In addition to the direct curative properties it has a soothing effect upon the nervous system by which the rheumatic pains are controlled, and rest and sleep assured. If your case is complicated, write us for advice, it costs you nothing and may save you prolonged suffering.

Suffering.

"I was so crippled that I could scarcely walk. After having my shoes on for an hour or two I could manage to walk by suffering the pain. Then I began to have pains all through my system. My doctor told me I had an acute attack of inflammatory rheumatism. I read about Dr. Miles' Nervine, bought a bottle and I commenced to get better from the start and for the past six months have scarcely any pain, and am able to walk as well as ever."

Tear off those big mitts and you would be surprised at the unnatural ball players. Using the big mitt as a tennis player would his racquet or a naturalist would a butterfly net when after his prey, men break into the game simply because they can hit. The big mitt does the rest.

I know of but three or four major league clubs even at this time which play up-to-date baseball. They are led by the Chicago Cubs, the masters of inside work on the ball field.

Yesterday the baseball world spoke of the great Wagner and the classic Lajole. Tomorrow some writer new to the business will attempt to show how they were gold bricks compared to the new men. Fred Clarke, who now looks good to the writer above quoted, will be styled a selling plater by some bright young writer in a few years.

The strength of the game is the history made on the field by the McAleers, Fogartys, Johnsons, Kelleys, Wards, Ewings, Williamsons, Pfeffers, Comiskeys, Duffys, McCarthys, Longs, Jennings, Hanlans, Gariffins, Radbourns, McPhees, Wrights, Thompsons, Bennetts, and a few others of like mold.

The L. D. S. U. baseball team stands an excellent chance of winning the state college championship. The team further increased its lead yesterday afternoon at Provo by defeating the B. Y. The Provo team did not score until the seventh while the L. D. S. U. boys scored three in the fifth.

STRIKE BOOMS BIKE.

Troubles of Street Car Men at Cleveland Good for Wheel Sellers.

Cleveland and her street car troubles had had much unhappy publicity during the past week, but the new stories have not told the troubles of one class of business men, to-wit, the busy bicycle sellers. It has been the history of every recent car strike that cycling is given a local boom which persists long after the trouble is over. A statistician on one of the Cleveland papers say that during the past four weeks, 2,640 new wheels were sold in that city, and on one day, when strike affairs were growing acute, one dealer sold over 200 bleycles. Taking in to account the thousands of slightly passe wheels that have been rescued from attics and store rooms of the Forest City, it is claimed that there are as many bicycles now in commission in Cleveland, as there were at any time during the fad days of a dozen years ago. All of which adds interest to the big road race and cycle track meet, which is subcduled for June 6.
