying upon that representa-
tion, agreed to purchase the property,
and made payments amounting in all
to the sum of \$540 and paid out \$250
in improving the property. Isabel Den-
ny, the owner of the place, then brought
an ejectment suit against plaintiffs and
was awarded a decree in the district
court and hence plaintiffs were ousted.
Defendants have refused to return the
money paid on the place or to rein-
burse them for the loss sustained

through the increased value of the
same. Her judgment is asked in the
total sum of \$2,952.35.

The Purdy Hotel & Boarding House
company of this city filed its articles
of incorporation with the county clerk
today. Its capital stock is \$500, di-
vided into shares of the par value of
\$50 each. J. W. Purdy is president,
J. M. Marriot, vice president, P. A.
Witcher, secretary and treasurer.

New Submarine Lamp.

An electric arc lamp, capable of ef-
ficiently supplying the needs of under-
water illumination for ship salvage and
submarine work generally, as well as
for operations to be carried on in in-
flammable or explosive atmosphere, was
recently subjected to trial in the harbor
of Aberdeen in connection with repairs
effected on the dock gates there, with-
out taking them out of position. It was
found that a thorough examination of
the dock gates could be made by the
aid of the lamp, and in order to demon-
strate its power one of the divers re-
turned for a newspaper, and after de-
scending to the bottom of the dock, a
depth of 20 feet, read a paper of it
through the telephone to those on the
surface. The lamp itself is a double
enclosed arc lamp capable of giving
from 1,500 to 2,000 candle power, the
glass globes of which are made to stand
a pressure of over 100 pounds per square
inch, while the metal parts and all
joints will stand over 200 pounds. The
lamp should also be useful for the ex-
amination of ships' bottoms and the
carrying out of repairs afloat. Uniden-
tified.
