

# EVENING NEWS.

Tuesday, Oct. 19, 1886.

## FRAGMENTS.

Two more clothes lines were robbed last evening.

This Salt Lake State Academy will open in the Social Hall on November 1st.

There is a message at the Western Union Telegraph Office for Mrs. E. Fagh.

Geo. T. Henry was arrested this afternoon for being drunk and disorderly.

We are indebted to Hon. Arthur L. Thomas for copies of the laws and journals of the Legislature of 1886.

The report of Governor West which appears in the present issue, was rendered to the Secretary of the Interior.

The wires were down east to-day, and the meagre dispatches received came via St. Paul, Minn., and Helena, Montana.

The new time table of the Utah & Nevada is now in effect. The passenger train leaves Salt Lake at 6:10 a. m., and returns at 3:45 p. m.

Judson Hayes has decided that the Idaho test oath, which deprives all "Mormons" in that Territory of the franchise is constitutional.

In the suit of Dr. S. L. Richards vs. John Gerrans, in the Third District Court yesterday, the jury gave a verdict for the plaintiff for \$30.

Mr. Dickinson's trial is fully occupied in the trial of Pearson, for murder, in the District Court at Provo. Mr. Highton, a noted California criminal lawyer, is one of the attorneys for the defense.

The managers of the Sixth Ward co-operative store have commenced the erection of a more commodious and substantial building in which to carry on their business of general merchandising.

As soon as the 700 feet of 8-inch pipe for the water mains arrives and is laid the water can be turned in as far as I Street. The tunnel through the hill in the canon has been completed, and everything is in readiness for the delayed pipe.

## LOCAL NEWS.

**Sureties.**—The bondsman for Bishop W. E. Bassett, on the charge of polygamy and unlawful cohabitation, are John Clark, Wm. H. Rowe, Orson H. Pettit and White & Jones.

**Address Wanted.**—Thomas O'Donnell, postmaster, Gads Hill, Fortia County, Ontario, Canada, desires, in behalf of John Bunney, to obtain the address of, or some information regarding Eliza Pack, who came to this city about twenty years ago, from England.

**A Card.**—We gratefully return our sincere and heartfelt thanks to our many good and true friends who have assisted us in our heavy financial loss, which occurred September 23, 1886, and especially do we feel indebted to Prof. George Carless and Mr. William Robertson, and to all those who kindly responded to their efforts.

## COAL & SNEEGROVE.

**Officers Elected.**—On Tuesday, October 12th, the Y. M. M. I. A. of the Fifteenth Ward met and elected the following officers: President, Gronway; Secretary, Thomas G. Gill; Treasurer, John Howells; Librarian, E. J. Gardner; Musical Director, J. E. Ashton; Programme Committee, T. F. Howells, H. Chamberlain and B. W. Ashton.

**Three Indictments.**—This morning William Haigh, of West Jordan, was arraigned in the Third District Court, charged with having lived with more than one wife. The first indictment alleges that the offense was committed during the year 1884, and names Mrs. Mary Ann Haigh and Mrs. Belle Webster Haigh as his wives. The second indictment covers the year 1885, and the third is from Jan. 1, 1886, to April 1, 1886. The defendant entered a plea of not guilty in each case. His bail is \$1,500.

**The Minstrels.**—The Walker Opera House was well filled last night, notwithstanding the bad weather, to see Lew Johnson's Colored Minstrels. Judging by the frequent bursts of hilarious laughter, the audience enjoyed the entertainment greatly. This troupe is a very good one of its class. Lovett and Wade are good men, and the character song by the latter, "Solomon Levi," created roars of mirth. Miss Ella Hawkins is a pleasing variety performer, and the part songs rendered by members of the troupe were well received. The company give another entertainment in the Opera House to-night with an entire change of programme.

**Returned.**—Dr. H. J. Faust is home again from a business trip to Illinois and Missouri. He was in Chicago when the pleuro-pneumonia broke out, and was convinced at once of the ravages and extent to which it would go; but Hopkins, the veterinarian of Wyoming, and one of the best in the West, went to Chicago and at once took active and effective measures from crossing the Missouri River, which have been successfully accomplished, and we of the Far West are now in no danger. Things otherwise were looking about as usual. The Doctor brought with him 28 head of Holsteins, picked out of S. Mann's sons' herd, the finest in the country, and will breed and sell them.

**Coal & Sneegrove.**—This enterprising firm, which suffered so severely by the fire about three weeks ago, have resumed business four doors north of their old store, and are provided with a complete and select stock of sheet music, books, musical instruments, and everything in their line. On Friday evening Mr. Ferguson, Coal & Sneegrove, from the East, whether he went on business, and where he selected a large quantity of musical merchandise for this market. His treatment by business men was very courteous, and in several instances firms with whom he has been dealing extended substantial sympathy.

An event which occurred on Saturday evening also shows the feeling which exists toward the young firm in this city. Prof. George Carless and Mr. Wm. Robertson called on a number of business men, the result of whose generosity enabled them to present, on Saturday evening, Messrs. Coal & Sneegrove with the handsome present of \$350. In addition to this a well known gentleman in this city sent the firm a check for \$100. A new building is being erected on the site of the old one, and when it is finished, which will be in about six weeks, the music store will be reopened at the old place. Until then, however, people can be supplied with what they want in this line by calling at the temporary quarters.

**Police Court Item.**—There was quite an array of culprits before Justice Fayer this morning, all of whom looked as though they had attended an Irish wake the night before.

John Crocker, an old offender, was fined \$25 for drunkenness, and with the amount on the streets.

Ed. Lantham stated to the Court that there was no doubt of his guilt, as he had been "drinking his bit." This was his first offense, and he was let off with a fine of \$5.

James Campbell, about 70 years of age, paid \$5 for being drunk. Fred Latham pleaded guilty to drunkenness and profanity. He was fined \$10, and warned that repetition of the offense would call out a severer penalty.

Michael Fleming, who has served considerable time in the "chain gang" as a result of his inordinate love of liquor, was called to plead to the charge of drunkenness. He replied, "Ab course I'm guilty, yer honor. But I've been away for six weeks, working hard, and I never touched a drop the whole time, till I was through work. Think you might let me off for I never drank a drop, 'till I didn't you keep at work, then?" asked the Court, "I'm tryin' to do better, Judge, and I'm goin' to work agin in about a week, if you'll let me," said Mike. "Well," said the Court, "you'll be done \$10, or work 15 days, and if you get work before the expiration of the time, you can go." "Thank ye, sir, that'll be fast rate," exclaimed the prisoner, delighted at getting off so easily.

Wm. Davidson was remanded to jail for 30 days, in default of payment of a \$30 fine for drunkenness and profanity.

P. D. Sprague was arrested this afternoon for doing business without a license.

H. Hawley, a soldier, was taken to the City Jail last night, drunk. He now held to answer to the charges of disorderly conduct, destroying property and carrying concealed weapons. Conrad Newham was captured by the police this morning. His son and daughter, Ernest Newham and Mrs. Nellie Newham, were arrested a day or two ago, but he could not be found. He was wanted on a charge preferred by L. Goldberg. It is alleged that the Newham family, who were tenants in Mr. Goldberg's house when notified to leave, smeared the doors, windows and walls with mud and night soil, leaving the house in a very filthy condition. Conrad Newham's bond to appear for trial to-morrow afternoon was fixed at \$300, and being unable to obtain security, he was locked up in the city jail.

**The Arnold Case.**—This morning Orson F. Arnold was called to receive sentence on three counts of unlawful cohabitation. The following motion was interposed in the case:

In the District Court of the Third Judicial District, Territory of Utah, Salt Lake County.

United States vs. Orson F. Arnold.

Said defendant moves the Court to set aside the verdict rendered against him herein, and for a new trial, upon the following grounds, to-wit:

1.—That said verdict is contrary to law.

2.—That said verdict is contrary to the evidence.

3.—That the Court misdirected the jury in matters of law, and erred in the decision of questions of law arising during the course of the trial.

**Intentions of the U. P.**—Charles Francis Adams, President of the Union Pacific, passed through Ogden a few days ago, en route to the Pacific Coast. His party were joined at Ogden by P. P. Shelby, assistant general traffic manager, and the company went on to Portland, Oregon. The San Francisco Chronicle says of the object of the trip:

"President Charles Francis Adams and General Superintendent S. T. Smith of the Union Pacific are to visit this city soon in company with C. A. Whittier, Boston capitalist, for the purpose of looking about for a suitable outlet for the Union Pacific to this coast. The statement was semi-officially made some time ago that this road would soon begin work on an extension from Ogden to the coast, and it is probable that the Union Pacific will build the next transcontinental line."

**The Newbold Case.**—A Wyoming grand jury recently investigated the circumstances connected with the death of the late George Newbold, at Albany, Wyoming, some time since, and made the following report to the District Court:

"We, the grand jurors for Utah County, Wyoming, after having fully investigated the cause and manner of the death of George Newbold, find that he was killed by a bullet fired from a revolver owned by John H. Newbold, and being run over by the coal cars of the U. P. R. Co. and we severally condemn the said U. P. R. Co. and its foreman, Mr. Thomas Curran, for placing a very old and infirm man in a situation which he was not competent to fill, and we think that the heirs of the late George Newbold should be fully remunerated by the said U. P. R. Co."

**Nomination Declined.**—Last week the Democratic convention of Utah County, Wyoming, nominated Mrs. G. W. Dickinson for County Superintendent of Schools. The lady is said to be eminently qualified for the position, but declined the nomination for the following reason, given in a note to the Democratic central committee:

"Gentlemen.—Owing to the many home duties that must of necessity fall to my lot, it will be impossible for me to accept the nomination so kindly tendered me at the late Democratic county convention. Thanking the party for the honor conferred, and wishing them success in the campaign,

I am respectfully,

Mrs. G. W. Dickinson.

**A Fraud.**—The California papers warn the people of that State to be careful of a person who gives his name as Robert Laurie, and who claims to have been injured by an explosion. He is denounced as "a fraud of the very worst description, and entirely undeserving of any aid whatever." The description given of him tallies precisely with the appearance of an individual of the same name who was under indictment in the Third District Court of this Territory, for enticing two girls to a house of prostitution, and who escaped through the witness for the prosecution being spirited out of the reach of the officers.

**The Test Oath.**—A special dispatch to the News from Blackfoot, Idaho, dated yesterday, says: "The test oath law is declared constitutional. A stay of proceedings was granted to notify counsel for the defense."

**Born and Died.**—To-day, at five minutes past 12 o'clock, the wife of Mr. T. G. Dawson gave birth to a fine boy, and the mother and child were doing so well for a time that the husband and friends of the family were jubilant; but their feelings were sobered, however, by the fact of the infant dying at 3 o'clock p. m., changing the scene and feelings of joy to those of mourning.

**Y. M. I. A. Officers.**—To-day there were handed into us for publication the following names of officers elected by the Y. M. I. A. of Farmer's Ward on Sunday, the 10th inst.: President, A. H. Woodruff; Counselors, Wilford Kimball and James G. Peart; Secretary, Ray VanCott; Assistant, Wm. Gabbott; Treasurer, Lyman Barton; Programme Committee, Frank VanCott, Chairman, Albert Wagstaff and Albert VanCott. Meetings are held Sunday evenings at 7 o'clock.

**Court Notes.**—In the Third District Court to-day, Judge R. O. Orson presided. In the case of Orson F. Arnold, for unlawful cohabitation, was deferred until Thursday, the 21st.

**United States vs. Wm. Hague;** unlawful cohabitation; three indictments; defendant arraigned and pleaded not guilty to each.

**Cunningham & Co. vs. James T. Monk;** default and judgment.

**Frederick Heath vs. Salt Lake County;** court allows defendant to be heard before granting a motion for judgment.

**Daniel Eyer vs. Daniel Bateman;** jury return a verdict for plaintiff.

**Maxwell Orr vs. John T. Russell et al.;** postponed on motion of plaintiff.

**Bertha Bamberger vs. James Williamson et al.;** dismissed by consent, each party to pay its own costs.

**Friscio Con. Mining Co. vs. Daniel N. Swan;** trial before jury in progress.

A ghastly pantomime, recalling to mind Edgar Allen Poe's narrative of the galvanized man, was enacted by a student at a Parisian medical college. Two murderers were publicly guillotined and their heads placed at the disposal of the surgeons to experiment on. A number of experiments were made, among them the following, to re-establish circulation in the severed heads: The veins were injected with blood taken from a living animal. The skin of the face, previously livid, became charged with color. The lips recovered their natural red and the cheeks filled out. Irregular movements agitated the skin and the face resumed the appearance of life. Electric currents were passed through the facial nerves and the contractions of the face were noted. There were, however, no results in the slightest degree indicative of any restoration to life or consciousness. The nerves shortly ceased to betray any sensibility, and it was evident that all perception and sensation was at an end.

The Postmaster at Frisco is authorized to receive bids at his office until the 25th inst., for carrying mail twice a week between Frisco and Pioche, via Eagle Creek. This will be a new route.

—Last week while passing from Bruma, Idaho, to Hallock, Nevada, a band of 400 Indians, for shipment, Murphy's vaqueros were obliged to drop 200 head at Hendrick's Creek, and 70 further on, the animals being afflicted with blindness. In nearly every instance the right eye was first affected, the watery discharge causing the hair from the skin surrounding, and frequently the eye itself, was entirely out. The disease then extends to the other eye, rendering the animal totally blind.—Halley Times.

**The Hardware Branch.**  
Have just received a car load of The Hardware Store, and have also a lot of Wire Steel, Hand and Sulky Plows, also South Bend Chilled Plows, Harrows, Hay Rakes.

We have also secured the agency for the celebrated Yarn Bleached and Carriage Brasses. This condensed and strictly Pure Felsolm Jelly possesses all the qualities of Lubricating, Softening, Preservative and healing to all kinds of machinery, known and familiar grades, differing from them only in melting point as it is many degrees higher.

For Carriage and Light Wagon Axles, the high melting point guarantees clean hubs in any climate and prevents rust from setting in by the action of heat, and will not travel like Castor or other liquid oils, thus preventing injury to the underside of the axle arm from dust or grit.

For all kinds of Agricultural Implements it is the most practical and satisfactory lubricant known.

For Leather and Enamelled goods, it is softening and preservative, resisting the effects of rain, cold, or animal salts when applied upon a clean and dry surface.

For Sores, Burns, Scalds and Chapped Hands it is cooling and curative.

As a Root Ointment it has a widely established reputation.

For tick in sheep it is a perfect remedy, destroying the grub without injuring the fleece.

Put up in 1 lb. tins only, each bearing our trade mark and signature of the inventor, Massey, and sold only by the Globe Lubricating Co., N. Y., for Studebaker Bros. Manufacturing Co., wholesale agents, Salt Lake City, Utah.
