FROM MONDAY'S DAILY, JUNE 12.

Tabernacle Meeting.—Elder Orson Pratt preached yesterday afternoon.

Personal.—Bishop Smoot, of Provo, is in town. All is well in Utah County.

Bishop Lorin Farr, of Ogden, was around town to-day.

The Emigrants.—The company of Saints now on the way to this city, left Omaha on Saturday afternoon. They will probably arrive here to-morrow.

Arizona Settlements.—The latest news from the settlements on the Little Colorado is that there has been a grateful rainfall, and that the grain, in consequence, is coming up nicely.

Lecturing.—Miss E. O. Smith informs us that she has been south as far as Santaquin, also to Alta and Bingham. At the latter place she lectured on Friday, Saturday and Sunday evenings, on temperance.

Missionary Work.—We have perused a private letter from Elder B. F. Cummings, who is in good health and spirits, and laboring in Massachusetts, with fair prospects of success, for additions to the church by baptism.

Petty Stealing.—On Saturday night or last night the pottery workshop of Eardley Cartright & Co. was broken into by apparently very insignificant hard-up thieves, who carried off a number of jackets, overalls, aprons and other work clothing.

Indisposed.—We are requested by Elder A. P. Rockwood to state, for the benefit of the people in some of the settlements in the south part of the country, that he will be unable, on account of sickness, to fill some appointments made for meetings in those places.

Stole a Pistol.—A colored man, named Russell, stole a pistol from a gunsmith's store, on East Temple Street, for which he was arrested by the police. Justice Pyper fined him \$25, in default of which he was committed, to work it out.

The Wiggins Case.—The arguments on the motion for a new trial in this case, by the respective counsel, were heard on Saturday, by Chief Justice Schaeffer and Associate Justices Boreman and Emerson, constituting the bench of the Supreme Court.

Excursion to Short Branch.—Here are complimentary to a select excursion to Short Branch and pleasure trip on the steamer *General Garfield*, on Thursday, June 15, leaving this city at 8 a.m. and returning at 7 p.m. Committee: Andrew Burt, Henry Dinwoodey, B. Y. Hampton, A. C. Pyper and Geo. Crismon. Tickets \$1.

Attempt to Escape.—We understand that Marshal Nelson discovered, this morning, that John G. Wiggins, under sentence of death, had been making preparations for an escape, by cutting through his irons with a fine saw. The cut was so delicate, as to be almost imperceptible. This discovery will be likely to result in a redoubling of vigilance on the part of the officers.

President Young and Party.—The following special to the News was received this morning—

ST GEORGE, June 12th.

Editor Deseret News:

President Young and party left for Salt Lake, via Kanab, at ten minutes past 10 o'clock all well, and feeling first-rate. The Presi-

dent preached in the Tabernacle yesterday afternoon.

Fire.—At 12 o'clock last night fire was discovered in a cigar store in front of Hale's saloon, east Temple Street. The discovery was made by the street watchmen, who broke in the door, and by the application of water, by means of buckets, extinguished in its incipient stage. It might have been a very serious and destructive fire. The origin of the fire is a matter of mystery.

From New Mexico.—This morning we met with Elder Robert H. Smith, lately a member of the D. W. Jones' missionary party, who has been released to return to his home in Cache Valley. He and Elder Ammon M. Tenney had recently been laboring in New Mexico, where they met with the most gratifying success, and passed through an experience of the most interesting character.

A Battered Head.—This morning E. D. Tilton appeared at the City Hall with his head in a damaged condition, which he affirmed was the result of a pummeling he had received at the hands of Mr. Parlin, of the stage line firm of Parlin & Thompson, to which charge Mr. P. will probably have to answer before Justice Pyper, in due time.

From the South.—Brother George C. Lambert has just returned from a visit to Sanpete and Sevier Counties, in the interest of the *Juvenile Instructor*, having been very successful, considering the quietness of the times.

He informs us that in the latter of the two Counties the United Order is progressing admirably, peace, harmony and prosperity characterizing the movements of the people in that organization. "One hundred and thirty families are in the association in Richfield alone, and while he was there, Brother Lambert states that he did not hear the utterance of a single murmur.

Water Ditches.—We have received a somewhat lengthy communication from a person signing himself "A Law Abiding Citizen," in which he desires to draw the attention of the City Watermaster to a nuisance which he states exists in the eastern part of the 10th Ward, about a block and a half from Cedar Post Corner. The matter in a nut shell is that a water ditch in that locality is in such a condition as to prevent pedestrians from crossing with safety, and another point is that there is a large number of ditches that are not properly cleaned out by the property holders interested therein.

A Well Known Citizen Departed.—It will be observed, by an obituary notice, in another column, that Elder David Day, a well known and respected citizen, departed this life yesterday morning. Elder Day was an old member of the Church, having been connected with it for about thirty-three years. He came to this Territory, from England, twenty-six years ago. A little over fourteen years ago he commenced his career as a merchant, and in that capacity and in other positions has been prominently before the public until his death, which was generally unlooked for, the attack of illness that carried him off only having been of about one week's duration.

The Sandwich Islands.—Elder Alma L. Smith, who has been, for some time in charge of the Sandwich Islands Mission, having been released to return home, expects leaving Honolulu on June 21st, accompanied by Sister Randall, who has been acting as school teacher on the plantation, and five natives of the Islands. The party expect to reach San Francisco on June 29th, and to arrive in this city, July 3rd. The natives alluded to have the written permission of His Majesty, King Kalakaua, to leave the Islands and locate in Utah.

According to the latest report all was peace and prosperity on the plantation, and the Elders were energetic and faithful in the performance of their duties.

1776. Fourth of July. 1876.—Being the "Great Centennial Day," there will be a "Ladies' Centennial Excursion" to Haight's Grove, Lake Side, on that day, leaving this city at 8 a.m., returning at 7 p.m.

Speeches, singing, dancing, blind man's buff, bathing and other old fashioned games will be the order of the day. There will be no

postponement unless the weather is unfavorable. Row and sail boats can be obtained at the Lake.

Parties wishing a good, old fashioned dinner can obtain the same at the Grove at 50 cents each, supper 25 cents, by giving their names to the committee and procuring their tickets on or before July 1st.

Conveyances will meet the train to take those having infants and baskets to the Grove; will also run to and from Lake for the accommodation of bathers. Cars will remain on switch all day.

Tickets, \$1.00, can be obtained at the Co-op, Dwyer's, Jennings', Teasdel's, all the Ward Stores, and of the Committee, Mrs. E. Davis, Mrs. S. Strock, and Miss L. Davis.

Good News.—Brother Theo. J. Angell, one of the Arizona missionaries, writes to his father from Allen's Camp, in a generally encouraging manner, under date of May 28th. We extract the following—

"Our dam is finished and, I have no doubt, will stand the freshets during the rainy season. Our ditch is nearly completed also. We have got it bridged in two places, and have got the head gate in. Bro. Geo. Lake has removed his camp from his old camping place to his townsite, three miles below here. He calls his town Obed, which means 'to serve God.' He and his company have gone into the United Order in the full sense of the word. As yet we have only partially gone in, waiting for the arrival of Presidents Wells and Young, to complete the organization.

"I believe Brother Ballinger's dam has proved a failure, the sand having washed away on both sides, leaving the dam compact. He is building a new dam entire, above the old one. I understand he has named his town Cumorah. Bro. Allen has been out exploring, hunting for springs lately, and has found one twelve miles distant, which he claimed. Our townsite is picked out and we have named our town Allen City.

"The river is not falling away one bit, and this is considered the driest season of the year. Yesterday and the day before we had refreshing showers. In about one month the rainy season sets in, when we will have plenty of mud. The boys that went back to Kanab after provisions are, I understand, waiting at the ferry for the river to go down. They sent the letters on and I received six, which was quite a time of rejoicing for us all, most of the boys getting two or three each.

"We have sent a petition to the Third Assistant Postmaster General for a postoffice, and have gotten up a petition for a road district, and, on Monday, we send a delegate to Prescott to present our petition and have our water ditch and dam recorded, also to try to get our taxes remitted for the season.

"There are four or five Mexicans and Americans owning ranches seven miles above here, who are quite friendly. The principal talk in Prescott is the Mormons and the Bostonians. We have got two camps for convenience sake, and union and peace prevail. I never saw a set of men feeling better in the gospel than we do. For my part I never felt better in my life. I feel like devoting my time, talents and means to the building up of the kingdom."

ELECTIVE FRANCHISE IN UTAH.

THE following is a portion of the proceedings of the United States Senate, June 1, as per report in the *Congressional Record*—

"The PRESIDENT *pro tempore*. The next bill on the Calendar at the point where it was left off will be read.

"The CHIEF CLERK. Bill (S. No. 483) to regulate elections and the elective franchise in the Territory of Utah.

"Mr. COCKRELL and Mr. JOHNSON. Let that go over.

"The PRESIDENT *pro tempore*. The bill will be passed over."

The Work at the Quarry.

CHURCH QUARRY,
Little Cottonwood,
June 8th, 1876.

Editor Deseret News:

There are twenty-eight men at work here, representatives from the Seventies, High Priests' and Elders' Quorums. All of the workmen are in good spirits, and getting along as well as could be expected, considering that the work is strange to many of them. Drinking and swearing are unknown here.

We are sending away the rock very lively, and if all the men were here that are expected to come, trains would have to run lively to keep us clear.

The men are not coming so fast as at first expected, for some reason or other. Each man here is credited for what his work is worth.

It seems there is still a misunderstanding with some, with regard to board, as they keep coming here without any provision made for it. For the benefit of those who may yet come, I would say, bring your provisions with you, or money to pay for them, as they can be obtained here about as cheap as in Salt Lake City, and though each man boards himself we do it in a consolidated form, we eat what we bring, and we have hired our own cook, so no one makes anything of us.

There is still another thing I wish to mention—we are very much in need of a roof over our house, as it often rains here, and we frequently get our clothing and bed-clothes wet. We require about thirteen thousand shingles, with nails to put them on, to make us anything like comfortable.

Your brother in the good cause,
QUARRYMAN.

RUSSELL & Co., of Massillon, Ohio, manufacture a Threshing Machine which is celebrated the country over. Probably they lead all other manufacturers. Their buildings cover several acres of ground, and are filled with the finest machinery. Threshing men and others interested would do well to send for their illustrated catalogue before purchasing. w20

Mechanical Tinkering

Cannot arrest the decomposition of the teeth. Nothing will do this but that pure disinfectant and preservative which, under the name of SOZODONT, has become a staple of the toilet throughout the world. d&w
