In the course of its recent thorough revision, the American edition was edited with the special view of supplying the wants of American readers. It also possesses a special attraction in containing a series of over seventy-five full-page engravings not contained in any other edition. d50

**WATCHES and Clocks** repaired at low prices by C. Amussen, opposite Post Office. He is the best watchmaker in the land. d121

**IMPORTANT TO THE TRAVELING PUBLIC.**

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and most pleasant to travel.

We take pleasure in stating that the Chicago & North-Western Railway is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburg & Chicago, Chicago & Kansas City, and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets at the Old Pioneer Route.

**The Chicago and North-Western.**

You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb., or to W. E. Shuman, General Passenger Agent, Chicago.

**Two Days' Meetings.** The two days' meetings at Lehi, presided over by Elder A. Carrington, were largely attended throughout, and on Sunday the spacious meeting house was filled to its utmost capacity.

## EVENING NEWS.

Monday, June 7, 1875.

### Local and Other Matters.

**THERMOMETER** 84 degrees F in the shade at 1 p.m. to-day. Fine.

**Tabernacle Meeting.**—Elder Orson Pratt preached yesterday afternoon.

**The Circus Coming.**—New it is Montgomery's Circus and Menagerie that is on its way here to exhibit for a brief time.

**Improving.**—We have much satisfaction in stating that President Geo. A. Smith continues to improve very sensibly in health.

**Land of Plenty.**—An Irishman might say that the quadrupeds hereabouts are in clover, judging by the great quantity of Oates scattered everywhere around.

**Something Novel.**—Mr. Henry E. Phelps has struck something new. He has placed a miniature waterwheel in the water seat, opposite his store. It throws up a graceful spray, which cools and moistens the atmosphere in that immediate vicinity, besides attracting a curious crowd while the auction sale goes on.

**Missionary Appointments** for Sunday, June 13th, 1875.

West Jordan.—Elders R. F. Nealen, G. Teasdale and C. H. Wilken.

Big Cottonwood.—Elders George Neale and Jacob Gibson.

South Cottonwood.—Elders J. P. Freeze and K. G. Maeser.

Draperville.—Elders Thomas Taylor and D. A. Swan.

Sugar House.—Elders D. James and Thomas W. Williams.

**The Water.**—It seems to annoy somewhat of inconstancy for a comparatively immense amount of water to be rushing down North Temple Street, where it does more harm than good, when portions of the eastern part of the city can hardly get water to irrigate the lots with. Under such circumstances one can hardly wonder at hearing complaints about the bad distribution of the water at command of the water masters.

**Supreme Court.**—The Supreme Court of the Territory met at the Federal Court House at one o'clock to-day, Chief Justice D. P. Lowe and Associate Justices P. H. Emerson and Jacob S. Bortman on the bench, and a full attendance of members of the bar.

Quite a number of cases that were argued before the court as constituted with James B. McKean as Chief Justice, and submitted and held under advisement, have been set for rehearing.

**An Impostor.**—Recently a person giving the name of S. Einstein, and representing that he was connected with the boot and shoe house of Z. Einstein and Bros., San Francisco, called upon various principal business firms of this city, at one of which he had what purported to be a draft for \$50, drawn by himself on the San Francisco firm named, cashed. It turns out that he is in no way connected with and is entirely unknown to Einstein and Bros., or in other words the fellow is an impostor.

**Fish with Legs.**

Museum, June 7th, 1875.

**Editor Desert News:**

I have received a specimen of reptile from Cache Valley. It was caught by Patriarch John Smith in a natural well of immense depth, near Chatkaton, Cache county. By the kindness of the various railroad conductors the creature has arrived in excellent health, as evidenced by its voracity. He dines off grasshoppers, meat or any kind of animal food.

This creature is a variety of the "Siles Lichenoides" of Baird, and is described in Stansbury's Report. Its breathing apparatus is situated at the body, resembling horns (branches). It has four legs, is nearly a foot long, and bids fair to become "domesticated" in our Museum.

Respectfully yours,

JOSEPH L. BARFOOT, Manager.

We have seen the reptile mentioned in the foregoing, and consider it a great natural curiosity. This specimen was caught with a fish hook and line in the well mentioned by Prof. Barfoot.

**North Ogden.**—Bro. F. Dudman, from North Ogden, called to see us to-day, from whom we learn that the crops look well there and that generally, notwithstanding that the frost of the night of June 11 nipped the potatoes, beans, corn, and other tender vegetation.

The settlement is in a flourishing condition. Good health prevails, there being little sickness. C. H. Wheelock is president of the place. The irrigation canal, from the mouth of Ogden canyon to the Hot Springs, five or six miles, is completed and in good order. It is ten or twelve feet wide at bottom.

North Ogden has a good Sunday School. R. G. Berrett superintendent. The children turn out well, there being an average attendance of 100 scholars. There is also a good day school, under the management of H. C. Wardleigh. The mass quorum of Elders numbers 100 members, R. Jones president. The choir is a success, under the leadership of F. Ellis, and they have a good organ.

The "North Star" has a creditable schoolhouse, and a first-rate Sunday school. Edward Wade, superintendent. The choir progresses, under the leadership of Fred Williams.

**Two Days' Meetings.** The two days' meetings at Lehi, presided over by Elder A. Carrington, were largely attended throughout, and on Sunday the spacious meeting house was filled to its utmost capacity.

# THE MEETING ON SATURDAY MORNING.

was addressed by Bishop John Brown of Pleasant Grove.

Fresh Harrington of American Fork, and Elder Zebadiah Coltrin.

that in the afternoon by Elder John B. Maiben, Bishop A. O. Smoot, Elder Geo. Halliday, and Bishop McCullough of Alpine.

In the evening a general priest-hood meeting was held, including members of the Relief Society, at which much valuable instruction was given by Bishop A. O. Smoot, and Bishop Brigham of Springville.

On Sunday morning the three Sunday schools of Lehi gathered at half-past eight o'clock, and were addressed by J. B. Maiben and T. Harris, and Bishop A. O. Smoot.

Elders Geo. Dunford, Geo. Teasdale and H. W. Nalabitt were the respective speakers in the forenoon meeting. In the afternoon the time was occupied by Elder Albert Carrington, followed by some brief and appropriate remarks by Bishop A. O. Smoot.

The addresses throughout were spirited and full of wholesome and profitable instruction. A singular unanimity of sentiment and feeling characterized all the exercises of this very delightful occasion, in harmony with the exigencies of the times and the peculiar circumstances which surround the Saints at the present day.

**The Work Abroad.**—The following is from the *Millennial Star* of May 17—

"After the departure of the Wyoming (May 12), a special meeting of Elders from Zion was held at 42 Islington, at which much valuable counsel was imparted to the brethren, who expressed themselves prepared to do anything for the furtherance of the work of the Lord in the respective fields of labor."

"The Elders were advised to hold open-air meetings whenever an opportunity presented itself, and when their circumstances would permit to warn the people and extend the work."

"Nottingham, May 6.—We are well and in good spirits. Brother Farrell has just returned from North Lincolnshire, and Brother Squires is now on a three weeks' tour of South Lincolnshire."

"Last Sunday, at 6 p.m., I held an open-air meeting in the town of Langley Mill, Derbyshire, and got a large hearing from perhaps a hundred strangers, while I talked to them for an hour upon the first principles of the Gospel. I thanked them for their attention, and gave notice of another meeting to be held on the same spot next Sunday at 6 p.m., and when we went away the people remained as if I had not been there."

"Mrs. Hayden manifested a high degree of skill in managing her voice. Her rendering of 'He Shall Feed his Flock,' was admirable." Mrs. Rooks' efforts were a notable improvement upon those by her on Thursday; manifesting more confidence in herself. Mr. Williams also did better than on the previous evening, and perhaps we may say the same of the other male soloists.

The instruments did well, more especially Mr. Wolfe, first violin, Mr. Broughton, violinello, and Mr. M. Croxall on the cornet whose sustenance of high C and his general execution of the obligato to 'The Trumpet Shall Sound' showed the attainment of a large mastery over that beautiful instrument.

One instinctively compares such performances with the best one has heard as standards, and thus judging the soloists generally betrayed principally a lack of force and continuance, or power of sustained effort, and next of modulation or power of handling the voice with ready ease and without apparent effort, and with every desirable shade of force and feeling.

Altogether the programme was most creditable and should prove a very favorable augury of future and still more complete triumphs.

**Conference in Birmingham.**—The *Millennial Star* reports a conference held in St. James' Hall, Snow Hill, Birmingham, England, on Sunday, May 2, meetings being held at 10:30 a.m., and 2:30 and 8:30 p.m.

Utah Elders present: Joseph F. Smith, President of the European Mission; President of the Birmingham Conference; E. N. Freeman, President of Sheffield Conference; H. S. Gowan, President of Manchester Conference; H. M. Hardy, of London; Jno. H. Smith, and V. L. Halliday, of Birmingham Conference.

The conference was addressed by most of the above Elders. President Morris read the statistical and financial reports, which were as follows:
