

ADJACENT CITIES

OGDEN.

Ogden, Utah, - JULY 22, 1893.

News from all over Washington Ave., where
representatives for manufacturers or advertisers
are now.

The news is delivered by express or post,
and we are ready, on all trains and at
all telephones.

LEGAL LURE.

Grand Jury—Injunction Dissolved—
Notes of the Justice's
Court.

The grand jury, though hard at
work, has not made any report yet as
to indictments found. The Hill case,
it is believed, will be re-opened and the
process of today.

The case of Jerry Becker vs Adam
Laren and others occupied Judge
Miner's time yesterday. This suit in-
volves the waters of Mineral Creek
in Box Elder county, which Becker
claims he always has the right to
use, while the defendants claim
the defendants are appropriating to
their own use, while the defendants
claim that Becker is not entitled to any
water only at times when there is no
overflow. The temporary restraining
order against Becker a few days ago
was dissolved.

The following business was trans-
acted by Justice Cannon yesterday at
the police court:

Dalley Smith was fined \$25 for raid-
ing the guest of Jasier Baxter for twenty-
five days unless the amount is forth-
coming.

John Doe, otherwise E. H. Adlum,
left \$20 for his appearance, which
assault and battery while J. A. Anderson
was testifying in the case.

Andrew White got ten days on the
charge of mendacity.

Tom Topham engaged in a little
row at the Silver Club saloon and
was arrested by Officer W. H. Brown for
the trouble. Tom Topham interfered with
the officer and was himself ar-
rested later in the day, on a warrant charging him with interfering with an
officer in the discharge of his duty.

Barnett, who had been held on
an appeal to the District
court while Topham was released.

Jam Barnett was run in during the
early hours of morning on the charge
of imitating the much tattered.

Lundy on the Veto.

Major Lundy, after deliberating on
the matter for four days, has got to his
veto power. In great shape, and the
council's resolutions adopted last Monday
night, after much cross-examination and
debate, are, I understand, to be vetoed.

They were returned to the re-
mitter, yesterday afternoon. Accom-
panying them was the veto of the mayor
and a message to the council which
embodies a number of recommendations
which were not in the veto.

The mayor maintains that such
sweeping refinements as the resolu-
tions advance would be harmful in
some instances in the best interests of
the city. The size of the city must be
considered, and the fact that most of the
hospital were closed and the
city physician not allowed to give
medicinal aid.

The mayor recommends changes in this department which
would materially cut down expenses
but will not affect the health

department. Instead of closing up the
bush fire station, the mayor favors a
relocation of the force of men at both
departments. The present police force
should be maintained, he says, but
reduced to 100 men, he said.

Other changes are recommended and it
is believed that a number of these will
be adopted at the next council meeting.

To cost \$75,000.

Bottling permits for the Southern
Pacific line were taken yesterday.
The estimated costs of the shop, round
house and store rooms is placed at
about \$75,000, which is considered to
be a very low estimate.

Will Construct the Road.

Charles S. Rogers of Casper, Wy-
oming, is at the head. The gentleman
is a skilled engineer of the Wyoming and
Utah railroad recently incorporated
with a capital of \$10,000,000, with the
object of taking the road from Casper
to Ogallala, and thereby give the
Cin-
cago and Northwestern an outlet to the
west through the N. P. road. Mr.
Rogers has nothing for the public yet
except that the road will be con-
structed.

Graefenberg Pills

As a Family Pill. They are not only
Mild, but exceedingly Effective.

THE BEST HEADACHE PILL.

Cures all forms of Female
Complaints, Nervous
Diseases, Weakness and
General Debility.

Sold by Druggists and general stores, also
for physicians.

DELICIOUS ICE CREAM.

Is Readily Prepared at
the least expense
of

HIGHLAND Evaporated Cream.

A DAINTY

For COFFEE and COCOA

FOR SALE BY DRUGGISTS AND DENTISTS

PROVO.

PROVO, UTAH, - JULY 22, 1893.

The Bonding Question.

At the four meetings held in the city
on the subject of the bonding question
the Provo school district was ex-
plained by members of the board of
education. The people generally ex-
pressed themselves as not being in
favour of bonding, but preferred that
when it would be put in motion.

It was voted that the new school
trustees be asked to call a meeting

in the month of August.

The Silver Meeting.

William H. King, J. D. Jones and
W. N. Danvers were on the committee
appointed at the preliminary meeting
to work up a missing county silver
convention in Provo in the near fu-
ture.

In Legal Circles.

It has been filed in the First dis-
trict court by Anna Blader against
John D. King, president of the Miners
Bank, for the recovery of \$2000.
Plaintiff alleges that she signed
notes with defendant for \$2000 and was
forced to pay it, and further that she
had various times let him have cash
on merchandise in the amount of
\$1000, which he has not paid up.

John Henry will sue the Rio Grande
Western railway for \$100 for killing his
horse, and Martha Lovelace wants \$200
from the same company for killing her
horse, which will cause up in
Court again.

Capt. W. Anderson failed to recover
\$220 damages, sued by the Com-
munity. Dudley's claim from ex-deputy
Marshal Clark in the alleged
murder of his wife, which he had
been in prison since, was dismissed.

Richard Fowler has received attention
in papers in the amount of \$4000
for the loyalties of the property of Nicholas
Groschell, in Springville, at the in-
stance of the M. M. Savings bank.

Notes and Personal.

George H. Brimhall has gone south
in the interest of the B. Y. Academy
summer school.

Calo Taylor has returned from
Harvard, having spent vacation in the
state of his country.

J. H. Deschauer has commenced
the manufacture of flavoring extracts
in connection with his work.

J. P. H. Johnson has resigned as
manager of the Provo Opera house,
and J. C. Graham, the former man-
ager, again assumes control.

The following couples are destined to
marry: George and Anna Stirling
of Springville; John and Anna Fife,
of Pleasant Grove; and Harry and
Fannie Fife.

The Provo shotgun club has been
practicing shooting at clay pigeons.
They expect to shoot the gunners here
at the lake on the Twenty-fourth.

The thermometer reached 95 in the
afternoon yesterday, and a record was
set up.

J. H. Black and partner claim to
have located a valuable diamond two
miles from Thistle, on Silver Creek.
They are seeking the aid of capital to
develop the claim.

A fire broke out yesterday morning
in the rear of an empty frame
building on Center street, formerly used
as a livery stable. The flames were
extinguished before they became
well developed.

On Wednesday last the city council
sat at its regular session to consider
complaints in relation to the city
assessment.

Prof. Benjamin F. Cliff delivered
a lecture at the Central scholastic last
night, in the interests of Murray
school work. A large number of
teachers and others were present.

Prof. H. H. Giles, of Provo, visited
several of our musical friends yester-
day with a view to working
up more of an interest in the driving
art.

The dull thuds apparently do not
stop the regular trip of the Latin
drum. One moreover says he
was visited by four or five of the "boys"
recently.

No steps have been taken yet toward
the celebration of the Fourth of July
this year, and for the first time in many
years, the holiday will pass uncer-
emonied here by public demonstration.

A. T. Brown, the silversmith, a
few hours past, has been working at
Eureka, has returned to Payson and
will take up the residence with his
family in the old which is home, just
north of the Congress marble city.

Mr. John T. Haas and wife, Mrs.
M. A. Haas, of Ogden, whose
most recent address was Ogden,
will move to Salt Lake City
where they will reside with their sons
James and Vernon, one in the
employment of the Cedar City. A reception
and social will be given by the
members of the family soon after their
arrival.

The Payne Miners Dramatic club
will be present at the open house on
Saturday evening next, the interest-
ing drama, "Admiral Sir Binks,"
and the magnifico, "Lead the
Pheasants." The cast presents the
names of several of the claimants and
the names of several prominent musical
houses about great the performances.

Brasshoppers are active in vari-
ous places, and in immense
quantities and it has been the past
several days at night, it threatens to
cause some trouble, consequence to
our families and gardens. This was
the beginning of two years ago.

Caught in a sewage machine.
A man accidently stepped last evening
into half-jaded 9 o'clock, through
which James H. Hite, the twenty-year
old son of John H. Hite, proprietor of
the Hite Bros. Drug Store, was
working at his machine. He was
working at his machine, and the
sewage machine was mangled, tearing
the wounded member were struck
and pressed by the sewer, and the
patient is feeling so well as could be
expected under the circumstances.

PARK CITY.

PARK CITY, - JULY 22, 1893.

Biscuit arrived.

Several large sets of machinery have
arrived this week from San Francisco,
to be used in the new baking plant.
Teams are busy hauling the same to
the mill, but there is no telling just
when it will be put in motion.

The new superintendent of the new works
has come to Salt Lake City most of the
week.

Notes.

A number of folks went to Salt
Lake today, to attend a meeting of
the Women's Christian Temperance
Union.

There is a missing county silver
convention in Provo in the near fu-
ture.

Notes.

At the four meetings held in the city
on the subject of the bonding question
the Provo school district was ex-
plained by members of the board of
education. The people generally ex-
pressed themselves as not being in
favour of bonding, but preferred that
when it would be put in motion.

It was voted that the new school
trustees be asked to call a meeting
